HILL COUNCIL POLLS ON DEC 4

The Apex Body Leh launched an indefinite protest, led by its chairman Tsering Dorjay Lakrook, on Thursday. EXPRESS

'Unjustified': Ladakh bodies on police action against Wangchuk during election protest

Naveed Iqbal
Srinagar, November 12

A DAY after climate activist Sonam Wangchuk was removed from a protest site in Ladakh, Kargil Democratic Alliance (KDA) leadership strongly condemned the action on part of the Union Territory administration. Meanwhile, the Apex Body Leh (ABL) on Thursday initiated an indefinite protest led by its chairman Tsering Dorjay Lakrook.

Leh-Kargil range DIG Kaushal Sharma defended the action against Wangchuk, and said maintaining peace and public order remained police's top priority. All necessary steps would be taken within the framework of law to prevent untoward incidents during the polls to panchayats, municipalities and the Ladakh Autonomous Hill Development Councils (LAHDCs).

Terming the police action "unjustified", KDA co-chairman Sajjad Kargili said the right to peaceful protest was constitutionally guaranteed. "Under no circumstances can anyone be prevented from expressing dissent in a peaceful manner," Kargili said in Kargil, flanked by Ladakh Lok Sabha MP Mohmad Haneefa Jan and KDA co-chairman Asgar Ali Karbalai. He also accused the administration of resorting to bureaucratic high-handedness and using intimidation, threats and forms of pressure to suppress the voices of Ladakh's people. Kargili is set to join the dharna in Leh on Friday.

Lakrook said in Leh: "This dharna is about all of the pressing issues in Ladakh at the moment. We are seeking a restoration of the dialogue with the Centre, Ladakh's liquor policy as well as the timing of the LAHDC polls. Everyone should have the opportunity to participate in elections, so many of our people have already left Ladakh (due to the winters)..."

Expressing "shock" at the UT administration, Jan said while the people of Ladakh are out on streets and are not in favour of LAHDC polls, "the UT administration is not budging from its position." He said the country and the people of Ladakh normally celebrate elections but this time, they are even considering a boycott. "That is why the people in Leh have begun a protest demonstration," he said.

DIG Sharma, meanwhile, said that "peace is paramount".

Seeking a deferment of the proposed LAHDC polls on December 4, Wangchuk had attempted to lead a protest in Leh on Wednesday evening.

Six, including quantum and climate change researchers, win Infosys Prize

Express News Service
New Delhi, November 12

THE INFOSYS Science Foundation (ISF) on Thursday announced the six winners of the Infosys Prize 2026, recognising scholars in fields ranging from constitutional law, climate change and economics to quantum physics.

Constitutional law scholar Gautam Bhatia won in the Humanities and Social Sciences category for legal scholarship that, the ISF said, brings "law into conversation with sociology, political theory and moral philosophy." Bhatia, an adjunct professor at Jindal Global Law School and a Green Fellow at the University of New South Wales in Sydney, was recognised for a prolific body of writing, including five books.

The other winners include Karthik Sastry, associate professor of Economics and Public Affairs at Princeton University, for his contributions to the study of climate change, technological innovation and business-cycle fluctuations. Swarun Kumar, assistant professor of Electrical and Computer Engineering at Carnegie Mellon University, won in Engineering and Computer Science. In Life Sciences, Isha Jain, associate investigator at Gladstone Institutes and assistant professor of Biochemistry at University of California, San Francisco, was honoured for discoveries in oxygen biology.

Riddhipratim Basu, associate professor at International Centre for Theoretical Sciences of Tata Institute of Fundamental Research, Bengaluru, won in Mathematical Sciences for contributions to probability theory and statistical physics. Manoj Kumar Joshi of Singapore University of Technology and Design got Physical Sciences award for work using trapped ions to build programmable quantum machines capable of simulating complex quantum phenomena.

WILL NCPs MERGE?

Weeks of meetings but no proposal yet before Sharad Pawar

Sunetra Pawar has adopted a cautious approach

Alok Deshpande
Mumbai, November 12

Interactions between the leaders of the NCP led by Deputy Chief Minister Sunetra Pawar and NCP(SP) chief Sharad Pawar have fuelled speculations of a possible merger. FILE

A SERIES of meetings in Baramati, a cautious response from Deputy Chief Minister Sunetra Pawar, statements from leaders across both camps, and interactions between leaders of the rival factions and Nationalist Congress Party (Sharadchandra Pawar) chief Sharad Pawar have fuelled speculation about a possible NCP reunification. However, uncertainty continues to surround the prospects of a merger.

While there have been indications of informal discussions between leaders of the two factions, sources maintain that no formal merger proposal has been placed before Sharad Pawar.

The issue has also exposed differences within the NCP (SP), with MLA Rohit Pawar publicly opposing the idea. "There is no discussion of a merger at all, and when the alliance is with the BJP, the question of a merger does not even arise. The Chief Minister's statement that 'both NCP factions will not unite without us' is an expression of the arrogance of power," said Pawar.

On November 10, Maharashtra Chief Minister Devendra Fadnavis had said that the merger cannot happen "without our knowledge".

The NCP faction led by Sunetra, meanwhile, continues to be part of the BJP-led Maharashtra government.

Following the death of former Deputy Chief Minister Ajit Pawar in a plane crash in January, The Indian Express was the first to report that the merger had been finalised and was expected to take place in the second week of February.

However, the proposed unification was subsequently called off. NCP leaders, including Sunil Tatkare and Praful Patel, denied any such move was underway.

In recent days, however, Tatkare has acknowledged that the merger was indeed a reality and that Ajit Pawar had been working towards it, with Tatkare himself aware of the plan.

What triggered latest speculation?

The latest round of speculation gathered momentum after senior NCP leaders met Union Home Minister Amit Shah in Delhi without Sunetra and her son, Parth Pawar.

Three weeks after the meeting, none of the leaders has publicly explained what was discussed.

Reports have also suggested that the meeting addressed concerns over Parth's unilateral decision-making within the party. Following the meeting, Parth is understood to have agreed to consult senior leaders before taking important decisions. The developments have added to questions over the internal functioning of the NCP and whether the leadership is considering a broader political realignment.

What has Sunetra Pawar said?

The possibility of a merger also came into focus when NCP state president Sunil Tatkare visited Baramati around Diwali to pay his respects at Ajit Pawar's memorial. During the visit, Tatkare also met Ajit Pawar's mother and Sunetra.

Asked about the possibility of a merger, he declined to comment, saying it would be inappropriate to make political statements at Ajit Pawar's memorial.

He added that Sunetra, as the party president, would take decisions on behalf of the party.

At a press conference in Baramati on Wednesday, Sunetra neither confirmed nor ruled out a merger. "I know that all of you are curious about a different topic right now. However, today's topic is different. When the time comes, you will come to know about everything," she said. Her response has further fuelled speculation, although it offered no clarity on whether the party has taken a decision on the issue.

Why have meetings drawn attention?

Interactions between leaders of the two factions and Sharad Pawar have also contributed to the renewed merger debate. On November 5, NCP national working president Praful Patel visited Sharad Pawar at Breach Candy Hospital, where the latter was undergoing treatment.

A video of their conversation subsequently went viral on social media.

The exchange, which included a reference to sitting down for discussions after November 10, triggered speculation about a possible political understanding between the two sides.

Parth also visited Sharad Pawar's Mumbai residence on two consecutive days.

During the same period, several senior NCP (SP) leaders, including state president Shashikant Shinde, senior MLA Jayant Patil, MP Amol Kolhe, Anil Deshmukh and Jitendra Awhad, met the NCP (SP) chief.

While these meetings were linked to the possibility of a merger, the leaders concerned maintained that their visits were primarily to enquire about Sharad Pawar's health.

However, sources have maintained that no concrete merger proposal has yet reached Sharad Pawar.

While informal discussions and interactions between leaders of the two camps are understood to be continuing, there has been no formal communication outlining the terms or structure of a possible unification.

There are also unresolved questions over the leadership of a united NCP, the political position of the merged party and the future of its relationship with the BJP-led government in Maharashtra.

RSS chief: Firecrackers once used to purify atmosphere

Ankita Kishor Deshkar
Nagpur, November 12

RASHTRIYA SWAYAMSEVAK Sangh (RSS) chief Mohan Bhagwat said on Wednesday that earlier variants of firecrackers, made without chemical substances, helped kill insects and pests, and purify the environment, as he explained the "scientific rationale" behind several practices during festivals, including lighting diyas.

Mohan Bhagwat's remarks have come amid growing concerns over the pollution caused by firecrackers, with several cities such as Mumbai and Delhi bearing the brunt of their after-effects post-Diwali.

Speaking at a "Deepawali Milan" programme in Nagpur, Mohan Bhagwat said there was a scientific rationale behind several traditional practices associated with festivals. He said that in the past, firecrackers were used as there was no alternative available to achieve the same purpose.

"The firecrackers of earlier times were not made using chemical substances as they are today. Their smoke helped kill insects and pests, particularly around the harvest season, and in a way, purified the atmosphere," he said.

Mohan Bhagwat's remarks have come amid concerns over the pollution caused by crackers. FILE

Explaining the purpose of lighting ghee and oil diyas on Diwali, Mohan Bhagwat said, "When lamps fuelled by ghee or oil were lit, they created a particular kind of air in the environment. There is science behind these practices as well."

Urging people to understand the significance of traditional practices and observe festivals in their proper spirit, Bhagwat said it would benefit both humans and the environment. He also asserted that festivals and celebrations have been an integral part of society and would continue despite opposition.

"Festivals keep society alive. No matter how much anyone tries to stop them, they will not stop because they are essential to keeping society vibrant. What matters is that we observe them in the right spirit and ensure that we derive the intended benefits from them," he said.

Describing Diwali as a festival that symbolises the triumph of light over darkness, Bhagwat said it was also about spreading the light of knowledge and creating a harmonious society.

He also noted that Diwali had gained international recognition, with institutions such as the US and UK Parliaments also acknowledging the festival. He said people in countries with sizeable Indian populations had increasingly begun extending Diwali greetings.

Teen killed in Pench crash, Opp says BJP MLC's son was driving

Ankita Kishor Deshkar
Nagpur, November 12

THE CONGRESS and Shiv Sena (UBT) have accused BJP MLC Parinay Fuke's son of driving the car involved in an accident in the Pench sanctuary area near Nagpur on November 3, in which a 17-year-old boy was killed and five others were injured. Fuke has denied the allegation, saying his son was travelling in another car.

The Opposition has demanded an impartial investigation into the accident, alleging that the involvement of a leader's family could lead to political interference.

Maharashtra Congress president Harshwardhan Sapkal, in a social media post, urged Chief Minister Devendra Fadnavis to ensure that the investigation was not influenced and that no preferential treatment was extended to anyone involved. The Maharashtra Congress, in a separate Facebook post, claimed that the vehicle involved in the accident was registered in Fuke's name and alleged that his son, Yatharth, was driving it. The party also alleged that the driver was under the influence of alcohol and demanded strict action against those responsible.

Shiv Sena (UBT) leader Sushma Andhare also raised the issue on social media, alleging that the occupants of the vehicle had consumed alcohol and that the car was being driven at high speed while returning from Pench towards Nagpur.

Speaking to The Indian Express, Fuke, who represents the Bhandara-Gondia Local Authorities constituency, denied that his son was driving the vehicle involved in the crash. "There were two cars, both driven by drivers, both belonging to me, and my son was travelling in the other car," he said. According to Fuke, the car carrying 17-year-old Zidaan Ali and his friends was following the vehicle in which his son was travelling. He claimed that the car went airborne after hitting a speed breaker, resulting in the accident.

Fuke said Zidaan was a friend of his son and claimed that he was not wearing a seat belt at the time of the accident.

Zidaan is survived by his parents and an elder brother. His father is a construction contractor.

Gulf airlines warn of diplomatically escalating Mumbai airport slot dispute

Proposal to shift 14 international routes to NMIA

Ishika Gupta
Mumbai, November 12

GULF CARRIERS affected by the proposed relocation of international flights from Mumbai's Chhatrapati Shivaji Maharaj International Airport (CSMIA) to the Adani Group-run Navi Mumbai International Airport (NMIA) have threatened to escalate the matter diplomatically if their historical slots for the Summer Schedule 2027 are not restored.

In a communication to Mumbai International Airport Limited (MIAL), which operates CSMIA, several affected airlines, including Qatar Airways, Riyadh Air, Air Arabia, Oman Air, Flynas and Saudi Arabian Airlines, have strongly objected to the denial of their established historical slots at CSMIA's Terminal 2 (T2).

Seeking restoration of these slots, the airlines have argued that any decision to reduce airport capacity cannot be taken unilaterally and must comply with the Ministry of Civil Aviation's 2013 Slot Allocation Guidelines. The carriers have warned that they may approach aviation regulators and government authorities in their respective countries, raising the possibility of reciprocal action.

The dispute follows MIAL's October 30 proposal to the Civil Aviation Ministry seeking approval for a destination-based relocation plan.

Under the proposal, all airlines operating on 14 international routes, including routes on which Indian carriers have announced plans to shift some flights, would operate from a single airport, NMIA.

The affected routes include Jeddah, Dhaka, Kathmandu, Bahrain, Kuwait, Madinah, Riyadh, Muscat and Sharjah, among others. The proposal would require airlines operating these routes to shift their services to the new airport.

MIAL's proposal stems from its requirement to reduce CSMIA's annual passenger-handling capacity by five million to accommodate displaced passenger traffic during the redevelopment of Terminal 1B. The redevelopment, originally scheduled to begin in January 2027, was pushed to the end of March following discussions between MIAL and the Airline Operators Committee Mumbai. Adani Airport Holdings Ltd (AAHL), which holds a controlling majority stake in MIAL, had previously maintained that the 60-year-old terminal required redevelopment over structural safety concerns.

The standoff between the airlines and the airport operator has also drawn political intervention. Maharashtra Chief Minister Devendra Fadnavis has opposed the proposed relocation of international flights.

In a letter to Union Civil Aviation Minister Ram Mohan Naidu, Fadnavis said, "I have written to the Ministry to develop Terminal 1B, shift operations from 1A to 1B and then demolish the existing 1A."
