Therefore a clarification is required, whether this requirement has been appropriately taken into consideration before carving out these two Land Parcels (Parcel 3 and Parcel 4). Inputs from the market players/potential bidders may also be taken in this regard.</p> <p>Further, in order to form a view on the relative pros and cons of various options worked out by the Consultants, inputs from the market players/potential bidders would be required.</p> <p>Further a clarification is also sought from the Ministry as to whether these parcels can be considered as ‘core’ assets as far as financial rationale is concerned.”</p> <p>With regard to above observations, matter was discussed with the Consultant. Management Discussion and Analysis Report

Global and Indian Scenario

Global hospitality and tourism industry continued to be impacted in 2021 by repeated waves of the pandemic and consequent reintroduction of travel restrictions. However governments encouraged COVID-19 appropriate behaviour, improvements in healthcare infrastructure, increased coverage of testing and wide vaccination drives have provided some respite. Global economic growth is expected to dip from 5.7% in 2021 to 2.9% in 2022.

As per Press Note dated 31st May, 2022 of National Statistical Office of the GoI, the GDP of India grew at 8.7% in 2021-22. The data show that the GDP levels in 2021-22 have crossed pre-pandemic levels on better performance by various sectors such as manufacturing and construction. The economy had witnessed a negative growth (-6.6%) in the previous financial year (2020-21) because of the Covid-19 pandemic that had a devastating impact on global economies.

Pandemic has badly hit the travel, tourism, and hospitality sector, though the travel tourism industry is cautiously monitoring the protocols, state centric curbs and restrictions and is trying to revive itself.

ITDC Hotels prepared itself to restart business after the 2nd wave amidst COVID 19 pandemic by placing health and safety on top priority. The hotel started training sessions to manage the new emerging challenges and

trends in Food Safety hygiene. The aim was to instil a feeling of reassurance for guest's safety.

Due to improvement in pandemic situation and strategic measures taken by ITDC, the performance of ITDC also improved significantly. ITDC has achieved a total turnover of ₹300.51 crore during the financial year 2021-22 as against ₹197.36 crore in the previous year 2020-21 while profit before tax of ITDC during 2021-22 is ₹10.10 crore as against loss of ₹26.61 crore during 2020-21.

As per Annual Report for 2021 of Ministry of Tourism, FTAs during 2021 were 1.41 million (Jan-Dec) (Provisional) with a negative growth of 48.6% over same period of the previous year.

ITDC continues to strive to be leader as respected, preferred and leading "one stop solution provider" in the Hospitality, Travel and Tourism sector and achieve higher return on investment for its shareholders while contributing towards fulfilling the overall objective of development, promotion and expansion of domestic as well as international tourism in the country.

In the Board Meeting held on 14.07.2022, a decision has been taken to close the Mumbai Duty Freeshop on account of below par performance.

Division's Future Plan:

The shops continued to remain operational even during difficult times of Pandemic. With a view to ensure uninterrupted operations at all these shops, the division made sure to keep the supplies uninterrupted.

However, with international travel having opened up and with that, Duty free shops at International airports also starting operations,

as well as the current global situation, the supply chain of imported goods has been severely impacted. Therefore, there are emerging challenges for procurement of imported goods at Duty Free Shops. All efforts are being made to maintain smooth operations as well as revenues and profitability of the divisions.

Completion of procedures for the addition to the product portfolio in the Duty free shops is in the final stages and will be launched soon.

STEPS TAKEN TO IMPROVE TURNOVER AND PROFITABILITY

- A motivation scheme for the shops has been introduced w.e.f. 1st April 2021 by launching Inter-shop competition, based objectively on Revenue and profitability growth. The performance of each shop is objectively measured and compared with other shops on quarterly as well as annual basis. The top two performing shops are provided with recognition and the shops' employees are suitably rewarded. The scheme has not only promoted healthy competition amongst shops but also in turn helped in promoting turnover and profitability.
- Free Wi-Fi for the customers at the shop
- Warehouse within Chennai was shifted to another PSU owned bonded warehouse at a lower cost, thereby saving some cost
- Leveraging technology to reach out to customers e.g. listing on Google Map
- Maintaining Continuity in stock supply chain

- Dynamic flexi pricing, feasible price correction is undertaken from time to time basis feedback of the shops/team to align with the market trends.

Qualified Opinion

We have audited the Standalone financial statements of India Tourism Development Corporation Limited (“the Company”) which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and statement of Cash Flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as “the Standalone Financial Statements”).

In our opinion and to the best of our information and according to the explanations given to us. The aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs (financial position) of the Company as at March 31, 2022, and its profit/loss(financial performance including other comprehensive income), changes in equity and its cash flows for the year ended on that date except for the possible effects of the matters described in the Basis for qualified opinion section of our report.

Basis for Qualified Opinion

A. MSMED Act compliances

The Company does not collate maintain and present the proper details of MSME Vendors registered under Micro Small and Medium Enterprises Development

(MSMED) Act, 2006. Hence, compliances of procurement; provision for interest, if any, on outstanding dues to MSME units could not be verified. We, therefore are unable to determine the delay in making payment to such entities and liability of interest and compliance on such delayed payments in terms of provisions of MSMED Act. (Refer point no. 33 to note no. 39 of the Standalone Financial Statements).

B. Revenue from License fee

The Company has not generated invoices for license fees on licensees of units, viz. Ashok Hotel, Samrat Hotel & Taj Restaurant (units of ITDC) to the tune of ₹1292.59 lakhs during the year 2020-21 on account of Covid-19 pandemic, the licensees have disputed the same for which the Board of Directors initially denied for the waiver. However a committee of executives was recently formed in the Board Meeting dated 18.05.2022 in the matter and report to the Board of Directors. Thus, the sale of services from license fee and Trade receivables of the Company continued to be understated to the extent of ₹1292.59 lakhs. (Refer point no 12 of Note 39 to the Standalone Financial Statements)

Regarding Performance Linked Bonus (PLB) from Airlines, neither proper records were available nor proper accounting been done for which Management explained to Branch Auditors that the same will be dealt at Head Office, which is not practicable and intends to avoid to bring correct status.

2. Sale of Air Tickets from ATT units

The Contract or arrangement is between Airlines and Ashok Tours and Travels (ATT- units of ITDC) for the purchase of tickets in the name of customers of ATT and accordingly accounts are settled between the two for purchase of tickets and make payment after deductions /adjustments for refund of tickets cancelled and/or incentives. ATT has arrangement with its customers for sale of air tickets for which invoices are generated. Based on expert's opinion, the amount of services charges made over and above the cost of Air tickets is being shown as revenue, while the cost of Air tickets are neither shown as purchases nor turnover of the Company. The management

represented that this is the practice of the Industry. This does not affect the profitability of the Company but Turnover and purchases are understated to that extent.

Refer note 39 (27) regarding system of bifurcation in Debtors and other receivables for year 2021-22 and previous year 2020-21. The closing balance of receivables against sales is bifurcated in debtors and other receivables on the basis of average margin of 1 to 5% derived as per internal working done by the Company.

Security Deposits to the tune of Rs 4.79 lakhs were paid by ATT Chennai carried over since long. Neither reconciliation nor other steps appear to be taken in this regard including writing off the same, if required.

Information other than the standalone Financial Statements and Auditors' Report Thereon

The Company's Management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and in doing so consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibility for the Standalone Financial Statements

The Company's Management and Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the Financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian

Accounting Standards) Rules 2015 as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the company and for preventing and detecting frauds and other irregularities, selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatements, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease the operations or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not

detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate Internal Financial Controls system with respect to Standalone Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone financial statements, including the disclosures, and whether the standalone Ind As financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements

in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were most significance in the audit of standalone Ind AS financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so we would reasonably be expected to outweigh the public interest benefits of such communication.

Use of estimates and judgments

The preparation of the financial statements in conformity with Ind-AS requires the Management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. The actual result may differ from such estimates. Estimates and changes are reviewed on an ongoing basis. The Company recognizes revenue for a performance obligation satisfied over time after reasonably estimating its progress towards complete satisfaction of the performance obligation.

The recognition of revenue requires assessments and judgments to be made on changes in work scope, claims (compensation, rebates etc.) and other payments to the extent performance obligation is satisfied and they are probable and are capable of being reasonably measured. For the purpose of making estimates for claims, the company used the available contractual and historical information.

3. Impairment of assets

Assets subject to amortization/ depreciation are tested for impairment provided that an event or change in circumstances indicates that their carrying amount might not be recoverable. An impairment loss is recognized in the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the greater of an asset's fair value less sale costs and value in use.

4. Investments in Subsidiaries & Joint ventures

Investments in subsidiaries and joint ventures are accounted at cost less impairment losses, if any. If the intention of the management is to dispose the investment in near future, it is classified as held for sale and measured at lower of its carrying amount and fair value less costs to sell.

5. Inventories

Stocks and stores including stock of crockery, cutlery, glassware and linen, etc., in hand as well as in circulation are valued at cost on FIFO basis or realizable value whichever is less.

6. Revenue Recognition

Revenue from contract with customers

Revenue from contract with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

Revenue from contract with customers is recognized to the extent it is probable that the economic benefits will flow to the Company and the revenue and costs, if applicable, can be measured reliably.

The Company recognise revenue for a performance obligation satisfied at point in time or over time after reasonably measuring its progress towards complete satisfaction of the performance obligation, In case where the outcome of a performance obligation cannot be reasonably measured but the Company

expects to recover the costs incurred in satisfying the performance obligation, the revenue is being recognised only to the extent of the costs incurred until such time that it can reasonably measure the outcome of the performance obligation.

In case of performance obligation being satisfied over time, it is measured by applying input method. In the contracts where performance obligation cannot be measured by input method, the output method is applied, which faithfully depict the Company's performance towards complete satisfaction of the performance obligation.

Revenue is measured at the transaction price that is allocated to the performance obligation and it excludes amounts collected on behalf of third parties and is adjusted for variable considerations like customer loyalty programs discount and rebates.

If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognized for the earned consideration that is conditional. If a customer pays consideration before the Company transfers good or services to the customer, a contract liability is recognized when the payment is made or the payment is due (whichever is earlier). Contract liability is recognised as revenue when the Company performs under the Contract.

Revenue from sale of goods

Revenue from sale of goods at hotels like food and beverages, goods at duty free shops, tourist literature and other publications are recognized at the point

in time when the control of goods are transferred to the customers.

Revenue from rendering of services

Revenue from license fee is recognized as a performance obligation satisfied over time on monthly basis.

Revenue from room rent/rent of banquet halls/lawn is recognized on day to day basis.

Revenue from packaged tours and transport services are recognized as a performance obligation satisfied over time and is recognized in proportion to the services delivered.

Revenue from event management is recognized as a performance obligation satisfied at point in time on the completion of the event.

Revenue from training fee, Management services are recognized as a performance obligation satisfied over time as the customer simultaneously receives and consumes the benefit provided by the Company and is recognized on a straight line basis over the period of service.

Revenue from sale of show tickets is recognized at the point in time on satisfaction of performance obligation.

Revenue from projects (deposit works) is being satisfied over time. After contract inception, the transaction price can change for various reasons. Any subsequent change in the transaction price is then allocated to the performance obligations in the contract on the same basis as at contract inception. Consequently, amounts allocated to a satisfied performance obligation are recognised as revenue, or

as a reduction of revenue, in the period in which the transaction price changes. Estimate of revenues, costs, or extent of progress towards completion are revised if circumstances change. Any resulting increases or decreases in estimated revenues or costs are recognized by including it in profit or loss in the period of the change, if the change affects that period only or the period of change and future periods, if the change affects both.

Revenue from operation and maintenance services in relation to projects (deposit works) is being satisfied over time as the customer simultaneously receives and consumes the benefit provided by the Company and is recognized on a straight line basis over the period of service.

Revenue from management fee from subsidiaries is determined at year end and is recognized as a performance obligation satisfied at a point in time.

Interest income

Interest income is recognized using Effective Interest rate method as other income.

Dividend income

Dividends are recognized as other income in profit or loss when the right to receive payment is established.

Other income

Supplementary claims are accounted for on acceptance of claims.

7. Employees' Benefits

Liabilities in respect of benefits to employees are provided for as follows:

a. Short-term employee benefits:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service, are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be incurred when the liabilities are settled. The liabilities are presented as Short Term employee benefit obligations in the balance sheet.

ESI is provided on the basis of actual liability accrued and paid to authorities.

b. Post-employment obligations:

i. Defined Benefit Plans:

Gratuity and Post-Retirement Benefits Plans- The defined benefit obligation is calculated annually by actuary using the projected unit credit method. Re-measurement gains and losses arising from experiences, adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. The value of the defined benefit obligation resulting from plan amendments or curtailments is recognised immediately in profit or loss as past service cost.

ii. Defined Contribution Plans:

Provident Fund - The Company transfers provident fund contributions to the trust recognised for maintenance of the fund. These are recognised as and when they are due.

c. Other Long Term Employee Benefits:

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. The Company measures the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement that has accumulated at the end of the reporting period. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the Company does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

8. Foreign Currency Translation/ Transaction

Transaction in foreign currencies is recorded at the exchange rate prevailing on the date of the transaction.

Foreign currency denominated monetary assets and liabilities are translated into the functional currency at exchange rates in effect at the end of each reporting period. Foreign exchange gains or losses arising from settlement and translations are recognized in the statement of profit and loss.

Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at exchange rate prevailing at the date of transaction.

9. Provisions, Contingent Liabilities and Contingent Assets

a. Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be outflow of resources.

b. Where as a result of past events, there is a possible obligation that may, but probably will not, require any outflow of resources, no provision is recognized but appropriate disclosure is made in the notes as Contingent Liabilities.

c. Contingent liabilities are disclosed on the basis of judgement of the management/independent experts. These are revised at each Balance Sheet date and adjusted to reflect the current management estimate.

- d. Contingent assets are disclosed where an inflow of economic benefits is probable.
- e. Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.
- f. However, where the effect of time value of money is material, the amount of provision shall be the present value of the expenditure expected to be required to settle the obligation.
- g. Capital commitments and Contingent liabilities disclosed are in respect of items which exceed ₹100,000/- in each case.

10. Non-current assets or disposal group held for sale

Non-current assets, or disposal groups comprising assets and liabilities are classified as held for sale if it is highly probable that they will be recovered primarily through a sale rather than through continuing use. Such assets, or disposal groups, are generally measured at the lower of their carrying amount and fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet. Property, plant and equipment and intangible assets once classified as held for sale/distribution to owners are not depreciated or amortised.

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss post tax from discontinued operations in the statement of profit and loss.

All other notes to the financial statements mainly include amounts for continuing operations, unless otherwise mentioned.

11. Income-tax

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity, respectively.

Current tax:

Current tax expenses are accounted for in the same period to which the revenue and expenses relate. Provision for current income tax is made for the tax liability payable on taxable income after considering tax allowances, deductions and exemptions determined in accordance with the applicable tax rates and the prevailing tax laws.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

Additional Income tax that arise from the distribution of dividends are recognized at the same time when the liability to pay the related dividend is recognized.

Deferred tax:

Deferred tax is recognized using the balance sheet method, providing for temporary difference between the carrying amount of an asset or liability in the balance sheet and its tax base.

Deferred tax is measured at the tax rates that are expected to apply when the temporary differences are either realised or settled, based on the laws that have been enacted or substantively enacted by the end of reporting period.

A deferred tax asset is recognized to the extent that it is probable that the future temporary difference will reverse in the foreseeable future and the future taxable profit will be available against which the temporary difference can be utilized.

The carrying amount of deferred tax assets are reviewed at each reporting period and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Minimum Alternative Tax ("MAT") credit forming part of Deferred tax assets is recognized as an asset only when and to the extent that it is probable that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer probable to the effect that the Company will

pay normal income tax during the specified period.

12. Borrowing Cost

1. Borrowing Costs if any, directly attributable to the acquisition/construction of qualifying assets are capitalized as part of the cost of the respective assets.
2. Other borrowing costs are expensed in the year in which they are incurred.

13. Government Grants:

1. Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the group will comply with all attached conditions.
2. Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.
3. Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the useful lives of the related assets and presented within other income.

14. Financial Instruments

Recognition, Initial Measurement and de-recognition

Financial Assets and Financial Liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted by transaction costs, except for those carried at fair value through profit or loss (FVTPL) which is measured initially at fair value. Subsequent measurement of Financial Assets and Financial Liabilities are described below.

Classification and Subsequent Measurement of Financial Assets

For purpose of subsequent measurement financial assets are classified in two broad categories:-

- Amortized Cost
- Financial assets at FVTPL

All financial assets except for those at FVTPL are subject to review for impairment.

Amortised cost

A financial asset shall be measured at amortised cost using effective interest rates if both of the following conditions are met:

- a) The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- b) The contractual terms of the financial assets give rise on specified dates to cash flows

that are solely payments of principal and interest on the principal amounts outstanding.

The Company's cash and cash equivalents, trade and other receivables fall into this category of financial instruments.

Impairment of financial assets

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financial assets in FVTPL category.

For receivables and contract assets, the Company applies the simplified approach permitted by Ind AS 109 Financial instruments, which requires expected lifetime losses to be recognized from initial recognition of the trade receivables and contract assets.

De-recognition of Financial Instruments

Financial Assets are derecognised when the contractual rights to the cash flows from the Financial Assets expire, or when the Financial Assets and all substantial risks and rewards are transferred. A Financial Liability is derecognised when it is extinguished, discharged, cancelled or expires.

15. Leases

i. As a lessee

The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease

liability adjusted for any lease payments made at or before the commencement date, plus any initial direct cost incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-to-use asset or the end of the lease term. The estimated useful life of right-of-use asset is determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments from a change in an index or rate. When the lease liability is remeasured in this way, a corresponding adjustment is made

to the carrying amount of the right-of-use asset, or is recorded in the profit and loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company presents right-of-use asset that do not meet the definition of investment property in "Property, plant and equipment" and lease liabilities in "other financial liabilities" in the Balance Sheet.

Short term leases and leases of low value assets: The Company has elected not to recognize right-of-use asset and lease liabilities for short term leases that have a lease term of 12 months or less and leases of low value assets. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Cancellable lease: The Company recognise the lease payments associated with the leases which are cancellable in nature as expense on a straight-line basis over the lease term.

ii. As a lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. To classify each lease, the Company makes an overall assessment of whether the lease transfers substantially all the risk and rewards incidental to the ownership of the underlying asset. If this is the case, then the lease is a finance lease, if not, then it is an operating lease. As part of the

assessment, the Company considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 “Revenue from contract with customers” to allocate the consideration in the contract.

The Company recognizes lease payments received under operating lease as income on a straight line basis over the lease term as part of “Revenue”.

16. Exceptional Items

The company discloses certain financial information both including and excluding exceptional items. The presentation of information excluding exceptional items allows a better understanding of the underlying performance of the company and provides consistency with the company’s internal management reporting. Exceptional items are identified by virtue of either their size or nature so as to facilitate comparison with prior periods and to assess underlying trends in the financial performance of the company. Exceptional items can include, but are not restricted to, gains and losses on the disposal of assets/ investments.

17. Prior Period Items

Material prior period items which arise in the current period as a result of error or omission in the preparation of prior period’s financial statement are corrected

retrospectively in the first set of financial statements approved for issue after their discovery by:

- a) restating the comparative amounts for the prior period(s) presented in which the error occurred; or
- b) if the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and equity for the earliest prior period presented.
- c) Any items exceeding rupees five lakhs (`5 Lakhs) shall be considered as material prior period item.
- d) Retrospective restatement shall be done except to the extent that it is impracticable to determine either the period specific effects or the cumulative effect of the error. When it is impracticable to determine the period specific effects of an error on comparative information for one or more prior periods presented, the company shall restate the opening balances of assets, liabilities and equity for the earliest prior for which retrospective restatement is practicable (which may be the current period).

18. Cash and Cash Equivalent

Cash and cash equivalents comprise cash at bank and on hand. It includes

term deposits and other short-term money market deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

19. Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The Board of Directors assesses the financial performance and position of the group and makes strategic decisions and have identified business segment as its primary segment.

20. Cash Flow Statement

Cash Flow Statement, as per Ind AS 7, is prepared using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

21. Earnings per share

1. Basic earnings per share: Basic earnings per share is calculated by dividing the net profit or loss for the year post tax attributable to equity shareholders by weighted average number of equity shares outstanding during the period.

2. Diluted earnings per share: Diluted earnings per share is calculated by dividing the net profit or loss for the year post tax attributable to equity shareholders by the weighted average number of equity shares outstanding including equity shares which would have been issued on the conversion of all dilutive potential equity shares unless they are considered anti-dilutive in nature.

In some of the cases, the case has been filed by the Unions on behalf of one more number of employees. It is pertinent to mention that the contingent liability of court cases depends upon the award of the Courts. However, as per practice, the company is considering for contingent liability an average amount of ₹ 10.00 lakh per case.

- The Airports Authority of India(AAI) and other private airport operators had levied service tax on their billings for licence fee/royalty for Duty Free Shops at various locations and Ashok Airport Restaurant w.e.f. 10.9.2004. However, the Circular dated 17.9.2004 issued by the Government of India provides that the activity of renting, leasing out part of airport/ civil enclave premises does not amount to rendering of services and the license fee/ royalty payable in this regard is not subject to service tax. M/s Airports Authority of India had filed an appeal in CESTAT inter alia to adjudicate if Service tax is chargeable on Appellants revenue from renting/ leasing of space inside Airports Civil Enclave to various persons for their business activities. The CESTAT vide their order date 2.1.2015 had ordered that service tax is chargeable on above renting/ leasing. The AAI has further appealed against the order. Further an amount of ₹ 160.97 lakh paid by ITDC as security deposit in the form of Fixed Deposit during 2006-07 was encashed by Delhi International Airport Pvt. Ltd.(DIAL) on account of Service tax levied as above. Pending final resolution of the matter the estimated liability of ₹1,723.96 lakh (Previous year ₹1,723.96 lakh) from 10.09.2004 to 31.03.2008 has been included as Contingent Liability at Para A(a)(i). above, and ₹160.97 lakh has been included under Other Financial Assets (Non-Current). Aggrieved by the fixation of fair rent at ₹8.81 lakh, the Company preferred CRP for stay of the order fixing fair rent. The said CRP is pending before this Hon'ble Court and thus the fixation of fair rent has not reached a finality. An amount of ₹200.00 lakh has been deposited with "The Registrar General, High Court, Chennai 104" as ordered by this Hon'ble Court vide Order dated July 16, 2018. Subsequently, the landlord lady filed a payment out petition in the High Court, Madras to withdraw the entire ₹200.00 lakh deposited by us in the High Court. After hearing both the sides, the Court vide Order dated September 25, 2019 permitted the applicant/ landlord to withdraw a sum of ₹100.00 lakh deposited by ITDC before the Court along with proportionate accrued interest. The balance amount of deposit with the Court is shown in Financials as "Other Current Assets". And balance amount of ₹426.62 lakh has been considered under Contingent Liability.
 - The matters, relating to assessment of Property Tax in respect of three Delhi based properties i.e. Ashok, Samrat and Janpath Hotels, were challenged by the Hotels before the Hon'ble High Court of Delhi. During proceedings before the Hon'ble High Court, NDMC offered a basis for determination of property tax for assessing the hotel properties. The Hon'ble High Court

of Delhi vide its orders dated October 19, 2010 disposed of the said petitions by directing NDMC to reassess the property tax due from hotels and hotels to fully cooperate in the matter.

Accordingly, the NDMC vide its assessment orders dated March 31, 2013 had made the fresh assessment up to March 31, 2009 and gave a basis of determination of property tax, which was agreed by ITDC and admitted amounts were being paid by ITDC. On February 10, 2016, the NDMC issued notices calculating the value of property as per Unit Area Method (UAM) under by laws of 2009 for the period 2010-11 to 2015-16 on a much higher Rateable Value than assessed up to the year 2008-09. The Company challenged the assessment made under UAM and filed three separate Writ Petitions before the Hon'ble High Court of Delhi.

The matter came up for hearing before Division Bench of the Hon'ble High Court of Delhi on March 8, 2016. The Hon'ble Court was pleased to order that subject to ITDC paying the admitted tax, no coercive measures shall be taken by NDMC. Subsequently, the Hon'ble Court by Order dated August 10, 2017 had struck down the NDMC by-laws of 2009, based on which the unit area value method of levying property tax was then brought in operation by the NDMC and also invalidated all the assessments made by the NDMC thereunder.

The order dated August 10, 2017 as passed by the Hon'ble High Court of Delhi was challenged by the NDMC before the Hon'ble Supreme Court of India and the Hon'ble Supreme Court of India vide order dated January 22, 2019 dismissed the said petition.

Despite the dismissal of appeal of NDMC by the Hon'ble Supreme Court, NDMC vide order dated February 12, 2020, raised demand of ₹32,802.64 lakh, against three Delhi based properties of ITDC, including Hotel Ashok, Hotel Samrat and discontinued/ handed over Hotel Janpath. The company has challenged the demand order by filing writ petition with the Hon'ble High Court in relation to Hotel Ashok, Hotel Samrat and erstwhile Hotel Janpath.

The Company has already deposited its admitted tax liability based upon assessment made vide order dated March 31, 2013 and an additional amount of ₹1,000.00 lakh (March 18, 2021) and ₹500.00 lakh (March 31, 2022) which is to be adjusted against the balance disputed amount of ₹39,271.81 lakh has been included in the contingent Liability A(a)(i) above subject to final resolution of the matter by Hon'ble Court."

4. M/s Good Times Restaurant Private Limited has filed claimed before the sole arbitrator claiming a total sum of ₹1,400.00 lakh (approx.) towards refund of license fee. Arbitrator has passed an award of ₹1,169.59 lakh with interest 18% and cost of ₹5.00 lakh against Hotel Samrat on March 30, 2019. 10. Risk Management :

The company's activities expose it to market risk, liquidity risk and credit risk. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk:

a. Credit Risk: Credit Risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. Primarily exposure to the credit risk is from trade receivables amounting to ₹14,805.48 lakhs (previous year ₹12,520.02 lakhs) and unbilled revenue amounting to ₹913.08 lakhs (previous year ₹355.01 lakhs) which are typically unsecured. Credit risk is being managed by continuously monitoring the outstanding dues from the customers.

Further, most of the clients of the company are Government or Government Undertakings; hence credit risk is bare minimum. Company has impaired, as a prudent measure, the trade receivables towards expected credit loss as per company accounting policy to the extent of ₹7,641.80 lakhs (previous year ₹5,814.10 lakhs). Keeping in view the nature of business expected credit loss is provided as per the policy on impairment of financial assets.

No significant credit risk on cash and bank balances amounting to ₹4,172.09 lakhs (previous year ₹2,117.53 lakhs) is expected as company parks surplus funds with Schedule Banks having good credit adequacy ratio and least NPA as determined by RBI and guidelines of the company. Company has parked its owned funds in fixed deposits of ₹17,675.14 lakhs (previous year ₹21,049.40 lakhs) with Schedule banks with negligible credit risks.

The Company has also provided House Building Loan, Vehicle Loan and Computer Loan to the employees amounting to ₹2.78 lakhs (previous year ₹2.78 lakhs), these loans are secured and the Company does not envisage any risk from the same in nearby future.

The Company has granted interest bearing loans to its subsidiaries (incl.

interest) amounting to ₹1,928.44 lakh (previous year ₹1,397.72 lakh).

b. Liquidity risk: Company's principal source of liquidity are "cash and bank balances" and the cash flow that is generated from the operations. The Company has no bank borrowings and is an unleveraged entity.

The Company has a working capital of ₹25,913.66 lakh (previous year ₹26,296.44 lakh) including cash and bank balances of ₹4,172.09 lakhs (previous year ₹2,117.53 lakhs). Fund flow statement and investment of surplus funds is also reported in the audit committee meetings held from time to time.

Company believes that the working capital is sufficient to meet its requirements and to discharge its liabilities towards trade payables and other current liabilities as and when they fall due, accordingly no liquidity risk is being perceived by the Company.

c. Market Risk:

- Interest rate risk: The company is exposed to interest rate risk to the extent of its investments in fixed deposits with banks. The company also invested in preference share capital of its subsidiary company Utkal Ashok Hotel Corporation limited (unit is non-operative since 31.03.2004).

- Foreign currency risk: The Company has duty free shops at major sea ports in India. The foreign currency is being collected against the sale proceeds from customers at these shops. The duty free goods for the same are purchased centrally for these shops. The exchange rates between the rupee and foreign currencies have fluctuated substantially in recent years and may also fluctuate substantially in the near future. However the Company has a currency risk monitoring policy in place wherein the risk is managed by advanced planning for payment for purchases in foreign currency on

due date by holding back the foreign currency sale proceeds in bank keeping in view the credit period/ payment date of purchases.

The above foreign currency exposure is unhedged as these are covered through foreign currency risk management policy.

d. Capital Management:

The Company's capital management objectives are :

- to ensure the Company's ability to continue as a going concern
- to provide an adequate return to shareholders

The Company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of balance sheet. Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage.

The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to avoid debt.

11. COVID-19 pandemic

The business has been impacted during the financial year on account of COVID-19. During the initial three months of the year, company witnessed softer revenues due to the second wave of COVID-19 and consequent lockdowns in several states across India. Revenue was affected across verticals, i.e., Hotel & Restaurants, Flight & Cargo bookings, Events, Duty Free Shops, etc. Also, during the third wave in the month of January, 2022, resulting in restrictions, which also adversely impacted the revenues. However, with increased vaccinations and consequent reduction in number of cases and easing of all restrictions, company witnessed recovery in both leisure and business segments in all the other months.

The Management has assessed the possible impact of COVID-19 in preparation of these standalone financial results, including but not limited to its assessment of liquidity and going concern assumption, recoverable values of its financial and non-financial assets and impact on revenues and costs. The impact of COVID-19 may be different from that estimated as at the date of approval of these standalone financial results and the Company will continue to closely monitor any material changes to future economic conditions.

12. Private Licensees of Hotel and Catering Units of ITDC, i.e., Hotel Ashok (New Delhi), Hotel Samrat (New Delhi) and Taj Restaurant (Agra) had made request for waiver of licence fees for the lockdown period.

The matter has been submitted before the Board of ITDC. Keeping in mind the business scenario and considering the impact on cash flow, bills were not generated against most of the Private Licensees for the lockdown period amounting to ₹1,292.59 lakh upto September, 2020 and hence, not considered in the Financial Results. ITDC Board discussed that the grievances of Licences are genuine but it is also a fact that ITDC is a commercial organization and has been paying taxes, charges etc. despite lockdown without any exemption being granted to ITDC by any Statutory Organization. The matter is under consideration of Board of ITDC.

13. Prior to Ind AS transition, i.e., before April 1, 2016, old recoverable dues from Subsidiary Companies (UAHCL & PAHCL) in the nature of Management Fees and Interest on Loan has not been recognized to the extent of ₹65.50 lakh and ₹312.46 lakh.

15. Impact of Fire accident and Theft at DFS Mumbai Unit

- a. A fire accident occurred at Unit of ITDC, DFS Mumbai on March 30, 2021. Company filed an Insurance claim for

the loss of stock and property, plant & equipment at the site, cause was stated as electrical short circuit. Claim for an amount of ₹48.30 lakh is submitted to the Insurer (National Insurance Company Limited) dated March 30, 2021. The same is under process.

- b. As per billing software, at the time of fire incident, there was 2,689 liquor bottles lying as closing stock at the Unit. Subsequently, joint quantification was carried out by Insurer surveyor and ITDC on May 5, 2021 and as per joint quantification report, out of 2,689 liquor bottles a total of 1,879 bottles were damaged (partially and fully). And a stock of 810 bottles were certified to be in saleable condition. During the period till March 31, 2022 the shop was closed due to the refurbishment and electricity work at the shop. Permission to restart the shop was not received from customs as no sale took place in F.Y. 2021-22.

As per approval of the competent authority a nominated committee carried out annual physical verification of inventory at DFS Mumbai shop on March 31, 2022. On April 5, 2022, the committee submitted their report that a total of 436 liquor bottles were missing (CIF plus Custom Duty ₹11.21 lakh)

The management is considering that the event could be of theft/ pilferage and accordingly FIR and Insurance claim proceedings have been initiated. The same is under process.

16. In 2007 ITDC formed a Joint Venture Company (JV) in collaboration with M/s Aldeasa of Spain. After incorporation, no business was carried on. On the basis draft financial statements of F.Y. 2009-10 of the JV company and concept of prudence Corporation's share of loss amounting to ₹245.52 Lakh in connection with running the JV has been accounted for based on the ratification of expenditure by JV Board & subsequent acceptance by ITDC. Aldeasa has been booked as per the MCA Notice No. ROC-DEL/248(5)/STL-7/5071 dated September 1, 2017 and it has been stricken off by the registrar of companies and the said company is dissolved, w.e.f., August 21, 2017. As at March 31, 2022, an amount of ₹226.51 lakh (Previous year ₹226.51 lakh), liability is outstanding towards ITDC Aldeasa (JV).

17. Pursuant to a decision of the Government of India, it was decided that the Ministry of Tourism will examine the proposal for Sale/ Lease of Hotel Properties of the Company including Properties of Subsidiary Companies. In the cases where Hotel properties are located on State Govt Leased Land and the State is reluctant to extend the lease and allow it to be sub-leased to the private party, then the property may be offered to the State Govt at its officially valued price. According to this decision the process of disinvestment is carried on as under:

a. Hotel Janpath:

Ministry of Tourism (MoT) communicated vide their letter dtd. June 14, 2017 the in-principle approval of the government for transferring the property of Hotel Janpath to the Ministry of Urban Development (MoUD) and for compensating ITDC for loss of business opportunity with disputed liability to be sorted out.

The ministry had proposed that "a tentative valuation of the business of ITDC has been calculated on the basis of Discounted Cash Flow assuming cash flows for 30 years on the basis of average net profit for 5 years and discount factor of 11% p.a. and a rough estimation was made for ₹5,772.00 Lakh (net profit + depreciation). Value of land is not being considered."

Subsequently it was decided by the government to close the operations of Janpath Hotel, New Delhi and to handover the land & building of Janpath Hotel to L&DO, MoHUA (erstwhile MoUD). Accordingly, the Land & Building was technically handed over to L&DO, MoHUA on October 31, 2017.

The matter was also discussed inter alia in 26th & 27th Inter Ministerial Group (IMG) meetings as under:

- In the 26th meeting of IMG dated December 4, 2017, it was deliberated that earlier the figure of ₹5,772.00 lakh was mentioned on the basis of calculation of NPV at a discounting factor of 11% on average profit before depreciation of last 5 years as per the audited annual accounts of 2011-12 to 2015-16 of Hotel Janpath for a period of 30 years without applying any growth rate. Therefore, IMG decided that compounded annual growth rate (CAGR) of last 10 years i.e. from 2006-07 to 2015-16 of profit before depreciation may be applied on above said average profit of last 5 years before depreciation. IMG directed that ITDC may get the valuation done on this basis and obtain approval through circulation for the same.
- In minutes of the 27th meeting of IMG held on December 27, 2017 it was recorded that "The valuation of loss of business opportunity of Hotel Janpath was decided by the IMG in its meeting held on December 4, 2017. In this regard, DIPAM vide its letter dated December 21, 2017 has submitted that under the DCF methodology for calculation of NPV, Profit After Tax (PAT) is what is normally considered."

The Company requested the Ministry to convey the amount of compensation to be considered by ITDC in its Financial Statement. The working of the amount of compensation based on PBT as well as PAT was also communicated to MoT. The amount of compensation based on PAT was ₹14,981.00 lakh and on PBT was ₹19,303.00 lakh.

In response to the above letter, the Ministry conveyed that the amount of ₹5,772.00 lakh was only an estimated figure and did not take into account the liabilities which are yet to be firmed up. Further, the amount incurred towards VRS of employees due to closure of Janpath Hotel is to be kept under recoverable to be adjusted from the

value when the same is finalised. The estimated compensation amount due to ITDC on account of loss of business opportunity in respect of Hotel Janpath, New Delhi, may therefore not be taken into account while finalising accounts of ITDC.

The compensation for Loss of Business Opportunity was calculated on the basis of the IMG decision taken in its meeting dated December 4, 2017 and placed before the IMG in its meeting held on February 4, 2019.

"The IMG observed that the valuation based upon compounded annual growth rate (CAGR) of last 10 years i.e. from 2006-07 to 2015-16 of average profit (before depreciation) of last five years which comes to ₹19,303.00 lakh is also on higher side. It was suggested to also have the option of calculating the valuation based upon compounded annual growth rate (CAGR) of last 30 years' profit before tax and if the financials of last 30 years are not available, information available for maximum period may be taken. Another option may be valuation based upon compounded annual growth rate (CAGR) of last 30 years' profit before tax but excluding depreciation and if the financials of last 30 years are not available, information available for maximum period may be taken. It was also directed by IMG that all options may be considered by the Committee constituted for computing the Loss of Business Opportunity."

Fresh calculations have been undertaken in accordance with the decision of the IMG dated February 4, 2019 on the basis of financial data for 29 years (From FY 2015-16 to FY 1987-88). As per the same, the valuation based upon Profit before Tax excluding Depreciation works out to ₹15,548.00 lakh approx. In case, valuation is undertaken on PBT basis, the compensation for Loss of Business Opportunity works out to ₹12,368.00 lakh approx.

Further, meeting of the Valuation Committee was held on February 12, 2020 and Committee desired the consultant to make presentation on

h. Utkal Ashok Hotel Corporation Limited (UAHCL):

In case of Utkal Ashok Hotel Corporation Limited (UAHCL) the Letter of Intent (LoI) for long-term lease of the hotel property was issued to the bidder M/s Paulmech Infrastructure Pvt. Ltd. (PIPL) on January 19, 2010 and was subsequently cancelled on December 10, 2013 due to non-adherence of terms of LoI by PIPL. The PIPL filed a petition praying inter alia for quashing of ITDC's letter cancelling LoI which was dismissed by the High Court. PIPL further filed a Special Leave Petition before the Hon'ble Supreme Court of India challenging the High Court Judgement. On September 18, 2017, the Supreme Court has stayed the termination of LoI.

Hon'ble Supreme Court directed parties to appear before the Supreme Court Mediation Centre for negotiation. Matter was with the Ld. Mediator, however on hearing date October 27, 2020, the private party did not agree to the mediation terms proposal put up by the ITDC. As a result, the Mediation stands concluded in the matter sans any settlement between the parties and matter would now come up for hearing before the Hon'ble Court.

The SLP had come up before the Hon'ble Supreme Court of India for Pronouncement of Judgement on

October 4, 2021 and the SLP was disposed by upholding the Letter dated December 10, 2013 regarding termination of LOI dated January 19, 2010. With observation that the cause for termination of LOI occurred on October 15, 2010, the Hon'ble Court has directed UAHCL to refund the amounts deposited by PIPL on December 28, 2010 (₹200.00 lakh), on December 29, 2010 (₹141.00 lakh) and on January 7, 2011 (₹70.00 lakh), in all amounting to ₹411.00 lakh being clearly made after October 15, 2010 in any event cannot be retained by UAHCL as otherwise it will amount to unjust enrichment. The Hon'ble Court has directed for refund of the said amount of ₹411.00 lakh within four weeks from October 4, 2021.

PIPL has been given liberty to file a civil suit for recovery of ₹441.00 lakh paid to UAHCL on February 17, 2010 and all contentions of the parties in that regard are left open. It is observed by the Hon'ble Court that in the said proceedings it would be open for UAHCL to put forth the contention to set off the amount towards the loss suffered by UAHCL or to seek for counter claim if any further amount is due. With regard to the claim of interest, if any, by PIPL that aspect is also kept open to be adjudicated in the civil suit.

The Hon'ble Court has clarified that the pendency of the Civil Suit, that may be filed by PIPL, shall not be an impediment for UAHCL to deal with the property or to re-tender the same in any manner.

As per the direction of the Supreme Court, ₹411.00 lakh has been refunded to the Appellant PIPL.

UAHCL Board in its meeting held on January 6, 2022 approved that proposal of initiating disinvestment process of Hotel Nilachal Ashok, Puri be sent to IMG. IMG decided to offer to the State Govt. a buyout of 98% paid up capital of UAHCL (incl. Equity + Preference Shares) held by ITDC, if, State Govt. agrees to pay the outstanding loan payable to ITDC and the consideration towards Equity at a valuation agreed upon.

In the process of disinvestment of various ITDC Subsidiary companies properties which is currently going on, the ITDC shareholding of three of the Subsidiary companies viz. Assam Ashok Hotel Corporation Ltd.; Madhya Pradesh Ashok Hotel Corporation Ltd. and Donyi Polo Ashok Hotel Corporation Limited had been already transferred to the their respective State Governments, and the sales proceeds as worked out by the Transaction Advisor on the basis of valuation of available business opportunity etc. which had been received by ITDC is more than the amount originally invested by ITDC in respective subsidiary companies. Moreover all outstanding trade receivables from these three Subsidiary Companies have also been fully cleared by them.

On the same analogy, the process of disinvestment / divestment of Utkal Ashok Hotel Corporation Limited is also being carried out and as ITDC's equity / preference shares investment are considered good for recovery, no provision is considered necessary.

To

The Members,
India Tourism Development Corporation Limited

Revised Report on the Audit of the Consolidated Financial Statements

Our report dated 14th day of June, 2022 on the Consolidated Financial Statements for the year ended 31st March, 2022 has been revised to give effect to the observations made by the Comptroller & Auditor General of India in the supplementary audit carried out by them under section 143 (6) (a) of the Companies Act, 2013.

Qualified Opinion

We have audited the Consolidated financial statements of **India Tourism Development Corporation Limited** ("the Company") which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and statement of Cash Flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements")

In our opinion and to the best of our information and according to the explanations given to us. The aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs (financial position) of the Company as at March 31, 2022, and its profit/loss(financial performance including other comprehensive income), changes in equity and its cash flows for the year ended on that date except for the possible effects of the matters described in the Basis for qualified opinion section of our report.

Basis for Qualified Opinion

A. MSMED Act compliances

The Holding Company does not collate maintain and present the proper details of MSME Vendors registered under

Micro Small and Medium Enterprises Development (MSMED) Act, 2006.

Hence, compliances of procurement, provision for interest, if any, on outstanding dues to MSME units could not be verified. We, therefore are unable to determine the delay in making payment to such entities and liability of interest and compliance on such delayed payments in terms of provisions of MSMED Act. (Refer point no. 34 to note no. 39 of the Consolidated Financial Statements).

B. Revenue from License fee

The Holding Company has not generated invoices for license fees on licensees of units, viz. Ashok Hotel, Samrat Hotel & Taj Restaurant (units of ITDC) to the tune of ₹1292.59 lakhs during the year 2020-21 on account of Covid-19 pandemic, the licensees have disputed the same for which the Board of Directors initially denied for the waiver. However a committee of executives was recently formed in the Board Meeting dated 18.05.2022 in the matter and report to the Board of Directors. Thus, the sale of services from license fee and Trade receivables of the Holding Company continued to be understated to the extent of ₹1292.59 lakhs. (Refer point no.13 of Note 39 to the Consolidated Financial Statements)

C. Ashok Tours and Travels (ATT) Delhi

The entity (unit of ITDC) has entered into arrangements for marketing of travel related business with M/S Shree plan your Journey Pvt. Ltd. (GSA). As per terms and conditions, evaluation was to be made on monthly basis of outstanding receivable and to obtain remittance from GSA. No proper evaluation, confirmation or reconciliation or assessment was available. Instead of making recovery from GSA, ₹300 lakhs were paid by the Company on 27.08.2020 for which neither any justification was given nor was the authority of the same disclosed.

- During the year 2021-22 and 2022-23 to date, no information/data/facts were made available as audit evidence. Statutory Auditors of the Branch ATT also could not get any audit evidence and qualified the report. It was also pointed out by the Branch Statutory Auditors that various conditions of the Agreement were not complied/enforced like credit limits, monthly evaluation, additional deposit etc., in spite of raising the issue in previous year and in the year under audit. It was also stated even GSA account is not reconciled which is having gap of ₹656.79 lakhs as on 31.03.2022. Regarding Performance Linked Bonus (PLB) from Airlines, neither proper records were available nor proper accounting been done, for which Management explained to Branch Auditors that the same will be dealt at Head Office of the Holding Company, which is not practicable and intends to avoid to bring correct status.
- The Account and Report of Branch Auditors was available to us on Saturday evening i.e., 11.06.2022 and Audit Committee has to consider to audited Accounts on 14.06.2022 leaving no time to Central Statutory Auditors to review the matter, if at all management inclined to make available all relevant facts, which is not in the present case. This is not out of place to mention that the issue was prolonged from last two years by the management, which was also brought to knowledge of the Hon'ble Audit Committee of the Holding Company but the things remained unresponded. In view of circumstances stated above, we are unable to comment on the final outcome of non-compliance of terms of Agreement, confirmations, reconciliations and/or assessment

of recoverability of outstanding in the accounts pertaining to GSA and consequential impact on the Consolidated Financial Statements on this account.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report:

Sl. No.	Key Audit Matter	How our audit addressed the Key Audit Matter
1.	<p>Deferred Tax Asset:</p> <p>The Holding Company has recognised deferred tax asset. The recoverability of this deferred tax asset is dependent upon the generation of sufficient future taxable profit to utilise such entitlement within the stipulated period prescribed under the Income Tax Act, 1961. We identified this as a key audit matter because significant judgement is required in forecasting future taxable profits for recognition of deferred tax asset. (Refer Note No-5 of the Consolidated Financial Statements)</p>	<p>We have assessed the management's judgement relating to the forecasts of future revenue, taxable profits and evaluated the reasonableness of the considerations/ assumptions underlying the preparation of these forecasts. Based on the above procedures performed, the recognition and measurement of deferred tax asset considered adequate and reasonable.</p>
2.	<p>Contingent Liabilities:</p> <p>There are various litigations pending before various forums against the Holding Company and management's judgement is required for estimating the amount to be disclosed as contingent liability. We identified this as a key audit matter because the estimates on which these amounts are based involve a significant degree of management judgement in interpreting the cases and it may be subject to management bias. Refer note no. 38 of the Consolidated Financial Statements.</p>	<p>We have obtained an understanding of the Holding Company's internal instructions and procedures in respect of estimation and disclosure of contingent liabilities and adopted the following audit procedures:</p> <ul style="list-style-type: none"> - understood and tested the design and operating effectiveness of controls as established by the management for obtaining relevant information for pending litigation cases; - discussing with management any material developments and latest status of legal matters; - read various correspondences and related documents pertaining to litigation cases produced by the management and relevant external legal opinions obtained by the management and performed substantive procedures on calculations supporting the disclosure of contingent liabilities; - examining management's judgements and assessments whether provisions are required; - considering the management assessments of those matters that are not disclosed as the probability of material outflow is considered to be remote; - reviewing the adequacy and completeness of disclosures; <p>Based on the above procedures performed, the estimation and disclosures of contingent liabilities are considered to be adequate and reasonable.</p>

Sl. No.	Key Audit Matter	How our audit addressed the Key Audit Matter
3.	<p>Discontinued Operations and Assets Held for Sale:</p> <p>Assets of the Holding Company continue to be held for sale and discontinued operations as at the balance sheet date.</p> <p>Refer to note no. 36 and point no. 18 and 19 to note no. 39 of Consolidated Financial Statements.</p>	<p>We analyzed the management's estimate of realizable value.</p> <p>Based on our procedures, we noted no exceptions and consider management's approach and assumptions to be reasonable.</p>
4.	<p>Uncertain Taxation Matters</p> <p>The Holding Company has material uncertain tax matters under dispute which involves significant judgement to determine the possible outcome of these disputes.</p> <p>Refer note no. 38 of the Consolidated Financial Statements.</p>	<p>We assessed the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes.</p> <p>We also considered legal precedence and other rulings, including in the Holding Company's own case, in evaluating management's position on these uncertain tax positions.</p>
5.	<p>Investments in Subsidiaries</p> <p>The Holding Company holds investments in Subsidiaries of ₹879.87 lakh (equity and preference) out of which investments of ₹800.48 lakh (879.87-79.38) (equity and preference) pertains to Subsidiaries which has significant accumulated losses. These subsidiaries are currently under disinvestment. However, Holding Company has received ₹306 lakhs in payment against of investment of ₹249.88 in Ranchi Ashok Bihar Corporation Ltd and shown as liability till the completion of share transfer formalities.</p> <p>Refer footnote to note no. 3 of the Consolidated Financial Statements.</p>	<p>We assessed the management's assumptions and the past trends wherein the amount received on disinvestment by the Holding Company were much more than the amount originally invested in the said subsidiary Companies.</p> <p>As a result of aforesaid, we agree with the management that the carrying values of these investments held by the Holding Company are supportable in the context of Company's Financial Statements except in case of Punjab Ashok Hotel Co. Ltd, where State Government has proposed to pay reduced amount, which has been accepted by the Holding Company and provision for shortfall has been made in the Books of 2021-22.</p>

Information other than the consolidated Financial Statements and Auditors' Report Thereon

The Holding Company's Management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Consolidated Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and in doing so consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibility for the Consolidated Financial Statements

The Holding Company's Management and Board of Directors is responsible for the matters stated

in section 134(5) of the Act with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the Financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Holding Company in accordance with accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules 2015 as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Holding company and for preventing and detecting frauds and other irregularities, selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatements, whether due to fraud or error.

In preparing the Consolidated Financial Statements, management is responsible for assessing the Holding Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Holding Company or to cease the operations or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Holding Company's financial reporting process.

Auditor's Responsibility for the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on

the basis of these Consolidated Financial Statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Holding company has adequate Internal Financial Controls system with respect to Consolidated Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Holding Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Holding Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated financial statements, including the disclosures, and whether the consolidated Ind As financial

statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to

bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were most significance in the audit of consolidated Ind AS financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so we would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

1. Accounts not audited by us

We did not audit the Financial Statements/ financial information of the following subsidiaries whose financial statements reflect the details given below of total assets as at March 31, 2022, total revenues and net cash flows for the year ended on that date, as considered in the Consolidated Financial statements:

₹ (In Lakhs)

2. Sale of Air Tickets from ATT units

The Contract or arrangement is between Airlines and Ashok Tours and Travels (ATT- units of ITDC) for the purchase of tickets in the name of customers of ATT and accordingly accounts are settled between the two for purchase of tickets and make payment after deductions /adjustments for refund of tickets cancelled and/or incentives. ATT has arrangement with its customers for sale of air tickets for which invoices are generated. Based on expert's opinion, the amount of services charges made over and above the cost of Air tickets is being shown as revenue, while the cost of Air tickets

are neither shown as purchases nor turnover of the Holding Company. The management represented that this is the practice of the Industry. This does not affect the profitability of the Holding Company but Turnover and purchases are understated to that extent.

Refer note 39(28) regarding system of bifurcation in Debtors and other receivables for year 2021-22 and previous year 2020-21. The closing balance of receivables against sales is bifurcated in debtors and other receivables on the basis of average margin of 1 to 5% derived as per internal working done by the Company.

Our opinion is not modified with respect of above matters.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A Company's internal financial control with reference to the Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to the Consolidated Financial Statements includes those policies and procedures that 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and 3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Consolidated Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to the Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, materials misstatements due to error or fraud may occur and not be detected. 2. Intangible Assets

Intangible Assets (Software) are stated at their cost of acquisition less accumulated amortisation and accumulated losses. Intangible Assets (Software), cost are amortized over a period of legal right to use or 3 years, whichever is earlier.

3. Impairment of assets

Assets subject to amortization/ depreciation are tested for impairment provided that an event or change in circumstances indicates that their carrying amount might not be recoverable. An impairment loss is recognized in the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the greater of an asset's fair value less sale costs and value in use.

4. Investments in Subsidiaries & Joint ventures

Investments in subsidiaries and joint ventures are accounted at cost less impairment losses, if any.

If the intention of the management is to dispose the investment in near future, it is classified as held for sale and measured at lower of its carrying amount and fair value less costs to sell.

5. Inventories

Stocks and stores including stock of crockery, cutlery, glassware and linen, etc., in hand as well as in circulation are valued at cost on FIFO basis or realizable value whichever is less.

6. Revenue Recognition

Revenue from contract with customers

Revenue from contract with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

Revenue from contract with customers is recognized to the extent it is probable that the economic benefits will flow to the Company and the revenue and costs, if applicable, can be measured reliably.

The Company recognise revenue for a performance obligation satisfied at point in time or over time after reasonably measuring its progress towards complete satisfaction of the performance obligation, In case where the outcome of a performance obligation cannot be reasonably measured but the Company expects to recover the costs incurred in satisfying the performance obligation, the revenue is being recognised only to the extent of the costs incurred until such time that it can reasonably measure the outcome of the performance obligation.

In case of performance obligation being satisfied over time, it is measured by applying input method. In the contracts where performance obligation cannot be measured by input method, the output method is applied, which faithfully depict the Company's performance towards complete satisfaction of the performance obligation.

Revenue is measured at the transaction price that is allocated to the performance obligation and it excludes amounts

collected on behalf of third parties and is adjusted for variable considerations like customer loyalty programs discount and rebates.

If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognized for the earned consideration that is conditional. If a customer pays consideration before the Company transfers good or services to the customer, a contract liability is recognized when the payment is made or the payment is due (whichever is earlier). Contract liability is recognised as revenue when the Company performs under the Contract.

Revenue from sale of goods

Revenue from sale of goods at hotels like food and beverages, goods at duty free shops, tourist literature and other publications are recognized at the point in time when the control of goods are transferred to the customers.

Revenue from rendering of services

Revenue from room rent/rent of banquet halls/lawn is recognized on day to day basis.

Revenue from packaged tours and transport services are recognized as a performance obligation satisfied over time and is recognized in proportion to the services delivered.

Revenue from training fee, Management services are recognized as a performance obligation satisfied over time as the customer simultaneously receives and

consumes the benefit provided by the Company and is recognized on a straight line basis over the period of service.

Revenue from sale of show tickets is recognized at the point in time on satisfaction of performance obligation.

Revenue from projects (deposit works) is being satisfied over time. After contract inception, the transaction price can change for various reasons. Any subsequent change in the transaction price is then allocated to the performance obligations in the contract on the same basis as at contract inception. Consequently, amounts allocated to a satisfied performance obligation are recognised as revenue, or as a reduction of revenue, in the period in which the transaction price changes. Estimate of revenues, costs, or extent of progress towards completion are revised if circumstances change. Any resulting increases or decreases in estimated revenues or costs are recognized by including it in profit or loss in the period of the change, if the change affects that period only or the period of change and future periods, if the change affects both.

Revenue from operation and maintenance services in relation to projects (deposit works) is being satisfied over time as the customer simultaneously receives and consumes the benefit provided by the Company and is recognized on a straight line basis over the period of service.

Revenue from management fee from subsidiaries is determined at year end and is recognized as a performance obligation satisfied at a point in time.

Interest income

Interest income is recognized using Effective Interest rate method as other income.

Dividend income

Dividends are recognized as other income in profit or loss when the right to receive payment is established.

Other income

Supplementary claims are accounted for on acceptance of claims.

7. Employees' Benefits

Liabilities in respect of benefits to employees are provided for as follows:

1. Short-term employee benefits:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service, are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be incurred when the liabilities are settled. The liabilities are presented as Short Term employee benefit obligations in the balance sheet.

ESI is provided on the basis of actual liability accrued and paid to authorities

2. Post-employment obligations:

i. Defined Benefit Plans:

Gratuity and Post-Retirement Benefits Plans- The defined benefit obligation is calculated annually by actuary using the projected unit credit method. Re-measurement gains and losses arising from experiences, adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other

comprehensive income. The value of the defined benefit obligation resulting from plan amendments or curtailments is recognised immediately in profit or loss as past service cost.

ii. Defined Contribution Plans:

Provident Fund - The Company transfers provident fund contributions to the trust recognised for maintenance of the fund. These are recognised as and when they are due.

3. Other Long Term Employee Benefits:

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. The Company measures the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement that has accumulated at the end of the reporting period. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the Company does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

8. Foreign Currency Translation/ Transaction

Transaction in foreign currencies is recorded at the exchange rate prevailing on the date of the transaction.

Foreign currency denominated monetary assets and liabilities are translated into the functional currency at exchange rates in effect at the end of each reporting period. Foreign exchange gains or losses arising from settlement and translations are recognized in the statement of profit and loss.

Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at exchange rate prevailing at the date of transaction.

9. Provisions, Contingent Liabilities and Contingent Assets

1. Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be outflow of resources.

2. Where as a result of past events, there is a possible obligation that may, but probably will not, require any outflow of resources, no provision is recognized but appropriate disclosure is made in the notes as Contingent Liabilities.

3. Contingent liabilities are disclosed on the basis of judgement of the management/independent experts. These are revised at each Balance Sheet date and adjusted to reflect the current management estimate.

4. Contingent assets are disclosed where an inflow of economic benefits is probable.

5. Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

6. However, where the effect of time value of money is material, the amount of provision shall be the present value of the expenditure expected to be required to settle the obligation.

7. Capital commitments and Contingent liabilities disclosed are in respect of items which exceed ₹100,000/- in each case.

10. Non-current assets or disposal group held for sale

Non-current assets, or disposal groups comprising assets and liabilities are classified as held for sale if it is highly probable that they will be recovered primarily through a sale rather than through continuing use. Such assets, or disposal groups, are generally measured at the lower of their carrying amount and fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet. Property, plant and equipment and intangible assets once classified as held for sale/ distribution to owners are not depreciated or amortised.

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss post tax from discontinued operations in the statement of profit and loss. All other notes to the financial statements mainly include amounts for continuing operations, unless otherwise mentioned.

11. Income-tax

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which

case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity, respectively.

Current tax:

Current tax expenses are accounted for in the same period to which the revenue and expenses relate. Provision for current income tax is made for the tax liability payable on taxable income after considering tax allowances, deductions and exemptions determined in accordance with the applicable tax rates and the prevailing tax laws.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

Additional Income tax that arise from the distribution of dividends are recognized at the same time when the liability to pay the related dividend is recognized.

Deferred tax:

Deferred tax is recognized using the balance sheet method, providing for temporary difference between the carrying amount of an asset or liability in the balance sheet and its tax base.

Deferred tax is measured at the tax rates that are expected to apply when the temporary differences are either realised or settled, based on the laws that have been enacted or substantively enacted by the end of reporting period.

A deferred tax asset is recognized to the extent that it is probable that the future temporary difference will reverse in the foreseeable future and the future taxable profit will be available against which the temporary difference can be utilized.

The carrying amount of deferred tax assets are reviewed at each reporting period and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Minimum Alternative Tax (“MAT”) credit forming part of Deferred tax assets is recognized as an asset only when and to the extent that it is probable that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer probable to the effect that the Company will pay normal income tax during the specified period.

12. Borrowing Cost

1. Borrowing Costs if any, directly attributable to the acquisition/ construction of qualifying assets are capitalized as part of the cost of the respective assets.
2. Other borrowing costs are expensed in the year in which they are incurred.

13. Government Grants:

1. Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the group will comply with all attached conditions.
2. Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.
3. Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the useful lives of the related assets and presented within other income.

14. Financial Instruments

Recognition, Initial Measurement and de-recognition

Financial Assets and Financial Liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted by transaction costs, except for those carried at fair value through profit or loss (FVTPL) which is measured initially at fair value. Subsequent measurement of Financial Assets and Financial Liabilities are described below.

Classification and Subsequent Measurement of Financial Assets

For purpose of subsequent measurement financial assets are classified in two broad categories:-

- Amortized Cost
- Financial assets at FVTPL

All financial assets except for those at FVTPL are subject to review for impairment.

Amortised cost

A financial asset shall be measured at amortised cost using effective interest rates if both of the following conditions are met:

- a) The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- b) The contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amounts outstanding.

The Company’s cash and cash equivalents, trade and other receivables fall into this category of financial instruments.

Impairment of financial assets

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financial assets in FVTPL category.

For receivables and contract assets, the Company applies the simplified approach permitted by Ind AS 109 Financial instruments, which requires expected lifetime losses to be recognized from initial recognition of the trade receivables and contract assets.

De-recognition of Financial Instruments

Financial Assets are derecognised when the contractual rights to the cash flows from the Financial Assets expire, or when the Financial Assets and all substantial risks and rewards are transferred. A Financial Liability is derecognised when it is extinguished, discharged, cancelled or expires.

15. Leases

- i. As a lessee

The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct cost incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-to-use asset or the end of the lease term. The

estimated useful life of right-of-use asset is determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments from a change in an index or rate. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in the profit and loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company presents right-of-use asset that do not meet the definition of investment property in "Property, plant and equipment" and lease liabilities in "other financial liabilities" in the Balance Sheet.

Short term leases and leases of low value assets: The Company has elected not to recognize right-of-use asset and lease liabilities for short term leases that have a lease term of 12 months or less and leases of low value assets. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Cancellable lease: The Company recognise the lease payments associated with the leases which are cancellable in nature as expense on a straight-line basis over the lease term.

ii. **As a lessor**

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. To classify each lease, the Company makes an overall assessment of whether the lease transfers substantially all the risk and rewards incidental to the ownership of the underlying asset. If this is the case, then the lease is a finance lease, if not, then it is an operating lease. As part of the assessment, the Company considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 "Revenue from contract with customers" to allocate the consideration in the contract.

The Company recognizes lease payments received under operating lease as income on a straight line basis over the lease term as part of "Revenue".

16. Exceptional Items

The company discloses certain financial information both including and excluding exceptional items. The presentation of information excluding exceptional items allows a better understanding of the underlying performance of the company and provides consistency with the company's internal management reporting. Exceptional items are identified by virtue of either their size or nature so as to facilitate comparison with prior periods and to assess underlying trends in

the financial performance of the company. Exceptional items can include, but are not restricted to, gains and losses on the disposal of assets/ investments.

17. Prior Period Items

Material prior period items which arise in the current period as a result of error or omission in the preparation of prior period's financial statement are corrected retrospectively in the first set of financial statements approved for issue after their discovery by:

- a) restating the comparative amounts for the prior period(s) presented in which the error occurred; or
- b) if the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and equity for the earliest prior period presented.
- c) Any items exceeding rupees five lakhs (₹ 5 Lakhs) shall be considered as material prior period item.
- d) Retrospective restatement shall be done except to the extent that it is impracticable to determine either the period specific effects or the cumulative effect of the error. When it is impracticable to determine the period specific effects of an error on comparative information for one or more prior periods presented, the company shall restate the opening balances of assets, liabilities and equity for the earliest prior for which retrospective restatement is practicable (which may be the current period).

18. Cash and Cash Equivalent

Cash and cash equivalents comprise cash at bank and on hand. It includes term deposits and other short-term money market deposits with original maturities of three months or less that are readily convertible to known amounts of cash and

which are subject to an insignificant risk of changes in value.

19. Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The Board of Directors assesses the financial performance and position of the group and makes strategic decisions and have identified business segment as its primary segment.

20. Cash Flow Statement

Cash Flow Statement, as per Ind AS 7, is prepared using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

21. Earnings per share

1. **Basic earnings per share:** Basic earnings per share is calculated by dividing the net profit or loss for the year post tax attributable to equity shareholders by weighted average number of equity shares outstanding during the period.
2. **Diluted earnings per share:** Diluted earnings per share is calculated by dividing the net profit or loss for the year post tax attributable to equity shareholders by the weighted average number of equity shares outstanding including equity shares which would have been issued on the conversion of all dilutive potential equity shares unless they are considered anti-dilutive in nature.

1. The Airports Authority of India(AAI) and other private airport operators had levied service tax on their billings for licence fee/royalty for Duty Free Shops at various locations and Ashok Airport Restaurant w.e.f. 10.9.2004. However, the Circular dated 17.9.2004 issued by the Government of India provides that the activity of renting, leasing out part of airport/ civil enclave premises does not amount to rendering of services and the license fee/ royalty payable in this regard is not subject to service tax. M/s Airports Authority of India had filed an appeal in CESTAT inter alia to adjudicate if Service tax is chargeable on Appellants revenue from renting/ leasing of space inside Airports Civil Enclave to various persons for their business activities. The CESTAT vide their order date 2.1.2015 had ordered that service tax is chargeable on above renting/ leasing. The AAI has further appealed against the order. Further an amount of ₹160.97 lakh paid by ITDC as security deposit in the form of Fixed Deposit during 2006-07 was encashed by Delhi International Airport Pvt. Ltd.(DIAL) on account of Service tax levied as above. Pending final resolution of the matter the estimated liability of ₹1,723.96 lakh (Previous year ₹1,723.96 lakh) from 10.09.2004 to 31.03.2008 has been included as Contingent Liability at Para A(a)(i). above, and ₹160.97 lakh has been included under Other Financial Assets (Non-Current). Aggrieved by the fixation of fair rent at ₹8.81 lakh, the Company preferred CRP for stay of the order fixing fair rent. The said CRP is pending before this Hon'ble Court and thus the fixation of fair rent has not reached a finality. An amount of ₹200.00 lakh has been deposited with "The Registrar General, High Court, Chennai 104" as ordered by this Hon'ble Court vide Order dated July 16, 2018. payment out petition in the High Court, Madras to withdraw the entire ₹200.00 lakh deposited by us in the High Court. After hearing both the sides, the Court vide Order dated September 25, 2019 permitted the applicant/ landlord to withdraw a sum of ₹100.00 lakh deposited by ITDC before the Court along with proportionate accrued interest. 3. The matters, relating to assessment of Property Tax in respect of three Delhi based properties i.e. Ashok, Samrat and Janpath Hotels, were challenged by the Hotels before the Hon'ble High Court of Delhi. During proceedings before the Hon'ble High Court, NDMC offered a basis for determination of property tax for assessing the hotel properties. The Hon'ble High Court of Delhi vide its orders dated 19.10.2010 disposed of the said petitions by directing NDMC to reassess the property tax due from hotels and hotels to fully cooperate in the matter.

Accordingly, the NDMC vide its assessment orders dated March 31, 2013 had made the fresh assessment up to March 31, 2009 and gave a basis of determination of property tax, which was agreed by ITDC and admitted amounts were being paid by ITDC. On February 10, 2016, the NDMC issued notices calculating the value of property as per Unit Area Method (UAM) under bylaws of 2009 for the period 2010-11 to 2015-16 on a much higher Rateable Value than assessed up to the year 2008-09.

The Company challenged the assessment made under UAM and filed three separate Writ Petitions before the Hon'ble High Court of Delhi.

The matter came up for hearing before Division Bench of the Hon'ble High Court of Delhi on March 8, 2016. The Hon'ble Court was pleased to order that subject to ITDC paying the admitted tax, no coercive measures shall be taken by NDMC. Subsequently, the Hon'ble Court by Order dated August 10, 2017 had struck down the NDMC by-laws of 2009, based

on which the unit area value method of levying property tax was then brought in operation by the NDMC and also invalidated all the assessments made by the NDMC thereunder.

The order dated August 10, 2017 as passed by the Hon'ble High Court of Delhi was challenged by the NDMC before the Hon'ble Supreme Court of India and the Hon'ble Supreme Court of India vide order dated January 22, 2019 dismissed the said petition.

Despite the dismissal of appeal of NDMC by the Hon'ble Supreme Court, NDMC vide order dated February 12, 2020, raised demand of ₹32,802.64 lakh, against three Delhi based properties of ITDC, including Hotel Ashok, Hotel Samrat and discontinued/ handedover Hotel Janpath. The company has challenged the demand order by filing writ petition with the Hon'ble High Court in relation to Hotel Ashok, Hotel Samrat and erstwhile Hotel Janpath.

The Company has already deposited its admitted tax liability based upon assessment made vide order dated March 31, 2013 and an additional amount of ₹1,000.00 lakh (March 18, 2021) and ₹500.00 lakh (March 31, 2022) which is to be adjusted against the balance

disputed amount of ₹39,271.81 lakh has been included in the contingent Liability A(a)(i) above subject to final resolution of the matter by Hon'ble Court.

4. "M/s Good Times Restaurant Private Limited has filed claimed before the sole arbitrator claiming a total sum of ₹1,400.00 lakh (approx.) towards refund of license fee. Arbitrator has passed an award of ₹1,169.59 lakh with interest 18% and cost of ₹5.00 lakh against Hotel Samrat on March 30, 2019. ITDC (Hotel Samrat) has challenged an award and filed an appeal against the arbitration award before the Delhi High Court under relevant and Applicable law and after hearing the matter the operation of the award has been stayed by the Hon'ble Delhi High Court vide order dated November 23, 2020 subject to deposit the amount of ₹904.16 lakh inclusive of interest as per arbitration order. Accordingly, 904.16 lakh has been deposited with the High Court for admission of appeal (shown under Note 13 - Other Current Assets - Amount Recoverable) and matter to be heard before the Hon'ble High Court as the company has challenged the arbitration award. 11. **Risk Management :** The company's activities expose it to market risk, liquidity risk and credit risk. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk:

a. **Credit Risk:** Credit Risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. Primarily exposure to the credit risk is from trade receivables amounting to ₹14,738.73 lakhs (previous year ₹12,484.42 lakhs) and unbilled revenue amounting to ₹913.08 lakhs (previous year ₹355.01 lakhs) which are typically unsecured. Credit risk is being managed by continuously monitoring the outstanding dues from the customers.

Further, most of the clients of the company are Government or Government Undertakings; hence credit risk is bare minimum. Company has impaired, as a

prudent measure, the trade receivables towards expected credit loss as per company accounting policy to the extent of ₹7,671.11 lakhs (previous year ₹5,869.01 lakhs). Keeping in view the nature of business expected credit loss is provided as per the policy on impairment of financial assets.

No significant credit risk on cash and bank balances amounting to ₹4,215.52 lakhs (previous year ₹2,155.39 lakhs) is expected as company parks surplus funds with Schedule Banks having good credit adequacy ratio and least NPA as determined by RBI and guidelines of the company. Company has parked its owned funds in fixed deposits of ₹17,675.14 lakhs (previous year ₹21,049.40 lakhs) with Schedule banks with negligible credit risks.

The Company has also provided House Building Loan, Vehicle Loan to the employees amounting to ₹2.78 lakhs (previous year ₹2.78 lakhs), these loans are secured and the Company does not envisage any risk from the same in nearby future.

b. **Liquidity risk:** Company's principal source of liquidity are "cash and bank balances" and the cash flow that is generated from the operations. The Company has no bank borrowings and is an unleveraged entity.

The Company has a working capital of ₹21,940.28 lakhs (previous year ₹22,432.50 lakhs) including cash and bank balances of ₹4,215.52 lakhs (previous year ₹2,155.39 lakhs). Fund flow statement and investment of surplus funds is also reported in the audit committee meetings held from time to time.

Company believes that the working capital is sufficient to meet its requirements and to discharge its liabilities towards trade payables and other current liabilities as and when they fall due, accordingly no liquidity risk is being perceived by the Company.

c. **Market Risk:**

- **Interest rate risk:** The company is exposed to interest rate risk to the extent of its investments in fixed deposits with banks. The company also invested in preference share capital of its subsidiary company Utkal Ashok Hotel Corporation limited (unit is non-operative since 31.03.2004).

- **Foreign currency risk:** The Company has duty free shops at major sea ports in India. The foreign currency is being collected against the sale proceeds from customers at these shops. The duty free goods for the same are purchased centrally for these shops. The exchange rates between the rupee and foreign currencies have fluctuated substantially in recent years and may also fluctuate substantially in the near future. However the Company has a currency risk monitoring policy in place wherein the risk is managed by advanced planning for payment for purchases in foreign currency on due date by holding back the foreign currency sale proceeds in bank keeping in view the credit period/ payment date of purchases.

The above foreign currency exposure is unhedged as these are covered through foreign currency risk management policy.

d. **Capital Management:**

The Company's capital management objectives are : - to ensure the Company's ability to continue as a going concern - to provide an adequate return to shareholders

The Company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of balance sheet. Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to avoid debt.

12. **COVID-19 pandemic** The business has been impacted during the financial year on account of COVID-19. During the initial three months of the year, company witnessed softer revenues due to the second wave of COVID-19 and consequent lockdowns in several states across India. Revenue was affected across verticals, i.e., Hotel & Restaurants, Flight & Cargo bookings, Events, Duty Free Shops, etc. Also, during the third wave in the month of January,

2022, resulting in restrictions, which also adversely impacted the revenues. However, with increased vaccinations and consequent reduction in number of cases and easing of all restrictions, company witnessed recovery in both leisure and business segments in all the other months.

The Management has assessed the possible impact of COVID-19 in preparation of these standalone financial results, including but not limited to its assessment of liquidity and going concern assumption, recoverable values of its financial and non-financial assets and impact on revenues and costs. The impact of COVID-19 may be different from that estimated as at the date of approval of these standalone financial results and the Company will continue to closely monitor any material changes to future economic conditions.

Keeping in mind the business scenario and considering the impact on cash flow, bills were not generated against most of the Private Licensees for the lockdown period amounting to ₹1,292.59 lakh upto September, 2020 and hence, not considered in the Financial Results. ITDC Board discussed that the grievances of Licences are genuine but it is also a fact that ITDC is a commercial organization and has been paying taxes, charges etc. despite lockdown without any exemption being granted to ITDC by any Statutory Organization. The matter is under consideration of Board of ITDC.

18. Pursuant to a decision of the Government of India, it was decided that the Ministry of Tourism will examine the proposal for Sale/ Lease of Hotel Properties of the Company including Properties of Subsidiary Companies. In the cases where Hotel properties are located on State Govt Leased Land and the State is reluctant to extend the lease and allow it to be sub-leased to the private party, then the property may be offered to the State Govt at its officially valued price. According to this decision the process of disinvestment is carried on as under:

a. Hotel Janpath:

Ministry of Tourism (MoT) communicated vide their letter dtd. June 14, 2017 the in-principle approval of the government for transferring the property of Hotel Janpath to the Ministry of Urban Development (MoUD) and for compensating ITDC for loss of business opportunity with disputed liability to be sorted out.

The ministry had proposed that "a tentative valuation of the business of ITDC has been calculated on the basis of Discounted Cash Flow assuming cash flows for 30 years on the basis of average net profit for 5 years and discount factor of 11% p.a. and a rough estimation was made for ₹5,772.00 Lakh (net profit + depreciation). Value of land is not being considered."

Subsequently it was decided by the government to close the operations of Janpath Hotel, New Delhi and to handover the land & building of Janpath Hotel to L&DO, MoHUA (erstwhile MoUD). Accordingly, the Land & Building was technically handed over to L&DO, MoHUA on October 31, 2017.

The matter was also discussed inter alia in 26th & 27th Inter Ministerial Group (IMG) meetings as under:

In the 26th meeting of IMG dated December 4, 2017, it was deliberated that earlier the figure of ₹5,772.00 lakh was mentioned on the basis of calculation of NPV at a discounting factor of 11% on average profit before depreciation of last 5 years as per the audited annual accounts of 2011-12 to 2015-16 of Hotel Janpath for a period of 30 years without applying any growth rate. Therefore, IMG decided that compounded annual growth rate (CAGR) of last 10 years i.e. from 2006-07 to 2015-16 of profit before depreciation may be applied on above said average profit of last 5 years before depreciation. IMG directed that ITDC may get the valuation done on this basis and obtain approval through circulation for the same.

In minutes of the 27th meeting of IMG held on December 27, 2017 it was recorded that "The valuation of loss of business opportunity of Hotel Janpath was decided by the IMG in its meeting held on December 4, 2017. In this regard, DIPAM vide its letter dated December 21, 2017 has submitted that under the DCF methodology for calculation of NPV, Profit After Tax (PAT) is what is normally considered."

The Company requested the Ministry to convey the amount of compensation to be considered by ITDC in its Financial Statement. The working of the amount of compensation based on PBT as well as PAT was also communicated to MoT. The amount of compensation based on PAT was ₹14,981.00 lakh and on PBT was ₹19,303.00 lakh.

In response to the above letter, the Ministry conveyed that the amount of ₹5,772.00 lakh was only an estimated

figure and did not take into account the liabilities which are yet to be firmed up. Further, the amount incurred towards VRS of employees due to closure of Janpath Hotel is to be kept under recoverable to be adjusted from the value when the same is finalised. The estimated compensation amount due to ITDC on account of loss of business opportunity in respect of Hotel Janpath, New Delhi, may therefore not be taken into account while finalising accounts of ITDC.

The compensation for Loss of Business Opportunity was calculated on the basis of the IMG decision taken in its meeting dated December 4, 2017 and placed before the IMG in its meeting held on February 4, 2019.

“The IMG observed that the valuation based upon compounded annual growth rate (CAGR) of last 10 years i.e. from 2006-07 to 2015-16 of average profit (before depreciation) of last five years which comes to ₹19,303.00 lakh is also on higher side. It was suggested to also have the option of calculating the valuation based upon compounded annual growth rate (CAGR) of last 30 years’ profit before tax and if the financials of last 30 years are not available, information available for maximum period may be taken. Another option may be valuation based upon compounded annual growth rate (CAGR) of last 30 years’ profit before tax but excluding depreciation and if the financials of last 30 years are not available, information available for maximum period may be taken. It was also directed by IMG that all options may be considered by the Committee constituted for computing the Loss of Business Opportunity.”

Fresh calculations have been undertaken in accordance with the decision of the IMG dated February 4, 2019 on the basis of financial data for 29 years (From FY 2015-16 to FY 1987-88). As per the same, the valuation based upon Profit before Tax excluding Depreciation works out to ₹15,548.00 lakh approx. In case, valuation is undertaken on PBT basis, the compensation for Loss of Business Opportunity works out to ₹12,368.00 lakh approx.

Further, meeting of the Valuation Committee was held on February 12, 2020 and Committee desired the consultant to make presentation on the valuation of ₹20,693.00 lakh. Based on consultant’s presentation in next meeting, they were asked to give further valuation based on IMG decision dated February 4, 2019. Consultant submitted the valuation on March 2, 2020 which shall be put up to the Valuation Committee in the next meeting.

MoT constituted Valuation Committee to determine the amount of compensation which will be payable to ITDC and sorting of disputed liability. The first meeting of the reconstituted valuation committee was held on September 16, 2021. Valuation Committee, after deliberation, recommended to IMG the valuation of ₹15,340 lakh based on average (PBT+Depreciation) of F.Y. 2012 to 2016 and compounded annual growth rate (CAGR) of last 29 years’ profit before tax which comes to 9.51%.

Since, the approval of amount of compensation due on account of loss of business opportunity is still awaited from MoT therefore, the VRS amount of ₹658.57 lakh has been kept under recoverable and nothing towards compensation for loss of business opportunity has been considered in the Financial Statements for the Financial Year 2021-22.

c. Kosi Restaurant:

The operation of Kosi Restaurant, a unit managed by the Company had been closed on October 31, 2017. The Ministry of Tourism has been requested to take

possession of the Restaurant building. In response MoT vide letter dated November 11, 2019, requested ITDC for exploring possibilities for making it operational, by submitting a plan and to indicate feasibility and viability of the project. Meanwhile, notice was received from the office of Zileदार, Apar Khand Agra Naher, Mathura stating that Department of Irrigation, Mathura is the owner of the land on which ITDC was running Kosi Restaurant. In view of the aforesaid notice and non-availability of any lease documents either with ITDC or MoT pertaining to land, it was not prudent to proceed with the process of appointing the Consultant and getting the DPR prepared. Hence, MoT has been requested to initiate necessary action for surrendering back the land to State Govt.

Hon'ble Supreme Court directed parties to appear before the Supreme Court Mediation Centre for negotiation. Matter was with the Ld. Mediator, however on hearing date October 27, 2020, the private party did not agree to the mediation terms proposal put up by the ITDC. As a result, the Mediation stands concluded in the matter sans any settlement between the parties and matter would now come up for hearing before the Hon'ble Court.

The SLP had come up before the Hon'ble Supreme Court of India for Pronouncement of Judgement on October 4, 2021 and the SLP was disposed by upholding the Letter dated December 10, 2013 regarding termination of LOI dated January 19, 2010. With observation that the cause for termination of LOI occurred on October 15, 2010, the Hon'ble Court has directed UAHCL to refund the amounts deposited by PIPL on December 28, 2010 (₹200.00 lakh), on December 29, 2010 (₹141.00 lakh) and on January 7, 2011 (₹70.00 lakh), in all amounting to ₹411.00 lakh being clearly made after October 15, 2010 in any event cannot be retained by UAHCL as otherwise it will amount to unjust enrichment. The Hon'ble Court has directed for refund of the said amount of ₹411.00 lakh within four weeks from October 4, 2021.

PIPL has been given liberty to file a civil suit for recovery of ₹441.00 lakh paid to UAHCL on February 17, 2010 and all contentions of the parties in that regard are left open. It is observed by the Hon'ble Court that in the said proceedings it would be open for UAHCL to put forth the contention to set off the amount towards the loss suffered by UAHCL or to seek for counter claim if any further amount is due. With regard to the claim of interest, if any, by PIPL that aspect is also kept open to be adjudicated in the civil suit.

The Hon'ble Court has clarified that the pendency of the Civil Suit, that may be filed by PIPL, shall not be an impediment for UAHCL to deal with the property or to retender the same in any manner.

As per the direction of the Supreme Court, ₹411.00 lakh has been refunded to the Appellant PIPL.

UAHCL Board in its meeting held on January 6, 2022 approved that proposal of initiating disinvestment process of Hotel Nilachal Ashok, Puri be sent to IMG. IMG decided to offer to the State Govt. a buyout of 98% paid up capital of UAHCL (incl. Equity + Preference Shares) held by ITDC, if, State Govt.

agrees to pay the outstanding loan payable to ITDC and the consideration towards Equity at a valuation agreed upon.

In the process of disinvestment of various ITDC Subsidiary companies properties which is currently going on, the ITDC shareholding of three of the Subsidiary companies viz. Assam Ashok Hotel Corporation Ltd.; Madhya Pradesh Ashok Hotel Corporation Ltd. and Donyi Polo Ashok Hotel Corporation Limited had been already transferred to the their respective State Governments, and the sales proceeds as worked out by the Transaction Advisor on the basis of valuation of available business opportunity etc. which had been received by ITDC is more than the amount originally invested by ITDC in respective subsidiary companies. Moreover all outstanding trade receivables from these three Subsidiary Companies have also been fully cleared by them.

On the same analogy, the process of disinvestment / divestment of Utkal Ashok Hotel Corporation Limited is also being carried out and as ITDC's equity / preference shares investment are considered good for recovery, no provision is considered necessary.
