Press Statement

National 6 December 2025: IndiGo is working determinedly to bring its operations back on track across the network. Our teams are focused on stabilising schedules, reducing delays, and supporting customers through this period. Today the number of cancellations has dropped below 850 flights, much lower compared to yesterday. We're continuing to work towards reducing this number progressively over the next few days.

We are addressing all customer refunds on priority. We are also working closely with all airports and partners to ensure timely updates are provided to customers at terminals, on our website, and via direct notifications. We strongly urge our customers to check the latest flight status at <https://www.goindigo.in/check-flight-status.html> before proceeding to the airport as we are diligently working to add more resilience to our processes. For refund assistance, please visit <https://www.goindigo.in/refund.html> or contact our customer support.

We would also take this moment to thank all IndiGo employees and ground staff for their tireless support and commitment to our customers. IndiGo sincerely apologizes for the inconvenience caused to our customers and remain focused on restoring normalcy across our operations at the earliest.
