ANNEXURE TO THE NOTICE**EXPLANATORY STATEMENT PURSUANT TO SECTION 102 (1) OF THE COMPANIES ACT, 2013****ITEM NO. 3 :**

This explanatory statement is provided in accordance with Regulation 36(5) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"). In accordance with the provisions of Section 204 and other applicable provisions of the Companies Act, 2013, read with Rule 9 of the Companies (Appointment & Remuneration of Managerial Personnel) Rules, 2014 (including any statutory modification(s) or re-enactment(s) thereof, for the time being in force) ("the Act"), every listed company and certain other prescribed categories of companies are required to annex a Secretarial Audit Report, issued by a Practicing Company Secretary, to their Board's report, prepared under Section 134(3) of the Act. Furthermore, pursuant to recent amendments to Regulation 24A of the SEBI Listing Regulations, every listed entity is required to conduct a Secretarial Audit and annex the Secretarial Audit Report to its annual report. Additionally, a listed entity must appoint a Secretarial Audit firm for a maximum of two terms of five consecutive years, with shareholder approval to be obtained at the Annual General Meeting. Accordingly, based on the recommendation of the Audit Committee, the Board of Directors has approved the appointment of M/s. Martinho Ferrao & Associates, Company Secretaries, as the Secretarial Auditors of the Company for a period of five years, commencing from April 01, 2025, to March 31, 2030. The appointment is subject to shareholders' approval at the Annual General Meeting.

While recommending M/s. Martinho Ferrao & Associates for appointment, the Board and the Audit Committee evaluated various factors, including the firm's capability to handle a diverse and complex business environment, its existing experience in the Company's business segments, its industry standing, the clientele it serves, and its technical expertise. M/s. Martinho Ferrao & Associates was found to be well-equipped to manage the scale, diversity, and complexity associated with the Secretarial Audit of the Company. M/s. Martinho Ferrao & Associates is a peer reviewed and a well-established firm of Practicing Company Secretaries, registered with the Institute of Company Secretaries of India, New Delhi. The firm is led by experienced partners, all of whom are distinguished professionals in the field of corporate governance and compliance. Their collective expertise spans corporate advisory, transactional services, litigation, advocacy, and legal due diligence. The firm also has associate partners with strong professional credentials who align with its core values of character, competence, and commitment. M/s. Martinho Ferrao & Associates specializes in compliance audit and secretarial services, advisory and representation services, and transactional services. The terms and conditions of M/s. Martinho Ferrao & Associates appointment include a tenure of five years, from April 01, 2025, to March 31, 2030. The remuneration for the Secretarial Audit will be decided by the Board of Directors or its committee in consultation with M/s. Martinho Ferrao. The proposed fees will be determined based on the scope of work, team size, industry experience, and the time and expertise required by M/S. Martinho Ferrao to conduct the audit effectively. Additional fees for statutory certifications and other professional services will be determined separately by the management, in consultation with M/s. Martinho Ferrao and will be subject to approval by the Board of Directors and/or the Audit Committee. M/s. Martinho Ferrao has provided its consent to act as the Secretarial Auditors of the Company and has confirmed that the proposed appointment, if made, will be in compliance with the provisions of the Act and the SEBI Listing Regulations. Accordingly, the consent of the shareholders is sought for the appointment of M/s. Martinho Ferrao & Associates as the Secretarial Auditors of the Company. The Board of Directors recommends the resolution for approval by the Members, as set out at Item No. 3 of the Notice. None of the Directors, Key Managerial Personnel (KMP), or their relatives have any financial or other interest in the proposed resolution

Related party transactions as required to be complied under Ind-As 24 referred to as INDAS are furnished under Note no 30 of the Notes to Accounts attached to the annual accounts for the financial year ended 31st March, 2025. The Company has formulated a policy on materiality of Related Party Transactions and also on dealing with Related Party Transactions and during the year there were no material transactions with related parties. The policy is also available on the website of the Company www.karmaenergy.co

Non Compliance / Strictures / Penalties Imposed

- A. The Company has received notice from NSE on 21st November, 2024 for non-compliance of Regulation 17(1), 18(1) and 19 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 for the quarter ended 30th September, 2024 and levied a penalty of Rs. 422440/- and another notice from NSE on 17th March, 2025 for non-compliance of Regulation 17(1) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 for the quarter ended 31st December, 2024 and levied a penalty of Rs.141600/- which has since been paid.
- B. SEBI had issued a SCN on 05.11.2024 on the following matters
 - a) Not taking prior approval of Shareholders before entering in to a related party transaction, the value of which is exceeding 10% of the Annual Turnover as per last Audited Accounts during April – September 2023.
 - b) Having not updated the Related Party Policy pursuant to amendments made in SEBI Listing Regulations.

The Company had replied in details admitting the slippage but was never intentional and had also obtained post facto approval of Shareholders who approved the transaction with overwhelming majority of 99.97%.

Adjudication was held on 03.12.2024 where the Company indicated their intention for pursuing Settlement process.

Post hearing, SEBI informed that they have worked out the settlement penalty at Rs.29.25 lakh.

The Company on 14.01.2025 offered a Settlement amount of Rs.7.80 Lakh based on SEBI Settlement Regulation and Calculator considering the parameters as applicable to the two matters where deviation from Listing Regulations was observed and SCN issued. However SEBI rejected the representation on 27.02.2025 and stated that they ignore merits in deciding penalty on settlement.

The Company made a fresh representation to the Adjudication officer in SEBI to reduce the Penalty amount considering the fact that Settlement Commission does not go into the merits of the matter while determining the settlement amount.

A hearing concluded on 13.05.2025 and order awaited.

KARMA ENERGY LIMITED

MANAGEMENT DISCUSSIONS AND ANALYSIS REPORT

BUSINESS REVIEW

General Economy

The global economy had remained steady till December 2024 overall despite the ongoing international political disputes in selected European Countries. However a Tariff war has broken out pursuant to US Administration revising their tariff structure adopting different rates for different countries and even stipulating reciprocal tariff. As a result there has been daily turmoil in the market as change and pausing of tariff has been a regular affair. Indian has been conservative and not rushing through to counter US revised tariffs stipulated for India and is working out a trade deal which has been on even before the tariff mayhem breaking out, but now it has to speed up so that effect is not adverse on its net external demand. Though there is nothing wrong in each country wanting to make their economy strong, but the already existing disparity in growth due to variety of historical and climatic reasons the gap only widens with such mindless tariff wars. The World trade norms at the aegis of World Trade Form have been sidetracked in the tariff conflicts. Inflation rules above average for many economies and expected to aggravate even for big economies like US if tariff clashes continue. Global trade slowed down in 2024-25 and expected to rebound in 2025-26. Central Banks in important countries are treading a cautious path with respect to Interest rate cuts.

In the above scenario having acute uncertainties, as per the National Statistical Office the real GDP growth of Indian economy is around 6.5% on year on year. With Government policies triggering domestic consumption, continued infrastructure push, increased capital expenditure across sectors, the forecast by RBI is maintaining 6.5%- 6.7% in FY 2025-26. Renewable power generation has a share of about 12.7 % of total power generation in India and long way to go when compared to certain European Countries.

Both Direct tax and Indirect tax mainly GST collections were buoyant, reflecting the Indian entities all round growth and compliance despite the challenges.

Company Business

The renewable power generation, which is the business of the Company, though has received all encouragement from both central and state governments have not grown to the extent expected due to pessimistic approach of many regulatory commissions and most of the State utilities, the latter themselves being in doldrums in terms of availability of funds. In many states tariffs have not being encouraging and sale to third parties are being discouraged by imposing high open access charges under one pretext or other and thus providing continued support to conventional energy since state electricity boards have not been able to come to terms even after about three decades with renewable power due to its vagaries and each time assuming that renewable power has come off age and can compete with conventional power even though the facts are just the opposite. In fact it is seen that present environment in Green Energy is only for Big Players with deep pockets and gone are the days when many a small and medium entities entered the Green Energy sector and laid the foundation for rapid growth.

18th Annual Report 2024-25

The performance of the Company is directly linked to the Renewable Energy Policies of both Centre and State Governments, effectiveness of Nodal Agencies and formulation of encouraging policies and implementation thereof by State Electricity Regulatory Commissions.

Further the Ministry of Power has paved the way for realizing regular dues in Installments along with interest for delays. Also they developed an online portal "Prapti" where the generators can register and input their Invoice details so that State Electricity Companies are forced to settle dues n due date to avoid interest and adverse report from Central power Ministry. This has facilitated regular cash flow leading the Company pre-paying the term loans availed from Bank and become DEBT FREE.

The Company has now about 30.50 MW Power generating wind farms post discontinuing AP wind farm of 7.5 MW in late 2024 due to its adverse age factor and providing less or even negative net contribution to the bottom line on account of Sate Utility drastically reducing the tariff post expiry of initial PPA of 1995-96.

OUTLOOK, OPPORTUNITIES AND THREATS

The Pandemic Covid-19 continues to raise its head time and again after gap of every few months causing anxiety.

As far as Company's operations are concerned like any other renewable energy entity many adverse regulatory changes have been worse than the pandemic. Some sites are recording negative earnings. The Company has taken lot of steps for cost reduction, tight cash flow management, policy changes to mitigate the downturn. In fact during the FY 2022-23 it sold its lone wind mill of 0.55 MW along with the land at Poolvadi in Tiruppur District, in Tamil Nadu. In FY 2023-24 the Company decided to close AP wind farm of 7.5MW due to very low tariffs being offered by AP Utility. Also more wind mills which due to passage of time has outlived its technical life and continuing its operation even with good operation and maintenance may prove uneconomical as tariff remains fixed for many years with no adjustment to inflation or factual cost of repairs and establishment costs.

Considering the huge outlay needed to achieve the targets set by the Central Government, only big business houses are jumping into the Green Power bandwagon as their pockets are deep and may be able to absorb the running losses in the RE Business which they may leverage against growth in their other core businesses.

RISKS AND CONCERNS

On the Renewable Energy Sector, the considerable delay in processing or decision making by state utilities and State Electricity Regulatory Commission and also the higher judicial authorities have been resulting in considerable strain on the sustainability of small wind farms and also impeding the future projects. It is seen that present environment in Green Energy is only for Big Players with deep pockets with many a small and medium entities who had entered the Green Energy sector more than two decades back closing their units.

The experience of the Company has been that inordinate delays in adjudication of the matters by Electricity Regulatory Commission, Appellate Tribunal for Electricity and even High courts result in acute pressure on the Company due to huge mismatch in inflow and outflow of funds. In the wind power business the expenses are more or less fixed, the delayed receipt of generation proceeds necessitate that company has to resort to temporary borrowings to tide over the mismatch. This is also a concern as it has to bear the brunt of finance cost. However

18th Annual Report 2024-25

with Central Power Ministry introducing an online portal “Prapti” for monitoring settlement of Invoices of power generators has helped the Company to tackle the liquidity issues and is now debt free for past two years.

The Management Discussions and Analysis explaining the objectives of the company, the opportunities and threats, the outlook for the future, the risks and concerns have to be read with the meaning of relevant applicable laws and regulations. The actual physical performance may differ materially from those explained hereinabove.

INTERNAL CONTROL SYSTEM

The company has a system of internal controls to ensure that all its assets are properly safeguarded and protected against loss from unauthorized use or disposal. Further all the internal control system is practiced by the company to ensure that all transactions are authorized, recorded and reported correctly.

The Company has an Audit Committee of Directors which reviews the adequacy of internal controls.

MATERIAL DEVELOPMENT IN HUMAN RESOURCES

The business in which the company is engaged does not call for large manpower resources.

The company has a team of able and experienced professionals. The work culture and value system in the company is designed to provide each employee the adequate space, freedom and guidance to bring out their full potential and provide personal growth opportunities within the organization. The human resource assets have been ably supporting the company despite the issues which the company is facing in its chosen field.

INDEPENDENT AUDITOR'S REPORT

To the Members of KARMA ENERGY LIMITED

Report on the Audit of Financial Statements

Opinion

We have audited the accompanying financial statements of **KARMA ENERGY LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as the "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, the profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

i. Valuation of unquoted financial assets held at fair value

Description of Key Audit Matter:

The valuation of the Company's unquoted non-current investments held at fair value was a key area of audit focus due to the significance of the amount and complexity involved in the valuation process. The management makes significant judgements because of the complexity of the techniques and assumptions used in valuing some of the level 3 investment securities given the limited external evidence and unobservable market data available to support the Company's valuations.

The valuation of the level 3 investment securities are dependent on market conditions and key assumptions made. The determination of these assumptions is complex and requires the exercise of management judgements.

See Note 1.4 (k), Note 3 and Note 28 to the financial statements.

Our response:

- We assessed the design and operating effectiveness of the Company's key controls supporting the identification, measurement and oversight of valuation risk of financial assets.
- For valuations which involved significant management judgements, we evaluated the assumptions, methodologies and models used by the Company.
- We also assess the appropriateness of the methodologies used and found that these are reasonable in the context of the relevant investments.
- We examined the calculation of the inputs used for substantive and arithmetical accuracy by performing re calculations wherever required.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except that the back up of books of accounts is scheduled weekly instead of daily.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) The modifications relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph '2.(b)' above on reporting under Section 143(3)(b) of the Act.
 - g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/ provided by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements. Refer note 25 to the financial statements.

- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on audit procedures performed, nothing has come to our attention that causes us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided in (a) and (b) above, contain any material misstatement.
- v. The Company has not declared or paid any dividend during the year.
- vi. Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.
Additionally, the audit trail of prior year has been preserved by the Company as per the statutory requirements for record retention to the extent it was enabled and recorded in the respective year.

Annexure - B to the Independent Auditors' Report

(Referred to in paragraph 2(g) under "Report on Other Legal and Regulatory Requirement's" section of our report to the members of Karma Energy Limited of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

We have audited the Internal Financial Controls with reference to the financial Statements of of Karma Energy Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to Financial statements and such internal financial controls with reference to Financial Statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI').

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining Internal Financial Controls based on the Internal Control over Financial Reporting criteria established by the Company considering the essential components of Internal Control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's Internal Financial Controls over Financial Reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by the ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of Internal Financial Controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal Financial Controls over Financial Reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal Financial Controls system over Financial Reporting and their operating effectiveness. Our audit of Internal Financial Controls over Financial Reporting included obtaining an understanding of Internal Financial Controls over Financial Reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of Internal Control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's Internal Financial Controls system over Financial Reporting of the Company.

Meaning of Internal Financial Controls over Financial Reporting

A company's Internal Financial Control over Financial Reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with Generally Accepted Accounting Principles. A company's Internal Financial Control over Financial Reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with Generally Accepted Accounting Principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Karma Energy Limited

Notes to Financial Statements for the year ended 31.03.25

Note No : 1 Corporate Information and Significant Accounting Policies, Judgments etc.

1.1 CORPORATE INFORMATION

Karma Energy Limited ("the Company") is a Company domiciled in India, with its Registered Office situated at Empire House, 214, Dr. D. N. Road, Ent. A. K. Nayak Marg, Fort, Mumbai - 400001. The Company has been incorporated under the provision of Indian Companies Act 1956 and its equity shares are listed on National Stock Exchange and Bombay Stock Exchange in India. The location of its wind power plants are disclosed in the introduction to the annual report. The Company is engaged in generation of power from renewable sources like Wind.

1.2 BASIS OF PREPARATIONS AND SIGNIFICANT ACCOUNTING POLICIES

A Basis of preparation and presentation

i) Statement of Compliance

The financial statements of the Company have been prepared to comply with the Indian Accounting standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013.

The accounts have been compiled on an accrual system based on principle of going concern.

The financial statements were authorised for issue by the Companies Board of Directors on 27.05.25

ii) Going concern

The accounts have been compiled on an accrual system based on going concern.

iii) Functional and Presentation Currency

Company's financial statements are presented in Indian Rupees, which is also its functional currency. All amounts have been rounded off to 2 decimal places to the nearest lakhs and unless otherwise indicated.

iv) Basis of measurement

The financial statements have been prepared on the historical cost basis except for following assets and liabilities which have been measured at fair value amount:

- i Certain financial assets and liabilities,
- ii Defined benefit plans - plan assets / (liabilities)

1.3 Use of Estimates and Judgements

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Judgements

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

- Note 40 – lease; whether an arrangement contains a lease and:
- Note 40 – lease classification

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending 31.03.25 is included in the following notes:

- Note 2 – useful life of Property, plant and equipment
- Note 22.1 – employee benefit plans
- Note 25 – recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources;

1.4 Summary of significant accounting policies

a i) Ind AS 16 - Property, Plant and Equipment

Property, plant and equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use.

Expenses incurred relating to project, net of income earned during the project development stage prior to its intended use, are considered as pre - operative expenses and disclosed under Capital Work - on - Progress.

ii) Depreciation

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the straight-line method and is recognised in the statement of profit and loss

The estimated useful lives of items of property, plant and equipment for the current and comparative periods are as follows:

Assets	Management estimate of useful life	Useful life as per Schedule II of the Companies Act, 2013
Plant and Machinery	22 Years	22 Years
Road - Non RCC	5 Years	5 Years
Office Equipment's	5 Years	5 Years
Office Equipment's- Computers	3 Years	3 Years
Vehicles	8 Years	8 Years

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. Based on internal assessment and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets.

Depreciation on additions / (disposals) is provided on a pro-rata basis i.e. from / (up to) the date on which asset is ready for use / (disposed off).

b Leases

As a lessee

Ind AS 116 sets out principles for the recognition, measurement, presentation and disclosure of leases. Ind AS 116 introduces a single lessee accounting model and requires a lessee to recognise assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. For all leases except as noted above, a lessee is required to recognise a right-of-use asset (ROU Asset) representing its right to use the underlying leased asset and a lease liability representing its obligation to make lease payments in the balance sheet. Lessee will recognise depreciation of right-of-use assets and interest on lease liabilities in the statement of profit and loss.

The Company's leases primarily consist of leasehold lands. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the date of commencement of the lease, the Company recognizes a ROU and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and/or low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. Currently, ROU assets are being amortised over a period of respective lease terms (being lower of lease term and estimated useful life of underlying assets).

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing activities in statement of cash flows."

As a lessor

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflation.

c Borrowings

Borrowings are initially recognised at fair value (net of transaction costs incurred). Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in the Statement of profit and loss over the period of the borrowings using the effective interest rate method. Subsequently all borrowings are measured at amortised cost using the effective interest rate method.

Borrowings are derecognized from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in the statement of profit and loss. The gain / loss is recognised in other equity in case of transaction with shareholders.

d **Borrowing Cost**

Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

e **Inventories**

Items of inventories i.e stores and spares are measured at lower of cost and net realisable value after providing for obsolescence, if any. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads net of recoverable taxes incurred in bringing them to their respective present location and condition.

Cost of components, stores and spares are determined on FIFO (First In First Out) basis.

f **Impairment of non-financial assets**

The Company assesses at each reporting date as to whether there is any indication that any asset or group of assets, called cash generating units may be impaired. If any such indication exists the recoverable amount of an asset or cash generating units is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash generating units to which the asset belongs.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the statement of profit and loss. Impairment loss recognised in respect of a CGU is allocated the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

g **Provisions, Contingent Liabilities and Contingent Assets**

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assumptions of the time value of money and the risks specific to the liability. The unwinding of discount is recognized as finance cost.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation.

Contingent Assets are disclosed, when some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

A provision for onerous contract is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract.

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote.

h **Employee Benefits Expense**

Short Term Employee Benefits : The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

Post-Employment Benefits :

Defined Contribution Plans - A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions to a separate entity. The Company makes specified monthly contributions towards Provident Fund. The Company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined Benefit Plans - The Company pays gratuity to the employees whoever has completed five years of service with the Company at the time of resignation / superannuation. The gratuity is paid @ 15 days salary for every completed year of service as per the Payment of Gratuity Act 1972 or otherwise contractually agreed with the employees.

The gratuity liability amount is contributed to the approved gratuity fund formed (LIC) exclusively for gratuity payment to the employees. The gratuity fund has been approved by Income Tax authorities.

The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.

Re-measurement of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income.

i Tax Expenses

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income, in which the current and the deferred tax is also recognised directly in equity or in other comprehensive income.

Current tax

Current tax is measured on the basis of estimated income and tax credits computed in accordance with the provisions of the Income Tax Act, 1961. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to tax authorities.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax liability is generally recognised for all taxable temporary differences. Deferred tax asset (including in respect of carried forward tax losses and tax credits) are recognised to the extent it is probable that the taxable profit will be available against which deductible temporary differences can be utilised.

Deferred tax assets recognised or unrecognised are reviewed at each reporting date and are recognised / reduced to the extent that it is probable / no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities

The Company offsets, the current tax assets and liabilities (on a year on year basis) and deferred tax assets and liabilities, where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis.

j Foreign currencies transactions

Transactions in foreign currencies are initially recorded by the company at their functional currency spot rates at the date of the transaction. Monetary assets and liabilities denominated in foreign currency are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rates are recognised as income or expenses in the period in which they arise. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rates at the date of transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

k Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

Revenue from sale of power is recognised net of cash discount over time for each unit of electricity delivered at the contracted rate.

Income from Sale of Entitlements from Wind Power Project is accounted for as and when sold and collection is certain.

There is no impact on account of applying the Ind AS 115 Revenue from Contract with Customers instead of erstwhile Ind AS 18 - Revenue on the Financial Statements of the Company for the year ended 31.03.19.

Interest Income - Interest income is recognised using Effective Interest Rate (EIR) method.

Income on Inter Corporate Deposits is accounted for on time accrual basis.

Dividend Income - Revenue is recognised when the Company's right to receive the payment has been established.

I Financial instruments

i) Financial Assets

a Recognition and measurement

All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

A Financial asset is measured at amortized cost if it is held with objective to hold the asset in order to collect contractual cash flows as and when due.

A financial assets is measured at FVTOCI if it is held with an objective to achieve collecting contractual cash flows as and when due and selling financial assets.

A financial assets which is not classified under any of the above categories are measured at FVTPL.

b Investment in Associates and Subsidiaries

The Company has accounted for its investments in associates and subsidiaries at cost.

c Other Equity Investments

All other equity investments and equity instruments held for trading are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'.

d Impairment of financial assets

For trade receivables Company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

e Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the right to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial assets are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

ii) Financial liabilities

Recognition and measurement - All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and a new financial liability with modified terms is recognised in the statement of profit and loss.

iii) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or realise the asset and settle the liability simultaneously.

m **Cash and Cash Equivalents**

Cash and Cash Equivalents consist of cash on hand, cash at banks, demand deposits from banks and short term, highly liquid instruments.

n **Earnings per share**

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

Diluted earnings per share are computed by dividing the profit after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on conversion of all dilutive potential equity shares.

o **Classification of current/ non current assets and liabilities**

All assets and liabilities are presented as current or non current as per the Company's normal operating cycle and other criteria set out in Schedule III of the Companies Act, 2013 and Ind AS 1 Presentation of financial statements. Based on the nature of products and the time between the acquisition of assets for processing and their realisation, the Company has ascertained its operating cycle as 12 months for the purpose of current / non current classification of assets and liabilities.

p **Measurement of fair values**

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

q **Cash flow statement**

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The company considers all highly liquid investments that are readily convertible to known amounts of cash to be cash equivalents.

1.5 ACCOUNTING JUDGEMENTS AND ESTIMATION OF UNCERTAINTY

a **Depreciation and useful lives of Property, Plant and Equipment**

Property, plant and equipment are depreciated over their estimated useful lives, after taking into account estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets. The depreciation for future periods is revised if there are significant changes from previous estimates.

b **Recoverability of trade receivable**

Judgements are applied in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required.

c **Provisions**

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

d Defined benefit obligations

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation, actuarial rates and life expectancy. The discount rate is determined by reference to market yields at the end of the reporting period on government bonds. The period to maturity of the underlying bonds correspond to the probable maturity of the post-employment benefit obligations.

1.6 RECENT AMMENDMENTS TO INDIAN ACCOUNTING STANDARDS

Recent Indian Accounting Standard (Ind AS) pronouncements which are not yet effective Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

Note **

1 Non Current Investment includes Quoted and Unquoted Equity Instruments.

The financial instruments are categorised into various levels based on the inputs used to arrive at fair value of measurements as described below:

Level 1 : Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2 : The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3 : If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in Level 3.

c Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- Credit risk;
- Liquidity risk; and
- Market risk

i Risk management framework

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

ii Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investments in debt securities.

The carrying amount of following financial assets represents the maximum credit exposure:

Trade and other receivables

Trade Receivables of the Company mainly consist of receivables from the state utilities and other parties. In respect of receivable from the state utilities, all written off amounts during the past years and current year were pertaining to specific disputes and not related to credit risk. Hence, in the opinion of the management there is no credit loss on receivable from the state utilities.

In respect of Other Receivables, there is no past history of credit loss from these parties, hence there is no expected credit loss on such receivables.

iii Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments.

Contractual cash flows

Long term borrowings (including Current Maturity)	-	-	-	-	-
Short term borrowings	1.47	1.47	1.47	-	-

iv Market risk

Market risk is the risk that changes in market prices – such as interest rates and equity prices – will affect the Company's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including payables and long term debt. We are exposed to market risk primarily related to interest rate risk. Thus, our exposure to market risk is a function of investing and borrowing activities and revenue generating.

Cash Flow sensitivity analysis for variable-rate instruments

An increase of 50 basis points in interest rates at the reporting date would have decreased gains as at year end by the amounts shown below. This analysis assumes that all other variables remain constant.

Particulars	Rupees in Lac	
	31.03.25	31.03.24
Variable rate instruments	0.52	-
Cash flow sensitivity	0.52	-

A decrease of 50 basis points in interest rates at the reporting date would have had equal but opposite effect on the amounts shown above, on the basis that all other variable remain constant.

Price Risk - The Company investment in equity instruments in Subsidiaries and Associates are stated at cost and not required to be remeasured. Neither Profit or Loss nor Equity will be affected by the equity price risk of those instruments.

Further the Company investment in equity instruments carried at fair value through Other Comprehensive Income are subject to price risk which may not effect the total comprehensive income of the Company

To manage its price risk, the Company diversify its portfolio. Diversification of the portfolio is done based on internal review and limits decided by the management from time to time.
