GSHSEB CLASS 10 RESULTS OUT

State records 83.86% pass rate, highest in 33 years

Narmada among top districts with a pass rate of 90.85, Panchmahal is at the bottom with 76.42 per cent

Ritu Sharma
Ahmedabad, May 6

WITH DISTRICTS of Kheda, Patan, Sabarkantha, Surendranagar, Tapi and Vadodara showing an improvement in overall Class X results, the Gujarat Secondary and Higher Secondary Education Board's (GSHSEB) Class X results announced on Wednesday marks a record – the highest ever pass percentage in the past 33 years.

While Narmada is among the top districts with a pass percentage of 90.85, Panchmahal is at the bottom with 76.42 per cent.

The results saw a pass percentage of 83.86 per cent – a slight increase from 83.08 per cent in 2025 – which is the highest since 1993. The lowest Class X result was recorded in 1997 when only 40. As many as 17 per cent students cleared the secondary examinations – less than half of this year's result.

A total of 7,56,392 students appeared in the GSHSEB exams in February-March, of whom 6,34,327 were declared eligible for the pass certificate. The pass percentage of boys is 80.12 per cent, while that of girls was higher at 88.28 per cent. Compared to 2025, Kheda district improved from 72.55 per cent to 77.9 per cent. Similarly, Sabarkantha went from 78.59 per cent to 82.91 per cent, Patan from 80.12 per cent to 83.27 per cent, Surendranagar from 85.63 per cent to 88.02 per cent, Tapi from 81.81 per cent to 83.22 per cent and Vadodara from 76.55 per cent to 78.38 per cent.

On the other hand, districts where the GSHSEB Class X results declined within a year are Dahod, Devbhoomi Dwarka, Chhota Udepur and Kutch. From 81.29 per cent, the Class X result in Dahod declined to 77.35 per cent. Similarly, in Devbhoomi Dwarka, the pass percentage of students declined from 83.48 per cent to 80.28 per cent, in Kutch from 86.4 per cent declined to 84.64

HOW THE STATE FARED

Districts with over 100 schools with 100 per cent victory

Banaskantha	165
Rajkot	130
Kutch	112
Surendranagar	103

Districts schools with less than 10% result

Dahod	6
Ahmedabad city	5
Panchmahal	4
Rajkot, Kheda	3

Top five districts

Narmada	90.85%
Banaskantha	90.19%
Morbi	89.13%
Aravalli	88.88%
Gandhinagar	88.79%

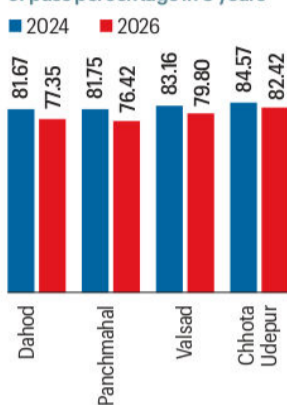

Bottom five districts

Panchmahal	76.42%
Dahod	77.35%
Kheda	77.9%
Vadodara	78.38%
Valsad	79.8%
Porbandar	79.59%

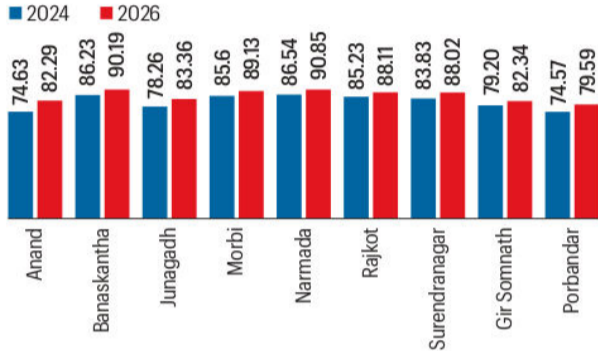

Students in Ahmedabad on Wednesday. (BHUPENDRA RANA)

Districts with highest decline of pass percentage in 3 years

Districts with highest increase of pass percentage in last 3 years

per cent and Chhota Udepur from 84.69 per cent to 82.42 per cent.

Also, the number of schools with 100 per cent results increased from 1,574 to 1,697 while schools with less than 30 per cent declined from 201 to 164 along with schools with 0 results declined from 45 to 39, within a year.

With better results this time, students with the highest of A1 grade (91-100 marks) increased from 28,055 to 35,508, in the A2 grade (81-90 marks) from 86,459 students in 2025 it increased to 90,863.

The pass percentage of English medium students being the highest – 92.5 per cent – Gujarati medium students secured a pass percentage of 82.67 per cent.

While the copying cases reported physically declined from 12 to only 5 the year, the ones with the help of technology increased within a year. The number of copying cases detected under CCTV cameras increased from 137 to 233. The results of these 233 candidates have been reserved as they will

be declared after physical hearing by the GSHSEB.

On the reasons for an improved result GSHSEB Chairman Mukesh Pandya told *The Indian Express*, "The result is getting better in the past three years. While the examination pattern has changed, the evaluation has also been revised lately. Also, there is more awareness among parents towards education now. However, the credit goes to students' hard work and their parents."

The state board has brought changes in the evaluation process where even the steps attempted by a student is given marks if they are correct even if the answer is incorrect, officials said.

The pass percentage of repeat candidates was only 33.53 per cent as out of 67404 repeat candidates who appeared for the Class X exams, 22598 were declared pass. Also, the result of open school candidates is 28.03 per cent. The repeaters of open school students secured a pass percentage of 28.9 per cent. Thus the overall pass percentage of private candidates

is 28.22 per cent.

As many as 36,797 students need improvement in two subjects followed by 27,884 students to improve in three subjects.

Hindi medium lowest pass percentage

Among six different mediums – English, Gujarati, Hindi, Marathi, Urdu and Oriya – Hindi medium pass percentage is the lowest at 77.2 per cent while English medium students recorded the highest of 92.5 per cent. Urdu and Oriya medium students stood at 81.09 per cent and 88.45 per cent, respectively. Marathi students pass percentage is 81.29 per cent.

Maths has highest & lowest pass rate

While the standard maths subject secured the highest pass percentage of 99.63 per cent students in Basic Maths recorded the lowest pass percentage of 84.86 per cent. Since 2022, students are offered two versions of mathematics – Basic and standard.

TECHNIQUE, ASPIRATION, A PEP TALK FROM PM MODI

How tribal-dominated Narmada achieved highest pass percentage

8 of 10 people in Narmada are STs

Aditi Raja
Vadodara, May 6

NARMADA DISTRICT, which has one of the highest concentrations of tribal population in Gujarat, has recorded the highest overall pass percentage among all districts in this year's Class 10 Board examination – an achievement that underscores the steady transformation in education in one of the state's most aspirational regions.

Narmada, a district with a tribal population of more than 81%, has achieved a pass percentage of 90.85% in the Gujarat Secondary and Higher Secondary Education Board (GSHSEB) examination, the results of which were announced on Wednesday (May 6). The overall pass percentage in the state is 83.86%.

Officials attributed the historic first to a sustained push for teacher recruitments in the district, a decisive shift in the mindset of tribal students, and a pre-examination morale booster from Prime Minister Narendra Modi himself.

Of the 6,885 students who sat for the Board exam in the district, 6,257 were successful, a clear improvement over the 2025 pass percentage of 88.40%.

A total 149 students secured the A1 grade, which is awarded for scores between 91 and 100 marks, signifying top-tier academic excellence.

Forty-one schools in the district achieved 100% results, a 37% increase over last year's number of 30 schools. The pass percentage in no school fell below 30%, Narmada District Education Officer (DEO) Kiran Patel said.

Prime Minister Narendra Modi with students at Dediapada in November 2025. FILE

Among the exam centres, the best performance – a pass percentage of 97.16% – was recorded at Timbapada, a village in Dediapada taluka of the district, Patel said. A total 12 centres have recorded more than 90% results, and several have crossed 95%.

Narmada district, lying to the east of the state and bordering Maharashtra's Nandurbar district, was carved out of the original Vadodara and Bharuch districts in 1997. The Narmada river flows through the district, which is home to the Statue of Unity, the world's tallest statue, which stands at a distance of 27 km from Rajpipla, the district headquarters.

The turnaround in the educational performance of boys and girls in the district has not happened overnight.

Before it topped all districts in the Class 10 performance on May 6, Narmada had been on a sustained trajectory of improvement for at least the last four years. Data from 2022 show Narmada consistently performed above the state average, and was frequently placed in the top five among the state's 34 districts.

Officials attributed the improvement to sustained academic interventions in re-

mote tribal pockets, where children are often the first Board exam-takers in their families. Strengthening the teaching workforce through increased recruitments and state government programs such as Shikshan Sahayak and Gyan Sahayak have helped very significantly, DEO Patel said.

The Gujarat State Education Department's Gyan Sahayak scheme appoints teachers in primary, secondary, and higher secondary government and grant-in-aid schools on an 11-month contractual basis. Candidates who have cleared TAT/TET are hired for a monthly honorarium of Rs 21,000 to Rs 26,000 with the aim of filling vacancies and easing the shortage of teaching staff.

Shikshan Sahayaks are appointed on a contractual basis for a fixed tenure before they are absorbed into regular permanent positions. During this period, they are paid a fixed stipend rather than the full salary scale given to regular teachers.

In the year 2025-26, 42 Shikshan Sahayaks and 31

Gyan Sahayaks were recruited by the primary education department, while the secondary education department recruited 82 Shikshan Sahayaks and 23 Gyan Sahayaks, as per the DEO's record.

"These recruitments have ensured better classroom continuity, subject-wise mentoring, and closer monitoring of student performance," Patel said. The teachers, he said, were encouraged to adopt remedial teaching practices and conduct regular assessments to bridge learning gaps early.

"Many students are first-time learners from remotely located families," Patel said. "Telling them to aim for the qualifying marks rather than be intimidated by the 100 marks paper was the first step. This sensitisation – nudging them to look for an achievable target – rather than intimidating them has worked," he said.

Accordingly, teachers shifted the narrative from treating exams as a high-pressure, make-or-break event to prioritising the goal of securing passing marks first. "Through regular counselling, classroom discussions, and targeted guidance, students were encouraged to break down the syllabus into manageable portions and focus on fundamentals," Patel said.

"This approach helped reduce exam anxiety, and built confidence that passing the exam was within reach, translating into better-than-expected performance, gradually over the years."

The visit of Prime Minister Modi to Dediapada in November 2025, when he interacted with the students preparing for Board exams "became a catalyst", Patel said.
