M/s. National Stock Exchange of India,
Exchange Plaza, Plot no. C/1, G Block,
Bandra-Kurla Complex Bandra (E)
Mumbai - 400 051.

Dear Sir/Madam,

Sub : Spurt in price movement – Reg.

===

We also noted the significant increase in the price of our security. We are manufacturing Toilet Soaps, Soap noodles, Glycerine apart from Stearic Acid and Power through Bio mass. The general public perception may be that soaps and sanitizers will be very much required to be used for containment of COVID-19 and also during summer there may be a huge demand for Bathing Soaps. This pre-conceived notion may have prompted the public for investment in our shares. Also, during the Live programme on 'Business Mutchatlu' organised by Doordarshan Yadagiri on 24.4.2020, Dr. G.V. Rao, Business Analyst & Advocate recommended for investment of our shares.

As the product is covered under essential commodities for containment of COVID-19 and Power plant is under general exempted category list from lockdown, District Collector has permitted us to run the factory with minimum staff to begin with. Accordingly, we are running our plant to meet the public Demand for Soaps at reduced capacity during lockdown situation.

Hope the above clarifies the issue.

Thanking you,

Yours faithfully,

For Jocil Limited,

(K RAGHURAM)

Compliance Officer

A Subsidiary of The Andhra Sugars Limited
