**Subject: Request for Leniency Regarding Unintentional Non-Compliances under Regulation 29(2) & 29(3) of SEBI (Listing Obligation and Disclosure Requirement) Regulations, 2015 (“Listing Regulations”)**

Dear Sir/Madam,

With reference to your email dated 31st December 2025, we respectfully submit the following for your kind consideration.

The company acknowledges that certain non-compliances have occurred unintentionally in relation to the intimation requirements under Regulation 29(2) and 29(3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. These lapses were not deliberate but arose due to exceptional circumstances that the company has been navigating.

The company has recently emerged from the Corporate Insolvency Resolution Process (CIRP). During this period and in subsequent months, the organization has continued to face cascading operational and financial pressures, including significant challenges in compiling and finalizing its books of accounts.

Further, several senior personnel exited the company during this transitional phase, often without adequate handover of responsibilities. As a result, the relevant declaration was inadvertently overlooked amidst these compounding challenges.

It is also respectfully submitted that the non-compliance occurred at a time when the company was already in the process of finalizing and submitting a detailed explanation for the delay. However, due to the pressures outlined above, the submission could not be completed and filed within the stipulated timelines.

In light of these circumstances, we humbly request your esteemed office to kindly consider our situation and grant leniency with respect to the non-compliances under Regulation 29(2) and 29(3).

Please be assured that the company remains fully committed to regulatory compliance and has already instituted appropriate measures to strengthen internal controls and reporting processes to prevent any recurrence.

We remain available to provide any further information or clarification that may be required.

Kindly be lenient with the company by waving of the penalties which will help the company to improve it's own health.

Thanking you,

**For, Innovative Tyres & Tubes Limited**
