Sub: Submission of Newspaper Notice- Notice to Shareholder

Dear Sir,

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time, we hereby enclose copies of the notice published for the Equity Shareholders of the Company regarding the Special Window for Transfer and Dematerialisation of Physical securities.

The said notice was published in Business Standard Newspaper on Wednesday, 17th June 2026 in compliance with SEBI Circular No. HO/38/13/11(2)2026-MIRSD-POD/I/3750/2026 dated 30th January 2026.

Kindly take this on record and oblige.

Thanking You.

Yours Faithfully,
For **KANPUR PLASTIPACK LTD.**

Special Window for Transfer and Dematerialisation of Physical Securities

Pursuant to SEBI Circular No. HO/38/13/11(2)2026-MIRSD-POD/13750/2026 dated January 30, 2026, the Company is pleased to inform that SEBI has opened a one-time Special Window for transfer and dematerialisation of physical securities that were sold or purchased prior to April 01, 2019. The Special Window shall remain open from February 05, 2026 to February 04, 2027 and shall also be available for cases where transfer requests were submitted prior to April 01, 2019 but could not be processed or were rejected or returned due to deficiency in documents or for any other reason, subject to fulfillment of the conditions prescribed under the said SEBI Circular. The securities so transferred shall be credited to the transferee only in dematerialised form and shall be subject to a lock-in period of one (1) year from the date of registration of transfer, in accordance with the SEBI Circular. Eligible shareholders may submit their transfer requests along with the requisite documents to the Company or its Registrar and Share Transfer Agent (RTA) within the stipulated period.

NOTICE
 Compulsory Transfer of Equity Shares to Investor Education and Protection Fund (IEPF) Authority

This Notice is published pursuant to the provisions of Section 124(6) of the Companies Act, 2013 read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ("the Rules") notified by Ministry of Corporate Affairs and as amended from time to time which requires that all shares, in respect of which dividends have not been paid or claimed for seven consecutive years or more, shall be transferred to IEPF Authority. Further, as per the IEPF Rules as amended, complete details of all unpaid or unclaimed dividends are regularly upload on the website of the Company, and with the Ministry of Corporate Affairs, Government of India.

The Company has sent individual communication to those shareholders whose shares are liable to be transferred to IEPF under the said Rules at their latest available address for claiming the unclaimed dividends due from the financial year 2018-19 (Final Dividend) onwards. The full details of such shareholders are also uploaded on the Company's website at www.engineersindia.com. The Final Dividend 2018-19 which remained unclaimed/unpaid is also liable for transfer to IEPF. The details of those shareholders are also available on the Company's website.

In case, we do not receive your claim as per the above said communication by 19.10.2026 (IST 5.00 p.m.), all your relevant shares (whether held in physical or electronic form) will be transferred by the Company to the Demat Account of IEPF Authority within 30 days from the due date of transfer in accordance with the notifications/circulars issued by the Ministry of Corporate Affairs from time to time, without any further notice.

The shareholders may please note that no claim shall lie against the Company in respect of the shares and dividends thereof credited to the Demat Account of IEPF Authority and subsequent to such transfer of shares to IEPF Authority, all future benefits which may accrue thereunder, including future dividend(s), will be credited to IEPF Authority. You may note that, after the above referred transfer is made, refunds from the IEPF Authority can be claimed only by complying with the provisions of aforesaid Rules and a link in this regard has been given on the website of the Company under Investor Section.

For further clarifications or assistance, you may write to us at:

NOTICE OF THE 79TH ANNUAL GENERAL MEETING OF THE COMPANY AND E-VOTING INFORMATION

NOTICE is hereby given that the 79th Annual General Meeting ("AGM/Meeting") of Exide Industries Limited ("the Company") is scheduled to be held on Friday, 10th July 2026 at 10.30 AM (IST) through Video Conference ("VC") / Other Audio Visual Means ("OAVM") facility to transact the business set out in the notice without the physical presence of Members at a common venue.

In accordance with the various circulars issued by the Ministry of Corporate Affairs (MCA) and Securities and Exchange Board of India, the Company has completed despatch of the Notice along with the Integrated Annual Report of the Company for FY 2025-26 ("3rd Integrated Annual Report") on Tuesday, 16th June 2026 through electronic mode only to those Members whose e-mail addresses are registered with the Company/ Registrar & Share Transfer Agent (RTA) or Depository Participant(s). Further, a letter is being sent by the Company providing the web-link, including the exact path where complete details of the Notice and the Integrated Report is available, to those shareholder(s) who have not registered their e-mail address with the Company/Registrar and Transfer

Tata Motors charts shift to software-led vehicles

SOHINI DAS
 Mumbai, 16 June

Tata Motors Passenger Vehicles Ltd (TMPVL) is charting a shift towards software-defined vehicles (SDVs), with future product launches set to ride on its proprietary t.idal architecture as the company moves towards making software increasingly independent of underlying vehicle hardware, and building a new generation of digitally enabled vehicles.

Revving up

- Firm laid out a phased road map towards software-defined vehicles
- ₹2,836 cr spent on R&D in FY26, including ₹1,936 cr of capital expenditure
- Future vehicles to support over-the-air updates and connected features
- Tata describes SDVs as 'fundamental' to its future product development strategy
- Working with Nvidia through JLR on AI and driver-assistance technologies for next-generation EVs

In its 2025-26 (FY26) annual report, the company said t.idal would underpin upcoming product launches and form the foundation of its SDV strategy. TMPVL said it has established "a clear, phased road map" for the transition, and is working with technology partners to advance the architecture.

The road map envisages "a progressive shift towards greater compute and electronic architecture consolidation, with the long-term objective of abstracting the software stack from underlying vehicle hardware", the company said.

TMPVL said it is "progressing steadily" on its SDV journey through the t.idal architecture, which will underpin upcoming launches. SDVs rely increasingly on software rather than standalone hardware to manage functions ranging from connectivity and infotainment to safety and driver-assistance features, allowing new capabilities to be added through over-the-air updates over a vehicle's lifecycle. The company described

future of our product development strategy".

As part of this effort, work with Jaguar Land Rover's technology partner NVIDIA continued at global engineering hubs to develop driver-assistance systems and artificial intelligence (AI) capabilities for next-generation electric vehicles (EVs) built on the NVIDIA DRIVE software-defined platform. According to the report, these technologies are expected to support active safety systems, automated driving and parking functions, driver assistance systems, driver and occupant monitoring, and advanced visualisation of the vehicle environment. The company is also deploying NVIDIA Omniverse tools to optimise vehicle design, and create digital twins of manufacturing facilities.

for future vehicle programmes. The company said the objective is to create a common software platform capable of supporting new features and upgrades throughout a vehicle's lifecycle.

The shift is being supported by significant investment in engineering and product development. TMPVL spent ₹2,836 crore on research and development (R&D) in FY26, including ₹1,936 crore of capital expenditure. The company said R&D work during the year advanced SDV capabilities, connected functions, electrical and electronic architectures, software integration, and AI-enabled engineering tools. A significant milestone during the year was the launch of the new-generation Sierra, which the company described as reflecting its progress in

port advanced electronics, enhanced system integration, and evolving propulsion technologies, positioning it as an early showcase of Tata Motors' future vehicle-development approach.

New launches, multi-powertrain strategy to drive FY27

The technology road map will run alongside Tata Motors' broader multi-powertrain strategy. Chairman N Chandrasekaran said the company was entering FY27 "with confidence, supported by a robust pipeline of new launches, and multi-powertrain offerings".

Managing Director and Chief Executive Officer (MD & CEO) Shailesh Chandra said the underlying drivers of the passenger vehicle market remain strong, with SUVs expected to remain the primary growth engine while CNG and EVs continue to gain share despite geopolitical uncertainties.

"While the industry will need to closely monitor ongoing geopolitical developments, the fundamental demand drivers of the Indian passenger vehicles market remain strong, with growth expected to be led by SUV, CNG, and EV segments," Chandra said.

The company said CNG volumes rose to 170,000 units in FY26, while EV sales grew more than 43 per cent year-on-year (Y-o-Y) to over 92,000 units. Tata Motors retained leadership in the domestic EV market, with a 40.2 per cent share.

"We enter FY27 with confidence, supported by stronger fundamentals, a robust pipeline
