DAY TODAY

BY PETER VIDAL

- ARIES (Mar 21 - Apr 20)**
 The fact that the Moon is so very important today suggests that not only is this a day to bring all existing plans to fruition but also that you should do your best to force the pace. Other people need to remember who is top.
- TAURUS (Apr 21 - May 21)**
 It's not always a good idea to reveal all. In fact, you seem to have something to be secretive about. All things considered, I'd say that so sudden and so curious is the current change in direction that it may be the end of the week before you discover what is really going on.
- GEMINI (May 22 - June 21)**
 You may throw yourself into social engagements with enthusiasm. If you have anything to get off your chest, do so today. The one qualification is that you must stick to the facts.
- CANCER (June 22 - July 23)**
 The time will come when you have to consider a professional or other worldly ambition in new light. The only way to learn is to make mistakes so don't worry if something is going to work out as planned. Just do it. You'll get it right next time.
- LEO (July 24 - Aug 23)**
 Today's energetic lunar alignments are splendid. Focus on all adventurous schemes, throw caution to the wind and let yourself go. Hopefully, partners should take care of the practical ramifications. If they don't, then you can always sort them out in a few days' time.
- VIRGO (Aug 24 - Sep 23)**
 Fortunate planetary pressures are set to produce increased prosperity and popularity for poor old Virgo. Help might come from where it is least expected, perhaps in the form of hard cash, hopefully within the next three days. If nothing happens now, then you might have to wait for another month.
- LIBRA (Sep 24 - Oct 23)**
 The Sun extends its bountiful influence over you, indicating that a significant season is continuing. You may feel as if a family member is giving you a sideways push, temporarily knocking you off your perch. However, the lesson may be a salutary and much needed one.
- SCORPIO (Oct 24 - Nov 23)**
 The theme for the day is hard work. In every area of life, even if you're pursuing a romantic goal, you should push yourself to the limit. There could be developments for those contemplating major domestic upheavals, mainly because you're more determined than you were in the past.
- SAGITTARIUS (Nov 24 - Dec 22)**
 As from now, you should begin to allocate a higher priority to your creative powers and instincts. Today's alignment suggests that this is a positive time to lay your feelings on the line. Just make sure that you've got the facts straight.
- CAPRICORN (Dec 23 - Jan 20)**
 A number of planetary cycles reach critical points today. Ambitious Capricorns are about to hit an assertive professional phase but make the necessary adjustments at home.
- AQUARIUS (Jan 21 - Feb 19)**
 Today's harmonious planetary picture offers you the chance to conduct a minor revolution in almost whatever area of life you choose. Financially, keep a tight rein on family spending, and a close watch on younger relations. You need to know where to draw the line.
- PISCES (Feb 20 - Mar 20)**
 Many Pisceans labour under the illusion that they are unmaterialistic. Just how wrong this is, will be proved over the next three days. There'll be times when you'll have a shrewd financial brain on those sensitive shoulders.
