The Company has been taking several measures to address the operational challenges including availing of benefits under the various government support schemes announced in the respective countries.
The Company has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of investments, loans and other financial assets. The Company has performed analysis on the assumptions used and based on current estimates expects the carrying amount of these assets will be recovered. However, given the effect of these lockdowns on the overall economic activities globally and in particular the countries where the Company has invested and in particular on the global automotive industry, the impact assessment of COVID-19 on the above mentioned standalone financial results captions is subject to significant estimation uncertainties given its nature and duration and, accordingly, the actual impacts in future may be different from those estimated as at the date of approval of these standalone financial results.
