India analysing the impact of Mecca pact on national security

Amiti Sen
New Delhi

India is examining the implications of the defence pact between Pakistan, Saudi Arabia and Turkiye — pledging to defend each other against external attacks — from the perspective of its national security and regional peace and stability, the MEA said.
The pact signed between the three countries on August 7, officially called the ‘Mecca Joint Defence Agreement’, stipulated that an armed attack against any one of the signatories would be regarded as an attack on all, according to their joint statement.

“We continue to closely follow developments in the West Asia conflict. As far as this agreement is concerned, we are examining its implications both from the perspective of India’s national security,” MEA Spokesperson Randhir Jaiswal said.

NO CLARITY

The joint statement provided no clarity on how seriously the agreement binds the three countries to come to each other’s aid in the event of aggression against one of them.
“The agreement is there on paper. But we don’t know what will be the practical implementation. So, while India would be cautious of the development, it may not be alarmed,” a source told businessline.

On paper, Pakistan may be trying to give a message to India, while Saudi Arabia would do the same to Iran and Turkiye perhaps to the US, the source noted.
“One needs to see what is in the fine print and how serious are the countries about coming to each other’s defence when they get into a military conflict,” the source added.

Air India management summoned over Phuket-Delhi flight incident

Rohit Vaid
New Delhi

The Centre on Tuesday summoned Air India’s management to seek a detailed update on the August 4 Phuket-Delhi flight incident, sources told businessline.
According to sources, senior Ministry of Civil Aviation (MoCA) officials pulled up the airline’s management over the incident.
Later in the day, MoCA, in a statement, said the number of passengers injured in the incident had risen to 20, excluding four cabin crew members who were also injured in the disturbance.

In another development, sources indicated that the secondary psychoactive-substance test of the pilot-in-command had returned positive. However, the result has not been officially confirmed by the MoCA, the Directorate General of Civil Aviation or Air India.

SERIOUS VIEW

Tuesday’s meeting assumed significance as MoCA has taken a serious view of the incident involving Air India flight AI2379, which suffered a sudden altitude variation of approximately 300 feet during cruise before stabilising and landing safely in Delhi.
As per sources, tough

Campbell Wilson, Air India’s CEO, speaking to the media after meeting senior officials of MoCA ANI

questions were put to the Air India management during the meeting, with the Ministry seeking clarity on the sequence of events and the measures taken by the airline following the incident.

Speaking to reporters, Civil Aviation Minister Ram Mohan Naidu Kinjarapu said the Ministry wanted a direct update from Air India on how it was handling the incident.
He said aviation safety remained the top priority for the Ministry and that there should be no compromise by any stakeholder, including airlines and regulators.
At present, the Aircraft Accident Investigation Bureau has taken up the investigation into the incident. He added that the Ministry would also examine the regulatory framework relating to substance use by aviation personnel.

Bike taxis are not public transport vehicles: Karnataka government to Supreme Court

Krishnadas Rajagopal
New Delhi

The Karnataka government on Tuesday submitted in the Supreme Court that a State High Court decision to allow bike-taxis ignores the low safety standards of motorcycles, higher accident fatality rates, congestion and

their limited utility as public transport vehicles. The State’s case came up before a Bench headed by Justice Satish Chandra Sharma on Tuesday and was deferred to a later date for detailed consideration.
Karnataka, represented by advocate Sanchit Garga, said the restriction on the use of two-wheelers as taxis was

reasonable, proportionate and in public interest.
“Motorcycle riders continue to have viable alternative avenues of livelihood, including under the Kamataka Platform-Based Gig Workers (Social Security and Welfare) Act, 2025, which provides statutory protection and welfare measures for such workers,” Karnataka submitted.
