Dear Sir,

We refer to your e-mail dated 25th June 2020 directing us to submit additional information with regard to our announcement about deliberation by Board of Directors on the introduction of Constant Velocity Joints (CVJ). As desired, we submit hereunder the following details:

1. Development of any component in the Auto Component sector involves a long period of time since it has to pass through several phases including development, validation and testing. We have initiated activities in this direction which include finalization of production strategy, vehicle test to check severity of road conditions and Supplier development. We expect to achieve start of production in FY2022-23. Additionally, since the development of an auto component is for a specific vehicle model; hence the production is always linked to launch of new vehicle by OEM.
2. This product is being developed for the Indian Market.
3. Accordingly, product will be launched in India. Just to inform you our parent Company – JTEKT Corporation, Japan is already manufacturing this product in several other countries including Japan, North America, China and Thailand.

Trust you will find the same in order.

Thanking you,

Yours faithfully,

For JTEKT INDIA LIMITED

NITIN SHARMA
COMPANY SECRETARY
