All concerned, Mumbai Police & State authorities & Public may take note of this **HIGH COURT OF BOMBAY**
Cr. PIL No. 86 /14
Cr. PIL ST 55 /15
Cr. Writ Petn. No. 4188/15
Harjot Kaur & ors vs DCP Zone 4, Balbir Kaur & ors vs Chief Secretary, State of Maharashtra & ors,
Charanjeet Chandepal vs Ahmad Javed & ors. On 28.10.15 High Court of Bombay has stated that Fake Lasc Case no. 71of 2015 is a counterblast, as a result of PIL activity of Charanjeet Chandepal. Counterblast means after thought or fake. Counter"blast" & counter"case". This is a judicial notice taken by High Court u/s 57 of Evidence Act. This order of High Court was challenged by the fake complainant before Supreme Court & SLP against same was dismissed by Supreme Court on 16.12.15. Thus, observation of High Court of Bombay become final & binding law under Article 141 of the Constitution of India, the said matter therefore is decided as res judicata & any decision contrary to it could be interpreted as Contempt of Court. Further on 28.10.15, High Court of Bombay has stated that no coercive step to be taken against Charanjeet Chandepal as case registered against him is counterblast (fake as explained above) without any date of any extension. This is a permanent stay & not interim order & no extension is required. This order too was challenged before Supreme Court in SLP which was dismissed on 16.12.2015 by Supreme Court. This part also becomes final. Any violation of orders passed by the High Court & Apex Court, means contempt of court. On 05.02.2020 , IO in FIR/LASC 71 of 2015, police was specifically told by Bom High Court, after perusal of papers that enough material exists to show that the case requires quashing , police sought 4 weeks time to close the investigation & I was allowed to give even further witnesses & evidence. 7 further witnesses , one cell phone conversation, coty of Sonat Dry Fruit, affidavit of fake complainant showing repeated change of time of the incident, Bar Council of Maharashtra & Goa orders, proceedings & even affidavits have been submitted. This is in addition to those submitted in 2015-2016. The High Court (2015-2020) as well as DCP zone 4 (2015) have instructed IO to take into account, fact that FIR 371 of 2015 was first registered , material collected in FIR 371 of 15 shows that LASC FIR 71 of 2015 is false. This was told to IO by Bombay High Court on 05.02.2020. This has happened in open court in presence of those concerned.IT is stated that a final report closing the case as false should have been filed by now. Take notice that incident of harrning Charanjeet Chandepal occurred on 14.10.2015 for attempt to murder recorded as assault, despite orders of High Court to take preventive action passed on 09.01.2015 in PL st 86 of 2014, Antop Hill Police was to ensure that no such incident occurred on 14.10.15 which was possible if police had taken steps. Fales LASC 71 of 2015 states instance of Sec 323 & 504 of IPC, no such NC or diary entry is done in Antop Hill police station by anyone. Statements both FIRs by same people is different with different version in Bar Council proceeding, Pl Rajendra Sangle, now Sr PI present on 14.10.15 is not interrogated. Thus, LASC 71 of 2015 is a false case & it is requested again to Mumbai police to close this.

SECOND COVID WAVE

Weekend curfew imposed in Delhi

Malls, gymnasiums, auditoriums, parks to remain shut till April 30; restriction on weekly markets

ARNAB DUTTA
New Delhi, 15 April

Amid exponential rise in daily Covid cases in the capital, the Delhi Disaster Management Authority (DDMA) has ordered a weekend curfew starting 10 pm on Friday till 5 am on Monday. Further, the DDMA, after its latest review meeting today, said all malls, gymnasiums, auditoriums, entertainment parks, assembly halls and similar places will remain shut till April 30.

The “situation of Covid-19 in NCT (national capital territory) of Delhi has been reviewed and it has been observed that there has been a sharp increase in Covid-19 cases during the last few days along with high positivity rate,” the DDMA cited as the reason behind the move.

Meanwhile, cinema halls, theatres and multiplexes have been permitted to operate at 30 per cent of their seating capacity. There are also restrictions on opening of weekly markets across the city. Only one weekly market will be allowed to operate per zone under all three municipal bodies in the capital.

However, the order does not specify which market will be open on which day, sparking confusion among traders and retailers. The DDMA said that these will be selected by the zonal deputy commissioner of the municipal body concerned.

According to Praveen Khandelwal, secretary general, Confederation of All India Traders (CAIT), the decision to keep specific markets open on specific

days is an arbitrary one and will have little impact on curbing the spread of the virus. “It is beyond us how the authorities will decide on which markets to keep open. The government should have locked down the city for 10 days to break the chain. While any kind of restrictions on business activities will impact us, we are in favour of proper measures rather than a half-hearted effort,” he said.

According to estimates, since the night curfew began in Delhi on April 6, retail traders have suffered a loss of about ₹3,000 crore

According to CAIT’s estimates, since the night curfew began in Delhi on April 6, retail traders have suffered a loss of about ₹3,000 crore, while wholesale traders have incurred ₹1,400 crore loss of revenue.

The weekend curfew will restrict the retailers 40-45 per cent of their business, said Kumar Rajagopalan, CEO of Retailers Association of India (RAI). “It will be very difficult for retailers to recover these losses during week days,” he said.

Providing much relief to e-commerce and logistics companies, during the weekend curfew, inter and intra-state transportation of all essential and non-essential goods have been allowed. Further, all people involved in essential services like healthcare, law and order, news media, public amenities, banking, among others, have been allowed to travel with valid

identity cards. Earlier, essential workers from the private sector were required to obtain e-passes.

According to Rajagopalan, it is unclear, whether deliveries by all types of retailers are allowed or it is restricted to only e-commerce companies. “They should simply allow all kinds of home deliveries, as retailers are now restricted to accommodate customers physically,” he said.

Meanwhile, leading mall operators in Delhi are staring at another period of total loss of business. The two-week shutdown will hit their finances hard.

According to Yogeshwar Sharma, CEO and executive director of Select City Walk mall in South Delhi, visits to the premium property were already down to 50 per cent of pre-Covid levels, when some 30,000 people would visit the mall on a weekday in April. Now the retailers and mall owners are bracing themselves for a total loss of business to the tune of 8-10 per cent of their annual sales.

Consumer goods companies in the appliances space said compared to last year, they anticipate lower impact of these measures.

Kamal Nandi, business head & executive vice-president at Godrej Appliances, said if outlets are allowed to operate on weekdays, then demand for summer items like air conditioners is likely to remain steady. However,

Shut/restricted till April 30

► Malls, gyms, spas, auditoriums, assembly halls, entertainment parks and similar places

► Only one weekly market allowed per day per zone

► Cinemas, theatres and multiplexes to operate at 30% capacity

Exempted during weekend (with valid ID/ticket)

► Healthcare workers, personnel involved in law & order, public transport and public amenities

► Patients, interstate travellers with valid tickets, diplomats, inter- and intra-state transport of all goods

► Person involved in operation of shops offering groceries, daily consumables and medicines

► Employees in banks, insurance, ATMs, print and electronic media, telecommunication, internet services, fuel station

► Delivery of all essential goods like food and medicine through e-commerce, cold storage and warehousing service

► People involved in power generation and distribution, manufacturing units of essential commodities, private security

► Central and state government officials; employees of autonomous bodies and corporations involved in emergency services

curfew and lockdown measures across several North Indian states will impact supply of consumer durables in the coming weeks. “Manufacturers usually have a month’s inventory ahead of a crucial season like summer. But if restrictions continue beyond 20 days, then there will surely be supply constraints in the market,” he said.

Mohit Malhotra, chief executive of Dabur India, said the firm has been building inventory in anticipation of such measures and thus it accelerated supply of items to the retailers in advance to avoid any major impact in the short run.

INDIA ADDS 200,000 COVID CASES IN A DAY

Numbers rising faster than US, Brazil combined; Maharashtra cases slow down

SACHIN P MAMPATTA
Mumbai, 15 April

A surge in Covid-19 cases in other states has seen India’s overall growth rate of daily new cases remain high even as top contributor Maharashtra’s has slowed down over the last few days.

India’s weekly growth rate in new Covid cases was in excess of 60 per cent, even as the number for Maharashtra has slowed down from its recent highs. This has led India’s overall daily additions to eclipse that of the United States of America and Brazil combined, show numbers from global tracker Our World in Data. The three countries account for the maximum number of new cases globally (see chart 1).

Maharashtra still accounts for the maximum number of daily cases within India. However, the weekly growth rate has fallen from over 40 per cent to under 20 per cent, shows an analysis of data from independent tracker Covid19india.org. Other states in the top five list with the most number of daily cases such as Uttar Pradesh, Delhi, Chhattisgarh and Karnataka now show higher growth rates (see chart 2).

The daily number of vaccine doses administered nationally has been stagnant at around 3.5 million doses a day. Around 8.3 per cent of the total population has received at least one dose so far (see chart 3). A rough back-of-the-envelope calculation shows that it will take till around May 2022 to finish vaccinating the entire population if one goes at this rate, though the availability of new vaccines may help accelerate the process. India’s case fatality rate of 1.23 per cent is still lower than that of other countries in the top five list, barring Turkey (0.86 per cent), though there have reportedly been issues with accurate reporting of deaths.
