This is for your information and records.

Thanking You  
Yours faithfully  
For KHAITAN (INDIA) LIMITED

  
ANKIT SUGANDH  
(Company Secretary and Compliance Officer)

# Dabur's Burman family seeks probe in sale of share by Religare Chairperson, Religare denies charges

**NEW DELHI, NOV 10** -- Burman family -- the promoters of Dabur -- has filed a complaint with regulatory authorities seeking a probe into sale of shares by Religare Enterprises Ltd's Chairman Rashmi Saluja.

As per the complaint, Saluja sold her share in Religare Enterprises Ltd (REL) immediately after the Burman family disclosed to her that they intend to make an open offer for the financial services firm. Entities controlled by the Burman family -- promoters of FMCG major Dabur -- have written to the Securities and Exchange Board of India (Sebi) and stock exchanges that Saluja sold a portion of her personal holdings in Religare Enterprises Ltd a day after meeting a representative of the Burmans on September 20. Saluja at the meeting was informed about the intentions of Burmans, who held a 20.15 per cent stake in REL and had bought another 5 per cent, to make an open offer to buy another 26 per cent stake from open

market to take a controlling stake in the financial services firm, Dabur India Chairman Mohit Burman told PTI in an interview. REL management on September 25 welcomed the open offer but later said the offer price of Rs 235 per share is undervalued. REL shares were trading at Rs 221.85 on the BSE on Friday.

Burman family head Mohit Burman told PTI he was surprised at the change of stance. "Maybe some of the people do not want to let go of the control," he said. Religare, however, refuted the allegation of Saluja selling shares after being made aware of the open offer, saying the chairperson had sold ESOPs after a long process that was triggered several days prior to the September 20 meeting. The process for ESOP exercise through financing and sales by Saluja and other 12 employees was set in motion several days earlier, a spokesperson of REL said. Four entities of the Burman family -- MB Finnart, Purn Associates, VIC Enterprises and Milky Investment and Trading Co -- have written

an e-mail to Sebi, a copy of which was seen by PTI, in which they have alleged serious lapses on sale of personal share by REL Chairperson Rashmi Saluja. Their representatives in a 45-minute meeting on September 20 had informed about their intention to bring an open offer and this was communicated to the chairperson in her professional capacity.

However, much to their "surprise", the chairperson sold 12.93 lakh shares on September 21 and 22, representing 0.4 per cent share capital of REL. Burman family entities, which collectively hold 21.24 per cent in REL, wrote this to the board of the company and approached Sebi and also to the NSE and the BSE, informing them about this sale after they failed to get any response from the company. "Rashmi Saluja categorically denies the fact that the representative of the Burman family informed her of the proposed open offer during the meeting... as per standard corporate governance, exercising of

listed stock options by employees requires requisite approvals which span across several months before the actual sale. "In the said allegation, the approvals for the sale were already in place months before the said meeting," REL spokesperson said while replying to a query.

Burman family, a promoter of Dabur India and other entities such as Eveready Industries, through its entities, had in September announced a Rs 2,116 crore open offer to the shareholders of REL to acquire up to 26 per cent stake in the company. However, the independent directors of the REL have raised red flags alleging fraud and other breaches by Burman family entities and had regulators including Sebi, the Reserve Bank of India and the Insurance Regulatory and Development Authority. Asked about the allegation, Burman said, "I have been told about independent directors, but there are no names. How does a board of a company like this, have not even one shareholder

representative as board member? Only one independent director has been appointed by one person. I am yet to see which independent directors are opposing this offer," he added.

These are the same independent directors, who had welcomed us when the Burman family put money in July this year. "And they made us anchor the preference and thanked us for putting money in. At that time, they did not have any problem with us. The minute we launched an offer to take control of the company, the problem started," he said. Despite being a 100 per cent shareholder-owned company and there is no promoter there are no shareholder representatives on the board, he said. Burman further said they were promised representation on the REL board, when they invested, however, nothing ever came in. On being asked as to whether there were any negotiations before the launch of the open offer, Burman said, "No.

There were no negotiations. As good corporate citizens, we told them that we will be launching an offer because we do not want to surprise somebody. Imagine you are the executive chair of a company and somebody launches an offer," Burman said, adding, "we told them politely, we do not want to change alter the board post offer. When the offer is completed as per the guidelines, we will supplement the board."

When asked the possible reason for the change in stance, Burman said, "I think they should answer for this. We are surprised like you are. Maybe some of the people do not want to let go of the control," he said. On their open offer, Burman said it requires regulatory approvals from Sebi, RBI, and Irdai and is making the relevant applications. "We are in touch with the relevant regulators and hopefully that will all happen. It takes its own time and we will stay the course to the process," said Burman, expecting to get all required approvals in the next 3-4 months. (PTI)

## Govt unveils digital advertisement policy

**NEW DELHI, NOV 10** -- The government on Friday unveiled a digital advertisement policy that will enable websites with a minimum of 2.5 lakh unique users per month and other digital platforms such as OTT and podcasts to get empanelled for publicity campaigns.

The policy, unveiled by the Ministry of Information and Broadcasting, will enable and empower the Central Bureau of Communication (CBC) to undertake campaigns in the digital media space. Besides rationalising the process of empanelling websites, the CBC now for the first time will be able to channelize its public service campaign messages through mobile applications, an official statement said.

The policy also introduces competitive bidding for rate discovery, ensuring transparency and efficiency. Rates discovered through this process will remain valid for three years and will be applicable to all eligible agencies. According to TRAI's Indian Telecom Services Performance Indicators January March 2023, the internet penetration in India was more than 880 million, and the number of telecom subscribers was over 1.172 billion.

The policy also seeks to streamline the process through which CBC can place advertisements for government clients' social media platforms, which were emerging as one of the popular channels of public conversations. The policy also empowers CBC to empanel digital media agencies to enhance its outreach through the various platforms. For empanelment with the CBC, websites and mobile applications have been classified into four categories more than 20 million unique users (A+), between 10 and 20 million unique users (A), 5-10 million unique users (B) and 0.25-5 million unique users (C).

OTT platforms have been classified into two categories more than 2.5 million unique users in category A and those with 0.5 to 2.5 million unique users in category B. Podcasters or digital audio platforms should have a minimum of five lakh unique users to be eligible for empanelment with the CBC. Such platforms too have been classified as 'A' which have more than 2.5 million unique users and 'B' with unique users between 0.5-2.5 million. (PTI)

## Hero MotoCorp's Pawan Munjal used others' forex for self-expenditure abroad: ED

**NEW DELHI, NOV 10** -- The Enforcement Directorate on Friday alleged that Hero MotoCorp executive chairperson Pawan Kant Munjal used foreign currency issued in the name of others for his personal expenditure abroad to "override" RBI rules and attached his assets worth Rs 24.95 crore as part of a money laundering investigation.

Three immovable properties (in the form of lands) of Munjal located in Delhi have been provisionally attached under the provisions of the Prevention of Money Laundering Act (PMLA), the central agency said in a statement. Munjal (69) is also the CMD and Chairman of Hero MotoCorp Ltd, and the assets are worth about Rs 24.95 crore. The Enforcement Directorate (ED) said its probe found "Pawan Kant Munjal got

individuals, including minors, are allowed to freely remit up to USD 2,50,000 per financial year (April-March) for any permissible current or capital account transaction or a combination of both, according to the Reserve Bank of India (RBI). The ED had carried out raids against Munjal and his companies in August after filing a criminal case under the PMLA against him. This money laundering case was filed after taking cognisance of a Directorate of Revenue Intelligence (DRI) charge-sheet, filed under the Companies Act of 1962, that accused him of taking foreign exchange or currency out of India illegally.

"The prosecution complaint alleges that foreign currency/foreign exchange equivalent to Rs 54 crore was illegally taken out of India," the ED said.

The Delhi High Court, in an order issued on November 3, stayed proceedings of the DRI, on which the ED case is based. In an interim order, the high court noted that Munjal has been exonerated by the Customs, Excise and Service Tax Appellate Tribunal (CESTAT) on the same set of facts and this was not disclosed before the trial court and that the petitioner has been able to make out a case for interim protection. After the August raids, the ED seized valuables worth Rs 25 crore from various accused. Hero MotoCorp became the world's largest two-wheeler manufacturer in 2001, in terms of unit volume sales in a calendar year, and has maintained the title for the last 20 years. The company has a presence across 40 countries in Asia, Africa, and South and Central America. (PTI)

## Tea auctioneers form body to safeguard trade interests

**KOLKATA, NOV 10** -- Tea auctioneers from the northern and southern parts of the country Friday said that they have come together to form an umbrella body to safeguard their interests. The body, christened Association of Tea Auctioneers (ATA) will work also for the smooth functioning of the auctioning system in the country. About 13 tea auctioneers licensed by the Tea Board, including majors J Thomas, Contemporary Brokers and Parcon formed the ATA. Its secretary Sujit Patra told reporters here that there was no formal institution so far for the auctioneers to deal with issues collectively for the overall benefit of the trade. The newly-formed body will liaison with the central and governments of states where tea is grown and also with regulatory authorities like the Tea Board. The erstwhile practice of manual auction of tea has been replaced with electronic auction since 2008-09 and now prevails in both north and south India. The association arranged a ceremonial manual auction of around 650 lots of Assam orthodox tea totalling 3.60 lakh kg on Friday. SB Shah, chairman of leading tea exporter Shah Brothers, said that tea auction prices is depressed this year due to geo-political tensions. Exports too have come down. However, Indian tea exporters have been able to enter new markets like Turkey, Jordan and some CIS countries, he said. (PTI)
