Getting Ahead

CAPACITY EXPANSION WITH INTEGRATION

- ❑ With the ongoing expansion NPK/DAP capacity will reach 4,95,000 MTPA & Sulphuric Acid capacity 3,63,000 MTPA
- ❑ Core integration capacities will be further scaled up to strengthen fertiliser operations.

PRODUCTS DIVERSIFICATIONS

- ❑ Continued innovation in soil-health improvement products
- ❑ Expansion of a diversified fertilizers portfolio to cater to evolving market needs and crop-specific requirements

Leading Player in Industry

- ❑ Strong pillar of OGI (second* largest SSP producer in India)
- ❑ Leading in industry performance with exceptional returns
- ❑ High-capacity utilisation backed by strong demand
- ❑ Pan-India distribution via established dealer network
- ❑ Trusted brand among farmers for quality and reliability

**second position at group level*

Capital-Efficient Plants Investments

- ❑ India’s first to relocate complex fertilizer plant from Spain
- ❑ Shifted to MP for geographical and operational advantage
- ❑ Substantial capital savings achieved through assets reuse
- ❑ NPK/DAP Complex production successfully commenced
- ❑ Advanced capacities, products with cost competitiveness

Exclusive Backward Integration

- ❑ Fully Integrated in house production of core raw materials
- ❑ Stable, cost-effective raw material supply
- ❑ Low reliance on external vendors
- ❑ Significant savings in logistics and procurement cost being quite volatile in pricing.

A Significant Value Driver

- ❑ Revived sick units into a cash-generating valuable asset
- ❑ Driven by experts and experienced management team
- ❑ Showcased strong execution and capital savings
- ❑ Key contributor to nation focusing on “Make in India”.
- ❑ ESG Centric Organisation with focus on energy, water, waste, human assets, governance etc. in enhancing value.

Q1FY26 PERFORMANCE

EBIDTA (excl. Other income) (Rs. Crore) & Margins (%)

PAT (Rs. Crore) & Margins (%)

Key quarterly highlights:

- Exceptional performance across financial, operational and strategic metrics.
- Highest ever Operating Earnings (EBITDA) of ₹ 65.6 Cr driven by strong operational performance.
 - EPS, near about doubled, at ₹4.95 in Q1 FY26 vs. ₹2.65 in Q1 FY25— driven by revenue growth, margin expansion and operational performance.
 - Optimal Capacity utilisation of NPK/DAP Complex (81%) and SSP (92%)
 - Achieved fertiliser production volume of 94,222 MT.
 - Achieved fertiliser sale volume of 90,949 MT

New Development:

- We have launched two differentiated products: Bharat Urea SSP and Annadata Super 6. These products are developed to address evolving soil and crop nutrition needs and promote sustainable agriculture.
- We planned, obtained approvals, and commenced civil work for setting up a 165,000 MTPA NPK/DAP Complex and 99,000 MTPA Sulphuric Acid plant at Meghnagar, Jhabua (MP). The ₹142 Cr project is being funded through a mix of debt and internal accruals, with commissioning targeted by March 2026.

Mr. M.K. Ostwal
(Promoter, Chairman &
Director)

Commenting on the financial performance of the company for Q1FY26, Mr. MK Ostwal said,

“We are pleased to begin FY26 on a strong note, delivering robust financial and operational performance; reinforcing our long-term strategy for sustainable healthy growth.

Revenue grew 40.8% YoY to ₹395 crore, driven by strong market demand and efficient execution. PAT surged 86.6% YoY to ₹30.6 crore, reflecting enhanced margin and disciplined cost control. Our performance showcased operational efficiency across our integrated value chain.

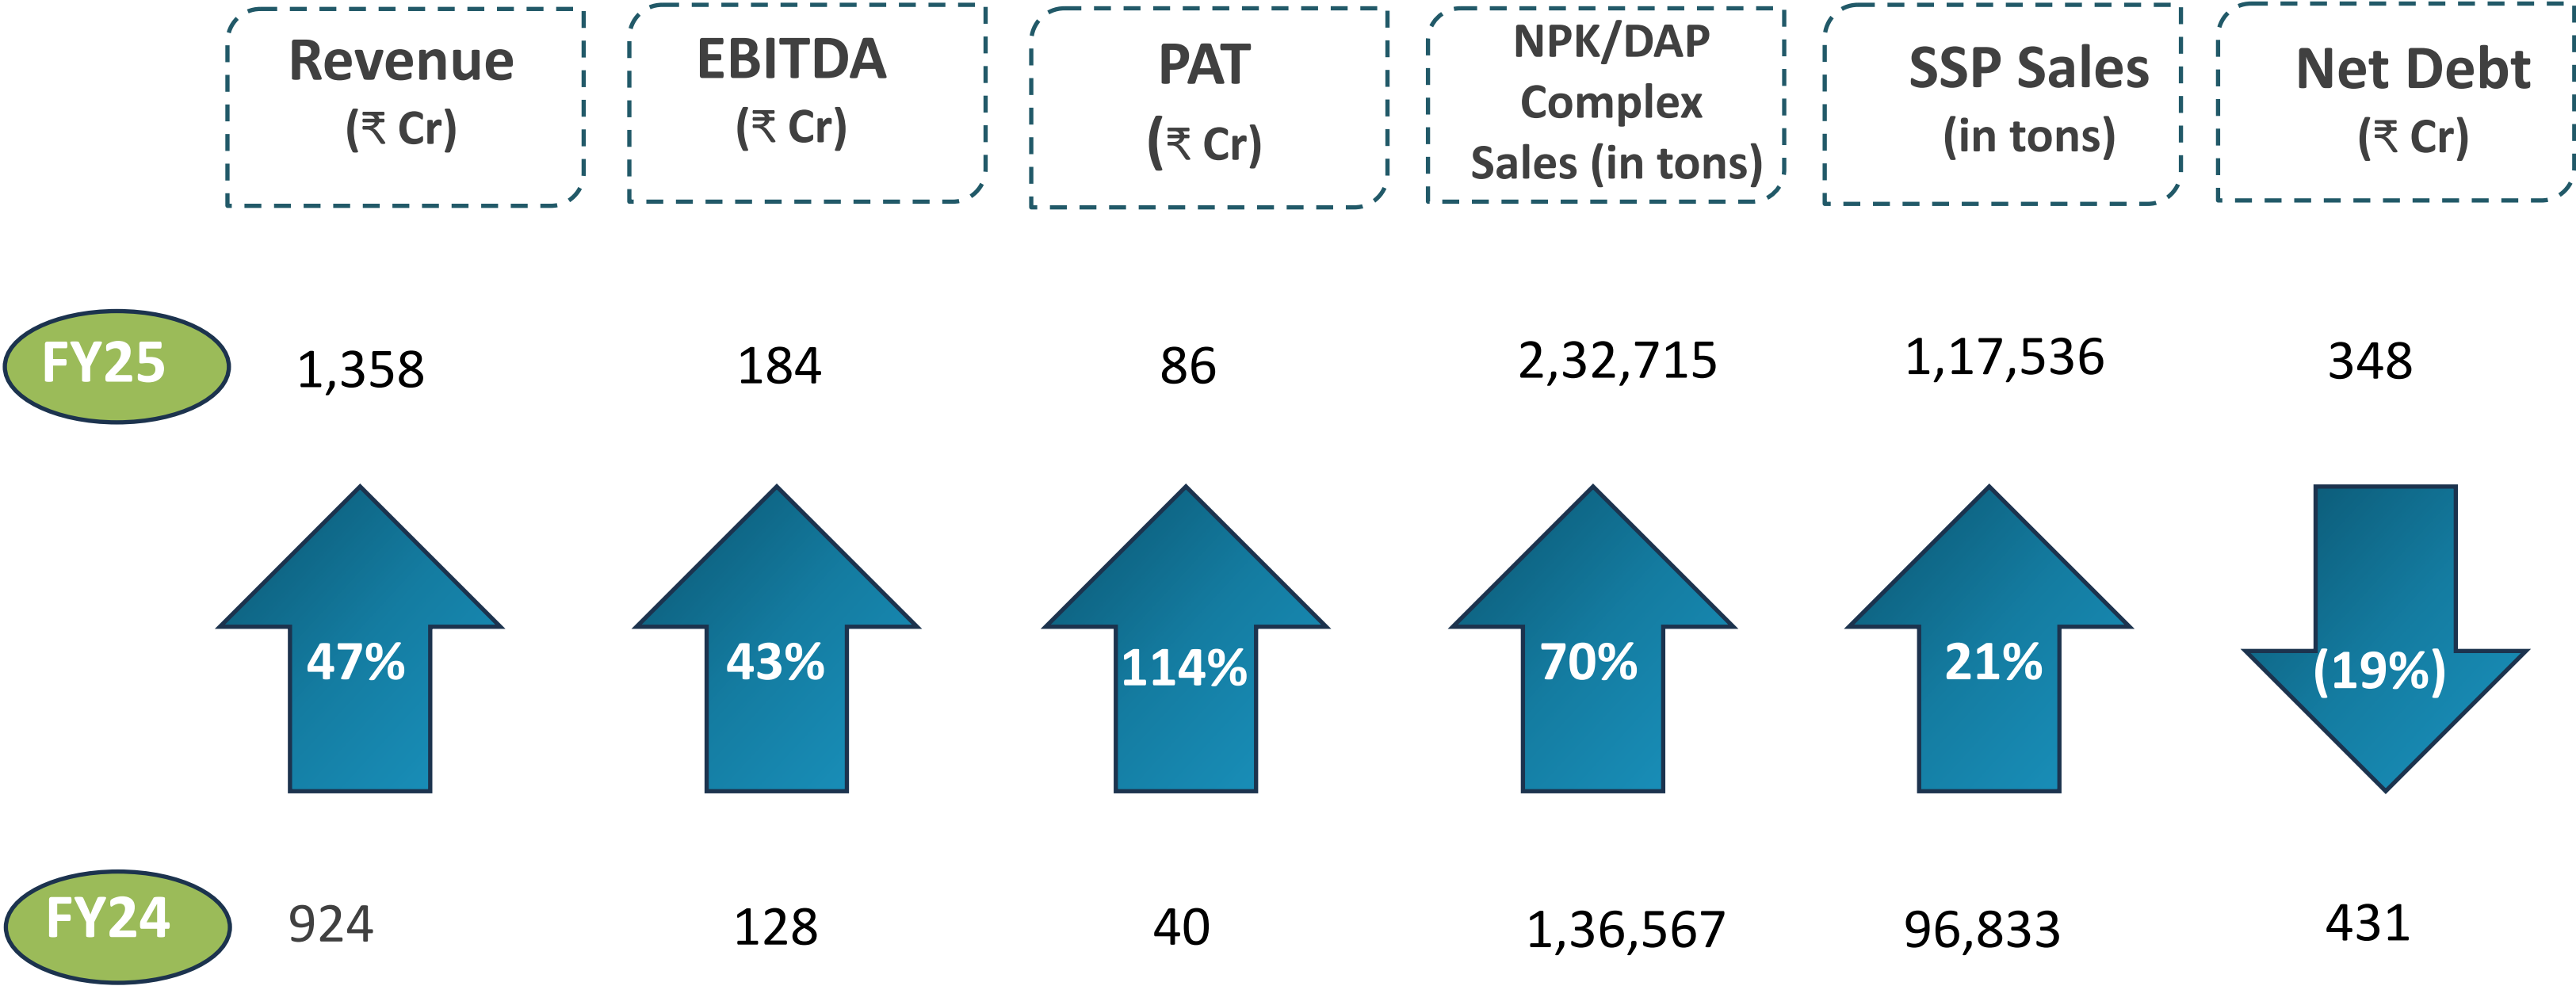

Continuing our focus on innovation and sustainable agriculture, we launched two differentiated products under our Bharat and Annadata brand respectively:

- *Urea SSP – enhancing nutrient use efficiency*
- *Super 6 – fortified SSP with Zinc, Boron, and Magnesium*

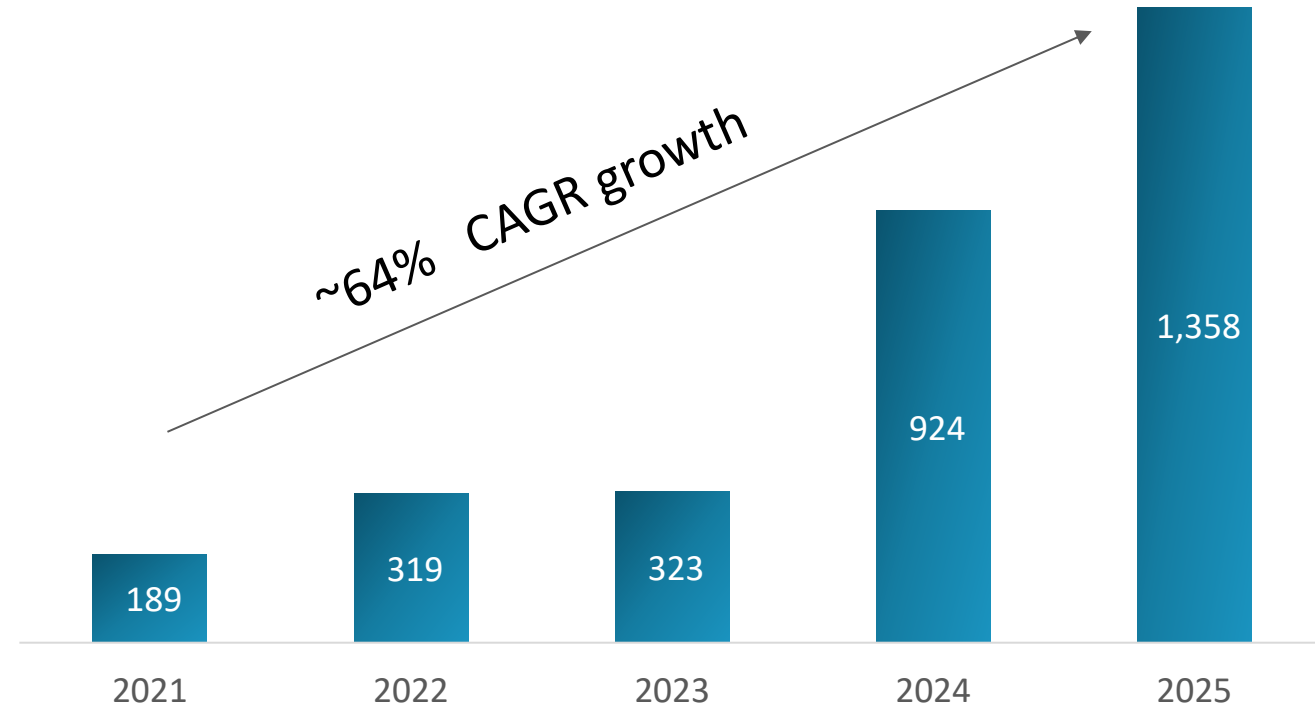

Both products are expected to contribute meaningfully in enhancing growth in the coming quarters.

On the capacity expansion, the proposed project at the Meghnagar facility involves adding 1,65,000 MTPA of NPK/DAP Complex and 99,000 MTPA of Sulphuric Acid capacity at a project cost of ₹142 crore. As of Q1 FY26, ~ ₹4 crore has been spent; civil work has commenced, and orders for plant & machinery have been released. All required approvals have been applied for, with commercial production targeted by March 2026.

We are actively evaluating new growth opportunities to further scale, diversify, and strengthen our integrated operations. With focused execution and a long-term vision, we remain confident in delivering healthy growth and enhanced value for our shareholders.”

Sustainability

KPL is committed to sustainable agriculture. The company's fertilizers are designed to minimize the impact on soil and water resources and reduce greenhouse gas emissions.

Providing farmers quality fertilizer which will directly help them to enrich crop and make land more fertile.

01

Focus on quality fertilizer for enrichment of crop

02

Strong focus on farmer education and partnerships by conducting camps at villages for creating awareness among them

03

NABL accredited laboratories at every manufacturing unit

Strengthening sustainability with plantation activities

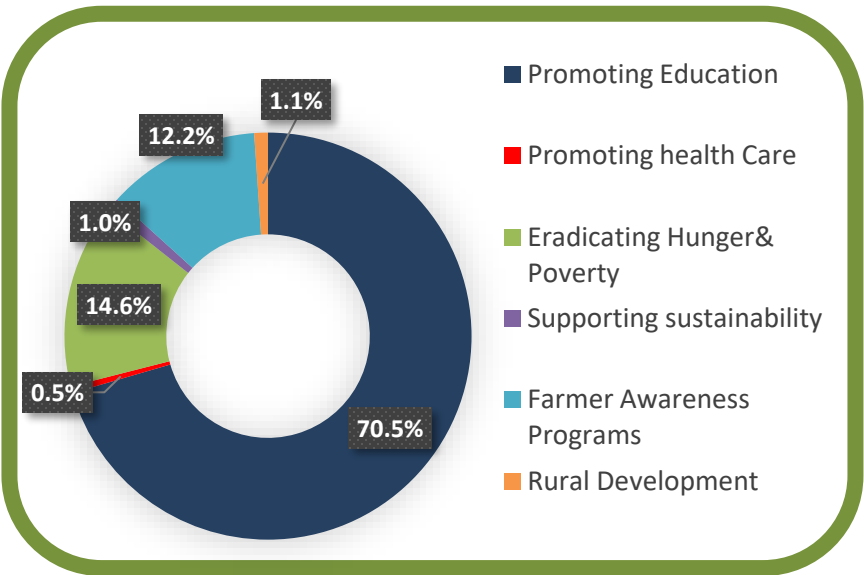

Promoting sports and nurturing young talent

Supporting the needy with food and essentials

Empowering youth through sporting events.

Offering full healthcare through medical camps

Organized medical camps offering comprehensive health services.

Free medical consultations and blanket distribution

Nurturing Education with Stationery Kits for Students
