Sebi broadens scope of T+0 settlement to top 500 stocks

FE BUREAU Mumbai, December 10 THE SECURITIES AND Exchange Board of India (Sebi) on Tuesday expanded the scope of same-day settlement cycle (T+0) to the top 500 stocks in a phased manner. The same-day settlement cycle will continue to be optional.

REGULATORY MOVES

■ The same-day settlement cycle will continue to remain optional ■ The increase in number of eligible stocks will become effective on January 31, 2025, for which market capitalisation will be computed as of December 31 ■ Operational efficiency for NRIs trading in exchange-traded derivatives has improved ■ Sebi move on DigLocker aims to streamline processes and minimise unclaimed assets in the securities market

“The scrips shall be made available for trading and settlement starting with scrips at the bottom 100 companies and gradually include the next bottom 100 companies every month until the top 500 companies are available for trading in the regular T+0 settlement cycle,” the regulator said in a circular.

The increase in number of eligible stocks will become effective on January 31, 2025, for which market capitalisation will be computed as of December 31. These 500 will be in addition to the existing 25 stocks, and brokers will be permitted to charge differential brokerage for the facility. Qualified stock brokers, or

large brokers, have to put in place processes and systems for smooth implementation by May 2025. Further, a block deal window from 8:45 am to 9:00 am for the T+0 settlement cycle will also be in place from May 2025.

Easier norms for NRI trading in derivatives proposed

To improve operational efficiency for non-resident Indians (NRIs) trading in exchange-traded derivatives contracts, Sebi has proposed simplifying the process by doing away with the requirement for NRIs to require

of clearing members. At present, NRIs are required to notify and obtain a custodial participant (CP) code from the clearing corporation (CC) through a clearing member (CM). Further, Sebi has allowed NRI to deal with one CM at a time. Existing CP codes have to be discontinued within a sunset period of one year from the date of issuance of this circular or till squaring up of existing positions, whichever is longer, Sebi said.

Sebi has also introduced use of the permanent account number (PAN) as a unique identifier in the securities market, which removes the requirement for a CPCode.

Sebi proposes harnessing DigLocker

Sebi on Tuesday proposed leveraging DigLocker, a government-backed digital document storage platform, to streamline processes and minimise unclaimed assets in the securities market. In its consultation paper, the regulator has proposed that depositories and mutual funds should provide demat and mutual fund holding statements on DigLocker. Further, it has suggested that KYC registration agencies should share information on an investor's demisew with DigLocker.

Burmans get RBI nod for Regan open offer

FE BUREAU Mumbai, December 10

STOCK RISES

Religare Enterprises

THE RESERVE BANK of India (RBI) has approved the Burman family's open offer to acquire an additional 26% stake in Religare Enterprises, subject to several conditions such as coming up with a consolidation plan within 90 days, maintaining the current management structure and not appointing new directors for now.

Stock Rises

The RBI's approval, which is valid for one year, largely clears the path for the Burmans to take control of Religare Enterprises pending approval from the Securities and Exchange Board of India (Sebi). The Insurance Regulatory and Development Authority of India (IRDAI) had submitted its no-objection a month ago, as part of the Securities Appellate Tribunal's (SAT) direction to get a go ahead from the three regulators for the open offer.

SAT stays Sebi order on Trafiksol's public issue

AKSHATA GORDE Mumbai, December 10

THE SECURITIES APPELLATE Tribunal (SAT) has stayed the order of the Securities and Exchange Board of India (Sebi), cancelling the initial public offering (IPO) of SME entity Trafiksol Technologies and asking it to refund ₹44.8 crore raised to investors within one week.

“BSE to inform bankers to not refund the money until further orders,” said a bench led by justice Dinesh Kumar Monday. The matter was partly heard and will continue on Wednesday.

Trafiksol, a traffic systems software provider, had contested Sebi's directive to refund the funds by Tuesday, distribute accrued interest to investors, and cancel the shares allotted via the IPO. The public offer, which was held from September 10-12, was subscribed 345 times. However, on September 17, the BSE and Sebi halted Trafiksol's listing on the SME platform after complaints surfaced regarding the intended use of IPO proceeds.

The regulator raised concerns over the use of nearly 40% of the issue proceeds, which were allocated to purchase software from a third-party vendor. Sebi's investigation concluded the vendor was a shell entity, raising suspicions about the involvement of Trafiksol and its managing director in concealing a fraud.

Trafiksol's counsel argued that Sebi went on an overdrive with the quotation when there was no definitive agreement with the vendor. Further, the prospectus had explicitly said that this was only a vendor's quote that was not binding.

“The quotation was not a purchase order or acquisition. For the actual purchase, we sought approval from other vendors or negotiations,” the lawyers said.

The company proposed allowing the IPO to proceed under strict monitoring of the use of issue proceeds to prevent future misuse. However, in its order, Sebi rejected the submission as the regulator is yet to adjudicate other findings, including alleged false financial statements.

The company proposed allowing the IPO to proceed under strict monitoring of the use of issue proceeds to prevent future misuse. However, in its order, Sebi rejected the submission as the regulator is yet to adjudicate other findings, including alleged false financial statements.

Kotak sets Nifty's 2025 target at 26,100

AKSHATA GORDE Mumbai, December 10

BROKERAGE HOUSE KOTAK Securities expects the Nifty 50 to reach 26,100 by the end of 2025 as its base case scenario, while maintaining a “cautiously optimistic” stance on the markets.

Shripal Shah, MD & CEO, said, “While we remain confident in India's long-term growth potential, we advise investors to approach the market with a degree of cautious optimism. Long-term investors should focus on quality assets amidst rich valuations. Geopolitical tensions, protectionist trade policies, and persistent inflation are notable risks.” The brokerage said it expects India's macro-

economic situation to improve in the coming quarters, with inflation seen cooling, a pick-up in government spending, and festival consumption to boost corporate earnings. These improving macroeconomic factors are expected to revive the GDP, which, in turn, are expected to support equity markets during uncertainties, Kotak Securities said.

HDFC Bank takes huge office space on lease in Navi Mumbai

RAGHAVENDRA KAMATH Mumbai, December 10

HDFC BANK has leased 416,000 sq ft of office space in a new office complex, located in the Mindspace project of K Raha Corp in Airoli, Navi Mumbai, for a period of 10 years.

The banking major will pay an annual rent of ₹24 crore, equivalent to a monthly rent of ₹2 crore (₹19 per sq ft), according to documents accessed via Propstack. The agreement comprises two leases—one for 197,877 sq ft and the other for 218,127 sq ft—and includes provisions for 322 car parking spaces. The lease terms feature a rental escalation clause of 1.5% every three years.

The documents reveal that HDFC Bank paid a security deposit of ₹12.23 crore. The lease agreement was registered on November 13, and the lease will commence on January 1. Sources said that the office space is likely to be used for IT/ITES operations. Neither HDFC Bank nor K Raha Corp responded to requests for comment.
