PAT Margin (%)	*11.53%*	*11.03%*	

****EBITDA is calculated including Other Income***

Financial and Operational Highlights for Quarter ended June 30, 2026:

- Revenue growth was driven by higher sales volumes and improving capacity utilisation, supported by the Owned and Rented Facilities and healthy demand across Grain & Pulses, Animal food, fertiliser/agrochemical and consumer end-markets.
- Continued monitoring of price of key input raw material was critical in safeguarding the margins amid volatility operating environment.
- EBITDA and PAT growth outpaced topline growth, demonstrating strong operating leverage.
- ROCE for the quarter stood at **54.73%** and ROE at **37.45%**

Speaking on the performance, **Mr. Alpesh Tulsibhai Patel, Chairman and Managing Director, Knack Packaging Limited,** commented *"Our first quarterly result following the IPO reflects Knack Packaging's resilient business model, disciplined execution and commitment to value creation. The strong operational and financial performance in Q1 FY27, combined with the commissioning of our new rented facilities has significantly augmented our manufacturing capacity and supply capability. This positions us to respond faster to demand across domestic and international markets.*

As we expand our footprint and capabilities, we are increasingly being recognised as an expert packaging solutions partner. We are positive about on-boarding globally renowned brands into Knack Packaging's customer portfolio, leveraging our integrated manufacturing base, quality focus and innovative packaging solutions to serve their evolving needs."
