Commenting on the year ended audited results, Mr. Avinash Sethi, Co-founder & CFO, InfoBeans Technologies Ltd said:

"I am glad to share that InfoBeans achieved strong growth amidst highly competitive market. We continue to focus on increasing operational efficiencies and this is reflected in a significant increase in our profit margins."

During this period, we have added a dozen new clients in Germany, Middle East and the US; significantly increasing our footprint in these geographies. We continue to build capacity and infrastructure to support these client additions. Today we have an 800+ strong team whose contribution is invaluable in the growth of our Company.

In line with our strategy, efforts are focused on pushing our sales and marketing resources to expand into a larger and more diversified client base. We continue to invest in growing our business by adding new, niche and high margin accounts and build new capabilities while strengthening our existing client base.

We are also actively looking out for acquisition opportunities in the US market, but at the same time we are cautious in picking the right target."
