# JTL Industries Receives CPWD Approval for Steel Pipes and Hollow Sections

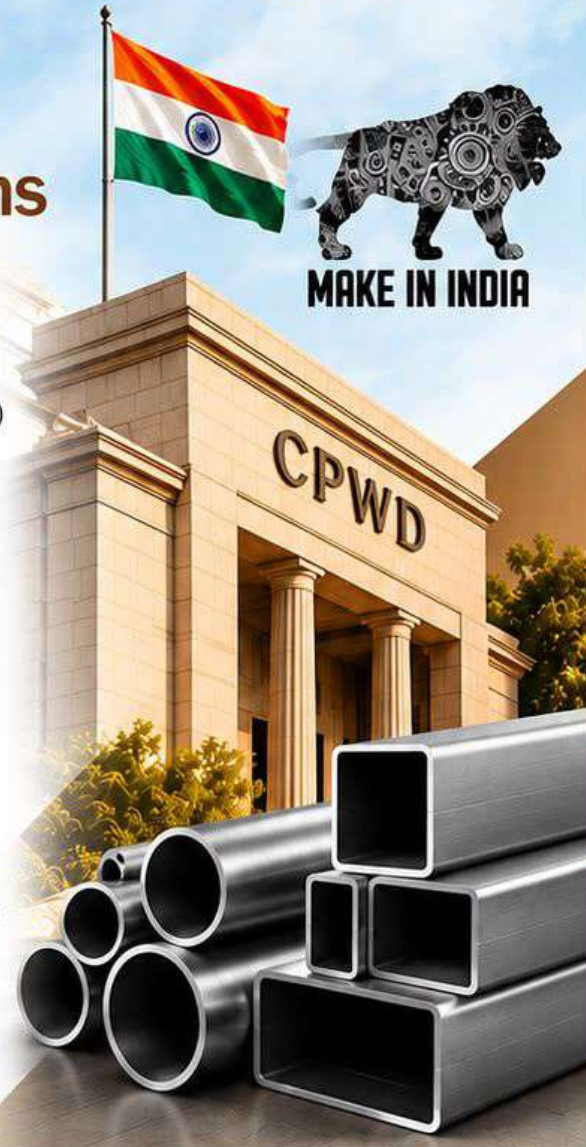

Strengthening our presence in India's infrastructure journey and advancing the Make in India vision

**Chandigarh, 13<sup>th</sup> October 2026:** JTL Industries Limited ("JTL" or "the Company") (BSE: 534600 | NSE: JTLIND), a leading manufacturer of structural steel tubes and pipes, has received approval from the Office of the Chief Engineer, Central Public Works Department (CPWD), NDZ-III, New Delhi, for the inclusion of its products in the approved list of preferred makes for works under its jurisdiction.

The approval covers steel tubes, tubulars and other wrought steel fittings, hollow steel sections for structural use, steel tubes for structural purposes and steel pipes for water supply and sewage.

This approval brings JTL one step closer to expanding its market share and strengthens the Company's credentials as a trusted supplier for government and institutional projects. It also increases the visibility of JTL's DFT structural pipes and other products within CPWD's ecosystem, creating opportunities to participate in relevant procurement processes where the approved list applies.

The development aligns with JTL's commitment to support nation-building through high-quality, domestically manufactured steel products and contributes to the Make in India vision. With a wide range of steel pipes and hollow sections, the Company continues to focus on serving diverse customer segments across infrastructure, construction and industrial applications.

Enabling participation in government and institutional projects

One step closer to expanding market share

Strengthening credentials as a trusted supplier

Supporting India's infrastructure growth and the Make in India vision

## About JTL Industries Limited

JTL Industries Limited is among the fastest growing steel tube and non ferrous metal products manufacturers, with its registered office situated in Chandigarh. The company operates manufacturing facilities in Punjab, Maharashtra, Chhattisgarh and Himachal Pradesh (including its subsidiaries). Its cumulative pipe manufacturing capacity is approximately 9,36,000 MTPA, with around 3,00,000 MTPA dedicated to backward integration. The company is a recognized Three Star Export House. Its product range includes DFT Structural Pipes, GI Pipes, MS Black Pipes, Hollow Sections, Solar Structures, HR Coils and Phosphorous Bronze, Copper and Brass Alloys, among others, which cater to various industrial and infrastructural applications.
