Attention of the investors are drawn to the aforesaid RHP filed with the ROC. Inadvertently, the following disclosures pertaining to the allotment procedure / flow of events from bidding closure period were omitted to be mentioned in the RHP. Accordingly, the disclosures given hereunder are to be treated as part of the aforesaid RHP :

**ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT**

The Allotment of Equity Shares to Bidders other than Retail Individual Investors and Anchor Investors may be on proportionate basis. For Basis of Allotment to Anchor Investors, Bidders may refer to Red Herring Prospectus. No Retail Individual Investor will be Allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Investor Category and the remaining available shares, if any will be Allotted on a proportionate basis.

**Flow of Events from the closure of bidding period (T DAY) Till Allotment:**

- On T Day, RTA to validate the electronic bid details with the depository records and also reconcile the final certificates received from the Sponsor Bank for UPI process and the SCSBs for ASBA and Syndicate ASBA process with the electronic bid details.
- RTA identifies cases with mismatch of account number as per bid file / Final Certificate and as per applicant's bank account linked to depository demat account and seek clarification from SCSB to identify the applications with third party account for rejection.
- Third party confirmation of applications to be completed by SCSBs on T+1 day.
- RTA prepares the list of final rejections and circulate the rejections list with BRLM(s)/ Company for their review/comments.
- Post rejection, the RTA submits the basis of allotment post review by BRLM with the Designated Stock Exchange (DSE).
- The Designated Stock Exchange (DSE), post verification approves the basis and generates drawal of lots wherever applicable, through a random number generation software.
- The RTA uploads the drawal numbers in their system and generates the final list of allottees as per process mentioned below:

**Process for generating list of allottees:-**

- Instruction is given by RTA in their Software System to reverse category wise all the application numbers in the ascending order and generate the bucket /batch as per the allotment ratio. For example, if the application number is 78654321 then system reverses it to 12345687 and if the ratio of allottees to applicants in a category is 2:7 then the system will create lots of 7. If the drawal of lots provided by Designated Stock Exchange (DSE) is 3 and 5 then the system will pick every 3rd and 5th application in each of the lot of the category and these applications will be allotted the shares in that category.
- In categories where there is proportionate allotment, the Registrar will prepare the proportionate working based on the oversubscription times.
- In categories where there is undersubscription, the Registrar will do full allotment for all valid applications.
- On the basis of the above, the RTA will work out the allottees, partial allottees and non- allottees, prepare the fund transfer letters and advice the SCSBs to debit or unblock the respective accounts.

Allotment will be made in consultation with NSE (The Designated Stock Exchange). In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth here:

The total number of Shares applied for in that category multiplied by the inverse of the over subscription ratio (number of applicants in the category x number of Shares applied for).

For applications where the proportionate allotment works out to less than [•] equity shares the allotment will be made as follows:

Each successful applicant shall be allotted [•] equity shares; and

The successful applicants out of the total applicants for that category shall be determined by the draw of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out.

If the proportionate allotment to an applicant works out to a number that is not a multiple of [•] equity shares, the applicant would be allotted Shares by rounding off to the lower nearest multiple of [•] equity shares subject to a minimum allotment of [•] equity shares.

If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the applicants in that category, the balance available Shares for allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful applicants in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising of applicants applying for the minimum number of Shares.

**BASIS OF ALLOTMENT IN THE EVENT OF UNDER SUBSCRIPTION**

In the event of under subscription in the Offer, the obligations of the Underwriters shall get triggered in terms of the Underwriting Agreement. The Minimum subscription of 100% of the Offer size as specified shall be achieved before our Company proceeds to get the basis of allotment approved by the Stock Exchange.
