PRESS RELEASE

Infosys Positioned as a Leader and Star Performer in Everest Group's Adobe Services PEAK Matrix® Assessment 2025

Infosys Aster harnesses AI-led innovation to deliver transformative Adobe solutions that elevate brand experiences, enhance marketing efficiency and accelerate business outcomes

Bengaluru, India – March 10, 2026: [Infosys](#) (NSE, BSE, NYSE: INFY), a global leader in next-generation digital services and consulting, today announced that it has been recognized as a Leader and Star Performer in the Everest Group Adobe Services PEAK Matrix® Assessment 2025. This recognition underscores Infosys' remarkable growth, delivery excellence, and client impact within the global Adobe services ecosystem. In this assessment, Everest Group evaluated 33 service providers across their Adobe services end-to-end adoption journey. Infosys demonstrated robust market adoption, with visible growth in Adobe services revenue and expanded client traction across North America and Europe.

As a Leader and Star Performer, Infosys has been recognized for its ability to deliver large-scale, complex, and end-to-end Adobe programs, supported by advisory depth, global delivery networks, certified talent pools, and broad product specializations. [Infosys and Adobe recently collaborated to drive AI-first marketing transformation](#). Together, they bring capabilities from [Infosys Aster](#), a set of AI-amplified marketing services, solutions and platforms, and Adobe solutions to unify customer experience at scale, personalize content for business growth, and streamline workflows for efficiency.

Joydeep Mukherjee, Executive Vice President, Global Services, Infosys, said, "The world of marketing is undergoing a profound transformation. We are at an inflection point, where AI is revolutionizing how brands connect with their audiences, personalize experiences, and drive growth. In this new AI era, it's more important than ever for CMOs and CIOs to collaborate closely – blending creativity with technology to unlock growth. Infosys Aster, along with Adobe solutions, empowers organizations to reimagine marketing and IT as a single growth engine that accelerates business outcomes and strengthens competitive advantage."

Nitish Mittal, Partner, Everest Group, said, "The Adobe services market is rapidly expanding as enterprises embrace AI-driven personalization and consulting-led transformation to unify marketing, technology, and design for measurable business outcomes. This year's assessment highlights the industry's commitment to innovation and strategic partnership in shaping next-generation digital experiences at scale. Within this landscape, Infosys stands out for its advancement to Leader and Star

Performer. With the AI-amplified marketing suite, Infosys Aster, it is exemplifying excellence in capability, innovation, and client impact.”

Safe Harbor

Certain statements in this release concerning our future growth prospects, or our future financial or operating performance, are forward-looking statements intended to qualify for the 'safe harbor' under the Private Securities Litigation Reform Act of 1995, which involve a number of risks and uncertainties that could cause actual results or outcomes to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding the execution of our business strategy, increased competition for talent, our ability to attract and retain personnel, increase in wages, investments to reskill our employees, our ability to effectively implement a hybrid work model, economic uncertainties and geo-political situations, technological disruptions and innovations such as artificial intelligence (“AI”), generative AI, the complex and evolving regulatory landscape including immigration regulation changes, our ESG vision, our capital allocation policy and expectations concerning our market position, future operations, margins, profitability, liquidity, capital resources, our corporate actions including acquisitions, and cybersecurity matters. Important factors that may cause actual results or outcomes to differ from those implied by the forward-looking statements are discussed in more detail in our US Securities and Exchange Commission filings including our Annual Report on Form 20-F for the fiscal year ended March 31, 2025. These filings are available at www.sec.gov. Infosys may, from time to time, make additional written and oral forward-looking statements, including statements contained in the Company's filings with the Securities and Exchange Commission and our reports to shareholders. The Company does not undertake to update any forward-looking statements that may be made from time to time by or on behalf of the Company unless it is required by law.
