ABOUT

K2 Infragen Limited is a leading EPC firm founded in 2015 and based in Gurugram. They specialize in integrated engineering, procurement, and construction services, leveraging strengths in project engineering and management to deliver comprehensive solutions. The company provides end-to-end infrastructure solutions including design, procurement, construction supervision, and post-construction services across sectors such as roads, railways, water supply, power transmission & distribution, civil construction, and renewable energy.

The company has demonstrated consistent growth in scale and scope, backed by a robust order pipeline and diversification across multiple infrastructure verticals. With a focus on sustainable projects and government-backed infrastructure development, K2 Infragen has been steadily strengthening its presence in transport infrastructure, railways, power transmission, and distribution. Its strategic push toward large-value contracts and its efforts to expand beyond domestic markets underline its ambition to transition from a mid-sized EPC player to a pan-India and global infrastructure solutions provider.

The company has secured significant projects, like highway project in Gujarat and Uttar Pradesh, as well as power infrastructure projects in Madhya Pradesh and Haryana. The company focuses on high-margin projects and timely execution, leading to a revenue growth of 59% CAGR over the past three years. It also maintains strong return ratios.
