Isgpec Takes Over Operations & Maintenance at a leading Alumina Refinery in Odisha

3rd June 2021: Amid the pandemic, Isgpec has taken over the Operations and Maintenance of a 3 X 30 MW Cogeneration Plant for one of the leading Alumina Refineries in Odisha from 1st June 2021. In the midst of the pandemic, a team of 350+ has been successfully mobilized by Isgpec to deliver higher efficiency, higher reliability, and better economics while adhering to environmental norms.

Isgpec has a vast operational data bank from 1000+ installations totalling to more than 40000MWe globally and SMEs (Subject Matter Experts) that work round the clock for the continuous improvement and cost-effective operation of the plant.

About Isgpec Heavy Engineering Ltd.

Isgpec Heavy Engineering Ltd. is a diversified heavy engineering company engaged in manufacturing and project businesses with an extensive global presence. In operation for the past 88 years, it provides state-of-the-art, sustainable engineering solutions, with customers & projects spread across 91 countries.
