Dear Sir/ Madam,

**Re : Intimation – Torrent Power and its subsidiary win gas allocation.**

SUGEN Mega CCPP (capacity 1147.5 MW), UNOSUGEN CCPP (capacity 382.5 MW) of Torrent Power Ltd. (TPL) and DGEN Mega CCPP of TPL's wholly owned subsidiary Torrent Energy Ltd. (TEL) (capacity 1200 MW) have been awarded Letter of award for allocation of gas covering a period of 6 months from 1st October, 2015 to 31st March, 2016. These plants emerged as successful bidders through highly competitive and transparent online reverse auction process organised by Ministry of Power (MOP). SUGEN project was categorised as plant receiving some domestic gas and operating at lower PLF. UNOSUGEN and DGEN projects were categorised as stranded projects.

The award will enable SUGEN project to run on an average atleast approx 35% PLF from the base level of approx. 25.60% PLF, while it will also enable UNOSUGEN and DGEN projects to run on an average atleast approx 25.5% PLF.

Based on the award, UNOSUGEN and DGEN projects would be entitled to subsidy support of Rs. 1.44 per kWh and SUGEN project would be entitled to subsidy support of Rs. 1.94 per kWh. The maximum price of electricity that may be charged by DGEN and UNOSUGEN projects is Rs. 4.70 per kWh and by SUGEN is Rs. 3.39 per kWh.

The allocation of gas is as per the program for gas auction finalised by MOP for gas supply to stranded plants and plants receiving some domestic gas for FY 2015-16 and FY 2016-17, of which the current auction covers a period of 6 months from 1st October, 2015.

This is for your information

Thanking you,
Yours faithfully,
