202 test positive...

As many as 9936 samples were tested negative on Sunday. As many as 1317 patients are getting treatment in various hospitals of the city. Total 1,48,097 patients have been discharged so far including 391 persons discharged on Sunday.

Talks between Sarang...

The government has announced a 17 per cent hike. However, for the past three years, no hike had been given to the JUDAs members. Notice has already served on the judge doctors to vacate their hostels. They have been told that, if they leave the PG seat, they will have to pay an amount that may range from Rs 10 lakh to Rs 30 lakh as per the bond signed at the time of admission. Admission was given under the MP MBBS, BDS Admission Act, 2018-19.

MP civic poll...

Queried on the High Court's directive on reservation by rotation in connection with civic polls, Singh said the state government had not decided whether to accept it or go in appeal.

Central team to...

"The team will hold meetings with officials of Disaster Management and Finance Department in Nabanna, the West Bengal state secretary. The team will also visit Cyclone Yaas-affected areas in South 24 Parganas and East Midnapore," said the sources. Cyclone Yaas made landfall in West Bengal on May 26-27. Several districts including Purba Medinipur, Paschim Medinipur, Bankura, South 24 Pargana and Jhargram suffered the impact of the cyclone. The coastal areas like Digha and Sundarban were the worst affected.

2nd C-wave won't...

He pointed out that labour force is moving to rural areas as there has been a lot of increase in COVID-19 cases in urban areas and these labourers are willing to work in the agriculture sector for livelihood. "From the outside, you look at agriculture market data. Market for agriculture (is) just working normally everywhere," he argued. The NITI Aayog member noted that income from the agriculture sector, which is a major source of earning for rural people, is intact. "So that large segment of rural income... it is remaining intact and rural demand on that count will not be affected," he opined. Chand added that only in case of some services which are not working in rural area, there is an issue. "I would say that the government should keep its emphasis on MGNREGS," Chand suggested.

Posing as OSD...

The 'OSD' told Arti that a transfer list is to be released and if she wishes to move elsewhere, she will have to shell out Rs 25,000. The woman official deposited the amount in the bank account given by the man. The lady officer waited for four days and when she did not get any information about the development, she tried to contact the caller. However, the number was switched off. Arti then rang up OSD BK Shrivastava's number to confirm her transfer but she was surprised to know that this transfer list was released. Shrivastav told Arti that he had not called her ever for any transfer. Shrivastav then informed Habibganj police on Saturday and a case was registered under Sections 419 and 420 of the IPC. CSP Habibganj Virendra Mishra said that the accused has been identified and will be arrested soon.

Biden's tariff threat...

India imposed a two per cent start taxing in April last year on earnings in the country by foreign technology and e-commerce companies like Amazon, Facebook and Google. It was opposed by the administration of former President Donald Trump, and Biden has picked up the baton. The Trade Representative's Office said: "India's DST is unreasonable or discriminatory and burdens or restricts US commerce." The Office estimated the increased taxes on the selected imports from India will equal the taxes India assesses on the US companies under the DST. "Estimates indicate that the value of the DST payable by US-based company groups to India will be up to approximately \$55 million per year. The level of trade covered by the action takes into account estimates of the amount of tariffs to be collected on goods of India and the estimates of the amount of taxes assessed by India." The other items threatened with increased duties include bamboo, window shutters, cigarette papers, pearl, copper foil and bedroom furniture. Inaugurating the new phase of trade wars, the Biden administration also threatened to increase tariffs on imports from five other countries - the UK, Austria, Italy, Spain and Turkey over their DST. Explaining the reason for holding the increases in abeyance for the six countries, Tai said it was to help the international negotiations on taxation. "The US remains committed to reaching a consensus on international tax issues through the OECD (Organisation for Economic Cooperation and Development) and G20 processes. Today's actions provide time for those negotiations to continue to make progress while maintaining the option of imposing tariffs."

Renowned poet Manzar...

He said that during summers he gets an average bill of Rs 6000 per month while during other months the bill stands at around Rs 3-4000 only.

AYODHYA: 90% TROOPS ROTATED ALONG LADAKH SECTOR **Troops deployed in high-latitude areas have been severely hit by extreme weather conditions**

AGENCIES / New Delhi

It seems that Chinese troops deployed opposite the Eastern Ladakh sector have been badly affected by the extreme cold conditions in the area as the People's Liberation Army has rotated 90 per cent of its manpower and brought in fresh soldiers from the hinterland.

Since the April-May timeframe last year, China has deployed over 50,000 troops close to the Indian territory in eastern Ladakh and has been maintaining them there despite the limited troops withdrawn from forward locations in Pangong lake sector.

"The Chinese have brought in fresh troops from the hinterland to replace the troops who had been there for the last one year. Around 90 per cent of their troops have been rotated," sources told ANI.

The Indian Army deploys its troops in the high altitude

troops deployed in the high altitude areas have been severely affected by the extreme conditions, extreme cold and other related issues, they said.

Even during the deployment in friction points in Pangong lake area, Chinese troops were rotated on almost daily basis at high altitude posts and their movement had become very restricted, the sources said.

The Indian Army deploys its troops in the high altitude

areas for a two year tenure and around 40-50 per cent troops get rotated every year. The tenures of ITBP soldiers in these conditions are sometimes much longer than two years.

India and China have been deployed against each other in a big way in eastern Ladakh and other areas along the Line of Actual Control since April-May timeframe last year and have indulged in several face offs caused by the Chinese aggression there.

Al Qaeda leadership resides in Af-Pak region: UN report

NEW DELHI: A United Nations Security Council report released earlier this week has once again established that a significant part of the leadership of Al Qaeda resides in the Afghanistan and Pakistan border region and that the terrorist organization, founded in 1988 by Osama bin Laden, and like-minded militants continue to celebrate developments in Afghanistan as a victory for Taliban's cause and thus for global radicalism.

It also said that the Taliban and Al Qaeda remain closely aligned and show no indication of breaking ties as the United States of America and allied forces complete their withdrawal from Afghanistan by September 2021.

'UN expert's remark on Parra blatant lie'

PDP leader Waheed Parra, currently lodged in Srinagar jail on charges of terror funding, enjoys access to TV and outside food, all special privileges denied to other prisoners, sources said. The reality of Parra's detention is different from what has been presented in a report released by Special Rapporteur of UN. It seems with their 'dead consciousness and blatant lies', officials in UN are defaming Parra's image. Meanwhile, a police chargesheet alleged that Parra was an asset for Pak-based terror groups and his 13 years' journey as a journalist and politician was a 'saga of subterfuge, deceit and double dealing'.

Lockdown lifted from all but 4 districts in UP

RASHMI SHARMA / Lucknow

Due to the continuous drop in number of Covid cases, the Uttar Pradesh government has given major relief to 71 districts except Lucknow, Gorakhpur, Meerut and Saharanpur. Partial corona curfew/lockdown has been lifted from entire state except four districts. However, the weekly lockdown on Saturdays and Sundays would continue in the entire state.

According to the information given by the additional chief secretary, information, Ramesh Sehgal, active Covid cases in 71 districts including Noida, Ghaziabad, Varanasi and Muzaffarnagar have come down below 800 on Sunday after which it was decided to lift partial corona curfew. He said that the state government officials are keeping a close vigil on COVID situation in Lucknow, Meerut, Saharanpur and Gorakhpur and decision of lifting lockdown in these districts would be taken on Tuesday.

Decision of lifting lockdown in these 4 districts would be taken on Tuesday

tricts would be taken on Tuesday. It may mentioned that state government set a parameter of 600 active Covid cases for easing restrictions in any of the district.

Sehgal informed that number of Covid cases in the state is on a decline and in the last 24 hours 36 districts have recorded fresh cases in single digit only. At present there are only 17,900 active cases in the state and only 1,165 fresh cases came up in the last 24 hours. The positivity rate in the state is only 0.4 percent now while the recovery rate is 96.7 percent. Till date more than 2 crore people in the state have been vaccinated. A special drive for vaccination of women in the state will begin from Monday.

A video from UP of an elderly woman hiding behind a drum to dodge a vaccine vaccine, shared widely on social media, underscores the big challenge of inoculating people in parts of rural India.

K'taka to ease curbs as TPR falls

BENGALURU: Karnataka may ease the current spell of the lockdown ending June 14 in Bengaluru and a few other districts if the COVID-19 Test Positivity Rate (TPR) falls below 5%. Going by the current trends, this may happen before June 14. On Sunday, the TPR was 7.71%.

Chief Minister BS Yeddyurappa had earlier hinted that curbs would be eased in districts with a TPR below 5%. "In districts with less than 5% test positivity rate, we will discuss with our officials on what concessions can be given and decide in the cabinet meeting within 4-5 days by the time lockdown ends," he had said while announcing relief measures Saturday.

Guv directs inquiry into vaccine wastage in Raj

MANISH GOHDA / Jaipur

Rajasthan Governor Kalraj Mishra has directed the state government to initiate a high-level inquiry into the alleged vaccine wastage in the state. He has written a letter to Chief Minister Ashok Gehlot regarding this and directed to appraise him of the action taken in the matter at the earliest.

"Vaccine is the only option to save lives in this pandemic, central and state governments are doing applicable effort by vaccinating people but media reports of wastage of life-saving vaccines are a matter of serious concern," said the Governor in his letter. He has drawn Gehlot's attention to some of the media reports related to the vaccine wastage in the state and directed to initiate a high-level inquiry in the matter.

STATE OF COVID

27 lakh caught without ticket on trains

Despite severe restrictions on entry at railway stations without confirmed tickets in view of the coronavirus pandemic, over 27 lakh people were caught travelling on trains ticketless in the last fiscal, an RTI query has revealed. This was, however, less than 25 per cent of the number of cases recorded the previous financial year and that is attributable to the restrictions imposed to check the COVID-19 contagion, say officials.

Amphotericin-B shot kills black fungus patients

At least 27 patients suffering from mucormycosis or black fungus' took ill after they were administered Amphotericin-B injections at the government Bundelkhand Medical College (BMCI) in Madhya Pradesh's Sagor district, an official said on Sunday, adding the medical condition of these patients is stable now. The use of the injection, a key drug in the treatment of black fungus, was immediately stopped after the incident on Saturday evening.

FIR against Suwendu for 'stealing' relief material

OUR CORRESPONDENT / Kolkata

Two central security personnel of Suwendu Adhikari have been summoned by Contal police station on Tuesday over an alleged claim that Suwendu visited the godown where the relief materials for the cyclone Yaas was kept and with the help of two civil volunteers have looted tarpaulin worth Rs 1 lakh given by the ruling Trinamool Congress government.

the chairman of local municipality. Ramadeep Manna, a member of the civic body's board of administrators complained that on May 29, the security personnel of Suwendu visited the godown where the relief materials for the cyclone Yaas was kept and with the help of two civil volunteers have looted tarpaulin worth Rs 1 lakh given by the ruling Trinamool Congress government.

BOTTOMLINE

Leopards now reien in Tiger's Palamu abode

AGENCIES / Ranchi

Leopards now rein in Palamu Tiger Reserve, known globally for undertaking the world's first census for big cats in 1932.

Bizarre as it may sound, the fact is that a reserve that once took pride in tiger populace is now a safe haven for about 150 leopards. Tourists these days flock Palamu Tiger Reserve to have glimpses with leopards, say officials, who add that no tiger has been sighted since a tigress was found dead in February 2020 near Betla National Park.

"We now have about 150 leopard population, which has become an attraction for tourists coming to Palamu... Happy tourists are often seen taking photographs with the leopards... However, we are making all efforts to facilitate the return of the tigers," Chief Conservator of Forest (CCF) and Project Director, PTR YK Das told PTI.

Attributing "left-wing extremism activities, movement of security personnel, increased human encroachment and depleting prey bases in core and buffer zones" as the main reasons behind the big cats abandoning their former safe haven and migrating to forests in neighbouring Chhattisgarh and Odisha, Das said restoration of prey base among other measures were on to lure them back.

He said that though no tigers were detected in the last All India Tiger Estimation, one tigress was found dead in PTR in February 2020 which establishes that tiger used to be there.

"We are working on a re-location project to preserve PTR's ecology and improve its prey base to facilitate the return of tigers. Initially, we will be relocating inhabitants of two villages - Lattu and Kujura to outskirts PTR... The relocation project involves a 300 square km area, which is human infested. We will be relocating 22 families of these two villages," Das said.

Khatian Chemicals and Fertilizers Limited

CIN: L2419MP1982PLC004937
 Regt. Office: A-8, Road, Village: Narnaul, Tehsil: Khatian, Distt: Bhiwani, Haryana-150101 (P.O.:- 0121-4237826, Fax: 0121-423565, E-mail: secretarial@kcfcl.in, Website: www.khatianchemicals.com)

Notice of 39th Annual General Meeting to be held through Video Conferencing (VC) Facility / Other Audio Visual Means (OAVM)
