PRESS RELEASE

FOR IMMEDIATE RELEASE

Navi Mumbai, India – November 04, 2025

IRIS Business Services partners with Board International

IRIS Business Services Limited ('IRIS'), a leading global RegTech company specializing in structured data, regulatory reporting, and digital disclosure solutions, today announced its partnership with Board International ('Board'), a leading Enterprise Planning software company.

Through this collaboration, IRIS CARBON®, the company's flagship SaaS disclosure reporting platform, will be integrated with Board's Financial Consolidation and Close capabilities to deliver a unified solution that connects the entire reporting cycle –from financial close to regulatory submission – within one secure workflow.

The integrated solution enables enterprises to connect and manage their financial, ESG, and compliance reporting seamlessly on a single, secure platform across teams and geographies. It supports global digital regulatory frameworks including ESEF, SEC, FERC and emerging ESG/sustainability reporting standards, providing organizations with enhanced control, traceability, and transparency across all stages of disclosure.

"We are making the end-to-end reporting easier and more accessible for enterprise teams," said **Anuradha RK, Business Head- IRIS CARBON**. "Together with Board, we are giving Board's customers one connected workflow to meet today's reporting demands and prepare for what's next." The unified Disclosure Management solution is available to customers of both Board and IRIS CARBON® starting today, offering them a powerful, scalable, and compliance-ready digital reporting framework.

"Disclosure requirements are getting more complex, and the cost of getting them wrong is higher than ever," said **Vijay Kurkal, COO of Board International**. "This partnership helps our customers go from close to disclosure without switching systems or sacrificing speed. It's a smarter way to report."

By linking Board's platform directly with IRIS CARBON®, companies can ensure data consistency and collaboration across finance, legal, investor relations, and sustainability functions. Features such as role-based access, version control, and built-in validations help reduce manual effort, eliminate data silos, and minimize filing risks.

About IRIS CARBON®

IRIS CARBON® is a comprehensive disclosure management platform that automates and streamlines regulatory reporting across diverse domains, including ESG, SEC, FERC, ACFR, CIPC, and other financial and non-financial disclosures. Our platform empowers organizations to enhance transparency, improve data accuracy, and achieve compliance efficiently. For more information, please visit www.iriscarbon.com

About Board International

Switzerland headquartered Board International is an Enterprise Planning Platform built to accelerate business performance, enable continuous planning, and drive confident, aligned decisions. It powers more accurate forecasts with real-time visibility into enterprise and external data. It unifies finance and operations with a single source of truth. And with AI-augmented experiences for every role, teams can continuously make smarter decisions for predictable, profitable business outcomes. That's why visionary global brands including H&M, BASF, Burberry, Toyota, Coca-Cola, HSBC, and thousands more trust Board to navigate complex markets with confidence. For more information, visit www.board.com.
