Sub.: Submission of Newspaper Advertisement related to special window for transfer and dematerialisation of physical securities

Dear Sirs/Madam,

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we submit herewith copies of newspaper advertisement regarding special window for transfer and dematerialisation of physical securities in accordance with SEBI Circular No. HO/38/13/11(2)2026-MIRSD-POD/ I/3750/2026 dated January 30, 2026, published on 17th April, 2026 in newspapers viz. Indian Express in English language and Financial Express in Gujarati language.

Kindly take the same on records.

Thanking You,

Yours faithfully,
For **Kalpataru Projects International Limited**

WEST ASIA CRISIS FALLOUT

Morbi units to switch to PNG for revival; retail users to pay the price

While some resume operation, at least 270 more ceramic units will begin buying PNG at higher price starting May 1, association officials say

Brendan Dabhi
Ahmedabad, April 15

WITH NO relief on the horizon in escalating fuel costs, most of the Indian ceramics industry, shut since March 17, have decided to reignite their kilns using piped natural gas (PNG). However, the costs of running these kilns now will be significantly higher than when propane/LPG was used as fuel. Some of this price rise will inevitably be passed on to the consumer.

The Indian Express has learnt that tile manufacturers in the ceramic hub of Morbi have agreed to pay this higher premium with a caveat: that the prices of all tile units must be increased to meet the higher production costs. Previously, the industry had extended its shutdown from April 15 to May 1 after Gujarat Gas Ltd (a public

sector company) asked them to pay Rs. 93 per cubic metre of PNG against Rs.70 per cubic metre that is charged to regular users, who are mostly in the sanitaryware division.

While some units became operational on Wednesday, sources said at least 270 more ceramic units in Morbi that were previously using propane/LPG, would now buy PNG at the higher rates starting May 1, as their buffer product stocks had run out. Be it propane or PNG, most of the fuel used by the Morbi ceramics cluster—the world's second largest—is imported, mostly from the Gulf Cooperation Council (GCC) countries in the Persian Gulf.

Propane, which is the preferred fuel, continues to remain unavailable even as a fragile ceasefire is in place in West Asia and the Strait of Hormuz now

● **Number Crunching**

Be it propane or PNG, most of the fuel used by Morbi units is imported, mostly from the Gulf Cooperation Council countries. FILE

90% Morbi's share in Rs 75,000-crore Indian ceramics industry

RS 52 PER CUBIC METRE: Propane price as of February 28 (before war)

RS 70 PER CUBIC METRE: Cost "regular" users were asked to pay

remains blockaded by the US, too.

Also, the Government of India had ordered in reserve the stock remaining with oil mar-

keting companies for household usage.

25% hike in retail costs

"The retail costs of tiles will increase by at least 25-30% on the back of heightened fuel costs," confirmed Manoj Arvadiya, the president of Vitriified Tiles Division of Morbi Ceramic Manufacturers Association (MCMMA). Arvadiya said the industry would set new rates depending on the categories of tiles made by the wall, vitrified and floor divisions.

Nilesh Jetpariya, who owns Kera Vitriified and chairs the Panel for Ceramics at the Chemical and Allied Products Export Promotion Council (CAPEXIL), said, "The association has declared a price increase for all tiles depending on the type of product. An average tile costing Rs.22 per foot will now cost Rs.30 as production re-starts."

Notably, there is an increase of Rs.8 per foot on double

charged tiles, which have two layers of pigment and used in commercial spaces since the method decreases wear and tear. Meanwhile, there's a Rs7 per foot hike in glazed vitrified tiles (GVT), which have a wide variety of designs and are meant for residential spaces.

Meanwhile, the sanitaryware division of MCMMA has also declared a 15-20% hike for all of its products starting April 15 in view of the escalating fuel costs, its president Ajay Marvadiya confirmed.

No relief in May, too

Gujarat Gas, in its very first statement on the crisis in the ceramics industry on Tuesday, said, confirmed no decrease in prices. "For May 2026, LNG prices remain elevated at approximately \$18-20 per MMBtu, yet GGL remains prepared to supply the required volumes to support further resumption of operations in Morbi," the note read.

Detained in Bhuj for two years, Pakistan man who crossed border dies of TB

Brendan Dabhi
Ahmedabad, April 15

A 31-YEAR-OLD man who had illegally crossed into India from Pakistan through the international border in Gujarat has died due to undiagnosed tuberculosis (TB) after over two years of detention at the Joint Interrogation Centre (JIC) in Bhuj, Kutch, officials said on Wednesday.

The deceased, whose identity remained unknown in life and, now, even in death, was said to be hearing- and speech-impaired, leaving authorities not able to communicate with him throughout his detention. The Kutch (West) police, which administers the JIC, only learnt of his approximate age by way of medical age estimation, which requires tests for skeletal age and dental age estimation, as established in law, to be carried out.

SP Vikas Sunda of Kutch (West) told the Indian Express: "The individual was apprehended by the Border Security Force (BSF) on January 16, 2024, while attempting to cross the border from Pakistan. They handed him over to the Dayapur police station, where a diary note

was made. He had been detained at JIC, Bhuj, since." All illegal immigrants or infiltrators caught at the border are, if not booked for any other crimes on Indian soil, detained at one of two JICs in Gujarat, one at Bhuj and the other at Ahmedabad.

The cause of death, said SP Sunda, was tuberculosis. Notably, the young man had never been under treatment and, in fact, had never even been diagnosed with the disease in the two years he was detained at the Joint Interrogation Centre.

Last week, he fell sick, after which officials called for a government doctor who suggested that he be transferred to a hospital for treatment. The man was admitted to GK General Hospital in Bhuj where he died on April 12, confirmed SP Sunda.

Following the death of the detainee, the Kutch (West) Police have written to the Pakistan High Commission in Delhi through the Ministry of Home Affairs with his photograph, description and details of his apprehension and detention. They were still awaiting a reply as of April 15, said SP Vikas Sunda.
