Oman deal in final stages

DUBAI: Iran said on Sunday a deal with Oman defining new shipping lanes in the Strait of Hormuz was in its final stages but reiterated that the waterway would only reopen once the US met other conditions, Reuters reported.

Iranian Foreign Minister Abbas Araghchi said on Sunday a strait agreement that lies between the two countries was in the "final stages" but reiterated comments made on Saturday it would not reopen it unless other conditions were met.

NO TALKS WITH US RIGHT NOW: MINISTER

Araghchi said there are currently no ongoing negotiations with the US.

"We currently have no negotiations with the US. Intermediaries are still making efforts to find ways to resume negotiations. From our perspective, there can be no resumption of talks until the US ends its violations of the MoU and makes amends for the breaches it has committed," Aragchi said.

> **Until the violations of the MoU by the US are ended and Washington does not make amends for what it has violated, there is no possibility of resuming negotiations.**
> ABBAS ARAGHCHI

Experts were working on new routes which would replace the old ones, he said.

"It does not mean the opening of the strait. The agreement may be reached, but the reopening is subject to conditions," he emphasised.

PREZ MEETS MOJTABA

President Masoud Pezeshkian on Saturday met Supreme Leader Mojtaba Khamenei and discussed issues and problems, particularly meeting people's livelihood needs. They discussed the current war situation and the future ahead, along with resources, expenditure, energy and interaction with foreign countries.

WILL PURSUE PEACE, SAYS PEZESHKIAN

Pezeshkian said Iran would keep pursuing the path of peace, provided Washington helps build an atmosphere of trust. "Now is the best time to reach an agreement, as there is solidarity, power and unity in the country. We are determined to use the MoU as the basis provided the US lets go of the atmosphere of distrust it has created, and an atmosphere of trust is formed."

IRAN HAS NO TOLL PLANS TOLL: JD

Vice President JD Vance has claimed Iran has told the US it has "no plans to toll the strait". However, he clarified the US would wait and watch instead of believing Tehran's words.

"Our expectation is you're going to see the same amount of oil and gas come out of the Gulf you saw before the war. That is what the Iranians have told us they are going to do. That's what the entire Gulf coalition wants to do. But, we don't trust Iran, we will verify. We don't look at people's words, but their deeds," Vance told Fox News.

About safe strait traffic, Vance shared one problem the Gulf faces: mines laid by Iran, and the demining. "The ships should pass safely. That includes demining." **—Agencies**

Bibi: Israel rejects Trump's 15-point Gaza peace plan

IDF won't withdraw until Hamas is disarmed, says PM

Jerusalem: Israel would not accept 15-point plan for Gaza set out by US President Donald Trump's Board of Peace, PM Benjamin Netanyahu said on Sunday.

"I want to clarify this: Israel rejects the 15-point document. I have heard people saying, 'You didn't say that.' So here I am saying it again," he told a cabinet meeting, referring to the peace plan set out by Trump last year. "The IDF will not carry out any withdrawal until Hamas is disarmed," he added. Netanyahu said Israeli forces were not going anywhere until Hamas completely disarmed first.

The leader is currently facing a domestic political battle for survival ahead of elections set for October, with the status of the Gaza and Iran conflicts likely to prove pivotal.

On Saturday, Hamas said it was ready to proceed with the US-backed plan and urged pressure on Israel. Hamas informed Trump's Board of Peace it stood by the latest stage of the plan, under which the operatives would hand over weapons to a nascent Palestinian governing committee in the territory.

> **When I say Hamas must be disarmed, I mean heavy weapons, lighter weapons, all weapons. We are talking about genuine disarmament, not a fictitious one. as long as I am prime minister, there will be no Palestinian state.**
> BENJAMIN NETANYAHU

"Hamas and other factions have confirmed to mediators readiness to begin implementing the deal and move to the second phase, provided it gets Israeli approval and Israel begins implementing the agreement," a Hamas official said. **—Agencies**

Houthis hit Saudi oil facility, Yemeni port

Sanaa: Yemen's Houthis attacked the key Red Sea port of Mokha, killing seven people and injuring 15, and said they also targeted an oil facility in Saudi Arabia on Sunday.

The National Resistance Forces, allied with Yemen's internationally recognised government, said four troops and three civilians were killed and 15 civilians injured in the Mokha attack. Fayed al-Noman, assistant undersecretary in the information ministry, said the rebels fired missiles and drones at the port, badly damaging buildings, the pier, commercial goods and food supplies.

Mokha is a major port controlled by Yemen's internationally recognised government and handles shipping that avoids Houthi-held ports in Hodeida. The Houthis claimed responsibility, saying they fired "a large number of ballistic missiles and drones" at military targets and warehouses.

> **7 killed, 15 injured in attack on key Red Sea port; Saudi's Aramco refinery targeted**

Houthi military spokesperson Yahya Saree said the group targeted an Aramco refinery in Jazan with a drone in response to Saudi drones breaching Yemeni airspace over Hajjah and Saada.

Earlier on Sunday, Saudi Arabia reported a fire at an Aramco refinery but no casualties. The fire was extinguished, but authorities did not specify the cause. **—AP**

Pentagon pushes defence firms to boost weapons production

Washington: The Pentagon is pressing the US defence industry to accelerate production of weapons to help replenish its diminished stockpile of munitions, including those depleted in the Iran war.

Pentagon spokesman Sean Parnell said the department was actively focused on boosting munitions acquisitions to provide "the weapons our warfighters need at the pace the threat demands."

He confirmed efforts in the last week to speed up the process but insisted it was part of a broader modernisation effort that predated the five-month-old conflict. Deputy Defence Secretary Steve Feinberg wrote to industry leaders on Wednesday, giving them no more than 21 days to submit plans to "drive significantly faster, more aggressive delivery schedules and/or increased production for critical capabilities," according to a memo obtained by The Washington Post.

> **Years-long development cycles are not acceptable. We must dramatically accelerate our programme schedules and expand our production capacity now.**

Shrunken inventories of Patriot and THAAD interceptors may force the US and its West Asian allies to take more risks to conserve those air defences, according to the analysis from the Centre for Strategic and International Studies, a Washington think tank.

The number of Patriot interceptors fell from 2,330 before the war to 1,030 when the April ceasefire took effect, CSIS estimated last month.

Following recent fighting, the stockpile is now estimated to be between 759 and 827, a decrease of at least 65% since before the conflict began. The number of THAAD interceptors fell from 452 before the war to between 232 and 262 at the start of the April ceasefire.

The US was able to replenish some of the inventory to between 234 and 278 interceptors. But the stockpile is still at least 38% smaller than it was before the conflict. **—AP**

Pak, Turkiye: Mecca pact not against any country

Lahore: Pakistan Deputy PM Ishaq Dar said on Sunday the Mecca defence pact signed between Pakistan, Saudi Arabia and Turkiye is "purely defensive" in nature and it is not "targeted against any country". Dar also said the accord remains "open to any country in the region willing to uphold its fundamental principles".

On X, Dar, also the foreign minister, provided additional context about the defence agreement. He said the pact reflects the "depth of the brotherly relations between the leadership and peoples of the three countries".

Dar called it the culmination of years of discussions and coordination, with "a common desire to strengthen strategic cooperation in addressing multifarious peace and security challenges and advancing regional peace, stability and prosperity."

He added the pact does not abrogate or replace any existing bilateral or multilateral agreements between the three countries, or with other countries or organisations.

"We remain committed to advancing the cause of peaceful resolution of all conflicts and building a more secure, stable and prosperous future for our peoples," Dar said.

Turkish Foreign Minister Hakan Fidan said the new alliance was not directed against Iran or any other country, but rather served as a general pledge to support security. The allies would decide through consultations what degree, form, and format of support they would ask for in the event of an attack, he added. **—AP**

British Columbia fire emergency: 220K flee

Ottawa: Canada's British Columbia (BC) declared a state of emergency on Saturday as fast-spreading wildfires threatened communities and forced large-scale evacuations. British Columbia Premier David Eby said the emergency would give authorities additional tools to protect the public as conditions changed rapidly.

"The conditions of this fire are extremely dangerous and are changing minute by minute," Eby said, adding that saving lives and supporting rescue efforts remained the government's priority. Air evacuations were on for people cut off by the flames. A wildfire near Summerland forced 2,20,000 residents to flee and destroyed properties. Over 100 wildfires were active in Ontario, prompting evacuations and hitting train services.

> **Thousands of people in Summerland are being evacuated due to intense wildfires. To the brave firefighters working tirelessly to keep people safe: thank you. Federal govt stands ready to help and support the Govt of British Columbia in these efforts. I'm keeping everyone forced from their homes in my thoughts and hoping they can return safely soon.**

Biden's cancer spreading: Son

Former US president Joe Biden's prostate cancer has spread to other parts of his body and is causing him pain, his son Hunter Biden has said. In a BBC interview, Hunter grew emotional while discussing his father's condition. "The cancer has spread, metastasised into his bones and further," he said. "It's very painful and it's very debilitating in many respects."

Hunter said the diagnosis had been tough on the family. "It's really sad to watch," Hunter said, adding that he wished his father "would complain more". He said the former POTUS remained active and continued to speak publicly about issues.
