f. The Company may not be able to renew or maintain its statutory and regulatory permits and approvals required to operate our business.

g. Increasing competition from other competitors in the food processing industry: The successful implementation of Company's growth plans depends on its ability to face the competition. The main competitors of the Company are manufacturer of biscuits and cookies. Many of its competitors are growing with significantly greater financial, technical, marketing and other resources. Many of them also started offering a wider range of products as the Company does and are leading towards the greater brand recognition and a larger consumer base. As the Company ventures into offering newer products, it is likely to face additional competition from those who may be better capitalised, have longer operating history and better management. If the Company is unable to manage its business and compete effectively with current or future competitors it might impede its competitive position and profitability.

h. The rating for the Debentures is CRISIL AAA/Stable assigned by CRISIL Limited. The Company cannot guarantee that the credit rating of the Debentures will not be downgraded. In the event of deterioration in the financial health of the Company, there is a possibility that the Credit Rating Agency may downgrade the rating of the Debentures. In such cases, Investors may have to take losses on revaluation of their investment or make provisions towards sub-standard / non-performing investment as per their usual norms. Such a downgrade in the credit rating may lower the value of the Debentures and/or the Company's ability to meet its obligations in respect of the Debentures could be affected.
