InterGlobe Aviation Limited

Every moment, working to make things right.

We would like to take a moment to let you know that our teams have been putting thoughtful care into both refund processing and compensation disbursal, and we want to keep you closely informed as these efforts continue.

At this stage, our primary focus through December 2025 is ensuring that all refunds for affected customers are processed efficiently, expeditiously, and with the utmost urgency. Most of them have already been completed, and the remaining ones will reflect shortly.

We are currently in the process of identifying flights where customers were severely impacted and stranded at the airports (on 3/4/5 December 2025). We will be reaching out to all such customers in January so that compensation can be extended smoothly.

Our goal is to make this process as transparent, easy, and hassle-free as possible for you. We will be providing compensation which, in our current estimation, will be in excess of ₹500 crores to customers whose flights were cancelled within 24 hours of departure time and/or to customers severely stranded at certain airports.

Your patience and understanding mean a lot to us. Please know that we are here for you and will continue working diligently until everything is set right.
