Press Release

Inox Wind Bags Repeat Order from Malpani Group for 40 MW

- **Inox Wind to Supply and Install 20 units of its 113 m rotor diameter turbines**
- **Projects to be Commissioned in Gujarat by March 2017**
- **Multi-Year Operations & Maintenance Contracts**

Noida, 13th October 2016: Inox Wind Limited, one of the country's top wind energy solutions providers, has bagged repeat orders from M/s. D. J. Malpani for two wind power projects of 20 MW each in the state of Gujarat. Malpani Group is a diversified business house with presence in Renewable energy, FMCG products and Real estate. The two orders will be executed on turnkey basis and are scheduled to be commissioned by March 2017.

As part of the turnkey projects, Inox Wind will provide end to end solutions from development and construction to commissioning. Inox has also been contracted to undertake operations and maintenance services of the projects for a multi year period, post commissioning. The orders involve supply and installation of 20 units of Inox Wind's latest offering, the 113 meter rotor dia Wind Turbine Generator.

Inox Wind's 113 meter rotor dia WTG has been tested to have one of the highest Generation Performance per kilowatt of all WTG variants available in India. The 113 meter rotor dia WTG significantly increases Annual Energy Production and is especially suited for low wind segments in the country.

"We are pleased to partner with Malpani Group again in our joint commitment to provide a cleaner and greener environment. The order has further boosted Inox's strong order book with major corporate clients in India. Inox 113 is one of the most technologically advanced WTG variants in India and is a groundbreaking product that will revolutionize the power sector in the country." said **Mr. Kailash Tarachandani, Chief Executive Officer of Inox Wind Limited** in his statement.

Speaking on the occasion, **Mr. Prafulla Khinvasara, CEO Malpani Group**, said *"We at Malpani Group are committed towards Green Energy and this investment goes well with our philosophy to become a major player in the renewable space. Inox has been a reliable partner"*

ABOUT INOX WIND:

Inox Wind is India's leading wind energy solutions provider servicing IPPs, Utilities, PSUs, Corporates and Retail Investors. Inox Wind is a fully integrated player in the wind energy market with three state-of-the-art manufacturing plants in Gujarat, Himachal Pradesh and Madhya Pradesh. The plant near Ahmedabad (Gujarat) manufactures Blades & Tubular Towers while Hubs & Nacelles are manufactured at the company's facility at Una (Himachal Pradesh). The new integrated manufacturing facility at Barwani (Madhya Pradesh) manufactures blades and towers and will manufacture nacelles and hubs. The facility at M.P., which is amongst the largest in the world, has doubled Inox Wind's manufacturing capacity to 1,600 MW per annum.

IWL manufactures key components of WTGs in-house to maintain high quality, most advanced technology, reliability and cost competitiveness. IWL has obtained ISO 9001:2008, ISO 14001:2004, OHSAS 18001 and ISO 3834 certifications for its management systems pertaining to manufacturing, installation, commissioning and O&M of wind turbines.

IWL offers complete end to end solutions from concept to commissioning. Besides manufacturing and supply of WTGs, IWL offers services including wind resource assessment, site acquisition, infrastructure development, erection and commissioning, and long term O&M of wind power projects.
