India's native black tiger shrimp makes a comeback

From near extinction in exports after years of disease-led setbacks, the shrimp variety is reclaiming its place in premium global markets

SHINE JACOB
Chennai, 5 July

Tiger Zinda Hai! The title of Salman Khan's 2017 blockbuster has become an apt metaphor for the resurgence of India's only indigenous commercially farmed shrimp species—the black tiger.

Once India's flagship premium shrimp export, black tiger lost ground after 2010 as recurring outbreaks of white spot syndrome virus (WSSV), import restrictions in key markets including the United States, Japan and the European Union, and the rapid rise of Vannamee shrimp, a species native to the eastern Pacific coast of the Americas, stretching from Mexico to Peru, eroded its dominance.

Now, after more than a decade in decline, the species has staged a remarkable recovery.

From a peak export value of \$833 million on shipments of 76,480 tonnes in 2011-12, black tiger exports slumped to \$108.9 million and 10,317 tonnes by 2020-21. Many in the industry had effectively written off the species. Yet within five years, the indigenous shrimp has engineered a revival, with exports climbing to \$568.31 million on volumes of 61,780 tonnes in 2025-26, the highest level in 13 years. That represents more than a fourfold increase in value from the FY20 trough. Supported by a weaker rupee, export earnings touched a record ₹4,974 crore in local currency terms.

Black tiger's decline, meanwhile, paved the way for Vannamee shrimp, which emerged as the key revenue-generating export for Indian seafood exporters. Introduced into India only in 2009 and exported commercially from 2011-12, Vannamee has seen export earnings surge from just \$397.81 million in its debut year to \$4.76 billion in 2025-26. The variety now accounts for more than 65 per cent of India's marine export earnings. But recurring outbreaks of WSSV from the late 1990s steadily pressured the sector.

Highly vulnerable to disease and stress, farming for black tiger shrimp increasingly relied on antibiotics as a preventive

Export platter

Black tiger shrimp

Vannamee shrimp

Japan and the United States. Now, Tiger has scripted a rare comeback in the marine industry. P. Jawahar, chairman of the Marine Products Export Development Authority (MPEDA), told *Business Standard* on the sidelines of the National Skill Olympiad on Seafood Value Addition in Chennai last week. "In the past one year alone, export value increased by 38 per cent to \$568 million."

Why black tiger lost its crown

India was long regarded as the natural home of black tiger shrimp. In 2010, the species accounted for nearly 80 per cent of the country's shrimp exports and around 1 per cent of overall marine exports. But recurring outbreaks of WSSV from the late 1990s steadily pressured the sector.

Highly vulnerable to disease and stress, farming for black tiger shrimp increasingly relied on antibiotics as a preventive

measure. Disease outbreaks also depressed farm productivity and returns. Japan was the first to impose 100 per cent inspection on Indian black tiger shipments after detecting the banned antibiotic furazolidone in farmed shrimp. Several other importing nations subsequently followed with similar restrictions.

"It was Vannamee that helped the Indian farmers sustain during this time, and it shifted to this variety," Jawahar said. Vannamee offered multiple commercial advantages: Faster growth, higher survival rates, greater stocking density, superior feed conversion, higher productivity and, crucially, access to specific pathogen free (SPF) broodstock.

The comeback

The turnaround began with an early government intervention. Recognising the risk of black tiger farming disappearing altogether, the Ministry of

Commerce and Industry, through MPEDA, initiated revival measures back in 2014.

According to Jawahar, setting up a nucleus breeding centre in the Andaman and Nicobar Islands that year proved to be the industry's inflection point. The facility focused on domesticating and selectively breeding black tiger shrimp, reducing dependence on disease-prone wild broodstock. The resulting broodstock was subsequently supplied to hatcheries as quality parent stock for seed production.

"This ensured that farmers got high-quality pathogen-free black tiger seed, improving survival rates and productivity. This was followed by training farmers in better management practices and antibiotic-free farming. All these helped black tiger's return," said Anil Kumar, joint director (marketing) at MPEDA. Industry sources attribute the revival to a combination of scientific intervention, tighter farm-level controls and diplomatic engagement. Following a series of bilateral discussions, Japan lifted its import restrictions on Indian black tiger shrimp in December 2020.

The next growth story

According to Kumar, expanding into newer markets such as China and the European Union has reinforced the recovery of India's premium indigenous shrimp. The European Union could emerge as the principal growth engine, particularly if the proposed India-EU free-trade agreement materialises. Ecuador, India's principal competitor in the segment, currently enjoys the advantage of zero-duty access into the EU market.

India exported 1,972,018 tonnes of seafood worth ₹73,890.46 crore (\$8.46 billion) during FY26, setting new records in both volume and value despite challenging global markets. Frozen shrimp remained the industry's dominant export category, generating ₹49,073.93 crore (\$5.62 billion). It accounted for 40.19 per cent of total seafood export volumes and 66.52 per cent of total export earnings in dollar terms.

15 vessels carrying urea, DAP, sulphur crossed Hormuz after US-Iran truce

SANJEEB MUKHERJEE
New Delhi, 5 July

The government on Sunday said that 15 vessels bound for India, carrying fertilisers and key raw materials used in their production, have crossed the Strait of Hormuz since tensions between Iran and the US eased.

According to an official statement, these vessels include eight carrying 0.33 million tonnes of urea, four carrying 0.25 million tonnes of Di-Ammonium Phosphate (DAP), and three carrying 0.11 million tonnes of sulphur. Their arrival over the next few days is expected to significantly boost the country's fertiliser stocks.

Sources said around 20 vessels carrying fertilisers and related inputs for India had been stranded for several days on the other side of the Strait of Hormuz due to the Iran-US conflict. Since tensions eased, 15 vessels have crossed the strait, while five more are awaiting passage of the remaining five vessels, three are carrying urea and one is carrying ammonia, all of which are scheduled to sail for India in the coming days.

"One vessel is carrying 25,000 tonnes of ammonia, while another is carrying 45,000 tonnes of urea. Loading of urea is currently underway on two more vessels, while another vessel is being loaded with sulphur. The arrival of these shipments will further strengthen the country's fertiliser stocks," the official statement said.

The government also said that, following sustained efforts, natural gas supplies to fertiliser plants—which had fallen to around 65 per cent of requirements—immediately after the conflict—have now been fully restored.

"Consequently, all urea plants across the country are operating at full capacity, resulting in a significant increase in domestic production," the statement said. India produced around 2.09 million tonnes of urea in April 2026, exceeding the target of 2.03 million tonnes. Production rose to 2.51 million tonnes in May against a target of 2.25 million tonnes, and further increased to 2.53 million tonnes in June, surpassing the target of 2.46 million tonnes.

"Overall, in the first quarter of FY27 (April-June), India produced 7.15 million tonnes of urea against the target of 6.78 million tonnes, exceeding the target by 0.36 million tonnes," the statement added.

In addition to urea, India produced 0.98 million tonnes of DAP during April-June against a target of 0.86 million tonnes. It also produced 2.07 million tonnes of NPKS and 1.35 million tonnes of Single Super Phosphate (SSP) during the same period.

As a result, fertiliser stocks have risen to more than 51 per cent of the estimated khafir requirement, compared with the usual level of around 33 per cent, the government said.

CORRECTION

The review of *We the People: A History of the US Constitution* by Jill Lepore — headlined US @ 250: Originalist Sins and published on July 4 — incorrectly described the reviewer, Shreekanth Sambrani, as a Delhi-based writer and culture critic. He is an engineer and economist who has taught at the Indian Institute of Management Ahmedabad and helped set up the Institute of Rural Management in Anand, Gujarat. The error is regretted.

OBITUARY | TEJAN BAI (1956-2026)

The greatest voice of Pandavani falls silent

SANDEEP KUMAR

Tejan Bai, the legendary Pandavani exponent who took Chhattisgarh's traditional storytelling art across the world, died early Sunday at AIIMS Raipur after a prolonged illness. She was 70.

A Padma Vibhushan awardee, Tejan Bai transformed Pandavani from a regional folk tradition into a globally recognised performance art. Her commanding voice, dramatic stage presence, and vivid retelling of stories from the Mahabharata made her one of India's most celebrated folk artists.

Born in 1956 in Ganiyari village near Bilhal in present-day Chhattisgarh, Tejan Bai developed an interest in Pandavani as a child after watching her maternal grandfather perform. Published sources differ on her exact date of birth, with April 24 and August 8, 1956, both appearing in official records and archival accounts. At a time when the art form was almost entirely dominated by men, she chose to pursue it despite social barriers.

Traditionally, Pandavani was performed either in the seated Vedamati style or the more theatrical standing Kalki style, both largely performed by male performers. Tejan Bai broke that convention, becoming the first woman to perform in the Kalki style. Her energetic performances, marked by expressive acting and powerful narration, redefined the art form and inspired generations of artists.

In recognition of her contribution to Indian folk cul-

Tejan Bai was honoured with Padma Vibhushan in 2019 by then President Ram Nath Kovind

ture, she received the Padma Shri, the Padma Bhushan, and the Padma Vibhushan, India's second-highest civilian honour.

She was named Tejan because she was born on the day of the Teej festival. She belonged to the Pardihi community, one of the communities that had been notified as a "tribe" under the British-era Criminal Tribes Act of 1871. The law was repealed in 1952.

Despite never attending school as a child, Tejan Bai later completed her education up to Class V through an adult literacy programme. Her artistic achievements earned her four honorary Doctor of Literature (DLitt) degrees. Over the course of her career, she performed across India and in several countries, including France and Germany.

Prime Minister Narendra Modi expressed grief over her death, saying she had given Chhattisgarh's folk art global recognition through her extraordinary performances.

"Her passing is an irreparable loss to the world of art and culture," he wrote on X.

President Droupadi Murmu said Tejan Bai brought the stories of the *Mahabharata* to life with her powerful voice, commanding stage presence, and distinctive style. She said the artist's dedication and years of practice helped carry Chhattisgarh's Pandavani tradition to audiences across India and abroad, adding that her contribution to preserving and promoting India's cultural heritage would always be remembered.

Where the Mahabharata lives on

Pandavani is a traditional folk performance of Chhattisgarh based on episodes from the Mahabharata. Popular among communities such as the Pardihi and Dewar, it combines storytelling, singing, and theatre. The lead performer narrates and enacts different characters while accompanying musicians provide vocal and instrumental support.

Demand for talent returns in IT sector after 3 months

SHIVANI SHINDE
Mumbai, 5 July

What was once a predictable talent absorption engine, India's Information Technology (IT) services sector has become increasingly unpredictable. After recording one of its weakest hiring months in June, the sector is witnessing a 14 per cent month-on-month increase in active technology job openings in July, according to a report by staffing firm Xpheno.

The report, Active Tech Jobs Outlook, said the Indian IT sector's active talent demand in July 2026 is expected to return to levels last seen in February 2026. The 14 per cent month-on-month rise marks the first increase after three consecutive months of declining demand.

June hiring was also impacted by developments related to migrant talent in the US, the report noted. Indian tech sector's demand remains highly elastic and nearly unpredictable in terms of short-term losses and recoveries. July's demand outlook, rising 14 per cent over the previous month, marks the first upward movement after a quarter of sustained month-to-month declines. July is also set to record the biggest month-on-month recovery seen over the last 15 months," said Kamal Karanth, co-founder of Xpheno, a specialist staffing firm.

Karanth added that the year-on-year (Y-o-Y) decline in demand has moderated compared with the previous quarter.

NOTICE OF THE 37th ANNUAL GENERAL MEETING, REMOTE VOTING AND BOOK CLOSURE INFORMATION

Notice is hereby given that the 37th First Annual General Meeting of the Company ("37th AGM") is convened to be held on **Thursday, 30th July, 2026 at 11.30 A.M. through Video Conferencing (VC) / Other Audio Visual Means ("OAVM")** in compliance with the applicable provisions of the Companies Act, 2013 read with an order of the Securities and Exchange Board of India (SEBI) dated 19th October 2024 and the Securities and Exchange Board of India (SEBI) dated 19th October 2024 and the Securities and Exchange Board of India (SEBI) dated 19th October 2024, Circular No. SEBI/HO/CFD/CFD-POD-2/P/CIR/2023/167 dated 7th October 2023, SEBI/HO/CFD/CFD-POD-2/P/CIR/2023/167 dated 7th October 2023 ("the Circulars") without the physical presence of the Members at a common venue.

2. In terms of MCA Circulars and SEBI Circulars, the Notice of the 37th AGM and the Annual Report for the financial year 2025-26 including the Audited Financial Statements for the year ended 31st March, 2026 ("Annual Report") has been sent by email to those Members whose email addresses are registered with the Company/Depository Participant(s). The requirement of sending physical copy of the Notice of the 37th AGM and Annual Report to the Members has been dispensed with vide MCA Circulars and SEBI Circulars.

3. Members holding shares either in physical form or in dematerialized form, as on the cut-off date of 23rd July, 2026 may cast their vote electronically on the Ordinary and Special Resolutions, if so set out in the Notice of the 37th AGM and the Annual Report, by using the remote e-voting system ("Remote e-Voting") of Central Depository Services (India) Limited ("CDSL"), if the members are not registered with the CDSL, they may cast their vote through the following modes:

- The Ordinary and Special Resolutions, as set out in the Notice of the 37th AGM, will be transacted through voting by electronic means only.
- The remote e-Voting shall commence on Monday, 27th July, 2026 at 9:00 a.m. IST.
- The remote e-Voting shall end on Wednesday, 29th July, 2026 at 5:00 p.m. IST.
- The cut-off date for determining the eligibility to vote through remote e-Voting through the e-Voting system during the 37th AGM, is 23rd July, 2026.
- Any person, who becomes Member of the Company after the Notice of the 37th AGM by email and holding shares as on the cut-off date i.e. 23rd July, 2026 may obtain the login ID and password by sending a request at helpdesk.evoting@cdsl.com or ipvi.investor@indiaonline.com. However, if a member is already registered with CDSL for remote e-Voting, then existing user ID and password can be used for casting vote.
- Members may note that: (a) the remote e-Voting module shall be disabled by CDSL after the aforesaid date and time for voting and once the vote on a resolution is cast by the Member, the Member shall not be allowed to change it subsequently; (b) the Members who have cast their vote by remote e-Voting prior to the 37th AGM may participate in the 37th AGM through VC/OAVM Facility but shall not be entitled to cast their vote again through the e-Voting system during the 37th AGM; (c) the Members participating in the 37th AGM and who had not cast their vote by remote e-Voting shall be entitled to cast their vote through e-Voting system during the 37th AGM; and (d) a person whose name is recorded in the Register of Members or in the Register of Beneficial Owners maintained by the depositories as on the cut-off date only shall be entitled to avail the facility of remote e-Voting, participating in the 37th AGM through VC/OAVM Facility and e-Voting during the 37th AGM.
- The Notice of the 37th AGM and the Annual Report are available on the website of the Company at <https://www.jpowers.com/npw-content/uploads/2026/06/Annual-Report-2025-26.pdf> and on the website of BSE Limited at www.bseindia.com and NSE Limited at www.nseindia.com. The Notice of the 37th AGM and the Annual Report are also available on the website of CDSL at <https://www.evotingindia.com> and
- If you have any queries or issues regarding attending AGM and e-Voting from the e-Voting System, you may refer the Frequently Asked Questions ("FAQs") and e-Voting manual available at www.evotingindia.com, under the help section or write to ipvi.investor@indiaonline.com.
- All e-Voting related queries for the facility for voting by electronic means may be addressed to Mr. Rakesh Dahiya, Sr. Manager, (CDSL), Central Depository Services (India) Limited, A-1, Wing, 29th Floor, Marolli Nagar, Marolli, Maharashtra, Compounds, N.M. Joshi Marg, Lower Panel (East), Mumbai - 400017 or send an email to helpdesk.evoting@cdsl.com or ipvi.investor@indiaonline.com.
- Those Members holding shares in physical form, whose email addresses are not registered with the Company, may register their email address by sending, by email, a request to the Company, by attaching a copy of the PAN card, self-attested scanned copy of any document (such as AAD/HAR Card, Driving License, Voter's Identity Card) and the address of the Member, as registered with the Company, by email to ipvi.investor@indiaonline.com. In members register their shares in their e-mail addresses with the Company's Depository Participant.
- The Registrar of Members and the Share Transfer books of the Company will remain closed on 24th July, 2026 to Thursday, 30th July, 2026 (both days inclusive) for annual closing.

Date: 4th July, 2026 Place: New Delhi

NOTICE OF 37th ANNUAL GENERAL MEETING AND E-VOTING INFORMATION

Notice is hereby given that the 37th Annual General Meeting ("AGM") of the Company will be held on **Friday, 31st July, 2026 at 11:30 A.M. (IST)** through Video Conferencing (VC) / Other Audio Visual Means ("OAVM"), in compliance with the applicable provisions of the Companies Act, 2013, and the Listing Obligations and Disclosure Requirements ("LODR") Regulations, 2015 read with all the applicable circulars on the subject matter issued by the Ministry of Corporate Affairs ("MCA") and the Securities and Exchange Board of India ("SEBI") to transact business(es) as set out in the Notice of AGM dated 27th May 2026 without the physical presence of Members at a common venue. The Company will also additionally provide one-way webcast for the proceedings of the AGM.

In accordance with the MCA & SEBI Circulars, the Notice and Annual Report have been sent to all the members whose email IDs are registered with the Company/ Depository Participants. These documents are also available on the Company's website at www.iileng.com, website of the Stock Exchanges i.e., BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively and on the website of National Securities Depository Limited (NSDL) (agency for providing Remote e-voting facility) i.e., www.evotingindia.com. The Company completed dispatch of Notice and Annual Report on 1 July 2026.

A letter providing weblink for accessing the annual report for the financial year 2025-26 has been sent through ordinary post to those Members who have not registered their email ID with the Company/Depositories. Members can participate and attend the AGM only through VC/OAVM facility. Members attending the AGM through VC/OAVM will be counted for the purpose of reckoning the Quorum under Section 103 of the Act. The detailed instructions for attending the Meeting are provided in the Notice. The Members are requested to carefully read all the Notes set out in the Notice and in particular, instructions for joining the AGM, manner of casting vote through remote e-voting or e-voting facility at the AGM.

Members whose names are recorded in the Register of Members as on the cut-off date i.e., **Thursday, 23rd July 2026** shall only be entitled to avail of the facility of remote e-voting/e-voting at the AGM.

All the members are informed that:

- The remote e-voting period shall commence at 9AM (IST) on Tuesday, 28th July 2026.
- The remote e-voting shall end at 5PM (IST) on 30th July 2026.
- The remote e-voting module shall be disabled for voting after the date and time mentioned above. Once the vote on a resolution is cast by a member, the member shall not be able to change it subsequently.
- Any person, who acquires the shares and becomes the Member of the Company after the dispatch of Notice of AGM and holding shares as on cut-off date, may obtain login ID and password by sending a request to evoting@iileng.com or to Company or Registrar and Share Transfer Agent (RTA) at enwardr.rts@iileng.com. However, if the member is already registered with NSDL for e-voting, then such member can use his/her existing User ID and password for casting his/her votes.
- The Members who have cast their vote by remote e-voting during remote e-voting period, may also attend and participate in the AGM but shall not be entitled to cast their vote again.
- The Company has appointed Mr. Sabyasachi Panigrahi of M/s S Panigrahi & Associates, (Membership No. FCS 4522), Practicing Company Secretaries, as the Scrutinizer for conducting the e-voting process in a fair and transparent manner.
- Pis. Keep your updated email ID registered with the Company/your Depository Participant to receive timely communication. The Company has also published a communication dated 29th June 2026 in newspapers to facilitate updating of email IDs by members who have not registered the same.
