26. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format:

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1.	Financing for green Initiative of Indian Railways - Shift from conventional to electrical locomotive, electrification of railway tracks	Opportunity	Towards achieving India's commitment of NET ZERO carbon by 2070.	-	IRFC shall experience Positive financial implication due to additional Revenue from such financing.
2.	Shifting to paperless environment to further the sustainability	Opportunity	Enhances operational efficiency, reduces costs, and supports environmental sustainability through digital communication, e-filing, and record management.	-	Positive: Cost savings, improved productivity, and operational agility.
3	Climate Risk Management	Risk and Opportunity	Physical risks (floods, droughts, temperature extremes) and transitional risks (regulatory changes, stakeholder expectations), affects borrower performance and credit quality. Reputational risk may also emerge if IRFC fails to align with stakeholder expectations regarding climate-related disclosures and transparency. Despite these challenges, heightened awareness of climate change is also driving the transition to renewable energy. This creates a significant opportunity for IRFC to finance clean energy projects having forward and backward linkages with Railways and support the shift to a more sustainable future.	IRFC has implemented an ESG policy with a focus on climate change strategy. It plans to integrate climate risk assessments into project evaluations and align disclosures with RBI's draft framework on climate-related financial risks.	Negative: Risk of asset stranding caused by climate-related factors. Positive: Opportunity to access sustainable financing options.
4	Diversity and Inclusion	Opportunity	A diverse and inclusive workforce fosters innovation, enhances decision-making, and improves employee morale and retention.		Positive: Enhanced brand reputation, reduced attrition, and improved organizational performance.
5	Data security and cyber risk management	Risk	Rising dependence on digital infrastructure exposes the business to cyber threats and data breaches.	Implementation of advanced cybersecurity infrastructure, regular training, and data governance policies.	Negative financial loss or penalties in case of data breaches or non-compliances.

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/ opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
6	Corporate Governance and Business Ethics	Risk	Strong governance and ethical practices are key to maintaining stakeholder trust, ensuring compliance, and avoiding legal or reputational risks. Unethical behavior can damage brand credibility. By promoting a culture of integrity and accountability, IRFC strengthens decision-making, supports sustainable growth, and enhances its reputation as a responsible corporate.		Negative: potential fines/ penalties in case of violations.
7	Economic Development	Opportunity	Financing projects having forward and backward linkages with Railways that contribute to national economic growth and social upliftment.		Positive: Revenue generation and alignment with national development goals.
8	Regulatory Compliance	Risk	Regulatory compliance is essential for IRFC to operate legally, avoid penalties, and maintain stakeholder trust. Non-compliance can lead to financial losses, legal issues, and reputational harm. Prioritizing compliance safeguards IRFC's credibility, supports long-term growth, and ensures continued business operations.	Continuous monitoring, internal audits, timely updates to policies and practices, and regular training for employees on applicable regulatory requirements."	Negative: potential fines/ penalties in case of violations.

Also, in accordance with laid down provisions of Companies Act, 2013 and SEBI Regulations each director disclosure their interests in any Company or body's corporate firm, or other association of individuals by giving a notice in writing on annual basis (or whenever there is a change); and the same is put up to the board.

PRINCIPLE 2

Businesses should provide goods and services in a manner that is sustainable and safe

Essential Indicators

1. Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.

Particulars	Current Financial Year	Previous Financial Year	Details of improvements in environmental and social impacts
R&D	-	-	-
Capex	-	-	IRFC does not own or operate any manufacturing facilities. Accordingly, there are no specific R&D or Capex investments related to technologies for environmental or social impact improvements.

2. a. Does the entity have procedures in place for sustainable sourcing? (Yes/No)

Considering the business activities of the Company, this question has limited applicability. Being NBFC, IRFC's resource use is mainly limited to electricity, office supplies and communication or IT equipment.

Being NBFC, IRFC is less resource-intensive in terms of material requirements. Despite the limited scope, IRFC ensures responsible sourcing of all its material requirements. The Company promotes GeM portal (Government e-Marketplace) in its procurements and promotes sourcing from MSME vendors. All procurement / sourcing of material and services is done as per the procedure defined in the Procurement Guidelines of the Company.

- b. If yes, what percentage of inputs were sourced sustainably?

In terms of material requirements, IRFC has made it mandatory to procure common use goods & services available on GeM (Government e-Marketplace) portal, with purchase preference to MII/MSMEs as per Government directives. During the financial year 2024-25, Percentage (%) of procurement from MSME (including MSME owned by SC/ST entrepreneurs) out of total procurement is 95.91%

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.

Given the nature of business and operations, the Company does not have material plastic waste, e-waste and other waste. Further, the Company does not have any hazardous waste.

Disposal of old, unserviceable & obsolete IT equipment's, identified as e-waste, is done through registered Recyclers/Re-processors under Central Pollution Control Board, Government of India & State Pollution Control Committee Board.

The Company has significantly reduced the use of plastic and actively encourages the adoption of eco-friendly alternatives such as jute bags, cloth bags, ceramic cups, and steel bottles. Furthermore, mechanisms have been introduced to promote the use of products made from recycled plastic, reinforcing our commitment to sustainable practices.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

Not Applicable, since IRFC is a NBFC and is not involved in manufacturing of any kind of product.

Leadership Indicators

1. Has the entity conducted Life Cycle Perspective / Assessments (LCA) for any of its products (for manufacturing industry) or for its services (for service industry)?

Being a NBFC categorized as IFC, the main products offered by IRFC include is to finance the acquisition of rolling stock assets, leasing of railway infrastructure assets, and lending to other entities under the MoR. We lend funds to MoR and other Railway Entities in order to fuel their growth plan. We have provided loans to Rail Vikas Nigam Limited (RVNL), NTPC REL, NTPC etc.

IRFC uses a leasing approach to fund Indian Railways' Rolling stock and project assets. The normal lease term is 30 years, with a primary component of 15 years and a secondary component of 15 years. During the primary lease period, the principal component and interest are recovered as part of the lease. Secondary lease period assets are normally transferred to the MoR for a nominal sum at the conclusion of the lease. We have a cost-plus leasing agreement with the Ministry of Railways, which ensures consistent growth in our income and profitability. MoR pays half-yearly lease rentals in advance, which include both principal repayment and interest. The details of leasing, lending and borrowing operations of the Company are available on the website of the Company at <https://irfc.co.in>.

2. If there are any significant social or environmental concerns and/or risks arising from production or disposal of your products / services, as identified in the Life Cycle Perspective / Assessments (LCA) or through any other means, briefly describe the same along-with action taken to mitigate the same.

Name of Product/ Service	Description of the risk/ concern	Action Taken
Other financial service activities- Financial Leasing	No significant social or environmental concern / risk is envisaged from the Company's business activities.	IRFC is not a manufacturing Company. Further, as per the credit policy of the Company, the evaluation of the project covers the Environmental Appraisal aspect also. The analysis of environmentally sensitive projects will address several issues like measurement of environmental impact, cost- benefit analysis, assessment of alternative strategy etc.

3. Percentage of recycled or reused input material to total material (by value) used in production (for manufacturing industry) or providing services (for service industry).

Considering the nature of business and operations, the percentage of recycled or reused input material used by the Company is negligible.

4. Of the products and packaging reclaimed at end of life of products, amount (in metric tonnes) reused, recycled, and safely disposed, as per the following format:

Particulars	FY 2024-25			FY 2023-24		
	Re-Used	Recycled	Safely Disposed	Re-Used	Recycled	Safely Disposed

Independent Assurance Practitioners' Statement

To,
Indian Railway Finance Corporation Limited
 UG Floor, East Tower, NBCC Place, Bhisham Pitamah Marg, Pragati
 Vihar, Lodhi Road, New Delhi – 110003

JointValues ESG Services Pvt. Ltd. (hereinafter referred to as "JointValues") was appointed and engaged by the management of Indian Railway Finance Corporation Limited (hereinafter referred to as 'IRFC' or "the Company") for performing an independent assurance of the nine core attributes as mentioned in SEBI's BRSR Core¹ format² for information pertaining to environmental, social, and governance performance disclosed by the Indian Railway Finance Corporation Limited in the Business Responsibility and Sustainability Report (BRSR) for the 'reporting period' April 1, 2024 to March 31, 2025 considering related regulation^{3, 4, 5, 6} for listed entities issued by the SEBI.

JointValues performed the engagement through a multidisciplinary team of experienced professionals and subject-matter specialists, on attributes pertaining to environmental, social, and governance performance of the IRFC reported through BRSR Core, to obtain sufficient evidences to support the professional judgement, and provide the basis for conducting reasonable assurance within the defined scope and boundary of the engagement.

The Assurance team applied professional judgement, skills, and techniques with professional scepticism in a systematic engagement process to arrive at an independent opinion about the subject matters within the scope and boundary of the engagement.

Methodology, Scope and Boundary of Assurance

JointValues conducted this reasonable assurance of the company in accordance with the International Standard on Assurance Engagements (ISAE) 3000 (Revised), *Assurance Engagements Other Than Audits or Reviews of Historical Financial Information* issued by the International Auditing and Assurance Standards Board (IAASB).

JointValues conducted the engagement process with adherence to ethical requirements, professional standards, and compliance with applicable legal and regulatory requirements, in line with the International Standards on Quality Management (ISQM), *Quality Management for Firms that Perform Audits or Reviews of Financial*

Statements or Other Assurance or Related Services Engagement issued by IAASB.

During the engagement, the assurance team complied with the JointValues's Code of Conduct, that defines independence and other ethical requirements and aligns with the best practices and the International Code of Ethics (ICE) for Professional Accountants (including International Independence Standards) issued by the International Ethics Standards Board for Accountants (IESBA).

The **scope** of this engagement, as agreed upon by JointValues and the company, was to provide Reasonable assurance on the non-financial sustainability disclosure covered under nine core attributes of the BRSR Core format, as provided by the company to JointValues in the BRSR format. The values related to the nine core attributes of BRSR Core as provided by the company are mentioned in Annexure-I to the assurance statement.

The reporting **boundary** of the company's BRSR is "standalone basis" as disclosed in Question 13 of Section A of the SEBI's BRSR format for the reporting period from April 1, 2024, to March 31, 2025.

Limitations and Exclusions

- Reducing engagement risk to zero is rarely attainable; therefore, "reasonable assurance" is less than absolute assurance.
- Preparing the company's BRSR information requires management to set the criteria, decide what information is relevant to include, and make estimates and assumptions that impact the reported information.
- Calculating and measuring certain amounts and BRSR Core metrics, such as GHG emissions, water and energy footprint, involves assumptions/estimations and inherent measurement uncertainty. Even though we obtain sufficient appropriate evidence to support our opinion, it does not eliminate the uncertainty in these amounts and metrics.
- Evaluation, verification and assessment of any company's financial performance and data have been out of the scope of this engagement, except relying on the company's third-party audited financial reports as provided to us during the course

⁶ Circular number SEBI/HO/CFD-PoD-1/CIR/2025/42 dated 28th March, 2025 (called 'Identified Sustainability Information' of Indian Railway Finance Corporation Limited (IRFC) for the period from 1st April 2024 to 31st March 2025)

of engagement, wherever materially required concerning the nine core attributes of the BRSR core. The assurance does not cover the Company's statements that express opinions, claims, beliefs, aspirations, expectations, aims, or future intentions. Additionally, assertions related to Intellectual Property Rights and other competitive issues are beyond the scope of this assurance.

- Aspects of the BRSR and the data and information (qualitative or quantitative) other than the Identified Sustainability Information.
- The assessment does not include a review of the Company's strategy or other related linkages expressed in the Report. These aspects are not within the scope of the assurance engagement.
- The assurance does not extend to mapping the BRSR with reporting frameworks other than those specifically mentioned. This engagement does not consider assessments or comparisons with frameworks beyond the specified ones.
- The absence of a significant body of established practice on which to draw to evaluate and measure non-financial information allows for different, but acceptable, measures and measurement techniques and can affect comparability between entities.

Procedures Followed:

Given the circumstances of the engagement, in performing the procedures listed above, we have:

- Remotely interviewed relevant personnel of Company's management responsible for Sustainability, Environmental Social Governance (ESG) and their team for understanding the process of collecting, collating the subject matter as per SEBI Circular for BRSR Core.
- Assessed the appropriateness of various assumptions, estimations and materiality thresholds used by the Company for data analysis.
- Performed analytical procedures to analyse trends in the historical data and accordingly ascertain the reasonableness of the data reported in the current year.
- Performed substantive testing on a sample basis of the identified sustainability indicators, to verify that the data had been appropriately measured with the underlying documents recorded, collated and reported. This included assessing records and performing testing, including recalculation of sample data.

The selection of the assurance approach was based on our professional judgment, considering the nature, timing, data availability, evidence produced and the extent required to

assess the risks of the information for material misstatement or deliberate misrepresentation by the company. Our opinion on the continuing effectiveness of the company's internal controls is out of the scope of this assurance statement. Our responsibilities under those standards are further described in this statement's "Our responsibilities" section.

Our Responsibilities

Planning and performing the engagement to obtain reasonable assurance that the disclosures about the BRSR Core are free from material misstatement.

Exercising professional scepticism, judgement, skills and techniques in systematic engagement process.

Forming an independent opinion about the underlying subject matter within the scope and boundary of the engagement based on the procedures performed and the evidence obtained.

Other Information

Our reasonable assurance engagement was with respect to the information for the period April 1, 2024- March 31, 2025 only and not on any other elements included in the BRSR or any report linked to BRSR and, therefore, do not express any conclusion thereon.

Independence, Quality Control and Competence

JointValues is independent of the company and has no financial interest other than the independent assurance of the non-financial sustainability information disclosed in the BRSR.

The independent assurance opinion statement has been prepared for the stakeholders of the company only for the purpose of verifying its non-financial sustainability information relating to Environment, Social and Governance disclosures as required in the SEBI's BRSR core format, particularly described in the scope above.

Opinion

Based on the reviews and procedures followed, JointValues expresses its opinion that the nine core attributes as per the BRSR Core format, covered under the scope of this assurance, are disclosed by the Company in material respect through the BRSR format for the reporting boundary mentioned above.

Responsibilities of Management at the Company

By publishing this assurance statement, the management of the Company acknowledges and understands that they are, inter-alia, responsible for the information provided in the BRSR for:

- Designing, implementing, and maintaining internal controls to ensure the information is free from material misstatement, including preventing deliberate misrepresentation.

- Selecting or establishing suitable criteria for preparing the information, considering applicable laws and regulations, identifying key aspects, engaging with stakeholders, and preparing and presenting the information according to the reporting criteria.
- Disclosing the applicable criteria used for preparation in the relevant report or statement.
- Preparing and calculating the information in accordance with the reporting criteria.
- Ensuring the reporting criteria are available to intended users with relevant explanations.
- Establishing targets, goals, and performance measures and implementing actions to achieve them.
- Providing details of the management personnel responsible for the disclosed information
- Ensuring compliance with laws, regulations, or applicable contracts and preventing fraud.
- Identifying and describing inherent limitations in measuring or evaluating information according to the reporting criteria.
- Selecting the content of the information, including identifying and engaging with intended users to understand their needs.

Limitation of Liability and Legal Disclaimer

In no event, the assurance agency and assurance practitioners, for the opinion in this assurance statement, shall be liable to any party for any direct, indirect, incidental, compensatory, punitive, special, or consequential damages, costs, expenses, legal fees, or losses (including, without limitation, lost income or lost profits and opportunity costs or losses caused by negligence) in connection with any use of the content in this assurance statement. This assurance statement is not intended to be produced by any user in any court of law. The assurance practitioners and the agency absolve themselves from legal or other representation to any third party for any consequences arising from using this assurance statement.

The intended use or purpose of this assurance statement

The information provided by the company related to BRSR Core in the BRSR and our reasonable assurance statement is intended only for users who have reasonable knowledge of the BRSR Core attributes and who have read the information with reasonable diligence and understand that the attributes are prepared and assured at appropriate levels of materiality.

Except for the publication along with the BRSR as part of the annual report by the Company, this assurance statement is not intended to be used by anyone for the publication of any selected paragraphs or excerpts elsewhere, nor should the design or content be altered for any purpose.
