KEC International wins orders worth ₹ 379 crore

- Secures two orders for 765 kV transmission line construction from Power Grid, India
- Establishes its dominance in 765 kV transmission line segment – Won total 5 orders in this segment in last one month from India and South Africa
- Enters in Balance of Plant Segment – Secures ₹ 40 crore order from NMDC limited
- Total order intake in last one month is more than ₹2000 crore.

Mumbai, January 20, 2011: KEC International Ltd. (KEC), a global leader in power transmission EPC business and one of the leading Infrastructure EPC company, has won three new orders to the tune of ₹ 379 crore. Two orders are from the Power Grid Corporation of India limited (PGCIL) in the transmission segment and one order is from NMDC limited in the Balance of Plant segment.

The first PGCIL order is for the supply and construction of 765 KV double circuit transmission line between Jharsuguda Pooling Station and Dharamjaygarh. This is associated with Phase-I Generation Projects in Orissa. The total value of this order is ₹ 173 crore.

The second PGCIL order is for supply and construction of 765 kV single circuit transmission line between Satna – Charkhari. These transmission lines are associated with Rihand - III & Vindhyachal – IV in Madhya Pradesh. The total order value is ₹ 166 crore. These projects are part of PGCIL's plan for inter-regional system strengthening and the evacuation of power from the various integrated power plants coming up in the region.

The company has got breakthrough order in Balance of Plant segment by securing a ₹ 40 crore contract in Chhattisgarh from NMDC limited. The scope of work includes construction & commissioning of 132/33/6.6/0.433 kV power supply system including civil and structural works, ventilation & air conditioning system, fire fighting and fire detection system etc. on turnkey basis. Total contract period is for nine months.

"We are happy to establish our dominance in 765 kV transmission line segment. In India, the 765 kV double circuit lines are being planned for the first time. Our endeavor is to partner with PGCIL in building these high capacity power transmission corridors which will be the future of Indian power transmission infrastructure in the 12th plan and beyond."

"In addition to this, we are constantly focusing on diversifying our product & service portfolio and the breakthrough in to Balance of Plant segment is another step in that direction" said Mr Ramesh Chandak, MD & CEO, KEC International Ltd.

About KEC International Limited
