KALYANI FORGE

From Bold Decisions to
Tangible Gains

Annual Report 2024-25

Theme Introduction

From Bold Decisions to Tangible Gains

With clarity and conviction, Kalyani Forge continues to transform its strategic focus into measurable impact by streamlining its portfolio, investing in high-value segments, and achieving more substantial margins, deeper resilience, and record-breaking new business wins.

This year's theme, "From Bold Decisions to Tangible Gains," encapsulates the Company's journey, showcasing how its leadership, conviction and agility have driven impressive outcomes. The decision to phase out low-margin legacy products

while aggressively expanding into new markets has positioned FY2025 as the most profitable year in a decade.

This report delves into how bold, forward-thinking decisions, rooted in data, discipline, and specialized expertise, have propelled Kalyani Forge's momentum. More significantly, it illustrates how these tangible gains are paving the way for an ambitious growth trajectory, global expansion, and enhanced stakeholder value.

Management Message

Executive Chairperson's Message

Dear Shareholders,

It is with great pride that I present this year's Annual Report, centered around the theme, **"From Bold Decisions to Tangible Gains."** The theme captures our bold spirit in FY2025. We have made strategic decisions, stepping away from low-margin legacy programs, launching the highly anticipated 4,000T press line, and revamping our performance review system.

These choices are producing measurable results: improved EBITDA margins, doubled profit after tax (PAT), and enhanced customer loyalty. Our teams are energized, and our ethos is clear: act with courage, stay disciplined, and secure your future.

As I reflect on my 25 years of leadership, I take pride in our transformation from a humble forging supplier to a trusted precision engineering partner for leading OEMs. Our recent strategic decisions have elevated us to new heights, enabling us to focus on high-margin, future-oriented products.

Defined Strategies for Amplified Profits

Vridhhi Mission 2027 represents a transformative mindset rather than just a target. The mission aims to double revenue with significantly higher margins by FY2027, emphasizing the importance of discipline and agility. The Vridhhi Council serves as the execution arm of this mission, focusing on high-impact, cross-functional projects that directly affect EBITDA.

Key initiatives include expanding machining capacity, optimizing supplier costs, modernizing forging processes, reducing power costs, and ensuring digital compliance. These initiatives are not isolated efforts – they are part of a system-led transformation that promotes execution discipline, organizational alignment, and outcome-based leadership.

Future-Readiness: Growth in Business and Markets

FY2025 marked a pivotal year where years of groundwork began to yield visible results. The strategic decision to exit low-margin, end-of-life programs allowed us to redirect our focus toward high-margin segments such as machined connecting rods, driveline components, and axle parts. This shift from a volume-centric to a value-centric approach has reinforced the Company's fundamentals and established a foundation for sustainable, profitable growth.

This year, we implemented a targeted strategy that highlighted our strengths in these critical areas. These products are not just items; they represent platforms for value creation that cater to our clients' diverse needs. We achieved ₹ 115 Crore in new business, expanded our export reach in Europe, Japan, and the U.S., and attained essential certifications for marine forgings. Each new partnership enhances our role as not only manufacturers but also as collaborative engineering partners.

A Culture of Ownership and Agility

Over the past 25 years, we have been guided by core values: precision, perseverance, customer partnership, and the courage to change.

From pioneering fracture-split connecting rods to innovating in warm forging, we have always prioritized product technology. At the same time, we embraced a cultural shift from individual execution to systems-based leadership through the Kalyani Operating System.

Transformation hinges on our people. At Kalyani Forge, we are cultivating a culture defined by ownership, agility, and data-driven decision-making. Initiatives such as the Vridhhi Council and our "Strong Products, Fast Service" approach are embedding speed and accountability into our organizational DNA. Our dedication to digitization is evident in our compliance, planning, and shop floor operations, significantly improving governance and the quality of execution.

Sustainability as a Strategic Imperative

Our commitment to Environmental, Social, and Governance (ESG) principles is not just a promise; it is a pathway to sustainable business practices. Our first rooftop solar project now supplies approximately 40% of the energy needs for one of our plants. A thorough energy audit has led to strategic investments in utility upgrades and harmonics control. Sustainability has become a key driver for operational efficiency, resilience, and preparedness for the future.

Looking Ahead: Engineered for Endurance

As we look to the next 3-5 years, I envision Kalyani Forge emerging as a globally respected precision-forged partner of choice, proudly engaging in sectors such as electric vehicles, marine, and industrial power. We are dedicated to building an enduring organization that thrives on robust systems rather than individual personalities, competes based on value instead of volume, and earns trust, not just individual orders.

To our valued shareholders, partners, and employees, thank you for your unwavering support. FY2025 has been a testament to the accuracy of our strategic direction, and we are poised to compound these gains. We firmly believe that bold decisions, supported by diligent execution and our guiding principles, will always yield enduring value.

Warm regards,

Mrs. Rohini G. Kalyani
Executive Chairperson

Management Message

Message from the Managing Director

Dear Shareholders,

It is both an honor and a privilege to present our Annual Report for FY2025, as we take cognizance of our significant growth and transformation. This year's theme encapsulates our journey of bold decisions driven by strategic insight, resulting in a new standard for quality, performance, and growth.

FY2025 was a turning point in our transformation, leading to our most profitable year in a decade. We achieved a profit after tax (PAT) of ₹8.3 Crore and an EBITDA of ₹26.5 Crore, with a margin of 11.1%.

Our success is the result of a deliberate transition; we exited low-margin programs and focused on future-oriented, high-value platforms. This approach allowed us to effectively leverage our resources and concentrate on delivering precision-engineered components that drive modern mobility and industrial advancement.

Strategic Initiatives for Operational Excellence and Profitability

At the core of our transformation is the Vriddhi Mission 2027, a strategic plan designed to double revenues and achieve an EBITDA target of 15%. To execute this growth vision, we formed the Vriddhi Council, tasked with leading

cross-functional projects centered around high-impact initiatives such as productivity enhancement, cost of poor quality (COPQ) reduction, and overall cost optimization.

This year, the Council has successfully completed several projects, including lean layouts, supplier consolidation, and press reconditioning. These initiatives have resulted in significant cost savings and enhanced agility. By managing 13 key productivity and innovation projects, the Council has achieved a 50% reduction in shop floor space, which allows for modular cell expansions and improved synergy among machining units.

Ramping up New Business

We have evolved from a forging supplier to a precision solutions partner, with over 50% of our revenue now coming from value-added machining. Our efforts in co-engineering with clients have resulted in assembly-ready components and secured ₹115 Crore in new orders, an all-time high, in the automotive, industrial, and marine sectors. We installed two new conrod machining lines and revived business with a leading passenger car OEM this year.

Our warm-forged driveline products are designed for various platforms in the growing EV market. We are experiencing significant growth in adaptable parts like tulips and tripods, suitable for both traditional and electric vehicles.

Our entry into marine forgings is now supported by ABS and BV certifications, enabling us to execute orders effectively in this key market. Our commitment to export growth and technology-agnostic components enhances our resilience.

With Advanced Product Quality Planning (APQP), tooling expertise, and in-house Value Analysis/Value Engineering (VAVE), we strengthen engineering involvement, accelerate Production Part Approval Process (PPAP) cycles, and improve integration with OEM programs.

Powering Smarter Operations

Our operational improvements have been ground breaking, driving our margin expansion through three key pillars:

Power Cost Optimization: We commissioned our first rooftop solar project, now powering ~40% of one plant. We also conducted a detailed energy audit and began installing modern power distribution and harmonics-reduction systems.

Forging Modernization: We reconditioned a 1,600T press and initiated a structured upgrade program across HFD1 and HFD2 to improve utilization, reduce downtime, and cut conversion costs. More such projects are underway in the coming year.

Digital Shopfloor Transformation: In collaboration with Kalyani Studio, we expanded KSCADA across plants for machine-level data tracking, quality traceability, and predictive maintenance, boosting OEE and decision-making responsiveness.

In FY2025, we focused on digitizing machine-level data, improving quality traceability, training, and compliance. We expanded KSCADA for daily tracking of Overall Equipment Effectiveness (OEE), downtime, and maintenance planning, capital expenditure control and budgeting.

Cultivating Talent and Performance

Our progress is powered by our people. This year, we focused on internal leadership development, enhancing capabilities, and strengthening performance management through an updated Balanced Scorecard KPI system across all levels.

I am happy to share that we successfully improved our shopfloor layouts, freeing up a shed to convert it into a Townhall for large gatherings. This year, we initiated company-wide quarterly Townhall Meetings to enhance communication and encourage open discussions. Our culture emphasizes ownership, agility, and continuous learning, aligned with our ethos: Strong Products, Fast Service.

Bolstering Sustainability Commitments

FY2025 was a pivotal year for us as we transitioned from merely planning to taking decisive action in our ESG journey. We successfully commissioned a rooftop solar installation that now generates around 40% of one plant's energy needs. A comprehensive energy

audit has been completed, and we are actively implementing an upgrade plan for our utilities.

For the first time, our sustainability score has surpassed 70%, a clear indicator of our commitment. We are fully integrating ESG principles into our operations, viewing them not just as a matter of compliance but as vital components that enhance our efficiency and bolster our resilience.

Governance and Compliance Reinforcement

We launched a Clean Audit Review under the Audit Committee in FY2025, marking a new phase in our governance transformation. A detailed multi-year roadmap to elevate audit and governance maturity has been approved and is under phased implementation. The focus is on embedding control, visibility, and accountability into daily operations, not just periodic checks. Key initiatives include:

SAP Controls: Introduced role-based access, maker-checker validations, and budget-linked capex workflows to strengthen systemic discipline.

Workflow Streamlining: Tightened processes across procurement, inventory, finance, and quality for better traceability and reduced risk.

Digital Compliance Platform: All statutory filings, licenses, and regulatory renewals are now tracked digitally with alerts and dashboard-level visibility.

Revamped Risk Control Matrix: Defined and implemented 180 internal controls across functions, improving process rigor and accountability.

IFC Testing: Conducted third-party testing of all controls every quarter, ensuring continuous validation and audit preparedness.

These efforts reflect our commitment to transparent, traceable, and execution-driven governance.

The Road Ahead

As we approach FY2026, our priority is to operationalize ₹50 Crore in new business and increase our exports to account for 50% of our revenue. We plan to invest ₹25 Crore in capital expenditures to enhance productivity and profit margins while maintaining a focus on our core product lines: Engine, Driveline, and Axle components.

FY2025 was a pivotal year, demonstrating that purpose and swift execution are key to driving transformation. With the Vriddhi Mission 2027, we aim to double our revenues and excel in precision engineering. With strong momentum, a dedicated team, and lasting customer trust, we are ready to shape our next growth chapter.

Thank you for being a part of our journey.

Warm regards,

Mr. Viraj Kalyani
Managing Director

Our Legacy Shaping the Present

A clear purpose, emphasizing precision, perseverance, and a deep commitment to engineering excellence, has always guided Kalyani Forge since its inception in 1979. This legacy has not only endured over the years but has also actively contributed to the Company's current strengths.

Today's achievements — its most profitable year in a decade, a record number of new business wins, and a focused shift toward bolstering manufacturing precision — are all rooted in a foundation built over generations. This enduring strength has enabled Kalyani Forge to remain responsive, relevant, and resilient in the face of evolving market dynamics.

A defining chapter in the Company's journey began in 2000, when Mrs. Rohini Kalyani took on the role of Managing Director. Her leadership marked a pivotal turning point, injecting strategic clarity and setting Kalyani Forge on a renewed path of transformation. With a clear vision and a sharp focus on its core capabilities, she led the Company into a new era — one driven by innovation, value-added solutions, and global competitiveness.

Mrs. Kalyani's leadership has guided Kalyani Forge through 25 years of progress, from pioneering machined fracture-split connecting rods to instilling a culture of excellence. Today's success is a testament to a lasting legacy that continues to shape the Company's future.

- 1st Euro-6/BS VI-compliant conrod in India
- Expanded driveline and industrial business
- Launched Wheel Hub business
- Kalyani Studio established; tech vertical of the group
- Certified for ISO-14001:2004 and BS OHSAS-18001:2007
- Started Kalyani Operating System, which incorporates Lean Manufacturing Principles & adheres to ISO/TS 16949, ISO 14001, and OHSAS 18001

2025

- Highest PAT in 10 years
- All-time-high new order wins
- Received the Collaboration Excellence award from Mahindra for the fast development of connecting rods for their engine program

2000s

- Acquired technology for Constant Velocity Joint Parts – Tulips from GKN (UK)
- QS 9000 Certification, and establishment of CNC Tool Room
- Upgraded technology for CAD/CAM facilities
- 1st Fracture Split Conrod developed in India
- Forayed into Passenger Car segment
- Forayed into Truck segment
- Started Warm Forging (1st in India)
- Installed mid-sized presses 1,600T and 2,500T
- Established Machining Division
- Supply of Fully-machined, Fracture Split Connecting Rods
- ISO/TS 16949:2002 Certification
- Forging and Machining capacity expansion

2020s

- Scaling up Machining Business
- Started sales to EV platforms
- Record order wins from target customers
- Launched higher value-added processes like spline rolling, induction hardening
- Exports pipeline
- Digital Shopfloor project with Kalyani Studio

Business Portfolio

Engineering for Every Need

Kalyani Forge Limited specializes in engineering solutions across various industries, including electric mobility and marine infrastructure. With decades of expertise in metal forming, the Company produces high-quality forged and machined components forged, and machined components tailored to meet customer needs.

The Company's strong ties with global OEMs emphasize its reliability and innovation. Notably, it achieved its highest revenue from machined connecting rods, solidifying its industry-first status in India. Kalyani Forge has also expanded into marine applications, gaining certifications from ABS and BV, and is developing precision-forged components for electric powertrains.

With new business SOPs worth ₹50 Crore and successful capex projects totaling ₹25 Crore, Kalyani Forge is positioned for remarkable growth in a dynamic global market.

Facilities and Services

Hot Forging

Kalyani Forge is equipped with over three decades of experience in hot forging technology. During this time, it has upgraded its technology to work with a variety of raw materials, parts of varying sizes and complexities, as well as modern processes and automation.

Cold and Warm Forging

The Company has been manufacturing warm- and cold-forged components for over a decade. Its primary advantage of cold forging lies in the material savings achieved through precise shaping, which requires minimal finishing and eliminates shrinkage and scaling. The Company thus achieves better control over the process and the quality of its products.

Precision Machining and Finishing

Offering in-house machining facilities for its various product lines, enabling the Company's products to be supplied in either pre-machined or fully machined condition, ready for installation with exceptional quality. With its technologically advanced CNCs, VMCs, HMCs, and SPMs, Kalyani Forge maintains an unwavering emphasis on quality and on-time delivery, enabling it to meet the stringent demands of its customers.

Heat Treatment

An expert in heat treatment, guaranteeing exceptional performance of its products in high-pressure and safety-critical applications. The Company utilizes continuous heat treatment furnaces that minimize internal stresses, refine the grain structure, and enhance the mechanical and physical properties of its products. Additionally, it employs a controlled cooling process through forging heat for micro-alloyed steels.

Die Manufacturing

The Company's in-house die and tool manufacturing leverages solid modeling, simulation, and CAM/ CAD technologies for quick and precise responses to complex geometries. It utilizes advanced machines such as EDM, WEDM, and high-speed milling from top brands (Makino, Hass, Cincinnati Milacron, ZNC). The facility is linked to the CAD-CAM center via fiber optics for consistent, high-quality tools and dies.

Testing and Inspection

To maintain its high-quality standards, Kalyani Forge utilizes state-of-the-art laboratories that provide metallurgical and metrological testing capabilities for raw materials, in-process components, and finished products. The Company has a team of certified members with the latest knowledge of cutting-edge technologies and best practices, ensuring it delivers quality products and exceptional after-sales service to its customers.

Engineering

Engineering is the core of the Company. With a blend of engineering excellence, innovative ideas, and a creative team, it has built a dynamic, customer-focused organization. Kalyani Forge is committed to tailoring its services to meet the unique needs of each customer, bringing their concepts to life.

The Company offers three types of services:

Design

Enhances cost, quality, and material use by analyzing metal flow and initial profiles. The engineering team aims to shorten lead times, eliminate bottlenecks, and ensure timely delivery for quick product launches.

Prototyping

Prioritizes development lead times by incorporating prototyping into its engineering department, enabling customers to reduce lead times for both new and modified products.

Value Engineering

A team-based approach to create alternatives to existing solutions, focusing on reducing costs, enhancing productivity, improving quality, and streamlining manufacturing time to help customers achieve better ROI in competitive markets.

Logistics

Kalyani Forge has always prioritized customer satisfaction, regardless of geographical position. It strives to deliver products and services within the agreed lead times, ensuring that its customers receive the best quality along with outstanding service. From freight transportation to warehousing and distribution, the Company handles it all to delight its customers.

Innovations Strengthening Operations

The Company embraces lean manufacturing principles focused on precision and continuous improvement to meet quality and customer expectations. Its zero-defect philosophy integrates quality into every process. By focusing on data-driven enhancements and stability, it upholds high standards while utilizing the kaizen approach to reduce variation and waste, enabling quick responses to market demands.

In FY2025, this approach supported several key achievements, including ramping up production of high-value, precision-machined connecting rods and launching new components for electric powertrains and marine applications.

New Product Launches

Commenced SOPs for Two New Machined Connecting Rod Programs

Successfully launched two high-precision connecting rod programs in Q4 FY25, reinforcing Kalyani Forge's leadership in engine-critical components.

Samples Approved for New Automotive Export Program

Received customer approval for a key export order, expanding the Company's global footprint and validating its capability in meeting international quality benchmarks.

Initiated Forging Modernization Program

Launched a strategic modernization initiative to enhance productivity, reduce downtime, and increase press efficiency across the forging line.

Completed First Full Reconditioning of 1,600T Forging Press

Revamped the 1,600-ton press as part of the modernization drive — boosting reliability, extending equipment life, and enabling higher operational output.

Diversified Offerings

Kalyani Forge continues to dominate the automotive sector while rapidly expanding and growing in power, off-highway, construction, marine, and electric mobility industries. The Company's focus on electric vehicle (EV) development keeps it aligned with global transportation trends, enhancing partnerships with leading OEMs by meeting the precision and material performance needs of electric powertrains.

Key markets include:

Trucks

High volume and value forgings in a large, mature market.

Cars

High-volume and high-value forgings, also in a mature market.

Industrial

Steady growth for large engines, providing a hedge against automotive cyclicality and leveraging automotive standards expertise for competitive differentiation.

Agro

High volume market for agro engines with a similar hedge against automotive cyclicality.

In FY2025, Kalyani Forge launched its first rooftop solar project to enhance operational sustainability and reduce reliance on conventional energy. A power cost reduction program is underway to enhance efficiency, alongside improved manufacturing capabilities and a company-wide digitization initiative. By diversifying offerings and strengthening core competencies, Kalyani Forge is building a resilient business that delivers value across various industries and geographies.

Strategy

Effective Strategy that Drives Bold Gains

Strategic clarity remains the Company's strongest differentiator. In FY2025, its focus on high-value, future-ready platforms translated into record-breaking outcomes — the highest PAT in a decade, all-time-high new order wins, and a rebound in share price to H890, reflecting strong shareholder confidence and execution excellence.

Despite a marginal top line degrowth, the dip stemmed from its conscious exit from end-of-life, low-margin automotive programs that no longer aligned with its strategic direction. Kalyani Forge chose to invest in programs with long-term value, targeting OEMs' latest technology platforms and securing its position as a preferred supplier.

In FY2025, this approach helped it achieve **20 new business wins** valued at approximately **₹115 Crore (\$9 Million)**, its highest in a single year.

These wins encompass a diverse range of automotive and industrial segments across both domestic and export markets, bolstered by the Vriddhi Council, which has served as a strategic roadmap enabling tremendous growth for the Company.

Committed to being the "Last-Man-Standing" in critical internal combustion engine (ICE) components like connecting rods, Kalyani Forge focuses on engineering precision and reliability for its core customers. The Company's operational excellence initiatives such as a digitized compliance system and ERP upgrades, have enhanced internal controls and service levels, resulting in sustainable gains across the board.

Vriddhi Council: Driving Growth with Precision and Purpose

Launched as part of the broader Vriddhi Mission in 2022, the Vriddhi Council (VC) represents a structured approach to translating strategy into results at Kalyani Forge. Introduced in FY2024, it catalyzes operational excellence and business transformation.

The Council consists of high-potential project leaders focused on executing 13 high-impact initiatives aimed at expanding EBITDA, enhancing systems, and driving value creation. Key areas of focus include machine reconditioning, power cost reduction, productivity improvement, COPQ reduction, and process optimization, all targeted at achieving tangible results.

With an ambitious target of delivering ₹57 Crore in EBITDA — a ₹34 Crore increase over the previous year — the Council emphasizes accountability and agility. Each project leader is responsible for outcomes, supported by senior leadership sponsors, and reviewed on a daily, weekly, and monthly basis.

Rooted in speed, focus, collaboration, and a growth mindset, the Council fosters a high-ownership culture, directly involving the CFO, CHRO, and MD Office. Its impact is evident: the Vriddhi Council is propelling Kalyani Forge towards greater resilience, performance, and future readiness.

Future Outlook and Vision

Kalyani Forge is charting a bold growth trajectory, rooted in its core strengths and driven by strategic ambition. Over the next 3–5 years, the Company aims to scale up significantly, targeting a revenue milestone of ₹1,000 Crore, while doubling its EBITDA margins to 20% through a sharp focus on operational excellence and value creation.

The future roadmap places a strong emphasis on scaling high-performing product lines, particularly in areas such as connecting rods, driveline parts, and axle bars — areas where the Company has built unmatched domain expertise and engineering capabilities.

Innovation and technical excellence will remain at the heart of this growth story. By enhancing digital readiness, strengthening process automation, and advancing material and design

engineering, the Company will continue to deliver complex, performance-critical components for both legacy and emerging mobility platforms.

As the Company moves ahead with clarity and conviction, it is building not just scale, but a globally competitive, quality-first, and innovation-led enterprise, ready to meet the demands of a rapidly-changing world.

A key pillar of this vision is the expansion of the Company's export footprint, from the current 15% to 50% of total revenue, by deepening engagements with global OEMs and delivering high-precision, quality-certified components that meet international standards.

ECONOMIC REVIEW

Global Economy

The global economy in FY2025 continued its gradual recovery amidst ongoing geopolitical tensions, inflationary pressures, and changing monetary policies in key regions. While growth in advanced economies remained moderate due to tight financial conditions and geopolitical uncertainty, emerging markets and developing economies showed resilience. This resilience was supported by rising consumption, increased infrastructure investments, and a focus on digital and industrial transformation.

The forging industry, which plays a crucial role in the global manufacturing value chain, is well-positioned to benefit from renewed momentum in sectors such as automotive, defense, aerospace, and industrial machinery. There is a noticeable global trend toward investing in sustainable infrastructure, green technologies, and automation, which is driving demand for precision-forged components.

Manufacturing output has consistently improved, as companies adopt innovative manufacturing practices that focus on efficiency, innovation, and localized supply chains. This shift presents new opportunities for forming partnerships between companies with strong technical capabilities and global connections.

Outlook

According to the International Monetary Fund (IMF), the April 2025 World Economic Outlook (WEO) projects a global growth rate of 2.8% for 2025, with an increase to 3.0% anticipated in 2026¹. This forecast has been revised downward due to several factors, including heightened trade tensions, policy uncertainty, and declining demand. Advanced economies are experiencing subdued growth, primarily due to high interest rates and geopolitical uncertainties. In contrast, emerging markets and developing economies (EMDEs) are demonstrating resilience through strong domestic consumption, infrastructure development, and a focus on digitalization and industrial transformation.

The forging and precision engineering industry is experiencing significant growth in sectors such as automotive, aerospace, and industrial machinery. This growth is driven by government incentives and increased capital spending. Additionally, the shift toward sustainable infrastructure and localized supply chains is creating long-term demand for high-quality components.

Indian Economy

India's economy has maintained its growth trajectory in FY2025, solidifying its position as one of the world's fastest-growing major economies. Supported by strong domestic

consumption, strategic government initiatives, and increased infrastructure spending, the overall economic environment remains favorable for industrial and manufacturing growth. According to estimates from the National Statistical Office (NSO), India's GDP has indicated a real GDP growth of 6.5%² in FY2025, demonstrating resilience despite global challenges.

The forging industry is experiencing increased demand, driven by sectors such as automotive and defense. Government initiatives such as "Make in India" and Production Linked Incentives (PLIs) are promoting domestic manufacturing, creating opportunities in precision engineering. India's appeal as a manufacturing hub is bolstered by global supply chain diversification and rising foreign direct investment (FDI). By adopting Industry 4.0 practices, companies like Kalyani Forge Limited are set to meet the demand for high-quality forged components, improving productivity and efficiency.

Outlook

The economic outlook for India in FY2026 remains positive, with projections indicating that it will be the world's fastest-growing major economy, projected to expand by 6.3%³ to 6.8% in FY2026. This transformation is the result of a decade of decisive governance, visionary reforms, and increased global engagement. The growth is driven by strong domestic demand, significant investments in infrastructure, and expansion across various industries. The favorable macroeconomic environment, along with the government's ongoing initiatives in manufacturing and digitization, provides a solid foundation for Kalyani Forge Limited to strengthen its market position.

Key growth drivers include the PM Gati Shakti Master Plan, rapid infrastructure development, and strategic programs such as PLI and "Make in India," which aim to increase domestic industrial output.

This encouraging economic climate benefits the forging and engineering sectors, as demand for forged components is rising, particularly with the recovery of the automotive industry and growth in defense, agriculture, and construction. Additionally, foreign direct investment (FDI) is estimated to have reached \$80 Billion, further solidifying India's reputation as a reliable manufacturing hub as global companies look to diversify their supply chains.

BUSINESS ENVIRONMENT

Automotive Business

The automotive sector is a crucial part of Kalyani Forge Limited's business, significantly contributing to its revenue. The commercial vehicle (CV) segment has established the Company as a trusted partner, and Kalyani Forge is now gaining strong traction in the passenger vehicle (PV) space by maintaining the same high standards of quality, precision, and reliability.

The Company's engineering expertise, advanced processes, and agile supply chain have enabled it to adapt to the evolving needs of both internal combustion engine (ICE) and emerging electric vehicle (x-EV) platforms. The Company's focus on high-strength, lightweight, and precision-forged components aligns with the industry's shift toward electric vehicles (EVs) and advanced driver-assistance systems (ADAS). Notably, the commissioning of a new 4,000T press has expanded its forging capabilities from 10 kg to 25 kg, allowing for the production of larger components, such as stub axles for commercial vehicles and crankshafts for passenger cars, thereby strengthening its market position in the mobility sector.

Industrial Business

The industrial segment remains a crucial area of growth for Kalyani Forge Limited, covering a diverse range of applications, including power generation, construction, mining, infrastructure, marine, railways, and other off-highway vehicles. With the Indian economy continuing on a strong growth trajectory, these sub-sectors are experiencing consistent capital inflows and expansion.

The global demand for reliable power generation is increasing, driven by the growth of data centers due to advances in AI, IoT, and cloud computing. Kalyani Forge has leveraged its expertise in ICE-based forged components to strengthen its position in the industrial segment. By enhancing its product portfolio and focusing on customer relationships, the Company is addressing evolving needs like stricter emission norms and higher precision, providing a competitive edge in the market.

Outlook

In FY2025, Kalyani Forge strengthened its relationships with global OEMs and Tier-1 customers, resulting in long-term collaborations and a shift towards strategic partnerships that focus on high-value engineered forgings and comprehensive component solutions. It has enhanced its capacity with a 4,000T press and increased automation, positioning itself to meet the rising demand for complex components.

Building on the strong performance of FY2025, Kalyani Forge enters FY2026 with renewed confidence, supported by strategic clarity, operational efficiency, and customer-centric innovation. The Company is well-positioned to capitalize on opportunities in key sectors, including automotive, industrial automation, oil and gas, aerospace, construction, and marine.

The Company is optimistic about precision-forged products and focuses on global expansion, product diversification, and process innovation. With an emphasis on operational efficiency and technological advancements, Kalyani Forge strives for sustainable growth while navigating the volatility of raw material prices. They are committed to value creation and are well-prepared to seize future opportunities.

FINANCIAL REVIEW

Income Statement Summary

Kalyani Forge's performance for FY2025 demonstrated resilience, with total income amounting to ₹23,915.44 Lakh, representing a 0.63% decrease from ₹24,066.32 Lakh in FY2024.

Despite this slight decline in income, the Company's profitability showed remarkable improvement. EBITDA, approximated here as profit before exceptional items and tax increased to ₹2,651 Lakh, marking a 106.5% rise from ₹561.92 Lakh in the previous year. Additionally, Profit After Tax (PAT) also saw substantial growth, reaching ₹831.48 Lakh, an increase of 82.7% compared to ₹455.01 Lakh in FY2024.

HUMAN RESOURCES

At Kalyani Forge Limited, human capital is regarded as the cornerstone of sustained organizational success, emphasizing a transparent and collaborative workforce. In FY2025, the Company focused on building a future-ready workforce through strategic hiring, role restructuring, and succession planning as part of the Vriddhi Growth Mission 2027.

The Kaizen Awards initiative enhanced employee engagement and fostered a culture of continuous improvement through innovative, cost-effective ideas. Operator training modules were refined to incorporate quality, safety, and lean manufacturing, supported by tailored training programs. Additionally, expanded employee welfare initiatives reflected the Company's commitment to a positive, inclusive work environment, as Kalyani Forge prioritizes talent development and innovation aligned with strategic goals.

INFORMATION TECHNOLOGY

In FY2025, Kalyani Forge Limited advanced its digital transformation by expanding technology adoption across various functions. Building on the success of CRM, Recruitment Management, and Project Management Software implemented in FY2024, the focus this year shifted to optimizing these platforms for better integration and user adoption, enhancing workflow efficiency and collaboration.

The Company has initiated digital programs to automate tasks, improve reporting, and enhance decision-making through better data access. It focuses on knowledge management, cybersecurity, data integrity, and user training to ensure a secure digital infrastructure. Kalyani Forge views technology as a strategic enabler and aims to invest in digital innovation for long-term growth and operational excellence.

CORPORATE SOCIAL RESPONSIBILITY

Kalyani Forge Limited is committed to the principles of inclusive and sustainable development. The Company believes in giving back to society with purpose and passion, and its Corporate Social Responsibility (CSR) initiatives reflect this philosophy.

A key focus area for the Company's CSR efforts is skill development and job creation, particularly among youth and aspiring professionals. In FY2025, they supported technical education by sponsoring the Automobile Racing Team at the College of Engineering, Pune (COEP), fostering innovation, engineering excellence, and teamwork while nurturing future talent for the automotive and manufacturing sectors. Kalyani Forge is dedicated to supporting causes that align with its CSR policy, such as community development, environmental sustainability, and health. All activities adhere to the framework established by the CSR Committee, ensuring transparency and a positive impact. The Company aims to deliver meaningful outcomes and create lasting value for society.

RISK MANAGEMENT

Kalyani Forge Limited recognizes that effective risk management is crucial for achieving strategic objectives and ensuring long-term sustainability. Operating in a dynamic environment, the Company faces various operational, financial, strategic, environmental, and social risks. To manage these, it has implemented a structured Risk Management Framework for the proactive identification, assessment, mitigation, and monitoring of risks, aligned with its governance and internal control systems.

Key Risks Identified and Monitored

The Risk Management Policy outlines various critical risks that are periodically reviewed and managed. These include:

- Supply Chain Risks:
 - Raw material shortages
 - Press breakdowns affecting production continuity
 - Die failures and tooling disruptions
 - Power outages impacting operations
- Strategic and Market Risks:
 - Changes in government policies and regulatory landscapes

- Global trade regulations affecting competitiveness and exports
- Entry of new competitors or disruptive market shifts
- Geopolitical and Environmental Risks:
 - Geopolitical instability impacting international supply chains
 - Natural disasters such as floods or heavy rains affecting logistics and operations
- Technological and Innovation Risks:
 - Rapid technological changes that may affect the relevance of existing products or processes
 - Need for continuous innovation to stay ahead of evolving industry requirements

Kalyani Forge Limited actively monitors risks and has contingency plans to ensure business continuity, including supplier diversification and predictive maintenance. The Board of Directors and senior management regularly review risks and oversee mitigation strategies, fostering a culture of accountability and transparency.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Kalyani Forge Limited emphasizes the importance of a strong internal control system to ensure operational efficiency, financial accuracy, compliance, and asset protection. Given its focus on precision forging and automation, the Company maintains a dynamic framework to mitigate risks and support strategic goals.

Key components of the internal control system include:

- Accurate authorization, recording, and reporting of transactions
- Safeguarding of assets from unauthorized use
- Compliance with statutory and regulatory requirements
- Provision of reliable financial and operational information

Kalyani Forge integrates internal controls into its business processes through the use of automated controls, standard procedures, and manual checks to ensure oversight. The Audit Committee assessed findings in FY2025 and implemented action plans, finding no significant control failures. The Company is committed to enhancing its internal control environment to support growth and foster stakeholder confidence through ongoing investments in automation and governance.

17. FORMAL ANNUAL EVALUATION:

In accordance with the provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Board is responsible for monitoring and reviewing the Board evaluation framework. Additionally, as per the Companies Act, 2013, the Board is required to undertake a formal annual evaluation of its own performance, as well as that of its Committees and individual Directors. Further, Schedule IV of the Companies Act, 2013, provides that the performance evaluation of Independent Directors shall be conducted by the entire Board, excluding the Director being evaluated.

Pursuant to the above, the Company has formulated a Policy for performance evaluation of the Board, its Committees, Independent Directors, Non-Executive Directors, and the Executive Director. The Company also benchmarked the best practices prevalent in the industry as part of the evaluation process. Based on these, a structured evaluation process was carried out by the Board to assess its own performance, along with that of its Committees and individual Directors.

A separate meeting of Independent Directors was held on 18th March 2025, wherein the performance of the Chairperson, Non-Independent Directors, and the overall functioning of the Board was evaluated. The Independent Directors also reviewed the adequacy

and effectiveness of the flow of information between the Management and the Board.

Furthermore, the Company undertook a detailed familiarization program for Independent Directors covering the Company's business, its model, roles, responsibilities, and rights of Directors, among others. The Nomination and Remuneration Committee led the formal evaluation process using individual rating matrix. As part of this process, the performance of the Non-Independent Directors, the Chairman, and the Board as a whole was evaluated by the Independent Directors, while the performance of the respective Committees and both Independent and Non-Independent Directors was evaluated by the Board, excluding the Director being assessed.

18. COMPANY'S POLICY ON APPOINTMENT AND REMUNERATION:

The Nomination and Remuneration Policy of the Company, inter alia, provides that the Nomination and Remuneration Committee shall formulate the criteria for appointment of Directors on the Board of the Company and persons holding Senior Management positions in the Company, including their remuneration and other matters as provided under Section 178 of the Act and Listing Regulations. Details of conservation of energy, technology absorption, foreign exchange earnings and outgo, the particulars relating to the conservation of energy, technology absorption, foreign exchange earnings and outgo

A. CONSERVATION OF ENERGY

Kalyani Forge Limited remains committed to sustainability and energy efficiency across its operations. The Company has undertaken several proactive initiatives aimed at optimizing energy usage, reducing waste, and integrating renewable energy sources to lower its environmental impact and operational costs.

1. Steps Taken or Impact on Conservation of Energy

During the year under review, the Company continued its consistent efforts to conserve energy through innovative and effective practices. These measures have contributed to improved operational efficiency and substantial savings on energy costs. Notably, the Company achieved favorable Power Factor incentives from the Maharashtra State Electricity Board (MSEB), reflecting its efficient energy usage and reduced power consumption.

2. Steps Taken by the Company for Utilizing Alternate Sources of Energy

In alignment with its long-term vision for sustainability, the Company initiated the installation of a rooftop solar power plant at one of its manufacturing units. This project is expected to be commissioned and made operational in FY2025. Once implemented, it will contribute significantly to the Company's renewable energy usage and reduce dependency on conventional power sources.

3. Capital Investment on Energy Conservation Equipment

The Company invested in the latest upgraded induction billet heaters, which offer enhanced output per kilowatt. This technology upgrade is expected to reduce energy consumption per metric ton, thereby resulting in higher energy efficiency and lower operating costs.

B. TECHNOLOGY ABSORPTION

Pursuant to the provisions of Section 134(3)(m) of the Companies Act, 2013 read with the Companies (Accounts) Rules, 2014, the disclosure of efforts made towards technology absorption is provided below:

(i) the efforts made towards technology absorption	The Company continued its focused efforts on the absorption and internalization of advanced technologies across its forging and machining operations. This included optimizing existing manufacturing processes, enhancing plant automation, and strengthening engineering capabilities to support innovation and productivity gains.
(ii) the benefits derived like product improvement, cost reduction, product development or import substitution	<ul style="list-style-type: none"> • Improvement in productivity across both forged and machined components while maintaining competitive quality standards. • Enhancement of process technologies, resulting in a competitive edge in operational efficiency and delivery. • Successful commercial scale-up of newly developed forged and machined components. • Strengthened internal capabilities, enabling the Company to attract and serve new customers in domestic and global markets. • Improved material yield in forging processes, leading to cost efficiencies and reduced waste.

- (iii) in case of imported technology (imported during the last three years reckoned from the beginning of the financial year)
- (a) the details of technology imported
- (b) the year of import;
- (c) whether the technology been fully absorbed
- (d) if not fully absorbed, areas where absorption has not taken place, and the reasons thereof
- (iv) the expenditure incurred on Research and Development

□ Research & Development (R&D)

Kalyani Forge Limited continues to place strong emphasis on Research and Development as a cornerstone of its business strategy. The Company's R&D initiatives are driven by a highly experienced and qualified team, which operates with a mindset of "zero defects, zero effects, and delivering perfection."

Objectives of R&D

The R&D program of the Company is aligned with its long-term vision and is focused on the following key objectives:

- Development of new and innovative forged and machined engineering components.
- Continuous upgrading of technology to enhance operational efficiency.
- Conservation of energy through fuel and power optimization.
- Material yield improvement to support cost and resource efficiency.
- Process optimization to reduce environmental impact and improve quality.

Key R&D Initiatives Undertaken During FY2024-25

- Proactive development of negative draft inner track outer race forging with machining integration.
- In-house machining capabilities established for **Spindle Knuckle** and **Suspension Arm forgings**.
- Development of **new bolster** assembly with integrated hydraulic clamping and power pack system.
- Value Analysis and Value Engineering (VAVE):** Improved material yield in **Stainless Steel Nozzle Ring (D1253)** by 150 gm/pc.
- Proactive development of **Triglide TGEM Housing** forging for electric vehicle (EV) applications.

- Development of **complex rocker arm forgings** with intricate profiles.
- VAVE initiative to eliminate **finishing and grinding** by minimizing flash extension during trimming, maintaining drawing specifications.
- VAVE: Enhanced material yield in **Crank Shaft Forging (D1488)** by 150 gm/pc.
- Introduction of **rack rolling technology** for parts supplied in machined condition.
- Replacement of hazardous **zinc phosphate** coating with **polymer coating** in warm forging to reduce soil pollution.
- Deployment of **eddy current testing** to ensure material quality and prevent material mix-up in warm forging supply.
- Development of critical inner diameter groove machining for turbocharger parts as part of the Company's evolving product roadmap.

Core Focus Areas of the R&D Department

1. New Product Development:

Designing forgings with complex profiles, challenging manufacturability, and enhanced mechanical properties (strength, fatigue resistance, wear resistance).

2. New Process Development:

Focused on reducing process cycle time, improving operator safety, and minimizing environmental impact.

3. Technology Advancement:

Introducing innovative technologies that broaden the range of supply conditions, improve product quality, and enhance customer satisfaction.

□ Technology Absorption, Adaptation and Innovation

Kalyani Forge Limited continues to invest in advanced technologies and adapt innovative manufacturing practices to meet evolving customer requirements and global standards. The Company has successfully integrated both in-house and globally benchmarked technologies to strengthen its product portfolio and process efficiency. Through dedicated **in-house Research and Development**, the Company has developed **outer race forgings** for driveline assemblies featuring internal tracks using **warm and cold forging methods**. This not only enhances the precision and strength of the components but also improves manufacturing efficiency.

In a major step towards expanding into high-performance automotive components for international markets, the Company has commenced **adoption of fracture split technology** a cutting-edge process used for producing **critical automotive connecting rods**. This advancement positions the Company to cater to global OEM requirements and reinforces its commitment to innovation and quality excellence.

These efforts underscore Kalyani Forge Limited's continuous pursuit of technology-driven growth, enhanced productivity, and international competitiveness.

INDEPENDENT AUDITOR'S REPORT

To the Members of Kalyani Forge Limited Report on the Audit of the Financial Statements

DISCLAIMER OF OPINION

We were engaged to audit the accompanying financial statements of Kalyani Forge Limited ("the Company"), which comprise the Balance sheet as at 31st March 2025, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity, the Statement of Cash Flows for the year then ended and Notes to the Financial Statements, including a summary of material accounting policies and other explanatory information (hereinafter referred as the "financial statements").

We do not express an opinion on the accompanying financial statements of the Company because of the significance of the matters described in the basis for disclaimer of opinion paragraph of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements as to whether these financial statements give a true and fair view in conformity with the applicable accounting standards ("Ind-AS") and other accounting principles generally accepted in India of the net profit and other comprehensive income and other financial information of the Company for the year ended 31st March 2025.

BASIS FOR DISCLAIMER OF OPINION

- I. The Company has been in the process of refining its stock valuation methodology since prior financial years. This involves updating standard rates for material, labour and overheads based on the current prevailing rates and relevant data. As the said process is not completed, the quantities and valuation of inventories and the consequential impact thereof, if any on the cost of raw materials and components consumed and the changes in inventories of finished goods, work in progress and stock in trade is unascertainable.
- II. Balance of trade receivables, trade payables and stock with vendors are subject to confirmations, reconciliations, and consequential adjustments, if any, as a result of which we are unable to obtain sufficient and appropriate audit evidence. We were unable to satisfy ourselves even after applying alternative means concerning such balances.
- III. Balances of amount appearing under GST input tax credit and sales reported in GSTR 1 is subject to reconciliations, and consequential adjustments, if any. We were unable to satisfy ourselves even after applying alternative means concerning such balances.

- IV. We have been given to understand that the Company is in the process of updating the relevant documentation for internal financial control over financial reporting. In the absence of necessary documentation, we could not determine if the Company has established adequate internal financial control with reference to financial statements and whether such internal financial controls were operating effectively as at 31st March 2025.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report but does not include the financial statements and our auditor's report thereon. The Company's board report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit otherwise appears to be materially misstated.

When we read the board's report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act, with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with accounting principles generally accepted in India, including the Ind AS specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial

statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors is also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our responsibility is to conduct an audit of the Company's financial statements in accordance with Standards on Auditing and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act, and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

OTHER MATTERS

The comparative financial information of the Company for the year ended 31st March 2024 included in these financial statements, are audited by the predecessor auditor whose report for the year ended 31st March 2024 dated 30th May 2024 has expressed disclaimer of opinion on those financial statements.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure 'A' a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, we report that:
 - a. As described in Basis for Disclaimer of Opinion paragraph, we have sought but we were not provided with all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. Due to possible effects of the matters described in the Basis for Disclaimer of Opinion paragraph, we are unable to state whether, proper books

of account as required by law have been kept by the Company so far as it appears from our examination of those books.

- c. Due to possible effects of the matters described in the Basis for Disclaimer of Opinion paragraph, we are unable to state whether the Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows, dealt with by this Report are in agreement with the books of account.
- d. Due to possible effects of the matters described in the Basis for Disclaimer of Opinion paragraph, we are unable to state whether, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e. The matters described in the Basis for Disclaimer of Opinion paragraph above, in our opinion, may have an adverse effect on the functioning of the Company.
- f. On the basis of the written representations received from the directors as on 31st March 2025, taken on record by the Board of Directors, none of the directors are disqualified as on 31st March 2025, from being appointed as a director in terms of Section 164 (2) of the Act.
- g. With respect to the adequacy of the internal financial controls with reference to these Financial Statements and the operating effectiveness of such controls, refer to our separate Report in Annexure 'B'. Our report expresses disclaimer of opinion on the Company's internal financial control over financial reporting with reference to financial statements.
- h. Due to the possible effects of the matters described in the "Basis for Disclaimer of Opinion" section of this report, we are unable to comment whether the managerial remuneration paid/provided by the Company during the year is in accordance with the provisions of Section 197 of the Act.
- i. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. In the absence of sufficient information, we are unable to state whether the Company has disclosed the impact of pending litigations on its financial position in its

financial statements – Refer Note 32.1 to the financial statements.

- ii. The Company does not have any material foreseeable losses on long term contracts including derivative contracts requiring provision under the applicable law or Indian Accounting Standards.
- iii. There has been delay in transferring amounts, required to be transferred to the Investor Education and Protection Fund by the Company on account of unclaimed dividend.
- iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (b) The Management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly,

lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (i)(iv)(a) and (i) (iv)(b) above contain any material misstatement.
- v. Due to the possible effects of the matters described in the Basis for Disclaimer of Opinion section of this report, we are unable to comment whether the dividend declared or paid during the year by the Company is in compliance with section 123 of the Companies Act, 2013.
- vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the year ended 31st March 2025, which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software, except for the Accounting Software (SAP ERP) wherein the audit trail has not been enabled at application level for modification to customized tables and at database level. Further, during the course of our audit, we did not come across any instance of the audit trail feature being tampered with for software's maintained by the Company.

Annexure A to the Independent Auditor's Report

As referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section in our Independent Auditor's Report of even date on the financial statements of Kalyani Forge Limited for the year ended 31st March 2025.

Statement on Matters specified in paragraphs 3 and 4 of the Companies (Auditor's Report) Order, 2020 ("the Order"):

Except for the possible effects of the matters described under 'Basis for Disclaimer of opinion' paragraph of the independent auditor's report and in terms of the information and explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- I. a. (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- b. The Company does not have a formal policy of physical verification of property plant and equipment. In the absence of the information, we are unable to comment on the reasonableness of the frequency. As informed to us, the Company has carried out the physical verification of fixed assets after the close of financial year and no material discrepancies were noted in the exercise conducted by the Company.
- c. Based on our examination, we report that the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), disclosed in the financial statements, are held in the name of the Company.
- d. The Company has not revalued any of its property, plant and equipment (including Right of Use Assets) and intangible assets during the year.
- e. No proceedings have been initiated during the year or are pending against the Company as at 31st March 2025, for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

- II. a. As referred to in para (i), (ii) and (iv) of Basis of Disclaimer of Opinion and due to absence of sufficient information, we were unable comment on the reasonableness of frequency of physical verification of inventory and to determine whether any discrepancies of 10% or more in the aggregate for each class of inventory were noticed.

The management did not implement adequate cut-off procedures and policies during the inventory verification process and hence we are unable to confirm the effectiveness and accuracy of the inventory verification process carried out after the end of the financial year.

- b. The Company has been sanctioned working capital limits in excess of five crore rupees in aggregate, from banks on the basis of security of current assets. In absence of information with respect to quarterly returns or statements filed by the Company with such bank, we are unable to comment on whether the returns/statements are in agreement with the books of account.

- III. According to the information and explanation given to us and the records examined by us, the Company has not made any investments, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, hence reporting under clauses 3 (iii) (a), (b), (c), (d), (e) and (f) is not applicable.

- IV. The Company has not given any loans, or provided any guarantee or security as specified under Section 185 of the Act and the Company has not provided any guarantee or security as specified under Section 186 of the Act. Further, the Company has complied with the provisions of Section 186 of the Act in relation to investments made.

- V. The Company has not accepted any deposit or amounts which are deemed to be deposits under section 73 to 76 of the Act. Hence, reporting under Clause 3 (v) of the Order is not applicable.

- VI. Pursuant to the rules made by Central Government of India, the Company is required to maintain cost records as specified under section 148(1) of the Act. Due to the possible effects of the matters described in the "Basis for Disclaimer of Opinion" paragraph of the independent auditor's report and in the absence of sufficient and necessary information, we are unable to comment whether such accounts and records have been so made and maintained.

VII. In respect of statutory dues:

- a. In our opinion, other than dues towards Gram panchayat tax, the Company is generally regular in depositing undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income Tax, Cess and other material statutory dues applicable to it with the appropriate authorities. Due to absence of information, we

are unable to comment on the ageing of the Gram panchayat tax.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income Tax, Cess and other material statutory dues in arrears as at 31st March 2025 for a period of more than six months.

- b. Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on 31st March 2025 on account of disputes are given below:

In the absence of sufficient and appropriate information, we are unable to comment on the completeness and accuracy of the disputed dues reported above.

- VIII. As represented to us by the management of the Company, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

- IX. a. The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.
- b. The Company is not declared wilful defaulter by any bank or financial institution or other lender.
- c. The term loans were applied for the purpose for which the loans were obtained.

- d. On an overall examination of the financial statements of the Company, funds raised on short-term basis have been, prima facie, not been used during the year for long-term purposes by the Company.
- e. The Company does not have any investment in subsidiaries, hence reporting under Clause 3(ix) (e) of the Order is not applicable.
- f. The Company does not have any investment in subsidiaries, hence reporting under Clause 3(ix) (f) of the Order is not applicable.
- X. a. The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3 (x) (a) of the Order is not applicable.
- b. During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally). Accordingly, the reporting under Clause 3 (x) (b) of the Order is not applicable.
- XI. a. Based on examination of the books and records of the Company and according to the information and explanations given to us, considering the principles of materiality as outlined in the Standards on Auditing, we report that no fraud by the Company or on the Company has been noticed or reported during the course of the audit.
- b. According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- c. As represented to us by the management, there were no whistle blower complaint received by the Company during the year.
- XII. The Company is not a Nidhi Company and hence reporting under Clause 3 (xii) of the Order is not applicable.
- XIII. All transactions entered into by the Company with the related parties are in compliance with sections 177 and 188 of the Act, where applicable and the details of the related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

- XIV. a. The Company has an internal audit system, wherein an external consulting firm is carrying out the internal audit work. In our opinion, based on risk assessment, the scope and coverage need to be increased to be commensurate with the size and nature of the business of the Company.
- b. In the absence of timely availability of the signed internal audit reports, we have not considered the internal audit reports for the year under audit.
- XV. As represented by the management of the Company, during the year, the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- XVI. a. The Company is not required to be registered under section 45IA of the Reserve Bank of India Act, 1934. Hence reporting under Clause 3 (xvi) (a), (b) and (c) of the Order is not applicable.
- d. According to the information given to us, there are no Core Investment Companies within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under Clause 3 (xvi) (d) of the Order is not applicable.
- XVII. The Company has not incurred cash losses in the financial year under the audit and the immediately preceding financial year.
- XVIII. Kalyaniwalla & Mistry LLP, Chartered Accountants, the previous statutory auditors of the Company have resigned with effect from 11th November 2024, and no issues, objections or concerns were raised by the outgoing auditor.
- XIX. According to the information and explanation given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We,

Annexure B to the Independent Auditor's Report

(Referred to in paragraph 2(f) under the heading 'Report on Other Legal and Regulatory Requirements' of our Independent auditors' report of even date on the financial statements of Kalyani Forge Limited for the year ended 31st March 2025)

REPORT ON INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE FINANCIAL STATEMENTS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 (THE 'ACT')

We were engaged to audit the internal financial controls over financial reporting of Kalyani Forge Limited (the "Company") as of 31st March 2025, in conjunction with our audit of the accompanying financial statements of the Company for the year ended on that date.

DISCLAIMER OF OPINION

As described in the "basis for Disclaimer of Opinion" paragraph below, we are unable to obtain sufficient and appropriate audit evidence to provide a basis for our opinion whether the Company had adequate internal financial controls with reference to financial statements and whether such internal financial controls were operating effectively as at 31st March 2025 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control as stated in Guidance Note on Audit of Internal Control over Financial reporting issued by the Institute of Chartered Accountants of India (ICAI).

We have considered the disclaimer reported above in determining the nature, timing, and extent of audit tests applied in our audit of the financial statements of the Company, and the disclaimer has affected our opinion on the financial statements of the Company, and we have issued a disclaimer of opinion on the financial statements.

BASIS OF DISCLAIMER OF OPINION

We have been given to understand that the Company is in the process of updating the relevant documents for the setup of system of internal financial control over financial reporting and in the absence of necessary evidence, we could not determine if the Company has established adequate internal financial control with reference to financial statements and whether such internal financial controls were operating effectively as at 31st March 2025.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly

and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these financial statements based on our audit. We were engaged to audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') and the Standards on Auditing as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI.

Because of the matters described in the Basis for Disclaimer of Opinion paragraph of our auditor's report on the financial statement of the Company, we were not able to obtain sufficient appropriate audit evidence to provide basis for an opinion on internal financial control with reference to the financial statements of the Company.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING WITH REFERENCE TO THESE FINANCIAL STATEMENTS

A Company's internal financial control over financial reporting with reference to these financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting with reference to these financial statements includes those policies and procedures that:

- I. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company.
- II. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of Management and Directors of the Company; and
- III. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- XX. In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Act pursuant to any ongoing project. Accordingly, clause 3(xx)(a) and (b) of the Order is not applicable.
- XXI. As the Company does not have any subsidiary, associate and Joint Venture Company, reporting under Clause 3(xxi) of the Order is not applicable.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error

or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes forming part of the financial statements

for year ended 31st March 2025

1. CORPORATE INFORMATION

Kalyani Forge Limited ("the Company") incorporated on 29th January 1979, is engaged in engineering and manufacturing of connecting rods, forgings, crank shaft, cam shaft, retainer valve, injector clamp, balance weight and many more. The Company has 4 manufacturing facilities at Koregaon Bhima, Shirur Pune. The Company has hot forging, cold forging, machining, die manufacturing facilities at the plant.

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES

2.1 Basis of Preparation of Financial Statements:

These financial statements are prepared in accordance with Indian Accounting Standard (Ind AS), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendments issued thereafter.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

These financial statements were approved and authorised for issue with the resolution of the Board of Directors on 27th May 2025.

2.2 Use of Estimates

The preparation of financial statements in conformity with the recognition and measurement principles of Ind AS which requires the management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses and disclosure of contingent assets and liabilities. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of the relevant facts and circumstances as of the date of the financial statements. Actual results may differ from the estimates and assumptions used in preparing the accompanying financial

statements. Any revisions to accounting estimates are recognized prospectively in future periods. Key sources of estimation of uncertainty at the date of the financial statements which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of useful lives of property, plant and equipment, provisions and contingent liabilities.

2.3 Property, plant and equipment and depreciation:

(i) Since there is no change in the functional currency, the company has elected to continue with the carrying value for all of its property, plant and equipment as recognized in its Indian GAAP financial statements as deemed cost at the transition date viz. 1st April 2016. Property, plant and equipment are stated at their cost of acquisitions including incidental expenses related to acquisition and installation of the concerned assets and including cost of specific borrowings. The Property, plant and equipment manufactured internally by the Company are stated at manufacturing cost. Property, plant and equipment are shown net of accumulated depreciation, except free hold and, which is at cost.

(ii) Expenditure on New Projects and Expenditure during the construction etc:

In case of new projects and in case of substantial modernization or expansion at the existing units of the company, expenditure incurred including interest on borrowing and financing cost of specific as well as general borrowing, till the time asset becomes ready for intended use or sale is being capitalised to the cost of asset. Trial run expenditure is also capitalized.

(iii) Intangible assets are measured on initial recognition at cost. Expenditure incurred in development phase, where it is reasonably certain that outcome of development will be commercially exploited to yield future economic benefit to the company is considered as an intangible asset. Such developmental expenditure is capitalized at cost including share of allocable expenses.

Notes forming part of the financial statements

for year ended 31st March 2025

- (iv) Depreciation / Amortization on Assets (other than Freehold Land) :

Pursuant to enactment of the companies act 2013 (the 'Act'), the company has revised useful life of its Property, plant and equipment as per provision of schedule II of the said act. Accordingly the company provides depreciation on all its assets on the "Straight Line Method" in accordance with the said act.

Cost of Power line is being amortized over a period of 7.5 years when put to use.

Intangible assets are amortized over their respective individual estimated useful lives on a straight line basis, commencing from the date the asset is available to the Company for its intended use.

2.4 Inventories:

- (i) Stores and spares, raw materials and components are valued at cost or net realizable value whichever is lower, Cost of Inventories has been computed to include all cost of purchases, cost of conversion and other costs incurred in bringing the inventories to their present location and condition.
- (ii) Cost of Raw materials is ascertained on weighted moving average basis.
- (iii) Work-in-process, Dies under fabrication and Finished Goods are valued at the lower of cost or net realizable value.
- (iv) Scrap and Non-moving semi-finished goods, slow-moving and obsolete items, are valued at the lower of cost or net realizable value.
- (v) Stock of Trial Product is valued at cost.
- (vi) Dies, Die Block and Die Steel are valued at material cost.
- (vii) Goods in transit are stated at actual cost up to the date of Balance Sheet.

2.5 Research & Development costs:

- (i) Capital Expenditure is included in Fixed Assets & Capital Work in Progress and depreciation is provided at the respective applicable rates.

- (ii) Revenue expenditure incurred on R&D is included in the respective account heads in the financial statements.

2.6 Share Issue expenses

Share issue expenses are written off over a period of ten years

2.7 Post employment and other employee benefits:

(i) Short terms employee benefits

Short-term employee benefits such as salaries, wages, performance incentives etc. are recognised as expenses at the undiscounted amounts in the Statement of Profit and Loss of the period in which the related service is rendered. Expenses on non-accumulating compensated absences is recognised in the period in which the absences occur.

(ii) Provident Fund

Benefits in the form of Provident Fund and Pension Scheme whether in pursuance of law or otherwise which are defined contributions and are accounted on accrual basis and charged to statement of profit and loss of the year.

(iii) Gratuity

The employees' gratuity fund scheme is Company's defined benefit plan. Payment for present liability of future payment of gratuity is being made to the approved gratuity fund under cash accumulation policy of the Life Insurance Corporation of India. The Employees' gratuity, a defined benefit plan, is determined based on valuations, as at the balance sheet date, made by an independent actuary using the Projected Unit Credit Method. Re-measurement, comprising of actuarial gains and losses, in respect of gratuity are recognised in the OCI, in the period in which they occur and is not eligible to be reclassified to the Statement of Profit and Loss in subsequent periods. Past service cost is recognised in the Statement of Profit and Loss in the year of plan amendment or curtailment. The classification of the Company's obligation into current and non-current is as per the actuarial valuation report.

Notes forming part of the financial statements

for year ended 31st March 2025

(iv) Privilege Leave Benefits

Accumulated leave which is expected to be utilised within next twelve months, is treated as short-term employee benefit. Leave entitlement, other than short term compensated absences, are provided based on a actuarial valuation, similar to that of gratuity benefit. Re-measurement, comprising of actuarial gains and losses, in respect of leave entitlement are recognised in the Statement of Profit and Loss in the period in which they occurred.

(v) Termination Benefits

Termination benefits such as compensation under voluntary retirement scheme is recognized as liability in the year of termination.

2.8 Foreign Currency Transactions

(i) Initial recognition

The company's financial statements are presented in INR, which is also its functional currency. Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount, the exchange rate between the reporting currency and the foreign currency at the date of transaction.

(ii) Conversion

Monetary Assets and Liabilities, designated in foreign currencies are revalued at the rate prevailing on the date of Balance Sheet or forward contract rate or other appropriate contracted rate. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not revalued.

(iii) Exchange Differences

Exchange difference arising on the settlement and conversion on foreign currency transactions is recognized as income or expenses in the year in which it arises.

2.9 Investments and Other Financial Assets:

(i) Initial Recognition

In the case of financial assets, not recorded at fair value through profit or loss (FVPL), financial assets are recognised initially at fair value plus transaction costs that are

directly attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

(ii) Subsequent Measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

a. Financial Assets at Amortised Cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model with an objective to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Interest income from these financial assets is included in finance income using the effective interest rate ("EIR") method. Impairment gains or losses arising on these assets are recognised in the Statement of Profit and Loss.

b. Financial Assets Measured at Fair Value

Financial assets are measured at fair value through other comprehensive income ("OCI") if these financial assets are held with a business model with an objective to achieve both by collecting contractual cash flow and selling financial asset and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in the Statement of Profit and Loss.

Notes forming part of the financial statements

for year ended 31st March 2025

In respect of equity investments (other than for investment in subsidiaries and associates) which are not held for trading, the Company has made an irrevocable election to present subsequent changes in the fair value of such instruments in OCI. Such an election is made by the Company on an instrument by instrument basis at the time of transition for existing equity instruments/ initial recognition for new equity instruments.

2.10 Revenue Recognition:

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company has concluded that it is principal in its revenue arrangements, because it typically controls the goods or services before transferring them to the customer. The policy of recognizing the revenue is determined by the five stage model proposed by Ind AS 115 "Revenue from contract with customers.

- (i) Revenue from the domestic sales is recognised when the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods. Revenue from the sale of goods is measured at the transaction price of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.
- (ii) Revenue from export sales are recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on the basis of date of Bill of Lading. Export incentives are accounted for on Export of goods if the entitlements can be estimated with reasonable accuracy and conditions precedent to claim are fulfilled.
- (iii) Dividend is recorded in the year in which right to receive payment is established.
- (iv) Interest income is recognized using the effective interest method.

2.11 Cash Flow Statement:

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non cash nature and any deferral or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated.

2.12 Cash and cash equivalents:

Cash comprises cash on hand and demand deposits with bank. Cash equivalents are short term, highly liquid investments that are readily convertible into known amounts of cash which are subject to an insignificant risk of changes in value.

2.13 Borrowing Costs:

Borrowing Costs directly attributable to the acquisition, construction or production of qualifying assets are capitalized till the month in which the asset is ready to be put to use, as part of the cost of that asset. Other borrowing costs are recognized as expenses in the period in which these are incurred.

2.14 Earnings per share:-

The basic & diluted earning per share is computed by dividing the net profit or loss attributable to equity shareholder for the period by the weighted average number of equity shares outstanding during the period.

2.15 Impairment of Assets:

The Management assesses for any impairment of assets or cash generating units, if indicators, external or internal, suggest possibilities of reduction in net realisable value of assets or value in use of cash generating units below their carrying costs. Impairments, if any, is recognised in the Profit and Loss Account.

2.16 Provisions and Contingent Liabilities

Provisions are recognized when the company has a present legal or constructive obligation as a result of past event, it is probable that an outflow of resources will be required to settle the obligation, and a reliable estimate of the amount of the obligation can be made. Provisions are determined based on the best estimate required to settle the obligation at the balance sheet date. Provisions are reviewed at each balance sheet date and adjusted to reflect current best estimates. The Company

Notes forming part of the financial statements

for year ended 31st March 2025

does not recognize a contingent liability but discloses its existence in the financial statements. A disclosure of contingent liability is made where there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources.

2.17 Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant or subsidy relates to revenue, it is recognized as income on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs, which they are intended to compensate. Where the grant relates to an asset, it is recognized as deferred income and is allocated to statement of profit and loss over the periods and in the proportions in which depreciation on those assets is charged.

When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

2.18 Taxation

Current Income Tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Company operates and generates taxable income.

Current tax is recognized in statement of profit and loss, except when it relates to items that are recognized in Other Comprehensive income or Equity, in which case Current Tax is also recognized in Other Comprehensive income or Equity.

Management periodically evaluates positions taken in the tax returns with respect to situations

in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred Tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- (i) When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- (ii) In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax is recognized in statement of profit and loss, except when it relates to items that are recognized in Other Comprehensive income or Equity, in which case Deferred Tax is also recognized in Other Comprehensive income or Equity.

2.19 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place

Notes forming part of the financial statements

for year ended 31st March 2025

(regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

2.20 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgements are:

Tax expense Note 35

Estimation of contingent liabilities refer Note 32.1

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

2.21 Recent Pronouncements

The Ministry of Corporate Affairs has vide notification dated 31st March 2023 notified Companies (Indian Accounting Standards) Amendment Rules, 2023 (the 'Rules') which amends certain accounting standards, and are effective 1st April 2023. The Rules predominantly amend Ind AS 12, Income taxes, and Ind AS 1, Presentation of financial statements. The other amendments to Ind AS notified by these rules are primarily in the nature of clarifications. These amendments are not expected to have a

material impact on the Company in the current or future reporting periods and on foreseeable future transactions. Specifically, no changes would be necessary as a consequence of amendments made to Ind AS 12 as the group's accounting policy already complies with the now mandatory treatment.

NOTE 34: FINANCIAL RISK MANAGEMENT

34.1 Market risk

The Company's financial risk management is an integral part of how to plan and execute its business strategies. Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument.

34.2 Interest rate risk :

The company has investment in fixed deposits. However interest income from fixed deposits is a residuary income and not going to affect the significant cash flow of the company.

34.3 Foreign currency risk:

The Company is exposed to foreign exchange risk through its sales and services to foreign countries, and purchases from overseas suppliers in various foreign currencies.

The following table analyzes foreign currency risk from financial instruments:

Particulars	As at 31 st March 2025			As at 31 st March 2024		
	USD	Euro	JPY	USD	Euro	JPY
Unhedged Trade receivables	844.87	355.46	-	736.39	369.76	-
Unhedged Trade Payables	-	-	143.43	-	-	374.60

Total	844.87	369.01	143.43	736.44	369.76	374.60

34.4 Credit risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses financial reliability of customers and other counter parties, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of financial assets. Individual risk limits are set and periodically reviewed on the basis of such information.

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized as income in the statement of profit and loss.

The Company measures the expected credit loss of trade receivables and loan from individual customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends. Based on the historical data, loss on collection of receivable is not material hence no additional provision considered.

Financial Assets are considered to be of good quality and there is no significant increase in credit risk.
