₹18k cr PLI Scheme for ACC Battery Storage

Government expects to attract ₹45,000 cr investments and reduce dependence on imports

Our Bureau

New Delhi: The Union Cabinet on Wednesday gave its nod to production-linked incentive (PLI) scheme for promoting battery storage at an estimated cost of ₹18,100 crore.

The scheme, 'National Programme on Advanced Chemistry Cell (ACC) Battery Storage' is expected to attract investment of ₹45,000 crore, information and broadcasting minister Prakash Javadekar said in a briefing after the Cabinet meeting. The initiative will help reduce import dependence, support Atmanirbhar Bharat Initiative, and help achieve manufacturing capacity of 50 giga watt hour (GWh) of ACC and 5 GWh of 'Niche' ACC, the government said in a statement.

ACCs are the new generation of advanced storage technologies. The government expects net savings

For Self-Reliance

Govt sees annual import substitution of around ₹20k crore

Net savings of ₹2.5 lakh cr on account of oil import bill reduction

Direct Investment of around ₹45,000 crore expected

Promote newer and niche cell technologies

Reduce import dependence, support Atmanirbhar Bharat Initiative

of ₹2.5 lakh crore on account of oil import bill reduction during the period of this programme as domestic ACCs are expected to accelerate electric vehicle adoption in the country.

As per the government statement, ACC battery storage manufacturers will be selected through a transparent

competitive bidding process.

Each selected ACC battery Storage manufacturer would have to commit to set up an ACC manufacturing facility of minimum 5 GWh capacity and ensure a minimum 60% domestic value addition at the project level within five years, the statement read.

"The manufacturing facility would have to be commissioned within a period of two years. The incentive will be disbursed thereafter over a period of five years," it said.

"Beneficiary firms have to achieve a domestic value addition of at least 25% and incur mandatory investment of ₹225 crore per GWh within two years and raise it to 60% domestic value addition within five years, either at mother unit in case of an integrated unit, or at the project level in case of 'hub & spoke' structure," it said.

The government said the incentive amount will go up with increased specific energy density and cycles, and increased local value addition.

"It would strengthen our 'Make in India Initiative' and also attract huge investments in the EV industry in the next 1-2 years," said Sohinder Gill, director general at Society of Manufacturers of Electric Vehicles (SMEV).

India to Oppose WTO Draft Text on Fisheries Sops

NEW DELHI: A draft World Trade Organization text aimed at reducing global fisheries subsidies has proposed time-bound exemptions for subsidies given by developing and least-developed countries for fishing close to shore.

The text circulated by the WTO on Tuesday is likely to be opposed by India and the 79-member African, Caribbean and Pacific group as it also seeks to impose strict notification requirements and is seen as a major dilution of developing countries' special and differential treatment (S&DT) rights. — Kirtika Suneja

Developed Countries Must Share Vax Liberally: Goyal

AT WEF Minister calls for expeditious consensus-building, transfer of tech & availability of raw material to help overcome Covid-19 crisis

Our Bureau

New Delhi: Union Minister of Commerce and Industry Piyush Goyal said on Wednesday that developed countries should share Covid-19 vaccines liberally with those in dire need, emphasising that global solidarity was the need of the hour.

Goyal's comments come at a time when India is facing an acute shortage of Covid-19 vaccines, after it recently allowed inoculations for the 18-44 age group.

Before May 1, the government had prioritised vaccinations for those above 45 years of age.

Speaking at the World Economic Forum's Global Trade Outlook session, Goyal called for expeditious consensus building, transfer of technology and availability of raw material to help overcome the Covid-19 crisis.

With enhanced manufacturing and supply of vaccines, Goyal said India would be at the forefront in supporting least developed countries and other developing nations in this hour of need.

India today is more comfortable in launching negotiations for a balanced, ambitious, comprehensive, and mutually beneficial agreement on trade and investment protection, he added.

SUPPORTING OTHERS
With enhanced mfg & supply of vaccines, India would be at the forefront in supporting least developed countries and other developing nations

tection, he added.

The country is looking forward to the trade and investment negotiations and the potential they hold for economic growth and prosperity for the people of India, UK and the countries of the European Union, he said.

India cannot accept the agenda of a limited set of countries, as lopsided trading arrangements, subsidy arrangements and benefits that the developed world is enjoying have to be addressed with more compassion and more sincerity at the WTO, he said.

The minister said India was fighting the second wave of Covid-19 "boldly".

India has been recording over 300,000 fresh Covid-19 cases daily for the past 20 days, and has also breached the 400,000 cases-mark as well during the period.

The country's healthcare system is overburdened, with hospitals facing an acute shortage of oxygen. The government has ramped up procurement of critical supplies, distribution of oxygen supplies across states and is ensuring real-time monitoring. Goyal also said countries must facilitate export of Covid-19 related health products to countries that urgently require these for saving precious lives, and this was especially relevant for vaccines.

NITI AAYOG's TWEET

87 Covid-related Aid Consignments from 28 Countries Delivered to States

Our Bureau

New Delhi: India has so far received 87 Covid-related aid consignments, including oxygen concentrators, ventilators and other items, from 28 countries and delivered to states which have high case burden and are resource scarce, the government said on Wednesday.

"To date, 87 consignments from 28 countries have been received and delivered without delay to the states. Priority is given to high case burden and resource-scarce states," NITI Aayog tweeted on Wednesday. "Distribution is based on a standard operating procedure. All states/UTs have been supported to date," it said.

Out of the 87 consignments received so far, 64 have come through the government to government channel while 23 have come from the private to government channel. India expects aid from 43 countries.

Official data shows, as on May 12, India has received over 9,000 oxygen concentrators of which 96% have been already delivered to destination states and around 6,000 ventilators of which over 70% have been delivered. Further, 19 oxygen generating plants have been received so far of which 13 have been delivered while the rest have been dispatched and are currently in transit.

Almost 11 lakh Rapid Detection Kits have been received, all of which have been delivered along with over 3 lakh Remdesivir vials and over 2.5 lakh doses of Favipiravir all of which have been delivered or dispatched India has also received other items such as drugs, nasal canula tubes, oxygen containers, PPE kits, masks, gloves, pulse oximeters etc.

Further items have been received between May 9th and May 12th from South Korea, UAE, Egypt, UK, Kuwait, Israel, USA and Netherlands. "All of this was immediately dispatched and is either in transit or has been delivered. There is no item which has been kept pending or delayed. Items are dispatched upon arrival without any hold-up," the government said.

Toll Collections on NHs Drop up to 30% Over Past Week

New Delhi: Toll collections on national highways have fallen by up to 30% over the past week after Covid-19 induced lockdowns curbed the flow of traffic, officials said. Collections began to get affected earlier this month as several states announced restrictions on activities to contain the spread of the pandemic.

"Toll collection has seen a significant dip in the last 7-10 days when state governments gradually started announcing lockdowns," a senior government official told ET. "Inter-state movement has stopped."

The drop in collections ranges from 20% to 30%, the official said, asking not to be identified. The average daily collection at toll plazas managed by the National Highways Authority of India is ₹2.95 crore. A second official ET spoke with said that collections continue to dip further this week.

The average daily collection

on national highways had started increasing following the shift to electronic toll collection this year. "With 95% toll being collected through FASTags, collections till March were quite good, and April only saw a marginal decrease resulting from lockdowns," the official said.

India is in the midst of a ravaging second wave of Covid-19, which has overburdened the healthcare system.

During last year's nationwide lockdown, toll collection came to a halt for 21 days, costing NHAI ₹1,100 crore, according to ratings agency ICRA. Toll collections bounced back later and touched 114% of normal levels in November.

More than a dozen states and UTs are under partial or complete lockdown.

Covid Call: Bengal FM Seeks Urgent GST Council Meet

Our Bureau

New Delhi: West Bengal finance minister Amit Mitra has written to finance minister Nirmala Sitharaman seeking an urgent meeting of the Goods and Services Tax Council to discuss the critical issue of increasing the compensation of ₹1.56 lakh crore earmarked for states in FY22.

With states imposing lockdowns due to the second Covid-19 wave, their compensation could be much higher than what the government estimated earlier, Mitra said in a letter to Sitharaman on Wednesday, which ET reviewed.

"As per GoI projection, the

shortfall was expected to be ₹1,56,164 crore in 2021-22, without taking into consideration the impact of Covid Wave-2. Now due to Covid Wave-2 and lockdowns, the compensation will be much higher than what was

earlier projected," he said. Mitra asked the FM for a virtual meeting to discuss solutions to the "deeply distressing" issue.

The GST Council, which last met on October 5, 2020, is supposed to convene at least once every quarter, as per Article 279A (8) of the Constitution. State elections caused the meeting to be pushed back.

30 हजार में बेचने वाले थे रेमडेसिविर

बेचने कार में बैठ कर रहे थे ग्राहक का इंतजार, पुलिस ने घेराबंदी कर दो को गिरफ्तार किया

इंदौर। कोरोना महामारी के दौर में अवैध रूप से आवश्यक रेमडेसिविर इंजेक्शन की कालाबाजारी करने वाले दो आरोपियों को क्राइम ब्रांच की टीम ने तिलक नगर पुलिस के साथ मिलकर गिरफ्तार किया है। आरोपियों के पास से पुलिस ने एक रेमडेसिविर इंजेक्शन बरामद किया है। जिसे वे जरूरतमंद को 30 हजार रुपए में बेचने वाले थे। ये ज्यादा रुपए कमाने के लालच में इंजेक्शन बचने लगे थे। पुलिस इनसे पता लगा रही है कि आखिर इन्हें इंजेक्शन किसने दिए और

अब तक ये कितने इंजेक्शन बेच चुके हैं। इंजेक्शन के अलावा पुलिस ने इनके पास से एक कार और दो मोबाइल भी बरामद किए हैं। एसपी क्राइम ब्रांच गुरु प्रसाद पाराशर ने बताया कि रेमडेसिविर इंजेक्शन की कालाबाजारी, तस्करी और अवैध बिक्री पर अंकुश लगाने के साथ ही ऐसे आरोपियों की धरपकड़ लगातार की जा रही है। इसी कड़ी में सूचना मिली थी कि दो व्यक्ति फोनेक्स हॉस्पिटल बिचौली हफ्सी रोड पर कार में बैठे

हैं और रेमडेसिविर इंजेक्शन बेचने के लिए लोगों से बात कर रहे हैं। सूचना पर एक टीम तिलक नगर पुलिस के साथ उक्त स्थान पर पहुंची। टीम ने बिचौली हफ्सी रोड पर गाड़ी की घेराबंदी की तो उसमें दो लोग बैठे नजर आए। पकड़ में आए व्यक्तियों ने अपना नाम प्रीतेश पिता सरदरमल सकलेचा 42 निवासी महावीर नगर, तिलक नगर और अंकित पिता रमेश सोलंकी 26 निवासी संचार नगर, कनाडिया रोड बताया।

पुलिस ने जब इनकी तलाशी ली तो उनके

पास से एक रेमडेसिविर इंजेक्शन बरामद मिला। इंजेक्शन के साथ ही पुलिस ने एक कार और दो मोबाइल बरामद किए हैं। ये लोग ग्राहक से बातचीत कर उसे यह इंजेक्शन 30 हजार रुपए में बेचने वाले थे। उन्होंने बताया कि मुनाफा कमाने की नीयत से वे जीवन रक्षक दवाओं की कालाबाजारी करने लगे थे। दोनों आरोपियों पर तिलक नगर पुलिस ने 163/21 धारा 188, 34, 420, 3 (महामारी अधिनियम 1897) के तहत गिरफ्तार कर कार्यवाही की है।

तूने मेरी रिपोर्ट दर्ज कराई कह चाकू से हमला: 4 पर केस

इंदौर। शहर में आए दिन हो रही चाकूबाजी से शहरवासी भयभीत नजर आ रहे हैं क्योंकि अधिकतर चाकूबाजी मामूली बात पर हो रही है जिन्हें रोकने में पुलिस भी असहाय है। मंगलवार को द्वारिकापुरी थाना क्षेत्र में घर के बाहर खड़े युवक पर चार गुंडे हमला कर जान से मारने की धमकी देकर भाग निकले।

जानकारी के अनुसार सूरज पिता बाबूलाल चौहान (29) निवासी दिग्विजय सिंह मल्टी को शाम को एमवाय अस्पताल में भर्ती कराया गया। उसके दोनों पैर पर चाकू के घाव पाए गए हैं। सूरज ने पुलिस को बताया वह घर के बाहर खड़ा था तभी आरोपी दिनेश मालवीय अपने साथी बबलू मालवीय, विक्की और अक्की मालवीय के साथ आया और गालियां देते हुए तूने मेरे खिलाफ रिपोर्ट क्यों लिखवाई? कहकर गाली गलौज व मारपीट करने लगे। दिनेश, विक्की व अक्की ने मुझे पकड़ लिया और बबलू चाकू से वार कर जान से मारने

की धमकी देकर फरार हो गए। पुलिस ने चारों आरोपियों के खिलाफ प्रकरण दर्ज किया है।

यहां भी चले चाकू

इसी प्रकार फरियादी मनोज पिता देवकुमार (28) निवासी गोवर्धन पैलस को आरोपी गगन ने रोका और कहा तेरा छोट भाई जितन मोटर साइकिल गिरवी रख कर पैसे ले गया है अभी तक वहां पैसे देने नहीं आया। इसी बात को लेकर उसने गालियां दीं। मनोज में विरोध किया तो आरोपी ने उसे चाकू मार दिया। चंदन नगर पुलिस ने प्रकरण दर्ज किया। तेजाजी नगर थाना अंतर्गत उमरीखेड़ा सरकारी स्कूल के पास फरियादी प्रकाश सोलंकी को बाइक पर आए तीन अज्ञात बदमाशों ने चाकू मार दिया और हत्या की धमकी देकर फरार हो गए। तेजाजी नगर पुलिस ने अज्ञात आरोपियों के खिलाफ प्रकरण दर्ज कर आरोपियों की तलाश शुरू कर दी है।

लूट नहीं पाए तो कर दिया धायल
