Infosys Accelerates Digital Transformation for Enterprises with Oracle Cloud

Recognized with prestigious Oracle Excellence awards for Partner of the Year at Oracle OpenWorld for the fourth consecutive year

San Francisco, CA – October 18, 2019: Infosys (NYSE: INFY), a global leader in next-generation digital services and consulting today announced strong momentum in helping enterprises accelerate their digital transformation using Oracle Cloud technologies. Customers including Cummins and Vertiv have seen positive, tangible outcomes through their digital programs. Infosys is helping these customers and other organizations transform into "Live Enterprises" providing them an ability to sense and respond to business needs in real-time.

Infosys is a Platinum Cloud Elite level member of Oracle PartnerNetwork (OPN) and the Infosys Oracle collaboration spans across a wide variety of technologies including but not limited to ERP, IaaS, PaaS, SaaS, SCM, HCM, CX, Autonomous Database, Oracle Cloud, Oracle Cloud Infrastructure and emerging technologies such as blockchain and machine learning. Infosys is combining these next-gen technologies with industry solutions and best-in-class user experiences to help companies grow and reinvent their businesses.

Jerry Ames, IT Functional Excellence and Quality Leader, Cummins Inc. said, "Cummins has embarked on a digital transformation journey. Infosys is our trusted partner and working closely with us to identify and implement business cases for Oracle Cloud. We are seeing a positive impact on the performance and productivity of our organization."

Mohamed Ayadi, Sr. Director, Enterprise Architect – Digital Solutions Group, Vertiv, said, "One of the key challenges for our digital transformation journey was to identify and implement an industry-best middleware platform. The Infosys team helped us choose and integrate a strategic middleware platform using Oracle Integration Cloud, under the guidance of Vertiv Enterprise Architecture and with direct partnership with the Oracle Integration Product Management team, we were able to define a common integration roadmap across multiple parallel program streams, cut through multiple technical products and consolidate our IT stack."

Dominique Raviart, IT Services Research Manager at NelsonHall said, "Infosys has invested in its Oracle services capabilities on an on-going basis for many years. In recent years, the company has accelerated its investments around Oracle Cloud and next-gen technologies such

as blockchain and IoT. These investments will help clients adopt Oracle's solutions faster and become Live Enterprises."

Infosys has won excellence awards at Oracle OpenWorld for the last several years, reflecting the company's deep relationship with Oracle and the value and expertise it delivers for its clients undergoing digital transformation. This year's awards include:

- 2019 Oracle Excellence Award – Global Partner of the Year: CX – Sales Cloud
- 2019 Oracle Excellence Award – NA partner of the Year- Emerging Technologies
- 2019 Oracle Excellence Award – NA partner of the Year: CX - Sales Cloud

"Infosys has demonstrated an outstanding level of innovation in delivering proven, Oracle-based solutions that solve our joint customers' most critical business challenges," said **Camillo Speroni, Vice President, Global Alliances and Strategic Services, Oracle**. "We congratulate Infosys in achieving the 2019 Oracle Excellence Award for Global Partner of the Year in CX Cloud This achievement is a testament to their dedication to excellence and to providing customers solutions that drive real business value and results."

"To adapt to changing markets, business needs and customer preferences, companies must evolve to become Live Enterprises so that they can sense opportunities and respond in real-time" said **Dinesh Rao, Executive Vice President, Enterprise Applications Services, Infosys,** "As an Oracle Platinum Cloud Elite member, we are bringing together next generation technologies, industry solutions and unique commercial models helping clients accelerate their digital transformation journeys."

About Oracle PartnerNetwork

Oracle PartnerNetwork (OPN) is Oracle's partner program that provides partners with a differentiated advantage to develop, sell and implement Oracle solutions. OPN offers resources to train and support specialized knowledge of Oracle's products and solutions and has evolved to recognize Oracle's growing product portfolio, partner base and business opportunity. Key to the latest enhancements to OPN is the ability for partners to be recognized and rewarded for their investment in Oracle Cloud. Partners engaging with Oracle will be able to differentiate their Oracle Cloud expertise and success with customers through the OPN Cloud program – an innovative

program that complements existing OPN program levels with tiers of recognition and progressive benefits for partners working with Oracle Cloud. To find out more visit: http://www.oracle.com/partners.

Safe Harbor

Certain statements mentioned in this release concerning our future growth prospects are forward-looking statements regarding our future business expectations intended to qualify for the 'safe harbor' under the Private Securities Litigation Reform Act of 1995, which involve a number of risks and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in earnings, fluctuations in foreign exchange rates, our ability to manage growth, intense competition in IT services including those factors which may affect our cost advantage, wage increases in India, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, industry segment concentration, our ability to manage our international operations, reduced demand for technology in our key focus

areas, disruptions in telecommunication networks or system failures, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which Infosys has made strategic investments, withdrawal or expiration of governmental fiscal incentives, political instability and regional conflicts, legal restrictions on raising capital or acquiring companies outside India, and unauthorized use of our intellectual property and general economic conditions affecting our industry. Additional risks that could affect our future operating results are more fully described in our United States Securities and Exchange Commission filings including our Annual Report on Form 20-F for the fiscal year ended March 31, 2019. These filings are available at www.sec.gov. Infosys may, from time to time, make additional written and oral forward-looking statements, including statements contained in the Company's filings with the Securities and Exchange Commission and our reports to shareholders. The Company does not undertake to update any forward-looking statements that may be made from time to time by or on behalf of the Company unless it is required by law.
