Dear Sir/ Madam,

**Subject: Intimation under Regulation 30 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“SEBI Listing Regulations”) – Press Release**

In terms of the SEBI Listing Regulations, please find enclosed herewith, a copy of press release to be issued by the Company on the following subject:

**“Jindal Steel Commissions New 3 MTPA Basic Oxygen Furnace at Angul, Expands Steelmaking Capacity to 9 MTPA”**

Thanking you.

Yours faithfully,  
For **Jindal Steel Limited**  
(Formerly known as Jindal Steel & Power Limited)

**Damodar Mittal**  
Wholetime Director

Encl.: as above

**Jindal Steel Limited** (Formerly Known as Jindal Steel & Power Limited)

## **Press Release**

# **Jindal Steel Commissions New 3 MTPA Basic Oxygen Furnace at Angul, Expands Steelmaking Capacity to 9 MTPA**

### **Key Highlights**

- Jindal Steel has commissioned a 3 MTPA New Basic Oxygen Furnace (BOF) at Angul, raising crude steelmaking capacity from 6 MTPA to 9 MTPA.
- Together with Blast Furnace 2, the expansion synchronises hot metal and steelmaking capacities, ensuring higher throughput into downstream products.

**Angul, Odisha – 30 September 2025:** Jindal Steel has successfully commissioned its 250 MT Basic Oxygen Furnace (BOF) Converter at the Angul integrated steel plant, adding 3 MTPA of crude steelmaking capacity. With the first heat now tapped, the company's total capacity at Angul has risen from 6 MTPA to 9 MTPA—bringing Angul closer to its goal of achieving 12 MTPA within the current financial year.

The synchronised commissioning of Blast Furnace 2 and BOF Converter marks a significant milestone for India's steel self-reliance. This integrated flow into downstream mills ensures steady supplies of Indian-made steel for infrastructure, energy, Automotives, Oil & Gas and Real Estate sectors.

"The new BOF is now running, and the first heat has been tapped. With this, Angul gains real muscle in steelmaking. Every tonne we produce here strengthens India's ability to rely on its own capacity," said **Mr Naveen Jindal, Chairman, Jindal Steel.**

### **About Jindal Steel**

Jindal Steel is one of India's foremost integrated steel producers, renowned for its scale, efficiency, and commitment to excellence. Operating on a robust mine-to-metal model, the Company leverages captive resources, advanced manufacturing capabilities, and a global distribution network to deliver high-performance steel solutions. With an investment footprint exceeding USD 12 billion, Jindal Steel runs state-of-the-art facilities in Angul, Raigarh, and Patratu, and maintains strategic operations across India and Africa. Its diversified and future-ready product portfolio underpins core sectors such as infrastructure, construction, and manufacturing, powering progress through strength and sustainability.
