Dear Sir/ Madam,

Sub: Receipt of Approval from Federal Communication Commission (FCC), North America

With reference to the captioned subject, we are pleased to inform that the In-building solution Repeaters for 4G technology designed and developed by our subsidiary, Spotwave Wireless, Canada have been approved by *"Federal Communication Commission (FCC)"* for usage in telecom networks across North America.

This is a huge achievement for Kavveri Telecom Products Ltd & its 100% subsidiary Spotwave Wireless Canada., as Spotwave was working very hard in its R &D division along with its engineers for this approval. With this approval from Federal Communication Commission for usage of its products in telecom networks., company now hopes to bag new orders in north American market.

Commenting on this approval Mr. Shivakumar Reddy, Managing Director, Kavveri Telecom Products Ltd and Mr. Bill McBride, Executive Vice-President, said that this is huge recognition for Spotwave Wireless and Kavveri Telecom Products Ltd internationally. With this approval, Company can have access for its products across North America. We thank all our 600+ kavverians globally along with our engineers who work hard on R&D for delivering products which are accepted at international levels.

About Kavveri Telecom Products Ltd. –
