National, 13 December 2025: Demonstrating continuous operational normalization and stability consecutively for the last five days, IndiGo is set to operate over 2,050 flights today, as per its revised schedule, scaled down in line with government directive. All our 138 operational destinations are connected, and our on-time performance has been consistently normal as per IndiGo standards.

In line with the operational update shared yesterday, we operated over 2,050 flights with only two cancellations, due to technical issues, with all affected customers reaccommodated in alternate flights immediately.

Date	Flights Operated	Same day cancellations
8 Dec	>1700	1
9 Dec	>1800	0
10 Dec	>1900	2
11 Dec	>1950	4
12 Dec	>2,050	2

We continue to uphold the integrity of our revised flight schedule and strongly urge our passengers not to be misled by any false information about mass cancellations across our network. We have also informed all our airport partners to publish the new flights schedules of the adjusted network on terminal screens to avoid any confusion. With over 3.25 lakh customers choosing to fly with us daily, we are grateful for the confidence they continue to place in us." – **IndiGo spokesperson**
