Industry & Business Overview

India - World's largest sourcing destination for the IT industry, accounting for ~67% of global outsourcing

Notable Trends in Indian IT Industry

- **Increase in number of start-ups**, adding to around 2% of GDP
- Large players with a **wide range of capabilities** offering infrastructure, system integration and consulting services
- **Global outsourcing** used to drive fundamental re-engineering of end-to-end processes
- **Supported by** cheap labour, affordable real estate, favourable government regulations, tax breaks, SEZ schemes
- **Social, Mobility, Analytics and Cloud (SMAC)** leading to digitisation of the entire business model

Expansion and Future Growth as Opportunity

- **Traditional verticals** - BFSI, telecommunication and manufacturing remain largest in terms of IT adoption; expected to grow at an average of 15%
- **Government sectors** - huge potential for IT enabled services
- Increasing **digitalisation** - leads to growth in revenues for IT sector incoming years
- **Social media** - second most lucrative segment for IT firms; offering a USD250 billion market opportunity by 2020
- **Emerging geographies** - drive the next growth phase for IT firms in India with BRIC; USD380–420 billion opportunity by 2020
- **Cloud** - largest opportunity under SMAC; increasing at a CAGR of ~30% to around USD650–700 billion by 2020

Automation Engineering - Gain agility, accuracy and speed with automation

Expertise in providing
automated testing services to
our global clients

Adapt automation processes to
the project requirement by
creating scalable and reusable
frameworks

Test automation - efficiency and
effectiveness, extending to end-
to-end automation for testing
complex systems

Digital Transformation - Increased workflow efficiency for your service domains

Highly customizable enterprise
cloud solution to automate
operations such as IT helpdesk,
asset management, enterprise
service management, virtual
support workflow

Covers all aspects of a
customer's service lifecycle to
provide proactive, customer-
centric services

Enterprise Mobility- Creating WOW and user- friendly interfaces

Design is about ease of human-
computer interaction and
customer retention for a longer
period of time

Mobile first is the Mantra for
today's business applications

Creating on demand mobile
platforms

Customised Software - Tailor-made software that WOWs you

Absolute focus on creating
incomparable and exceptional
custom-built applications by
rendering full software
development services

Create applications, build
solutions that are specific to the
clients requirement

Storage & Virtualization - identify, provide and manage distributed storage systems

- Storage virtualization adds a new layer of software / hardware between storage systems & servers
- Help clients automate the expansion of storage capacity which reduces manual intervention
- Provide host-based, storage-based device, and network-based storage virtualization services

SDO (Standard Development Organisation) - specialize in multi-format, multimodal content delivery to diverse platforms and devices

- Media and publishing hurdles - frequent content changes, stringent deadlines and workflow bottlenecks through state-of-the-art content management systems
- Analyze market trends & emerging technologies to help clients stay ahead of competition
- Format conversion services for design-rich content

eCommerce - adept at delivering outstanding, robust and scalable eCommerce platforms for mobile and web

- Help clients focus on their core business
- Manage unlimited products and categories
- Include flexible payment gateway and shipping options

Strong Presence in USA, Germany & Middle East markets

**Overseas InfoBeans companies are 100% subsidiary of InfoBeans Technologies Limited operating as representative offices*

Crystal IT Park (SEZ) and Rafael Tower, Indore

- 50,000 square feet space
- Capacity to seat 600
- Open workspaces encouraging team work
- Terrace garden with theatre sitting
- Monk rooms for that extra bit of concentration
- Recreation zones with ping pong and pool tables
- Game rooms equipped with XBOX

Giga Space IT Park, Pune

- 25,000+ square feet space
- Capacity to seat 240
- State of art development machines and servers
- Location advantage for access to talent
- Reasonably low cost structure
- Enables quick ramp up time
- Good connectivity to Mumbai

World class infrastructure to take care of world class team

Trusted by Global Blue Chip Clients

Way Ahead

Existing Client Mining

- Penetrating existing accounts – expanding into more SBUs and geographies
- Cross-selling and Up-selling
- Partnering clients as they move towards advanced technologies

Client Targeting

- Industry verticals – Storage & Virtualization, ecommerce, Publishing & Media, SaaS products
- Partnering clients as they move towards advanced technologies
- Targeted go-to-market strategy by client type

New Client Acquisition

- Formalized Sales Operations [Offshore Lead Generation, Onsite Field Sales, Offshore Sales Support]
- Two new geographies – Europe and Middle East
- Entry via highly skilled professionals for Onsite Consulting
- Existing Client Referrals

Dedicated US Sales Team

- US Sales team to be formed by competencies - Custom Development, Automation Engineering, Digital Transformation, Enterprise Mobility
- A team of account manager and sales engineer to be formed per competency
- In future, each team to be expanded per territory (East, West and Central)

Inorganic growth

- Actively pursuing possibilities to increase footprint in US and secure skills in emerging areas like UX, Automation etc. through acquisitions
- Add niche skill that takes longer to build
- Adds to revenue in short term & long term by cross-selling & up selling and adding to offshore capabilities
- Acquire IP
