Kaushalya Logistics Expands to New territory in Punjab with JK Cement to Operate New Depot in Amritsar

New Delhi, September 18, 2024 : **Kaushalya Logistics Ltd (NSE: KLL)**, a diversified conglomerate specializing in logistic support to cement players, is pleased to announce that it has received a LOI to establish its second depot for JK Cement, in Amritsar, Punjab. Kaushalya Logistics will be responsible for overseeing rake operations, depot management, and secondary transportation at this new facility.

The new depot, expected to start operations within 30 days, marks JK Cement's entry into the new state of Punjab. With an expected volume of 40,000 tons per annum, this depot will significantly enhance the company's distribution capabilities in the region. Kaushalya Logistics will provide end-to-end logistics solutions to support JK Cement's operations in Punjab.

This development is a strategic milestone for KLL, as it strengthens the Company's role as a key logistics partner for JK Cement. In addition to this project, the company is in advanced discussions to establish additional depots with Adani Cement, JK Cement, and Dalmia Cement, further solidifying its reputation as a trusted logistics provider in the cement sector.

The expansion into Punjab aligns with Kaushalya Logistics' broader strategy to enhance its national footprint and operational capacity. By improving service delivery and exploring new growth opportunities, KLL is poised for continued success in its key markets.

Commenting on the performance, Mr. Uddhav Poddar, Managing Director said, "*We are thrilled to strengthen our partnership with JK Cement by establishing a new depot in Amritsar. Our expertise in logistics and supply chain management will enable JK Cement to serve their customers in the region more efficiently, while further expanding Kaushalya Logistics' operations. This strategic initiative enhances our national presence and reinforces our commitment to delivering reliable, comprehensive solutions that support our clients' growth in new markets.*"
