Bandra (East),
Mumbai – 400 051

Dear Sir / Madam,

Sub: Intimation under Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

Ref: Symbol: KODYTECH / Series: ST

Pursuant to regulations 30 read with Schedule III of the Securities Exchange Board of India (Listing Obligations & Disclosure Requirements) Regulations 2015, we are pleased to announce significant milestone achieved by M/s. Kody Technolab Limited. In line with our strategic focus on scalable innovation and global expansion, Kody Technolab has successfully manufactured and exported 75 units of its flagship AI-powered robot, Odigo, within a span of just 60 days. This achievement highlights our robust production capabilities and the growing global demand for our intelligent robotic solutions.

This milestone reinforces our long-term vision of becoming a global leader in AI-driven robotics and underlines our ability to deliver high-quality, export-ready products at scale. The development further strengthens Kody Technolab Limited’s position as a pioneer in the smart robotics space.

Kindly take the same on your record and oblige us.

Thanking You.

For, Kody Technolab Limited

Manav Patel

Kody Technolab Limited Demonstrates Manufacturing Might – 75 Odigo Robots Successfully Produced & Exported in Record Time.

– and still counting.

- Kody Technolab Limited, a pioneer in India's AI-Driven Robotic Solutions is proud to share developments reinforcing Kody's Growth Trajectory and Strategic Vision.
- Over the past two months, Kody Technolab Limited has successfully manufactured and dispatched 75 Odigo robots to its clients, demonstrating scalability and market demand for the Robotic solutions.
- With a strong manufacturing foundation, Kody is well-positioned to handle large orders and accelerate global expansion.

Key Highlights of this Achievement

- Kody Technolab Limited has shown **Production & Execution Excellence in manufacturing 75 fully operational Odigo robots in just 60 days**, showcasing its ability to meet large-scale demand while maintaining quality and precision. Odigo is a smart, AI-powered advertising and navigation robot designed for malls, airports, and large spaces to drive foot traffic and sales with targeted, dynamic Ads.
- This execution marks a testament to strong production planning supported by the **company's strategic collaboration with World EMS**. The partnership has helped streamline the production process, optimize the supply chain, and create a dedicated workforce in building Robots meeting International Standards.
- Kody Technolab Limited is strategically aligned to **increase export volumes, penetrate new markets, and establish Odigo as a dominant player in the robotics industry**.

Mr. Manav Patel, Managing Director of Kody Technolab Limited, remarked

“This milestone is a pivotal step toward our larger vision of becoming a global leader in AI-driven robotic solutions. Our manufacturing partnership exclusively, focus on innovation and global footsteps is providing a solid ground for scalability.

We deeply appreciate your continued trust and support as we move forward to scale new heights. Stay tuned for more updates as we continue to push the boundaries of innovation and growth.”

About Kody Technolab Limited

Kody Technolab Limited is a leading, publicly traded robotics and AI solutions provider, specializing in enterprise-level projects and mobile application development. Known for its expertise in artificial intelligence, machine learning, and advanced robotics, Kody Technolab Limited has **delivered over 250 projects to clients in more than 30 countries.** The company's commitment to innovation continues to set new standards in customer engagement and intelligent automation solutions worldwide.
