Management Commentary

Mr. Gaurang Rameshchandra Shah – Chairman & Managing Director, Kotyark Industries Limited, commented:

*“The receipt of the ₹173.45 Crore biodiesel allocation from **IOCL, BPCL and HPCL** marks an important milestone for Kotyark and further strengthens our participation in the **OMC** supply ecosystem. The allocation reflects the growing engagement with major Oil Marketing Companies and provides an opportunity for us to demonstrate our manufacturing capabilities, execution discipline and commitment to reliable and quality-driven supply.*

India's transition towards cleaner fuels and the increasing focus on biofuels continue to create opportunities for the biodiesel industry. With our expanded manufacturing capacity and flexible multi-feedstock platform, Kotyark is well positioned to cater to the requirements of OMCs, bulk buyers and industrial customers. We remain focused on progressively improving capacity utilisation while maintaining operational efficiency and flexibility in our manufacturing operations.

Going forward, our priorities will remain centred on disciplined execution, strengthening our relationships across customer segments and enhancing utilisation of our manufacturing platform. We will continue to focus on sustainable growth across the biodiesel value chain,

while leveraging our capabilities in renewable energy and our established manufacturing infrastructure to build long-term value for all stakeholders.”

About Kortyark Industries Limited

Incorporated in 2016, Koryark Industries Limited is engaged in the manufacturing of biodiesel and value-added by-products, with manufacturing facilities in Rajasthan and Gujarat. The Company has evolved from a biodiesel trading business into an integrated and scalable biodiesel manufacturing platform, with a focus on renewable energy, sustainability and process efficiency.

Koryark operates an integrated, multi-feedstock manufacturing platform capable of processing approximately 10–15 different raw materials, including Used Cooking Oil (UCO), acid oils and non-edible oils, depending on availability, pricing and procurement economics. Its manufacturing facilities are located in Sirohi, Rajasthan and Anand, Gujarat, supporting the Company's biodiesel production and value-added product capabilities.

The Company serves three key customer segments Oil Marketing Companies (OMCs), bulk buyers and industrial customers providing biodiesel for OMC blending, industrial fuel applications and other end uses.

Koryark's business is positioned around India's transition towards cleaner fuels and a circular economy, with its use of waste-based feedstocks such as UCO and non-edible oils supporting its renewable energy proposition
