New CSMT-Kurla rail lines: PAC flags poor execution

DHRUVAKSH SAHA
New Delhi, 17 April

Parliament's Public Accounts Committee (PAC) has flagged inadequate planning and execution by Indian Railways for the much-delayed fifth and sixth lines between Mumbai's Chhatrapati Shivaji Maharaj Terminus (CSMT) and Kurla.

The project was first announced in 2008. Its first phase will be completed by December this year, while the second phase has seen no physical progress, the national transporter informed the PAC.

"The committee notes that the project has disbursed 56.22 per cent (₹500.93 crore) of its ₹890.89 crore sanctioned estimate by January 2024, while achieving 26 per cent physical progress (now 29 per cent in Phase-I). This indicates a misalignment between financial expenditure and project milestones, with major outlays on land acquisition (₹168.46 crore, not reflected in physical progress), civil works (₹206.33 crore), electrical (₹14.49 crore), signalling and telecommunication (₹39.46 crore), stores (₹17.94 crore), design and general charges (₹52.14 crore), and contingencies (₹1.86 crore)," said the panel chaired by Congress member of parliament KC Venugopal.

This raises questions about the efficiency of financial management, particularly given audit findings on idle resources and contract extensions, the panel added.

The Public Accounts Committee has recommended setting up of a dedicated land acquisition and resettlement cell

The panel said contracts were awarded without approved designs, drawings, and clear sites, in violation of Railway Board's 2009 codal instructions, resulting in idle resources worth ₹7.06 crore.

Several practices during the period of the project's works, including the awarding of civil works contracts for foot overbridges (FOBs), platforms, and other infrastructure in anticipation of land availability that did not materialise due to encroachments and PAP resettlement delays, have led to financial losses and eroded public trust in management of the project by the government, the panel said. To add to that, no specific accountability had been fixed, despite the project's initiation in 2009 and extensions, pushing the completion beyond the original target of March 2021, it said.

The committee also said

that the acquisition of the required 10,139.6 sqm of land for Phase-I (Kurla to Parel), comprising 6,500.26 sqm of private land and 3,639.34 sqm of government land, has been significantly delayed, with only 2,656 sqm acquired and possession received as of January 2024.

The delay, the report found, is primarily on account of the slow progress in land acquisition processes initiated in January 2018, complex legal disputes such as those involving the Swadeshi Mill land, and the protracted rehabilitation and resettlement of 714 Project Affected Persons (PAPs) in the Dharavi and Dadar areas, where physical possession of 3,092.59 sqm remains pending despite full payment to the state government in 2022.

It recommended that the railways ministry establish a dedicated land acquisition and resettlement cell.

Panel finds lapses in edu scheme

A parliamentary panel on Friday flagged significant financial and procedural lapses in the implementation of the Centre's National Means-cum-Merit Scholarship Scheme (NMMSS), noting that large sums of public funds were parked outside government accounts in violation of rules.

In its latest report tabled in Parliament, the Public Accounts Committee (PAC) said the Ministry of Education failed to adhere to General Financial Rules and did not fully utilise the Public Financial Management System for direct benefit transfers. This resulted in funds being routed through a State Bank of India (SBI) account rather than being transferred directly to beneficiaries.

Audit findings cited by the panel showed that undischarged balances lying with State Bank of India ranged between ₹12.96 crore and ₹429.65 crore during FY27 to FY23. AUHONA MUKHERJEE

Centre relaxes 2026-27 wheat procurement norms for Punjab

The Centre on Friday relaxed the quality standards for wheat procurement from Punjab for the 2026-27 marketing season, a decision that is set to boost purchases for the central pool.

According to an official order, the decision follows requests from the Punjab government and FCI-Punjab. The Centre has decided to relax the 'uniform' specifications since the crop was affected by unseasonal rains in Punjab and Chandigarh.

Under the new norms, the Food Corporation of India (FCI) will accept wheat with up to 70 per cent luster loss and 15 per cent shriveled grains, compared to the earlier limit of 6 per cent shriveled grains. The FCI will accept wheat with damaged and slightly damaged grains not exceeding 6 per cent of the total value. The Centre said wheat procurement under relaxed specification had to be stocked and accounted separately.

HC orders FIR against Rahul Gandhi in alleged dual-citizenship case

The Lucknow bench of the Allahabad High Court on Friday directed the registration of an FIR against Congress MP Rahul Gandhi in connection with an alleged dual citizenship controversy.

The court also observed that after the registration of the FIR, the state government may seek the assistance of a central agency to investigate the matter.

The order was passed by a bench of Justice Subhash Vidyarthi on a petition filed by S Vignesh Shishir, who had challenged a January 28, 2026, order of a special MP/MLA court rejecting his plea for an FIR against Gandhi, who is also the leader of opposition in the Lok Sabha.

The special court had earlier held that it was not competent to adjudicate on issues related to citizenship.

Top court lays down measures to curb illegal mining in Chambal sanctuary

BHAVINI MISHRA
New Delhi, 17 April

The Supreme Court on Friday laid down a comprehensive set of measures to tackle rampant illegal sand extraction in the National Chambal Sanctuary, spanning parts of Rajasthan, Madhya Pradesh, and Uttar Pradesh and home to gharials, a critically endangered species of crocodilian.

The directions were issued by a Bench of Justice Vikram Nath and Justice Sandeep Mehta in a suo motu matter concerning unregulated mining in the Chambal belt.

Reiterating its criticism of administrative inaction, the Court observed that the failure of state authorities to curb illegal mining was evident on record. It noted that despite an adequate legal framework to deal with mining syndicates, enforcement agencies appeared reluctant to act for reasons that were "not difficult to discern".

The Bench called for stringent action against those involved in illegal mining, including attachment of properties and use of preventive detention laws. It directed the three states to submit a detailed compliance
