

Independent Auditor's Report

To the Members of

Indian Renewable Energy Development Agency Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated Financial Statements of **Indian Renewable Energy Development Agency Limited** (hereinafter referred to as "Holding Company"), which includes its Subsidiary (Holding company and its subsidiary together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at 31st March, 2025 and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flow and the Consolidated Statement of Changes in Equity for the year ended on that date, and notes to the Consolidated Financial Statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as Consolidated Financial Statements")

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditors on separate Financial Statements and on the other financial information of the subsidiaries, the aforesaid Consolidated Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2025, and their consolidated profit including their consolidated total comprehensive income, their consolidated changes in equity and their consolidated cash flows for the year ended on that date.

Basis for opinion

We conducted our audit of the Consolidated Financial Statements in accordance with the Standards on Auditing specified under section 143(10) of the Act ("SAs"). Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Consolidated Financial Statements' section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors of the Subsidiary is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements.

Emphasis of Matter

We draw your attention to the following matters:

1. As described in Note 38 (41) to the Consolidated Financial Statements, the holding company has classified certain Loans given aggregating to Rs. 1202.21 crore required to be classified as

stage III /Non-Performing Assets (NPA) as stage II / Standard in terms of interim order of Hon'ble High Court of Andhra Pradesh. The statutory disclosures have been made accordingly. However, as a matter of prudence, interest income on such accounts becoming NPA in terms of prudential norms of RBI has been recognized on collection basis and allowance for impairment loss has been made in accounts accordingly.

2. As described in Note 49 (B)(a) to the Consolidated Financial Statements, As of 31 March 2024, the reported CRAR of the holding company was 20.11% .This calculation was based on a 50% risk weight assigned to commissioned renewable energy infrastructure project assets financed by the holding Company that had reached their commercial operations date (COD) and had been operational for over a year. However as per 31 March 2025, the company has applied a 100% risk weight to these assets. Accordingly, CRAR of corresponding period as at 31 March 2024 has been restated to 15.51%.

Our opinion is not modified in respect of the above matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements for the current period. These matters were addressed in the context of our audit of the Consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have considered the matters described below to be the Key Audit Matters for incorporation in our Report.

Sr. No.	Key Audit Matters	Auditor's Response
1.	<p>Impairment of Loan Assets – Expected Credit loss</p> <p>Financing is principal business of the Holding Company and disclosure of Loan assets at fair value after considering the provision for loss due to impairment is most significant.</p> <p>The respective person's in the boards follows a Board approved methodology wherein assessment for allowance is carried out by an external agency for impairment based on certain criterion / framework classifying the assets into various stages depending upon credit risk and level of evidence of impairment.</p> <p>The measurement of an expected credit loss allowance (ECL) for financial assets</p>	<p>Our Audit procedures based on which we arrived at the conclusion regarding reasonableness of the disclosures and accounting for Impairment of Loan Assets -Expected Credit loss includes the following:</p> <p>We have obtained an understanding of the guidelines as specified in Ind AS 109 "Financial Instruments", various regulatory updates, guidance of ICAI and internal instructions and procedures of the Company in respect of the ECL and adopted the following audit procedures:</p> <p>Evaluation and testing of the key internal control mechanisms with respect to the loan assets monitoring, assessment of the loan impairment including testing of relevant data quality, and review of the real data entered.</p>

	<p>measured at amortized cost requires the use of complex models and significant assumptions about future economic conditions and credit behaviour (e.g., likelihood of customers defaulting and resulting losses) to estimate the Probabilities of Default (PD), Loss Given Default (LGD) and Exposure at Default (EAD). These models and assumptions are key driver to measure Impairment loss.</p> <p>The management of holding company makes significant judgments while assessing ECL and the assumptions underlying the ECL are monitored and reviewed on periodically basis.</p> <p>The proper application of such assumptions is material for statement of the Loan Assets. In view of the materiality of the amount of loan assets in the Consolidated Financial Statements, the loss due to impairment of loan assets has been considered as Key Audit Matter in our audit.</p> <p>Refer Note no. 38 (20) (A) (ii) (a) to the Consolidated Financial Statements read with material accounting policy No.3(xxiii)- 'Financial Instruments')</p>	<p>Recoveries in the loan assets are verified to ascertain level of stress thereon and impact on impairment allowance in Consolidated financial statements.</p> <p>Verification / review of the documentation, operations / performance, valuation of available securities and monitoring of the loan assets, especially large and stressed loan assets, to ascertain any overdue, unsatisfactory conduct or weakness in any loan asset account.</p> <p>The holding company avails services of third party for evaluation of ECL Components. The calculations in the study for impairment allowance carried out by third party are relied upon by us and test checks are carried out for the same. The data shared with the third party is verified by us for correctness of material components being submitted. Our audit procedure in the same are limited in view of not sharing software access used for study of such data considering the confidentiality by such third party.</p> <p>We also compared ECL with the provisioning as required by the applicable directions of the Reserve Bank of India and ensured adequacy of impairment allowance accordingly.</p>
2.	<p>Fair valuation of Derivative Financial Instruments</p> <p>To mitigate the holding Company's exposure to foreign currency risk and interest rate, non-Rupee cash flows are monitored and derivative contracts are entered for hedging purpose. The derivatives are measured at fair value as per Ind AS 109.</p> <p>To qualify for hedge accounting, the hedging relationship must meet certain</p>	<p>Our Audit procedures based on which we arrived at conclusion regarding reasonableness of the disclosures and accounting for derivatives include the following:</p> <ul style="list-style-type: none"> -Discussing and understanding management's perception and studying policy of the holding company for risk management. -Verification of fair value of derivative in terms of Ind AS 109, testing the accuracy and completeness of derivative transactions.

Information Other than the Ind AS Consolidated Financial Statements and Auditor's Report thereon

The Holding company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report including Annexures to Directors' Report, Management Discussion and Analysis Report, but does not include the Consolidated Financial Statements and our auditors' report thereon. The other information as stated above is expected to be made available to us after the date of this auditors' report.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information identified above when it becomes available, and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information as stated above and if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and describe necessary actions required as per applicable laws and regulations. Other information so far as it relates to the subsidiary, is traced from their financial statements / financial information audited by the other auditors.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these Consolidated Financial Statements that give a true and fair view of the state of affairs (financial position), Consolidated Profit or Loss (financial performance including Consolidated other comprehensive income), Consolidated changes in equity and cash flows of the group in accordance with the accounting principles generally accepted in India, including the Indian accounting Standards specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Financial statements, the Board of Directors of the respective Management and Board of Directors of the companies included in the Group is responsible for assessing the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so. The respective Board of Directors of the companies included in Group is responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standard on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are

also responsible for expressing our opinion on whether the Group has adequate internal financial controls system with reference to Consolidated financial statements in place and the operating effectiveness of such controls:

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management of the respective companies of the group.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the Consolidated Financial statements. We are responsible for the direction, supervision and performance of the audit of the Financial Statements of such entities included in the Consolidated Financial Statements of which we are the independent auditors. For the other entities included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, make it probable that economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We communicate with those charged with governance of the holding company and such other entity included in the Consolidated Financial Statements regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences

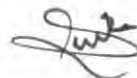

of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- i. We did not audit the financial statements of the subsidiary, whose standalone financial statements reflect total assets of Rs 27.76 crore as at 31st March, 2025, total revenues of Rs NIL, total net loss Rs. 0.28 crores, total comprehensive income 0.64 crores and net cash inflows amounting to Rs 27.45 crores for the year ended on that date, as considered in the Consolidated Financial Statements.
- ii. As per past practice, in respect of loan assets, the holding company has provided expected credit loss (ECL) as required under Ind AS 109 based on the ECL report submitted by an independent expert appointed by the holding company, which inter alia includes assumptions based on technical parameters / certain aspects.

 - c) The Consolidated Balance sheet, the Consolidated Statement of Profit & Loss including Other Comprehensive Income, Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this report are in agreement with the books of account;
 - d) In our opinion, the aforesaid Consolidated financial statements comply with the accounting standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
 - e) In terms of Notification no. G.S.R. 463 (E) dated 05th June 2015 issued by the Ministry of Corporate Affairs, provisions of Section 164(2) of the Act regarding disqualifications of the Directors, are not applicable as it is a Government Company;
 - f) As per notification number G.S.R. 463 (E) dated 5th June, 2015 issued by Ministry of Corporate Affairs, section 197 of the Act as regards the managerial remuneration is not applicable to the group, since it is a Government Company.

- g) With respect to the adequacy of the internal financial controls with reference to Consolidated Financial Statements of the Group and the operating effectiveness of such controls, refer to our separate report in "Annexure-B".
- h) With respect to the other matters to be included in the Auditor's report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 ('Audit Rules') , in our opinion and to the best of our information and according to the explanations given to us:
- i. The Consolidated Financial Statements disclose the impact of pending litigations on the financial position in its Consolidated financial statements - Refer Note 38 (17) to Consolidated Financial Statements.
 - ii. The provision has been made in the Consolidated Financial Statements as required under the applicable law or Indian Accounting Standards, for material foreseeable losses, if any, on long term contracts including derivatives contracts: - Refer note 38(20)(C) (II) (c) to the Consolidated financial statements.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Group.
 - iv. (a) The respective Managements of the holding company and its subsidiary whose financial statements have been audited under the Act has represented to us and to the other auditors of such subsidiary (Refer note 38(28)) that to the best of its knowledge and belief , no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the holding company and its subsidiary to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the holding company and its subsidiary ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The respective Managements of the holding company and its subsidiary whose financial statements have been audited under the Act has represented to us and to the other auditors of such subsidiary (Refer note 38(28)) that to the best of its knowledge and belief , no funds have been received by the Group from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the holding company and its subsidiary shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - (c) Based on audit procedure performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub clause (a) and (b) contain any material misstatement.
- v. No dividend has been declared or paid during the year.
- vi. Annexure-B to the Independent Auditor's Report

Report on the Internal Financial Controls Over Financial Reporting under Clause (1) of Sub-Section 3 of Section 143 of the Companies Act, 2013 (the Act)

We have audited the internal financial controls over financial reporting of Indian Renewable Energy Development Agency Limited, ("the holding company"), which includes its Subsidiary (the holding company and its subsidiaries together referred to as "the Group"), as March 31, 2025 in conjunction with our audit of the Consolidated financial statements of the holding Company and subsidiary company by other auditor for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Director of the holding company, its Subsidiary company is responsible for establishing and maintaining internal financial controls based on the internal control over Consolidated financial reporting criteria established by the holding company and its subsidiary considering the essential components of internal control stated in the Guidance Note on 'Audit of Internal Financial Controls Over Financial Reporting' issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the holding company and its subsidiary policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting record, and timely preparation of reliable Consolidated financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to Consolidated Financial Statements of the holding company, its subsidiary based on our audit. We conducted our audit in accordance with the 'Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note")' and the 'Standards on Auditing', both issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the ICAI. Those Standards and the Guidance Note required that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial control over consolidated financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over consolidated financial reporting and their operating effectiveness. Our audit of internal financial controls over consolidated financial reporting includes obtaining an understanding of internal financial controls over consolidated financial report, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Group's internal financial controls system over consolidated financial reporting.

Meaning of Internal Financial Controls over Consolidated Financial Reporting

A Company's internal financial control over consolidated financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over consolidated financial reporting includes those policies and procedures that:

1. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Group;
2. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the Group; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Group's assets that could have a material effect on the Consolidated financial statements.

Inherent Limitations of Internal Financial Controls Over Consolidated Financial Reporting

Because of the inherent limitations of internal financial controls with reference to consolidated financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected, also, projections of any evaluation of the internal financial controls with reference to financial reporting to future periods are subject to risk that the internal financial controls with reference to consolidated financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the Other Matters paragraph below, the holding company, its subsidiary have, in all material respects, an adequate internal financial controls with reference to Consolidated Financial reports were operating effectively as at March 31, 2025, based on the criteria for internal financial control with reference to Consolidated Financial Statements established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India established by the holding company

considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Consolidated Financial Reporting issued by the ICAI. Further, certain areas of accounting records in holding company for instance Effective Interest Rate calculation, Asset Liability Management (ALM) are in process of automation for better control.

Our opinion is not modified in respect of above matters.

Note 1 : Material Accounting Policies Information Forming Part of Consolidated Financial Statement

1) Group Information

Indian Renewable Energy Development Agency Limited ("IREDA" or the "Company") (CIN: L65100DL1987GOI027265) was incorporated in India in the year 1987. The company is a Public Limited Company, domiciled in India and is limited by shares having its registered office and principal place of business at 1st Floor, India Habitat Centre, East Court, Core- 4A, Lodhi Road, New Delhi - 110003. In addition to the registered office of the company, the Company also has branch offices and also owns a 50 MW Solar project situated at Kasargod in the state of Kerala.

The Company is a Government of India [Navratna] enterprise under the administrative control of Ministry of New and Renewable Energy (MNRE) and is engaged in promoting, developing and extending financial assistance for setting up projects relating to new and renewable sources of energy, energy efficiency & conservation with the motto: "ENERGY FOR EVER".

The Company is a systemically important non-deposit taking non-banking financing company (NBFC- NDSI) / NBFC Middle Layer (ML) registered as an Infrastructure Finance Company (IFC) with the Reserve Bank of India. Being a NBFC, the company is regulated by the Reserve Bank of India.

Equity shares and debt securities of the Company are listed on National Stock Exchange of India Limited (NSE) and BSE Ltd.

The Company has a wholly owned subsidiary company named as "IREDA Global Green Energy Finance IFSC Ltd" ("IGEFIL" or the "Subsidiary") in IFSC (International Financial Services Centre)-GIFT City (Gujarat International Finance Tec-City) incorporated on 07.05.2024. The subsidiary has received the Certificate of Registration dated 18.02.2025 from IFSCA to undertake the activities as a Finance Company.

These Consolidated Financial Statements comprise the Financial Statements of IREDA and its wholly owned subsidiary (referred to collectively as the 'Group'). The Group is primarily engaged in promoting, developing and extending financial assistance for setting up projects relating to new and renewable sources of energy, energy efficiency & conservation.

2) Basis of Preparation

(i) Statement of Compliance with Ind AS

The Consolidated Financial Statements of the Group have been prepared in accordance with the Sec. 133 of the Companies Act 2013 and in compliance with the Indian Accounting Standards (Ind AS) issued by the Ministry of Corporate Affairs under the Companies (Indian Accounting Standards) Rules, 2015 and as further amended.

The Consolidated Financial Statements are prepared on a going concern basis and on accrual basis of accounting. The Group has adopted historical cost convention except for certain items which have been measured on a different basis and such basis is disclosed in the relevant accounting policy.

The Consolidated Balance Sheet, Statement of Profit and Loss and Statement of Changes in Equity are prepared and presented as per the requirement of Division III of Schedule III to the Companies Act, 2013 applicable for Non-Banking Financial Companies (NBFC). The Consolidated Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 'Statement of Cash Flows'.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

(ii) Use of estimates

The preparation of the Group's Consolidated Financial Statements require management to make judgments, estimates, and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the related disclosures. Management believes that the estimates used in the preparation of Consolidated Financial Statement are prudent and reasonable. Future result could differ from these estimates. Any revision to accounting estimate is recognized prospectively in current and future period.

Note 1 : Material Accounting Policies Information Forming Part of Consolidated Financial Statement

Significant management judgment in applying accounting policies and estimation of uncertainty

(A) Significant management judgments

Recognition of deferred tax assets/ liability – The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilized. Further, the Group Management has no intention to make withdrawal from the Special Reserve created and maintained under section 36(1)(viii) of the Income tax Act, 1961 and thus, the special reserve created and maintained is not capable of being reversed. Hence, the Group does not create any deferred tax liability on the said reserve.

Evaluation of indicators for impairment of assets – The evaluation of the applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of the recoverable amount of the assets.

Non recognition of Interest Income on Credit Impaired Loans - Interest income on credit-impaired loan assets is not being recognized as a matter of prudence, pending the outcome of resolutions of stressed assets.

Materiality of Prior Period item

Prior period items which are not material are not corrected retrospectively through restatement of comparative amounts and are accounted for in current year.

Omissions or misstatements of items are material if they could, individually or collectively, influence the economic decisions that users make on the basis of the Consolidated Financial Statements. Materiality depends on the size and nature of the omission or misstatement judged in the surrounding circumstances. The combination of size and nature of the items are the determining factor.

(B) Significant estimates

Useful lives of depreciable/amortizable assets – Management reviews its estimate of the useful lives of depreciable/ amortizable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of assets.

Defined benefit obligation (DBO) – Management's estimate of the DBO is based on a number of underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

Fair value measurements – Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument. In estimating the fair value of an asset or a liability, the Group uses market observable data to the extent it is available. In case of non-availability of market-observable data, Level 2 & Level 3 hierarchy is used for fair valuation.

Income Taxes – Significant estimates are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions and in respect of expected future profitability to assess deferred tax asset.

Expected Credit Loss ('ECL') – The measurement of an expected credit loss allowance for financial assets measured at amortized cost requires the use of complex models and significant assumptions about future economic conditions and credit behavior (e.g., likelihood of customers defaulting and resulting losses). The Group makes significant judgments about the following while assessing expected credit loss to estimate ECL:

- Determining criteria for a significant increase in credit risk;
- Establishing the number and relative weightings of forward-looking scenarios for each type of

Note 1 : Material Accounting Policies Information Forming Part of Consolidated Financial Statement

product/ market and the associated ECL;

- Establishing groups of similar financial assets to measure ECL; and
- Estimating the probability of default and loss given default (estimates of recoverable amounts in case of default).

Provisions: The timing of recognition and quantification of the liability (including litigations) requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

(iii) Functional and Presentation currency

The Consolidated Financial Statements are presented in Indian Rupee ('INR') which is the functional currency of Group.

3) GROUP'S MATERIAL ACCOUNTING POLICIES

(i) Basis of Consolidation

The Consolidated Financial Statements incorporates the Financial Statements of Company and its wholly owned subsidiary. The Financial Statements of the Subsidiary is drawn upto the same reporting date as of the Company for the purpose of Consolidation.

(ii) Subsidiary

A subsidiary is an entity over which the Company has control. The Company controls an entity when the Company is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which the Company obtains the control.

The Company combines the financial statements of its subsidiary on a line-by-line basis, adding together like items of assets, liabilities, equity, income and expenses. The carrying amount of the Company's investment in subsidiary and the Company's portion of equity of subsidiary are eliminated. Intercompany transactions, balances, unrealized gains on transactions between the Company and subsidiary are eliminated. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset.

The Consolidated Financial Statements are prepared using uniform accounting policies consistently for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the Company's Standalone Financial Statements except as otherwise stated. When necessary, adjustments are made to the financial statements to bring their accounting policies in line with the Group's material Accounting Policies. If the Company loses control over a subsidiary, it derecognizes the assets and liabilities of the subsidiary and any related Non-Controlling Interest (NCI) and other components of equity. Any interest retained in the former subsidiary is measured at fair value at the date the control is lost. Any resulting gain or loss is recognized in Consolidated Statement of Profit and Loss.

Property, Plant and Equipment (PPE)

(iii) Tangible Assets (PPE)

The PPE (Tangible assets) is initially recognized at cost.

The cost of an item of Property, Plant and Equipment comprises of its purchase price, including import duties, non-refundable taxes, after deducting trade discounts & rebates, borrowing cost if capitalization criteria are met and any cost directly attributable in bringing the asset to the location and condition necessary for it to be ready for its intended use. Stores and spares which meet the

Note 1 : Material Accounting Policies Information Forming Part of Consolidated Financial Statement

recognition criteria of Property, Plant and Equipment are capitalized and added in the carrying amount of the underlying asset.

The Group has adopted the cost model of subsequent recognition to measure the Property, Plant and Equipment. Consequently, all Property, Plant and Equipment are carried at its cost less accumulated depreciation and accumulated impairment losses, if any.

De-recognition

An item of PPE is derecognized on disposal, or when no future economic benefits are expected from use. Gains or losses arising from de-recognition of a PPE measured as the difference between the net disposal proceeds and the Carrying amount of the asset are recognized in the Consolidated Statement of Profit and Loss when the asset is derecognized.

Capital Work-in-Progress

The cost of PPE under construction at the reporting date is disclosed as 'Capital work-in-progress.' The cost comprises purchase price, import duties, non-refundable taxes, after deducting trade discounts & rebates, borrowing cost if capitalization criteria are met and any cost directly attributable in bringing the asset to the location and condition necessary for it to be ready for its intended use. Advances paid for the acquisition/ construction of PPE which are outstanding at the Consolidated Balance Sheet date are classified under 'Capital Advances.'

(iv) Intangible Assets and Amortization

Intangible assets are initially measured at cost. The cost comprises purchase price, import duties, non-refundable taxes, after deducting trade discounts & rebates, borrowing cost if capitalization criteria are met and any cost directly attributable in bringing the asset to the condition necessary for it to be ready for its intended use. Such assets are recognized where it is probable that the future economic benefits attributable to the assets will flow to the Group.

All intangible assets with finite useful life are subsequently recognized at cost model. These intangible assets are carried subsequently at its cost less accumulated amortization and accumulated impairment loss if any.

Intangible Assets under Development

Expenditure incurred which are eligible for capitalization under intangible assets is carried as 'Intangible assets under development' till they are ready for their intended use.

Derecognition

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from use. Gains or losses arising from de-recognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognized in the Consolidated Statement of Profit and Loss when the asset is derecognized.

(v) Depreciation and Amortization

Depreciation on Tangible PPE is provided in accordance with the manner and useful life as specified in Schedule -II of the Companies Act 2013, on Written Down Basis (WDV) except for the assets mentioned as below:

- Depreciation on Library books is provided @ 100% in the year of purchase.
- Depreciation on PPE of Solar Power Project is provided on Straight Line Method at rates/methodology prescribed under the relevant Central Electricity Regulatory Commission (CERC) and relevant state Commission Tariff Orders.
- Depreciation is provided @100% in the financial year of purchase in respect of assets of ₹ 5,000/- or less.
- Amortization of intangible assets is being provided on straight line basis.
- Useful lives for all PPE & Intangible assets are reviewed at each reporting date. Changes, if any, are accounted for as changes in accounting estimates.

- **Useful life of assets as per Schedule II:**

Note 1 : Material Accounting Policies Information Forming Part of Consolidated Financial Statement

Asset Description	Estimated Useful Life	Residual Value as a %age of original cost
Building	60 years	5%
Computers and Data Processing Units		
-Laptops / Computers	3 years	5%
-Servers	6 years	5%
Office Equipment's	5 years	5%
Furniture and Fixtures	10 years	5%
Vehicles	8 years	5%
Intangible Assets	5 years	0%

• **Useful life of assets as per CERC order**

Asset Description	Estimated Useful Life	Residual Value as a %age of original cost
Solar Plant	25 years	10%

(vi) Government and Other Grants / Assistance

The Group may receive government grants that require compliance with certain conditions related to the Groups' operating activities or are provided to the Group by way of financial assistance on the basis of certain qualifying criteria.

Government grants are recognized when there is reasonable assurance that the grant will be received, and the Group will be able to comply with the conditions attached to them. These grants are classified as grants relating to assets and revenue based on the nature of the grant.

Government grants with a condition to purchase, construct or otherwise acquire long term assets are initially recognized as deferred income. Once recognized as deferred income, such grants are recognized in the Consolidated Statement of Profit and Loss on a systematic basis over the useful life of the asset. Changes in estimates are recognized prospectively over the remaining life of the asset.

Grant related to subsidy are deferred and recognized in the Consolidated Statement of Profit and Loss over the period that the related costs, for which it is intended to compensate, are expensed.

Grant-in-aid for financing projects in specified sectors of New and Renewable Sources of Energy (NRSE) is treated and accounted as deferred income.

The expenditure incurred under Technical Assistance Programme (TAP) is accounted for as recoverable and shown under the head 'Other Financial Assets'. The assistance reimbursed from Multilateral/Bilateral Agencies is credited to the said account.

(vii) Leases

□ As a lessee

The Group assesses at contract inception whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- i. The contract involves the use of an identified asset;
- ii. The Group has substantially all of the economic benefits from use of the asset through the period of the lease, and
- iii. The Group has the right to direct the use of the asset.

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

SK

Note 1 : Material Accounting Policies Information Forming Part of Consolidated Financial Statement

i) Right-of-use assets

The Group recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses and adjusted for any re-measurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the estimated useful life of the assets.

ii) Lease liabilities

At the commencement date of the lease, the Group recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. The incremental borrowing rate is the SBI MCLR rate for the period of the loan if the loan is up to 3 years. For a period, greater than 3 years, SBI MCLR rate for 3 years may be taken.

iii) Short-term leases and leases of low-value assets

Lease payments on short-term leases (which has a lease term of up to 12 months) and leases of low value assets (asset value up to ₹ 10,00,000/-) are recognized as expense over the lease term. Lease term is determined by taking non-cancellable period of a lease, together with both:

- a) Periods covered by an option to extend the lease if the lessee is reasonably certain to exercise that option; and
- b) Periods covered by an option to terminate the lease if the lessee is reasonably certain not to exercise that option.

□ As a lessor

When the Group acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. To classify each lease, the Group makes an overall assessment of whether the lease transfers substantially all the risk and rewards incidental to the ownership of the underlying asset. If this is the case, then the lease is a finance lease, if not, then it is an operating lease. As part of the assessment, the Group considers certain indicators such as whether the lease is for the major part of the economic life of the asset. If an arrangement contains lease and non-lease components, the Group applies Ind AS 115 "Revenue from contract with customers" to allocate the consideration in the contract. The Group recognizes lease payments received under operating lease as income on a straight-line basis over the lease term as part of "Revenue from operations".

(viii) Impairment of Non-Financial Asset

The Group assesses at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an assets or cash-generating units (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

(ix) Cash and cash equivalents

Cash comprises of cash in hand, cash at bank including debit balance in bank overdraft, if any, demand deposits with banks, commercial papers and foreign currency deposits. Cash equivalents are short term deposits (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to

Note 1 : Material Accounting Policies Information Forming Part of Consolidated Financial Statement

insignificant risk of changes in value.

(x) Borrowing costs

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying asset are capitalized up-to the date when the asset is ready for its intended use after netting off any income earned on temporary investment of such funds.

To the extent that the Group borrows funds generally and uses them for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a capitalization rate to the expenditures on that asset.

Other borrowing costs are expensed in the period in which they are incurred.

(xi) Foreign currency transactions

Transactions in currencies other than the functional currency are recognized at the rates of exchange prevailing at the dates of the transactions.

At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Foreign exchange gains and losses resulting from the settlement of such transactions and the re-measurement of monetary items denominated in foreign currency at period-end exchange rates are recognized in the Consolidated Statement of Profit and Loss.

Foreign Currency Monetary Item Translation Reserve Account (FCMITR) represents unamortized foreign exchange gain/loss on Long-term Foreign Currency Borrowings that are amortized over the tenure of the respective borrowings. The Group had adopted exemption of para D13AA of Ind AS 101, according to which it may continue the policy adopted for accounting for exchange differences arising from translation of long-term foreign currency monetary items recognized in the Consolidated Financial Statements for the period ending immediately before the beginning of the first Ind AS financial reporting period as per the previous GAAP. Accordingly, all transactions in foreign currency are recorded at the exchange rate prevailing at the date of the transaction. The exchange differences arising on reporting of long-term foreign currency monetary items outstanding as on March 31, 2018, at rate prevailing at the end of each reporting period, different from those at which they were initially recorded during the period, or reported in previous Consolidated financial statements, are accumulated in FCMITR Account, and amortized over the balance period of such long-term monetary item, by recognition as income or expense in each of such period. Long-term foreign currency monetary items are those which have a term of twelve months or more at the date of origination.

Short-term foreign currency monetary items (having a term of less than twelve months at the date of origination) are translated at rate prevailing at the end of each reporting period. The resultant exchange fluctuation is recognized as income or expense in each of such periods.

As per Para 27 of Ind AS 21, exchange difference on monetary items that qualify as hedging instruments in cash flow hedge are recognized in other comprehensive income to the extent hedge is effective. Accordingly, Group recognize the exchange difference due to translation of foreign currency loans at the exchange rate prevailing on reporting date in cash flow hedge reserve.

(xii) Earnings per Share

The basic earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share is computed by dividing adjusted net profit after tax by the aggregate of weighted average number of equity shares and dilutive potential equity shares outstanding during the year. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

(xiii) Provisions

A provision is recognized when the Group has a present obligation (Legal or Constructive) as a result of past event, and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made.

18

Note 1 : Material Accounting Policies Information Forming Part of Consolidated Financial Statement

(xiv) Contingent liabilities

Contingent liabilities are not recognized but disclosed in Notes when the Group has possible obligation due to past events and existence of the obligation depends upon occurrence or non-occurrence of future events not wholly within the control of the Group and Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent liabilities are assessed continuously to determine whether outflow of Economic resources have become probable. If the outflow becomes probable, then relative provision is recognized in the Consolidated Financial Statements.

(xv) Contingent Assets

Contingent Assets are not recognized but disclosed in Notes which usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits.

Contingent assets are assessed continuously to determine whether inflow of economic benefits becomes virtually certain, then such assets and the relative income will be recognized in the Consolidated Financial Statements.

(xvi) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Chairman and Managing Director (CMD) of the Company has been identified as the Chief Operating Decision Maker (CODM).

(xvii) Material prior period errors

Material prior period errors are corrected retrospectively by restating the comparative amounts for the prior periods presented in which the error occurred. If the error occurred before the earliest period presented, the opening balances of assets, liabilities and equity for the earliest period presented, are restated unless it is impracticable, in which case, the comparative information is adjusted to apply the accounting policy prospectively from the earliest date practicable.

(xviii) Taxation

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Consolidated Statement of Profit and Loss /other comprehensive income because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Current tax is recognized in the Consolidated Statement of Profit and Loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current tax is also recognized in other comprehensive income or directly in equity respectively. Where current tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Deferred tax

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities in the Consolidated Financial Statements and the corresponding amounts used for taxation purpose.

Deferred tax liabilities are generally recognized for all taxable temporary differences.

Deferred tax assets are generally recognized only to the extent that it is probable that future taxable profits will be available against which the assets can be utilized. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Current and deferred tax are recognized in the Consolidated Statement of Profit and Loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or

Note 1 : Material Accounting Policies Information Forming Part of Consolidated Financial Statement

directly in equity respectively.

(xix) **Deferred Tax Liability/ deferred tax asset in respect of undistributed profit/losses of Subsidiary**

Judgement is required in accounting for deferred tax liability / deferred tax asset in respect of Group's investments in respect of undistributed profits/ losses of subsidiary. In respect of undistributed profits/losses of subsidiary, the Company is able to control the timing of the reversal of the temporary differences and the temporary differences will not be reversed in the foreseeable future. Accordingly, the Group does not recognize a deferred tax liability for all taxable temporary differences associated with investments in subsidiary.

(xx) **Investment Property**

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost, including import duties, non-refundable taxes, after deducting trade discounts & rebates, borrowing cost if capitalization criteria are met and any cost directly attributable in bringing the asset to the location and condition necessary for it to be ready for its intended use.

After initial recognition, the Group measures investment property by using cost model.

An investment property is derecognized upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on de recognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss in the period in which the property is derecognized.

Investment properties are depreciated in accordance to the class of asset that it belongs and the life of the asset shall be as conceived for the same class of asset at the Group.

Though investment property is measured using cost model, the fair value of investment property is disclosed in the notes.

(xxi) **Employee Benefits**

a) **Short-term employee benefits**

Short-term employee benefits including salaries, short term compensated absences (such as a paid annual leave) where the absences are expected to occur within twelve months after the end of the period in which the employees render the related service, profit sharing and bonuses payable within twelve months after the end of the period in which the employees render the related services and non-monetary benefits for current employees are estimated and measured on an undiscounted basis.

b) **Post-employment benefit plans are classified into defined benefits plans and defined contribution plans as under:**

(i) **Defined contribution plan**

A defined contribution plan is a plan under which the Group pays fixed contributions in respect of the employees into a separate fund. The Group has no legal or constructive obligations to pay further contributions after its payment of the fixed contribution. The contributions made by the Group towards defined contribution plans are charged to the Consolidated Statement of Profit and Loss in the period to which the contributions relate.

(ii) **Defined benefit plan**

The Group has an obligation towards gratuity, Post-Retirement Medical Benefit (PRMB) and Other Defined Retirement Benefit (ODRB) which are being considered as defined benefit plans covering eligible employees. Under the defined benefit plans, the amount that an employee will receive on retirement is defined by reference to the employee's length of service, final salary, and other defined parameters. The legal obligation for any benefits remains with the Group, even if plan assets for funding the defined benefit plan have been set aside.

The Group's obligation towards defined benefit plans is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. The liability recognized in the statement of financial position for defined benefit plans

818

Note 1 : Material Accounting Policies Information Forming Part of Consolidated Financial Statement

is the present value of the Defined Benefit Obligation (DBO) at the reporting date less the fair value of plan assets. Management estimates the DBO annually with the assistance of independent actuaries.

Actuarial gains/losses resulting from re-measurements of the liability/asset are included in Other Comprehensive Income.

The liability for retirement benefits of employees in respect of provident fund, benevolent fund, superannuation fund and Gratuity is funded with separate trusts.

The Group's contribution to Provident Fund / Superannuation Fund is remitted to separate trusts established for this purpose based on a fixed percentage of the eligible employee's salary and debited to Consolidated Statement of Profit and Loss.

c) Other long-term employee benefits:

Liability in respect of compensated absences becoming due or expected to be availed more than one-year after the Consolidated Balance Sheet date is estimated on the basis of actuarial valuation performed by an independent actuary using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are charged to Consolidated Statement of Profit and Loss in the period in which such gains or losses are determined.

(xxii) Financial instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognized when the Group becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted by transactions costs, except for those carried at fair value through profit or loss. Subsequent measurement of financial assets and financial liabilities is described below.

Classification and subsequent measurement of financial assets

For the purpose of subsequent measurement, financial assets are classified into the following categories upon initial recognition:

- Amortized cost
- Financial assets at fair value through profit or loss (FVTPL)
- Financial assets at fair value through other comprehensive income (FVOCI)

All financial assets except for those at FVTPL or equity instruments at FVOCI are subject to review for impairment at least at each reporting date to identify whether there is any objective evidence that a financial asset or a group of financial assets is impaired. Different criteria to determine impairment are applied to each category of financial assets, which are described below.

Loan at Amortized Cost

Loans (financial asset) are measured at amortized cost using Effective Interest Rate (EIR) if both of the following conditions are met:

- a) The financial asset is held within a business model whose objective is to hold financial assets to collect contractual cash flows; and
- b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A loss allowance for expected credit losses is recognized on financial assets carried at amortized cost.

Financial assets at Fair Value through Profit or Loss (FVTPL)

Financial assets at FVTPL include all derivative financial instruments except for those designated and effective as hedging instruments, for which the hedge accounting requirements are being applied. Assets in this category are measured at fair value with gains or losses recognized in the Consolidated Statement of Profit and Loss. The fair values of financial assets in this category are determined by

Note 1 : Material Accounting Policies Information Forming Part of Consolidated Financial Statement

reference to active market transactions or using a valuation technique where no active market exists.

□ Financial assets at Fair Value through Other Comprehensive Income (FVOCI)

Financial assets at FVOCI comprise of equity instruments measured at fair value. An equity investment classified as FVOCI is initially measured at fair value plus transaction costs. Gains and losses are recognized in other comprehensive income and reported within the FVOCI reserve within equity, except for dividend income, which is recognized in profit or loss. There is no recycling of such gains and losses from OCI to Consolidated Statement of Profit & Loss, even on the derecognition of the investment. However, the Group may transfer the same within equity.

De-recognition of financial assets

Financial assets (or where applicable, a part of financial asset or part of a group of similar financial assets) are derecognized (i.e., removed from the Group's balance sheet) when the contractual rights to receive the cash flows from the financial asset have expired, or when the financial asset and substantially all the risks and rewards are transferred. The Group also derecognizes the financial asset if it has both transferred the financial asset and the transfer qualifies for de-recognition.

Classification and subsequent measurement of financial liabilities

Financial liabilities are measured subsequently at amortized cost using the effective interest method, except for derivative financial liabilities which are carried at FVTPL, subsequently at fair value with gains or losses recognized in the Consolidated Statement of Profit and Loss. (FVTPL). All host contracts which are in nature of a financial liability and separated from embedded derivative are measured at amortized cost using the effective interest method.

De-recognition of financial liabilities

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Consolidated Statement of Profit and Loss.

Derivative financial instruments

The Group is exposed to foreign currency fluctuations on foreign currency assets and liabilities. The Group limits the effect of foreign exchange rate fluctuations by following established risk management policies including the use of derivatives.

The Group use Derivative instrument includes principal swap, Cross Currency & Interest Rate Swap (CCIRS), forwards, interest rate swaps, currency and cross currency options, structured product, etc. to hedge foreign currency assets and liabilities.

Derivatives are recognized and measured at fair value (MTM). Attributable transaction costs are recognized in Consolidated Statement of Profit and Loss as cost.

De-recognition of Financial asset:

Financial assets are derecognized when the contractual right to receive cash flows from the financial assets expires or transfers the contractual rights to receive the cash flows from the asset.

Hedge Accounting

Derivative financial instruments are accounted for at fair value through profit and loss (FVTPL) except for derivatives designated as hedging instruments in cash flow hedge relationships, which require a specific accounting treatment. To qualify for hedge accounting, the hedging relationship must meet all of the following requirements:

- there is an economic relationship between the hedged item and the hedging instrument
- the effect of credit risk does not dominate the value changes that result from that economic relationship

GA the hedge ratio of the hedging relationship is the same as that resulting from the quantity of the hedged item that the entity actually hedges and the quantity of the hedging instrument that the entity actually uses to hedge that quantity of hedged item.

Note 1 : Material Accounting Policies Information Forming Part of Consolidated Financial Statement

The Group has designated mostly derivative contracts as hedging instruments in cash flow hedge relationships. These arrangements have been entered into to mitigate foreign currency exchange risk and interest rate risk arising against which debt instruments denominated in foreign currency.

- Cash Flow hedging is done to protect cash flow positions of the Group from changes in exchange rate fluctuations and to bring variability in cash flow to fixed ones.
- The Group enters into hedging instruments in accordance with policies as approved by the Board of Directors; provide written principles which are consistent with the risk management strategy/policies of the Group.
- All derivative financial instruments used for hedge accounting are recognized initially at fair value and reported subsequently at fair value in the Consolidated Balance Sheet.

The hedge instruments are designated and documented as hedges at the inception of the contract. The effectiveness of hedge instruments is assessed and measured at inception and on an on-going basis. The effective portion of change in the fair value as assessed based on MTM valuation provided by respective banks/third party valuation of the designated hedging instrument is recognized in the "Other Comprehensive Income" as "Cash Flow Hedge Reserve". The ineffective portion is recognized immediately in the Consolidated Statement of Profit and Loss as and when occurs.

At the time the hedged item affects profit or loss, any gain or loss previously recognized in other comprehensive income is reclassified from equity to profit or loss and presented as a reclassification adjustment within other comprehensive income.

If the hedging relationship no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in Cash Flow Hedge Reserve remains in Cash Flow Hedge Reserve till the period the hedge was effective. The cumulative gain or loss previously recognized in the Cash Flow Hedge Reserve is transferred to the Consolidated Statement of Profit and Loss upon the occurrence of the underlying transaction.

Impairment

Impairment of financial assets

Loan assets

The Group follows a 'three-stage' model for impairment of loan asset carried at amortized cost based on changes in credit quality since initial recognition as summarized below:

- Stage 1 includes loan assets that have not had a significant increase in credit risk since initial recognition or that has low credit risk at the reporting date.
- Stage 2 includes loan assets that have had a significant increase in credit risk since initial recognition but that do not have objective evidence of impairment.
- Stage 3 includes loan assets that have objective evidence of impairment at the reporting date.

The Expected Credit Loss (ECL) is measured at 12-month ECL for Stage 1 loan assets and lifetime ECL for Stage 2 and Stage 3 loan assets. ECL is the product of the Probability of Default, Exposure at Default and Loss Given Default, defined as follows:

Probability of Default (PD) - The PD represents the likelihood of a borrower defaulting on its financial obligation, either over the next 12 months (12 months PD), or over the remaining lifetime (Lifetime PD) of the obligation.

Loss Given Default (LGD) - LGD represents the Group's expectation of the extent of loss on a defaulted exposure. LGD varies by type of counterparty, type, and preference of claim and availability of collateral or other credit support.

Note 1 : Material Accounting Policies Information Forming Part of Consolidated Financial Statement

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, including assumptions about risk, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the Consolidated Financial Statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the Consolidated Financial Statements regularly, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

(xxv) Revenue Recognition

Interest Income

Interest income is accounted on all financial assets (except Group is not recognizing interest income on credit impaired financial assets) measured at amortized cost. Interest income is recognized using the Effective Interest Rate (EIR) method in line with Ind AS 109, Financial Instruments. The Effective Interest Rate (EIR) is the rate that exactly discounts estimated future cash receipts through expected life of the financial asset to that asset's net carrying amount on initial recognition. The EIR is calculated by taking into account transactions costs and fees that are an integral part of the EIR in line with Ind AS 109. Interest income on credit impaired assets is recognized on receipt basis.

Rebate on account of timely payment of interest by borrowers is recognized on receipt of the entire interest amount due in time, in accordance with the terms of the respective contract and is netted against the corresponding interest income.

Unless otherwise specified, the recoveries from the borrowers are appropriated in the order of (i) incidental charges (ii) penal interest (iii) overdue interest and (iv) repayment of principal; the oldest being adjusted first. The recovery under One Time Settlement (OTS)/ Insolvency and Bankruptcy Code (IBC) proceedings is appropriated first towards the principal outstanding and remaining recovery thereafter, towards interest and other charges, if any.

Other Revenue

- Revenue (other than for those items to which Ind AS 109 Financial Instruments are applicable) are recognized as per Ind AS 115 - Revenue from contracts with customers outlines a single comprehensive model of accounting for revenue arising from contracts with customers. The Group recognizes revenue from contracts with customers based on the principle laid down in Ind AS 115 - Revenue from contracts with customers.
- Revenue from contract with customers is recognized to the extent it is probable that the economic

Note 1 : Material Accounting Policies Information Forming Part of Consolidated Financial Statement

benefits will flow to the Group and the revenue and costs, if applicable, can be measured reliably. Revenue is measured at the transaction price agreed under the Contract. Transaction Price excludes amounts collected on behalf of third parties (e.g., taxes collected on behalf of government) and includes/adjusted for variable consideration like rebates, discounts, only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is subsequently resolved.

Revenue from solar plant

Income from solar plant is recognized when the performance obligations are satisfied over time. Rebate given is disclosed as a deduction from the amount of gross revenue.

Revenue from Fees and Commission

• Revenue from Fee & Commission

Fees and commission are recognized on a point in time basis when probability of collecting such fees is established.

• Revenue from Implementation of Government Schemes & Projects

The Group besides its own activities also acts as implementing agency on behalf of various Government / Non-Government Organizations on the basis of Memorandum of Understanding (MoU) entered into between the Group and such organization. The details of such activities are disclosed by the way of Consolidated Notes to the Financial Statements.

Wherever any funds are received under trust on the basis of such MoUs entered, the same is not included in Cash and Cash Equivalents and any income including interest income generated out of such funds belonging to such organizations is not accounted as revenue of the Group.

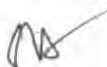

Service charges earned from such schemes implemented by the Group are recognized at a point in time basis when certainty of collecting such service charges is established.

(xxvi) Expense

Expenses are accounted for on accrual basis. Prepaid expenses upto ₹ 5,00,000/- per item are charged to Consolidated Statement of Profit & Loss as and when incurred/adjusted/received.

(xxvii) Expenditure on issue of shares

Expenditure on issue of shares, if any, is charged to the securities premium account.

- i) Foreign currency borrowings from various multilateral / bilateral agencies viz. ADB, World Bank, KfW, AFD, JICA and EIB have been converted into rupee and hedging of the same is done by undertaking plain vanilla swap transaction / currency interest rate swap / principal only swap/forward contracts etc. with various banks with whom Company has signed International Swaps and Derivative Association (ISDA) Master Agreement. These derivative transactions have been entered into with the participating bank for a maturity period which may be shorter than the maturity period of the loan. The hedging of the foreign currency loan has been carried out at various intervals and in multiple Tranches based on the drawl under the lines of credit and also rollover. In addition to the interest cost and other financial charges, due to hedging of foreign currency loans, these loans carry hedging/derivative cost, which is Tranche wise as per the drawl under the line of credit, thus the applicable rate of interest on these lines of credit has not been disclosed above.
- ii) Rupee Borrowing as on 31-03-2025 mentioned in Note No. 20 were raised at respective Banks/Financial Institutions benchmark rate plus spread ranging from 0 bps to 155 bps.

1 Nature and purpose of Reserves

1.1 Special Reserve:

Special reserve has been created to avail income tax deduction under section 36(1)(vii) of Income-Tax Act, 1961 @ 20% of the profit before tax arrived from the business of providing long term finance. Accordingly, a sum of ₹ 362.00 Crores has been provided for the year ended 31.03.2025 (previous year: ₹ 264.00 Crores).

1.2 Debenture Redemption Reserve:

In terms of Rule 18 (7)(b)(i) of the Companies Act 2013, the Company is required to create a Debenture Redemption Reserve (DRR) upto 25% of the bonds issued through public issue. The Company has made a provision for DRR, so as to achieve the required amount over the respective tenure of the Tax-Free Bonds. Accordingly, a sum of ₹ 41.26 Crores has been provided for the year ended 31.03.2025 (previous year ₹ 45.03 Crores).

1.3 General Reserve:

General Reserve is used from time to time to transfer profits from retained earnings for appropriation purposes, as the same is created by transfer from one component of equity to another.

1.4 Foreign Currency Monetary Item Translation Reserve:

Foreign Currency Monetary Item Translation Difference Account represents unamortized foreign exchange gain/loss on Long-term Foreign Currency Borrowings that are amortized over the tenure of the respective borrowings. The company has adopted exemption of para D13AA of Ind AS 101, according to which a first-time adopter may continue the policy adopted for accounting for exchange differences arising from translation of long-term foreign currency monetary items recognized in the financial statements for the year ending immediately before the beginning of the first Ind AS financial year as per the previous GAAP. Accordingly, all transactions in foreign currency are recorded at the exchange rate prevailing at the date of the transaction. The exchange differences arising on reporting of long-term foreign currency monetary items outstanding as on March 31, 2018, at rate prevailing at the end of each year, different from those at which they were initially recorded during the year, or reported in previous financial statements, are accumulated in a "Foreign Currency Monetary Item Translation Reserve Account" and amortized over the balance year of such long term monetary item, by recognition as income or expense in each of such years. Long-term foreign currency monetary items are those which have a term of twelve months or more at the date of origination. Movement of FCMITR has been shown in the table above.

1.5 NBFC Reserve:

In terms of RBI circular no. DNBR (PD)CC No.092/03.10.001/2017-18 dated May 31, 2018, the Company is required to create NBFC reserve under Section 45-1C of RBI Act, 1934 @ 20% of post-tax profit. Accordingly, for the year ended 31.03.2025, an amount of ₹ 340 Crores has been appropriated (previous year ₹ 251.00 Crores) towards NBFC reserve.

1.6 Securities Premium:

Securities premium is used to record the premium on issue of shares. The reserve can be utilized only for limited purposes in accordance with the provisions of the Companies Act, 2013. Expenditure on issue of shares is charged to the securities premium account.

1.7 Retained Earnings:

Retained earnings represent profits and items of other comprehensive income recognized directly in retained earnings earned by the Group less dividend distributions and transfer to and from other reserves.

1.8 Cash Flow Hedge Reserve:

The Company uses derivative instruments in pursuance of managing its foreign currency risk and interest rate risk associated on borrowings. For hedging foreign currency and interest rate risk, the Company uses foreign currency forward contracts, cross currency swaps and interest rate swaps. To the extent the derivative contracts designated under the hedge accounting are effective hedges, the change in fair value of the hedging instrument is recognized in 'Effective Portion of Cash Flow Hedges'. Amounts recognized in such reserve are reclassified to the Consolidated Statement of Profit or Loss when the hedged item affects profit or loss. Movement of Cash Flow Hedge Reserve has been shown in the table above.

1.9 Translation Reserve on Consolidation

The exchange differences arising from the translation of financial statements of foreign operations with functional currency other than Indian rupees is recognised through Other Comprehensive Income (OCI) and is presented within equity in the foreign currency translation reserve.

5. Disclosure in respect of Indian Accounting Standard (Ind AS)-16 "Property, Plant and Equipment"

Decommissioning liabilities included in the cost of property, plant and equipment

As per Ind AS 16 Property, Plant and Equipment, Appendix A "Changes in Existing Decommissioning, Restoration and Similar Liabilities", specified changes in decommissioning, restoration or similar liability needs to be added to or deducted from the cost of the asset to which it relates; the adjusted depreciable amount of the asset is then depreciated prospectively over its remaining useful life.

As per para 55 of Ind AS 16, the depreciable amount of an asset is determined after deducting its residual value. The amount of decommissioning liability and residual value related to solar plant is not reliably ascertainable. Hence, decommissioning liability related to the solar plant and the residual value have not been considered. Further, the management is of the opinion that the decommissioning cost (net of residual value of the solar plant), shall not be material.

6. Disclosure in respect of Indian Accounting Standard (Ind AS)-19 "Employee Benefits"

16. Disclosure in respect of Indian Accounting Standard (Ind AS)-36 “Impairment of Assets”

The Companies in the Group at each balance sheet date, assess whether there is any indication of impairment of any asset and/or cash generating unit. If such indication exists, assets are impaired by comparing carrying amount of each asset and/or cash generating unit to the recoverable amount being higher of the net selling price or value in use. Value in use is determined from the present value of the estimated future cash flows from the continuing use of the assets. The Companies in the Group have no impairment loss during the current and previous year.

¹Income Tax

This pertains to Income Tax cases for AY 2014-15 and AY 2020-21 which are pending before the CIT(Appeals), while case for AY 2022-23 has been moved for rectification under Section 154 of the Income Tax Act. The Company is hopeful of a favourable outcome in respect of the various issues covered under the appeal and thus except for the issues decided against the Company in other years, for which reasonable provision has been made, no further provision has been considered as necessary.

For the Income Tax Cases of AY 2010-11 and AY 2012-13 to AY 2018-19 (except AY 2014-15, which is pending before CIT(A)), the order for appeal effect of CIT(A) is still awaited. However, during FY 2023-24 the Company has provided ₹ 14.80 crores for matters not allowed in the favour of the Company and the tax impact on the remaining matters, although not finally determined, is not considered as a contingent liability as no outflow is considered probable for the items allowed. Any adjustment shall be accounted for upon receipt of the respective orders. Further, the Company has filed appeal with the ITAT for matters not allowed.

For the Income Tax Cases of earlier years (AY 1998-99 – AY 2009-10), the Hon'ble High Court of Delhi decided the WRIT petition in favour of the Company vide order dated 08 December 2023 and pronounced that the assessment proceedings concerning from AY 1998-99 to AY 2009-10, pursuant to the orders of the Tribunal dated 21 November 2014 and 29 May 2015, have become time-barred and thus directed the A.O. to accept the returned income and pass the consequential orders. Such consequential orders are awaited, and any adjustments shall be accounted for upon receipt of the respective orders.

²Service Tax and Goods & Service Tax (GST) cases

The Company had received a Notice of Demand/Order from the Commissioner, Adjudication, Central Tax, GST Delhi East dated 15 March 2022 creating demands on the Company amounting to ₹ 117.09 crores (excluding applicable interest) for financial year 2012-13 to 2015-16. Although the Company contends that entire demand is barred by limitation, it has provided for ₹ 13.22 crores (previous year: ₹ 12.48 crores) including interest on conservative basis. Based on law and facts in the matter, Service Tax demand (including interest) of ₹ 244.94 crores (previous year : ₹ 229.95 crores) has been disclosed as contingent liability. Further, since the Company is a government enterprise, no mala fide intention can be attributed to it and thus, extended period of limitation ought not to be invoked based on certain decisions of Hon'ble Supreme Court in such cases and hence the penalty has not been considered for disclosure as a contingent liability. The Company has filed an appeal with CESTAT, New Delhi on 15 June 2022 in the matter and the same is pending.

The Company had received order dated 25 March 2022 from the office of Additional Director General (Adjudication) on recovery of Service Tax on Guarantee Fee Paid to Government under Reverse Charge basis for the period April 2016 to June 2017 raising a demand of ₹ 20.73 crores towards Tax, ₹ 20.73 crores towards penalty and applicable interest thereon. While the Company had filed an appeal against the same before the Hon'ble CESTAT, Mumbai on 24 June 2022, it has made requisite provision towards the Tax and interest thereon amounting to ₹ 69.36 crores (previous year : ₹ 63.10 crores) and penalty amount of ₹ 20.73 crores (previous year ₹ 20.73 crores) has been disclosed as contingent liability.

The Company has received order dated 31 January 2024 from the office of Commissioner of Central Tax Appeals -1, Delhi, vide which the appeal filed by the Company against recovery of GST on Guarantee Fee Paid to Government under Reverse Charge basis for the period 01 July 2017 to 26 July 2018 has been rejected. While the Company is in the process of filing appeal with the GST Appellate Tribunal, it has paid Tax amount of ₹ 13.28 crores under protest and made requisite provision towards Tax and interest thereon amounting to ₹ 28.96 crores (previous year : ₹ 28.96 crores). The penalty amount of ₹ 15.26 crores (previous period: ₹ 15.26 crores) has been disclosed as contingent liability.

³Others

Includes penalty for ₹ 0.03 crores (previous period: ₹ 0.03 crores) imposed by Ministry of Corporate Affairs (MCA) w.r.t. non-appointment of Woman Director. The Company being a government company has no control over appointment of directors and hence the same has not been considered for provision. The Company has filed appeal before the Regional Director (NR) MCA. The matter is still pending for adjudication. Also includes an amount of ₹ 4.62 crores (previous period: ₹ 3.78 crores) pertaining to cases pending before Hon'ble High Court of Delhi in the form of Writ Petition against the order of disciplinary authority for dismissal of staff from service of the Company. There is no interim order in this matter. Also includes ₹ 0.35 crores (previous period: ₹ 0.35 crores) pertaining to withheld PRP of ex-Functional Directors of the Company pending clarification.

Apart from above, the Company has also furnished Bank Guarantee of ₹ 9.90 crores to NSE to act as a designated stock exchange for the purpose of Initial Public Offer of the Company. Also, the above does not include amount pertaining to the arbitration proceedings initiated by M/s Jackson Engineers Ltd against IREDA & Anr on 15 August 2024, in the matter pertaining to deduction of Liquidated damages amounting to Rs. 13.46 crores by IREDA under contract agreements for Supply, erection work, civil & allied works as well as for the delay in commissioning of project named 50 MW (AC) Solar PV Plant at Kasargod Solar Park, District – Kasargod, Kerala. The Claimant (Jackson Engineers Ltd) has filed claim of approx. 156.55 crores and IREDA has filed statement of defense on 30 October 2024 with a counter claim of Rs 47.34 crores. It is unlikely that the IREDA may get any adverse order as M/s Jackson Engineers Ltd (the Claimant) was appointed by SECI, not by IREDA. However, if any adverse order is passed by the tribunal, the same can be challenged under Section 34 of the Arbitration and Conciliation Act, 1996. In view of this, probable outflow is remote hence the same has not been provided or disclosed as a contingent liability.

Independent Director, ensures independent risk oversight and full transparency in the risk management process. The prudent Risk Management policies are ratified by the Board of Directors to ensure compliance with RBI guidelines and SEBI (LODR) Regulations, 2015, which form the governing framework for the company's business activities. This includes, but is not limited to, the roles and responsibilities of Independent Directors (ID), as outlined in Schedule IV of the Companies Act 2013, Section 177(4)(vi), Regulation 6.12 of the DPE Guidelines 2011, and SEBI LODR Regulation 4. These roles and responsibilities are clearly defined for sub-Board committee members. The company also has a designated Chief Risk Officer (CRO) in an advisory capacity, in line with the RBI notification.

A Foreign Exchange and Derivatives Risk Management Policy, and a Foreign Exchange and Derivative Management Committee (FMC) is in place in the Company and hedging instruments such as forward contracts, swaps etc. are used to lower/mitigate the currency and interest rate risks on the foreign currency borrowings. Hedging instruments are used exclusively for hedging purpose and not as a trading or speculative instrument.

The key risks which the Company faces during its business operations are Credit Risk, Market Risk, Liquidity Risk, and Operational Risk. These risks are carefully identified, assessed, and managed through the implemented risk management policies and procedures. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact of hedge accounting in the financial statements.

A. Credit risk

Credit risk is the inherent risk in the lending operation and arises from lowering of the credit quality of the borrowers and the risk of default in repayments by the borrowers. A robust credit appraisal system is in place for the appraisal of the projects in order to assess the credit risk. The process involves appraisal of the projects, rating by external agencies and assessment of credit risk, appropriate structuring to mitigate the risk along with other credit risk mitigation measures. The Company splits its exposures into smaller homogenous portfolio based on shared credit risk characteristic, as described below in the following order: -

- Secured/ Unsecured i.e., based on whether the loans are secured.
- Nature of security i.e., nature of security if the loans are determined to be secured.
- Nature of loan i.e., RE Sector to which the loan has been extended.

An assessment of whether credit risk has increased significantly since initial recognition is performed at each reporting date by considering the change in the risk of default occurring over the remaining life of the financial instrument. In determining whether the risk of default has increased significantly since initial recognition, the Company considers more than 30 days overdue as a parameter. Additionally, the Company considers any other observable input indicating a significant increase in credit risk.

The Company defines a financial instrument as in default when it has objective evidence of impairment at the reporting date. It has evaluated these loans under Stage III on case-to-case basis based on the defaulted time, performance/operation of the project. The Company recognizes impairment on financial instruments based on ECL Model in line with Ind AS 109.

Collaterals and other credit enhancements

The amount and type of collateral required depends on an assessment of the credit risk. The main type of collaterals are FDR/BGs, Charge on immovable property belonging to the promoters and corporate guarantees on case-to-case basis.

- (a) The company manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties and for industry concentrations, and by monitoring exposures in relation to such limits.

B. Liquidity Risk

Liquidity risk refers to the risk that a company may not be able to meet its financial obligations due to a lack of sufficient cash and marketable securities or the availability of funding. Prudent liquidity risk management involves maintaining an appropriate level of cash, marketable securities, and committed credit facilities to meet obligations when they become due. The management of the Company closely monitors the forecast of the liquidity position and the availability of cash and cash equivalents based on expected cash flows, including interest income and expense.

The Comprehensive Asset Liability Management Framework also outlines the framework for liquidity risk management. The Company is also complying with the Liquidity Coverage Ratios requirement and maintaining High-Quality Liquid Assets, in line with the requirements of the RBI guidelines.

C. Market Risk

Market risk is the possibility of loss mainly due to fluctuation in the interest rates and foreign currency exchange rates. To mitigate the lending interest rate risk, the Company has a committee which periodically reviews its lending rates based on market conditions, ongoing interest rates of the peers and incremental cost of borrowings.

The Company's borrowings comprise of both floating rate and fixed rate borrowings linked to benchmark rates as applicable. For the foreign currency borrowings, the Company mitigates the risk due to floating interest rate by taking hedging arrangements and periodically monitoring the floating rate-linked portfolio.

The foreign exchange borrowings from overseas lending agencies expose the company to foreign currency exchange rate movement risk. As per the Board approved policy, company mitigates the foreign currency exchange rate risk by undertaking various derivative instruments to hedge the risk such as Principal only swap, Currency and Interest Rate Swaps (derivatives transactions), forward contracts etc. These derivative contracts, carried at fair value, have varying maturities depending upon the underlying contract requirement and risk management strategy of the Company.

1. Foreign currency risk: -

The Company has foreign exchange exposure in the form of borrowings from overseas lending agencies as part of its resources raising strategy. Large cross border flows together with the volatility may render company's Balance Sheet vulnerable to exchange rate movements. As per its Board approved policy, company mitigates the foreign exchange risk through Principal Only Swap (POS), Cross Currency & Interest Rate Swap (CCIRS), Forwards, Interest Rate Swaps (IRS), Cross, Currency and Cross Currency Options, structured / cost reduction products etc. (derivatives transactions). These foreign exchange contracts, carried at fair value, have varying maturities depending upon the underlying contract requirement and risk management strategy of the Company. The Subsidiary of the Company has foreign Exchange exposure in the form of bank balances in foreign currency.

(a) Foreign currency risk exposure:

The Company's exposure to foreign currency risk at the end of the year expressed in INR, are as follows: -

II. Cash flow and fair value interest rate risk: -

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates to the long-term foreign currency loans with floating interest rates and floating interest rate term loan from banks. The Company manages its foreign currency interest rate risk according to its Board approved Foreign Currency and Derivatives Risk Management policy.

The Company's fixed rate rupee borrowings are carried at amortized cost. They are therefore not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

(a) Interest rate risk exposure

The exposure of the Company's borrowings to interest rate changes at the end of the year are as follows:

Particulars	(₹ in Crores)	
	As at 31.03.2025	As at 31.03.2024

(c) Impact of Hedging activities

Derivative financial instruments and Hedge Accounting

The Company has a Board approved policy for undertaking derivative financial instruments, such as Principal Only Swap (POS), Cross Currency & Interest Rate Swap (CCIRS), Forwards, Interest Rate Swaps (IRS), Cross, Currency and Cross Currency Options, structured / cost reduction products etc. to hedge and mitigate its foreign currency risks and interest rate risks.

Hedge ineffectiveness is determined at the inception of the hedge relationship, and through periodic prospective effectiveness assessments to ensure that an economic relationship exists between the hedged item and hedging instrument.

The Company applies the following effectiveness testing strategies:

- For cross currency swaps, option structures and interest rate swaps that exactly match the terms of the terms of the hedged item, the economic relationship and hedge effectiveness are based on the qualitative factors using critical terms match method. For option structures, the Company also analyses the relationship between changes in the value of the hedging instrument and the hedged item using regression analysis.
- The Company has established a hedge ratio of 1:1 for hedging relationships as the underlying risk and notional amount of the hedging instruments are identical to the hedged items.

II. Fair value hierarchy

This section explains the judgement and estimates made in determining the fair values of financial instruments that are

- Recognized and measured at fair value and
- Measured at amortized cost and for which fair values are disclosed in financial statements. To provide an indication about reliability of the inputs used in determining fair value the company has classified its financial instruments into three levels prescribed under accounting standard. An explanation on each level follows underneath the table.
- Considering the materiality, we have ignored discounting of employee loan and security deposits.

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as on the reporting date. The mutual funds are valued using the closing NAV.

Level 2: Financial instruments that are not traded in active market (for example, traded bonds,) is determined using other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: Technique which use inputs that have a significant effect on the recorded fair value that are not based on observable market data like unlisted equity securities.

III. Valuation technique used to determine fair value

MTM calculation is based upon the valuation provided by the registered independent IBBI valuer as defined under rule 2 of Companies (Registered Valuers and valuation) Rules, 2017, for outstanding derivative instrument at reporting date.

Fair value measurements using significant unobservable inputs (level 3)

Pre-tax rate that reflects current market assessments of the time value of money and the risk specific to the asset.

The following table presents changes in level 3 Derivative Instruments: -

Particulars	₹ in Crores	
	As at 31.03.2025	As at 31.03.2024
Gains/(losses) recognized in profit and loss under Derivative deals in derivative accounting	13.13	(11.26)
Gains/(losses) recognized in Other Comprehensive Income	165.59	(165.40)
Total	178.72	(176.66)

IV. Valuation Processes

For MTM valuation of hedge deals, the Company has obtained valuation from a registered independent IBBI valuer as defined under rule 2 of Companies (Registered Valuers and valuation) Rules, 2017, who has provided such valuation after considering movement in market position, movement in exchange rate, interest rate etc.

V. Fair value of financial assets and liabilities measured at amortized cost

Particulars	As at 31.03.2025		As at 31.03.2024	
	Carrying amount	Transaction value	Carrying amount	Transaction value
Financial assets at amortized cost:				
Loans to customers	75,216.10	75,432.98	58,692.01	58,865.86
Total financial assets	75,216.10	75,432.98	58,692.01	58,865.86

Particulars	As at 31.03.2025		As at 31.03.2024	
	Carrying amount	Transaction value	Carrying amount	Transaction value
Financial liabilities at amortized cost:				
Debt securities	28,446.24	28,460.74	17,713.61	17,720.74
Borrowings (other than debt securities)	33,489.50	33,489.50	31,323.84	31,323.84
Subordinated liabilities	2,804.57	2,807.37	649.41	650.00
Total financial liabilities	64,740.31	64,728.12	49,686.86	49,694.58

The carrying amount of the trade receivables, trade payables, cash and cash equivalents, other bank balance, other financial assets and liabilities are considered to be same as their fair values, due to their short-term nature.

The fair values for borrowings, loans to companies, debt securities are calculated based on cash flows discounted using current lending rate. They are classified as Level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs, including own credit risk.

The fair values of non-current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.

32. SOLAR POWER PROJECT

The company entered into an MOU with Solar Energy Corporation of India (SECI) in the FY 2014-15 for implementation of 50 MW Solar Project of the Company situated at Ambalathara Solar Park, Kasaragod District, in the state of Kerala. The plant was commissioned in phase manner and fully commissioned during FY 2017-18, executed by Jakson Engineers limited as EPC Contractor. It has been capitalized in the books and the present capitalized cost is ₹ 319.36 crores, shown under property, plant and equipment. Refer Note 12 to Financial Statements.

The PPA was signed between the Company and Kerala State Electricity Board Limited (KSEBL) on 31 March 2017 @ ₹ 4.95 /KWH or rate as approved by Kerala State Electricity Regulatory Commission (KSERC), whichever is lower. Accordingly, the Company filed a petition for approval of the Power Purchase Agreement with KSERC, which in its interim order dated 14 February 2018 had approved an interim tariff of ₹ 3.90 per unit. Further to the same, KSERC, in its order dated 06 February 2019 had approved of the levelized tariff @ ₹ 3.83 per unit. It has also further ordered as under:

- KSEB Ltd shall reimburse any tax paid on the Return on Equity (RoE), limited to the amount of equity specified in this Order. For claiming the tax, developer shall furnish the proof of payment of such tax to KSEB Ltd.
- KSEB Ltd shall reimburse the land lease paid by the Company / RPCKL, less amount received as subsidy, if any, in addition to the above.

The said Order was challenged before Hon'ble APTEL by way of filing the appeal on 27 August 2019 for allowance of certain costs towards expenditure incurred by the Company and paid to RPCKL to determine the tariff. On rejection of said appeal, the Company filed a Review Petition with Appellate Tribunal (APTEL) on 05 April 2022. The matter is now listed for final hearing.

The Company also filed Second Appeal no. 4634 of 2022 in the Hon'ble Supreme Court of India during the pendency of the Review Petition before the Appellate Tribunal, only to save the Appeal from being barred by limitation before the Hon'ble Court. The Hon'ble Supreme Court of India vide order dated 18 July 2022 had given liberty to the Company to mention the matter for listing as and when the Review Petition is disposed of. Notwithstanding, the generation income is being accounted for @ ₹ 3.83 per unit.

The Solar Project has been set up on Leasehold land for which lease charges are payable to Renewable Power Corporation of Kerala Limited (RPCKL) from 07 October 2020 to 06 October 2043 (exemption upto 06 October 2020). As per KSERC Tariff order dated 06 February 2019, the Company is eligible to avail reimbursement of such land lease charges paid to RPCKL.

However, the annual payment of land lease charges of ₹ 0.39 crores (as fixed by State Government from time to time) and its recovery are under settlement in view of which no corresponding amounts are being recognized as assets/liability. Other recoveries for Return on Equity (ROE), being uncertain will be accounted on final resolution in the matter.

43. MNRE / UNDP - IREDA Scheme Funds

The Company besides its own activities implements Programme on behalf of Ministry for New and Renewable Energy on the basis of Memorandum of Understanding entered into with the said Ministry. In terms of stipulations of each of the MOUs, MNRE has placed an agreed sum in respect of each Programme with the company for Programme implementation. Interest on MNRE funds is accounted as and when received. As the income generated by the MNRE Programme loans is not the income of the company and also the loan assets belong to MNRE, the same is not considered for asset classification and provisioning purposes. On closure of the respective Programme, the company is required to transfer the amount standing to the credit of MNRE (inclusive of interest accrued thereon) to MNRE after deducting the service charges, irrecoverable defaults, and other dues as stipulated in the MoU.

- a) **Generation Based Incentives (GBI) / Capital Subsidy Scheme etc.:** The Company is the Program Administrator on behalf of Ministry of New & Renewable Energy (MNRE) for implementation of Generation Based Incentive Scheme and Capital Subsidy for Wind and Solar Power Projects registered under the Scheme. Under these schemes, fund is provided by MNRE to the company for the purpose of disbursement of the same towards energy generation to the GBI claimants i.e., the Project Developers/ DISCOM as per the scheme. Therefore, essentially, the activity is receipt and utilization of funds. For release of GBI fund by MNRE, the company is required to submit the Utilization Certificate along with Audited Statement of Expenditure duly certified by a Chartered Accountant, for the previous tranche of fund released by MNRE. The said requirement is fully complied with by the company, and nothing further has been required by MNRE so far. The statutory auditors have not audited the accounts of the scheme.

The amount due to MNRE on account of the above at the close of the year, along with interest on unutilized funds kept in separate bank accounts as savings banks / short-term deposits etc. shown as Bank balances other than included in Cash and Cash Equivalents (Refer Note 3 to Financial Statements) and the corresponding liability is shown under the head Other Financial Liabilities (Refer Note 22 to Financial Statements) in the Balance Sheet.

- b) **GEF -MNRE -United Nations Industrial Development Organization (UNIDO) Project:** Ministry of New and Renewable Energy (MNRE) and UNIDO have jointly implemented a GEF-5 funded project on using biogas/bio-methane technology for waste to energy conversion, targeting innovations and sustainable energy generation from industrial organic wastes. Under the said project UNIDO will provide funds for subsidizing the interest rate by 5% for the project developers and the company is the fund handler. During the year ended 31 March 2025, Nil claims (previous year : NIL Claims) have been made to UNIDO. Funds amounting to ₹ 2.55 crores have been received by the company towards the 1st tranche of USD 340000 in FY 2021-22. The Fund balance as on 31 March 2025 is Rs. 2.90 crores.

The funds so received have been kept in separate bank account as savings banks / short-term deposits etc. shown as Bank balances other than included in Cash and Cash Equivalents (Refer Note 3 to Financial Statements) and the corresponding liability is shown under the head Other Financial Liabilities (Refer Note 22 to Financial Statements) in the Balance Sheet.

- c) **Other MNRE Schemes where IREDA is fund handling Agency on behalf of MNRE:** There are other MNRE Schemes where IREDA is the fund handling agency on behalf of MNRE and the fund balances are as under: -

B. Capital

a. Capital to Risk-weighted Assets Ratio (CRAR)

The Company is complying with the Capital Adequacy requirements as per the master directions/ circulars/ guidelines prescribed by the RBI, amended from time to time. Being an NBFC and Infrastructure Finance Company (NBFC-IFC), the Company is required to maintain a Capital Adequacy Ratio or Capital to Risk Weighted Assets Ratio (CRAR) of 15% (with a minimum Tier I Capital of 10%), computed by dividing the company's Tier-I and Tier-II capital by Risk Weighted Assets.

Sl.	Particulars	As at 31.03.2025	As at 31.03.2024*
1	CRAR (%)	17.77 %	15.51 %
2	CRAR – Tier I Capital (%)	15.15 %	13.94 %
3	CRAR – Tier II Capital (%)	2.62 %	1.57 %

The amount of Perpetual Debt Instrument of the Tier-I capital as on 31.03.2025 is 11.11 % (previous year: Nil %)

*As of 31 March 2024, the reported CRAR of the Company was 20.11%, comprising Tier I Capital of 18.08% and Tier II Capital of 2.03%. This calculation was based on a 50% risk weight assigned to commissioned renewable energy infrastructure project assets financed by the Company that had reached their commercial operations date (COD) and had been operational for over a year. However, effective 31 March 2025, the company has applied a 100% risk weight to these assets. Accordingly, CRAR of corresponding period as at 31 March 2024 has been restated.

b. Details of Tier II capital and Perpetual Debt Instruments raised during the year :

Sl.	Particulars	Year Ended 31.03.2025	Year Ended 31.03.2024
1	Amount of Subordinated debt raised as Tier-II capital	910.37	-

2	Amount of Perpetual Debt Instruments raised as Tier-I capital	1,239.00	-
3	Amount of Perpetual Debt Instruments raised as Tier-II capital	8.00	-

During the year the Company has issued Perpetual Debt Instruments (PDI) of ₹ 1,247 crores (previous year: Nil) with no maturity and callable only at the option of the Company after a minimum of 10 years with prior approval of RBI.

The claims of the holders of the PDI are:

1. Superior to the claims of the holders of the equity shares issued by the Company ; and
2. Subordinated to the claims of all other creditors of the Company (but pari passu inter se the holders of the PDIs). The Company may defer the payment of Coupon, if:
 - i. The capital to risk assets ratio ("CRAR") of the Company is below the minimum regulatory requirement prescribed by RBI; or

Notes to Consolidated Financial Statements
For the year ended 31st March 2025

- ii. the impact of such payment results in CRAR of the Company falling below or remaining below the minimum regulatory requirement prescribed by RBI.
3. In the event that making of any Coupon payment by the Issuer may result in net loss or increase the net loss of the Issuer, the making of such of Coupon Payment by the Issuer shall be subject to the prior approval of the RBI and shall be made on receipt of such approval provided that the CRAR remains above the regulatory norm after the making of such payment.
4. The Coupon on the Bonds shall not be cumulative except in cases as in (2) above.
5. All instances of invocation of the lock- in clause shall be notified by the Issuer to the RBI or as otherwise required under applicable law.

The invocation of the lock-in clause by the Issuer shall not be construed as a default committed by the Issuer and shall not result in the occurrence of an 'Event of Default' (by whatsoever name called) in respect of the Bonds

d. Dividend

The Board of Directors monitors the dividend pay-out to the shareholders of the Company and has a well-defined distribution policy which is available on the website of the Company viz. <https://www.ireda.in/corporate-governance>.

Being a Central Public Sector Enterprise ("CPSE"), the Company endeavors to declare the dividend as per the CPSE Guidelines on Capital Restructuring, mandating every CPSE to pay minimum annual dividend of 30% of PAT or 4% of the net-worth, whichever is higher subject to the limit, if any, under any extant legal provision. Financial sector CPSES like NBFCs may pay minimum annual dividend of 30% of PAT subject to the limit, if any, under any extant legal provisions.

The Company has received exemption from payment of dividend for Financial Year 2024-25 from DIPAM.

vi) **Institutional set-up for liquidity risk management**

The Board of Directors of the Company has constituted the Asset Liability Management Committee, Risk Management Committee and Investment Committee. The Asset Liability Management Committee, inter alia, reviews the asset liability profile, risk monitoring system, liquidity risk management, funding and capital planning, profit planning and growth projections, forecasting and analyzing different scenarios and preparation of contingency plans.

Further, the Risk Management Committee, inter alia, monitors and measures the risk profile of the Company and oversees the integrated risk management system of the Company. The Company manages liquidity risk by maintaining sufficient cash/treasury surpluses. Management regularly monitors the position of cash and cash equivalents. Assessment of maturity profiles of financial assets and financial liabilities including debt financing plans and maintenance of balance sheet liquidity is considered while reviewing the liquidity position.

N. Disclosure on Liquidity Coverage Ratio for the Company: -

RBI vide its Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023 as amended from time to time issued the guidelines covering liquidity risk management for NBFCs wherein RBI introduced Liquidity Coverage Ratio (LCR) applicable on all non-deposit taking NBFCs with asset size of more than ₹5,000 crore. The guidelines aim to maintain a liquidity buffer in terms of LCR by ensuring that the NBFCs have sufficient High Quality Liquid Assets (HQLA) to survive any acute liquidity stress scenario lasting for next 30 days. As per the guidelines, LCR is represented by Stock of HQLA divided by Total Net Cash Outflows (stressed outflow less stressed inflows) over the next 30 calendar days. HQLA are defined by RBI as the liquid assets that can be readily sold or are immediately convertible into cash at little/no loss of value or can be used as collateral to obtain funds in stress situations.

The Company has complied with LCR requirement w.e.f. 01 December 2020 against stipulated requirement of minimum LCR of 50%, progressively increasing up to the required level of 100% by 01 December 2024. The Company is maintaining LCR in INR only; hence there is no currency mismatch.
