Infosys Positioned as a Leader in the 2025 Gartner® Magic Quadrant™ for Public Cloud IT Transformation Services for the Third Consecutive Year

Recognition highlights Infosys' excellence in driving cloud and AI innovation with Infosys Cobalt

Bengaluru, India – November 11, 2025: [Infosys](#) (NSE, BSE, NYSE: INFY), a global leader in next-generation digital services and consulting, today announced that it has been positioned as a Leader in the 2025 Gartner® Magic Quadrant™ for Public Cloud IT Transformation Services (PCITS), for the third year in a row.

This recognition reflects Infosys' consistent excellence in delivering transformational outcomes through cloud-native professional and managed services. It is also a testament of Infosys' ability to execute and completeness of vision, underscoring its strategic investments in cloud innovation and enterprise automation. [Infosys Cobalt](#) continues to accelerate enterprise cloud journeys with a strong focus on zero-touch operations, automated healing, and AIOps-driven resiliency.

Anant Adya, EVP and Service Offering Head, Infosys, said, "Being recognized as a Leader in the 2025 Gartner Magic Quadrant for Public Cloud IT Transformation Services for the third consecutive year strongly reaffirms the trust our clients place in Infosys. With Infosys Cobalt, we are not just guiding our clients through cloud, data, and Enterprise AI transformation—we are co-innovating with them to build the digital businesses of the future."

Safe Harbor

Certain statements in this release concerning our future growth prospects, or our future financial or operating performance, are forward-looking statements intended to qualify for the 'safe harbor' under the Private Securities Litigation Reform Act of 1995, which involve a number of risks and uncertainties that could cause actual results or outcomes to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding the execution of our business strategy, increased competition for talent, our ability to attract and retain personnel, increase in wages, investments to reskill our employees, our ability to effectively implement a hybrid work model, economic uncertainties and geo-political situations, technological disruptions and innovations such as artificial intelligence ("AI"), generative AI, the complex and evolving regulatory landscape including immigration regulation changes, our ESG vision, our capital allocation policy and expectations concerning our market position, future operations, margins, profitability, liquidity, capital resources, our corporate actions including acquisitions, and cybersecurity matters. Important factors that may cause actual results or outcomes to differ from those implied by the forward-looking statements are discussed in more detail in our US Securities and Exchange Commission filings including our Annual Report on Form 20-F for the fiscal year ended March 31, 2025. These filings are available at www.sec.gov. Infosys may, from time to time, make additional written and oral forward-looking statements, including statements contained in the Company's filings with the Securities and Exchange Commission and our reports to shareholders. The Company does not undertake to update any forward-looking statements that may be made from time to time by or on behalf of the Company unless it is required by law.
