TO THE BOARD OF DIRECTORS OF KRISHNA DEFENCE AND ALLIED INDUSTRIES LIMITED

1. We have reviewed the accompanying Statement of Unaudited Standalone Financial results of **Krishna Defence and Allied Industries Limited** ("the Company") for the quarter and nine months ended 31st December, 2025, being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirement) Regulations, 2015, as amended (the "Listing Regulations").
2. This statement, which is the responsibility of the Company's Management and approved by the Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. Our responsibility is to issue a report on the statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provide less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement of unaudited standalone financial results prepared in accordance with applicable accounting standards and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 including the manner in which it is to be disclosed, or that it contains any material misstatement.

Other matter

5. The Company had prepared separate standalone financial results for the year to date period 01 April 2025 to 31st December 2025 and year ended 31st March 2025 and the transition date opening balance sheet as at 01st April 2024 prepared in accordance with the recognition and measurement principles laid down in the relevant accounting standards prescribed under section 133 of the Act, read with the Companies (Accounting Standards) Rules, 2021, and as per the presentation and disclosure requirements of Regulation 33 of the Listing Regulations, and other accounting principles generally accepted in India, which were reviewed/audited by us. These standalone financial results have been adjusted for the differences in the accounting principles adopted by the Company on transition to Ind AS, which have been reviewed by us. Our conclusion is not modified in respect of this matter.

A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the Securities Exchange Board of India under Regulation 33 (8) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, to the extent applicable.

(6.98) Lakhs and Rs. 269.07 Lakhs for the quarter ended and Nine months 31st December, 2025, respectively, as considered in the statement, in respect of the associates. Notes related the IND AS Adjustments:

a Right of Use Assets and Lease Liability

Effective 1st April 2024, the Company has adopted Indian Accounting Standards (Ind AS) 116 - "Leases" using the "Modified Retrospective Approach" where at the date of initial application, the Lease Liability is measured at the present value of remaining lease payments discounted at the incremental borrowing rate at the date of initial application and Right-of-use Asset has been recognised at an amount equal to the lease liability. Accordingly, the Company recognised Lease liabilities of Rs. 78.54 and corresponding Right-of-use Assets at an amount equal to the lease liability. Further, This results in decreases of profit by Rs. 5.66 Lakhs as of the 31st March 2025

b Provision for Gratuity and Leave encashment

Under the previous GAAP, Gratuity is measured & recognised on actuarial valuation basis for all the employees except for some of the employee. Under Ind AS, Gratuity is now measured for all the employees of the company. The Gratuity have been recognized in retained earnings as at the date of transition and subsequently in the profit and loss for the year ended 31st March, 2025. This results in increase in profit by Rs. 2.81 lakhs as at 31st March, 2025 and decrease in the reserves by Rs. 9.66 Lakhs as at 1st April, 2024. Further, actuarial gains on remeasurement of the net defined benefit have been regrouped to Other Comprehensive Income (OCI) resulting in Decreases in profit by Rs. 4.47 lakhs as at 31st March, 2025.

Under the previous GAAP, leave encashment is measured based on actual valuation. Under Ind AS, Leave encashment is measured through actuarial valuation as per requirement of Ind AS. The leave encashment have been recognized in retained earnings as at the date of transition and subsequently in the profit and loss for the year ended 31st March, 2025. This results decreases in profit by Rs. 0.62 Lakhs as at 31st March, 2025 and decrease in the reserves by Rs. 1.67 Lakhs as at 1st April, 2024.

c Deferred tax

Indian GAAP requires deferred tax accounting using the income statement approach, which focuses on differences between taxable profits and accounting profits for the period. Ind-AS 12 requires entities to account for deferred taxes using the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. The application of Ind-AS 12 approach has resulted in recognition of deferred tax on new temporary differences which was not required under Indian GAAP.

d Actuarial Gain/ Loss

Under the previous GAAP, actuarial gains and losses were recognised in Statement of Profit and Loss. Under Ind AS, the actuarial gains and losses form part of remeasurement of the net defined benefit of liability / asset which is recognised in other Comprehensive Income. Consequently, the tax effect of the same has also been recognised in Other Comprehensive Income under Ind AS instead of Profit and Loss.

e Other Comprehensive Income

Under Ind AS, all items of income and expense recognized in a period should be included in Statement of Profit and Loss for the period, unless a standard requires or permits otherwise. Items of income and expense that are not recognized in Statement of Profit and Loss but are shown in the Statement of Profit and Loss as "Other Comprehensive Income", includes remeasurement of Employee Benefit obligation and fair valuation of Equity Instruments through OCI and Income tax relating to these items. The concept did not exist under the previous GAAP.

f Retained Earnings

Retained earnings as at 1st April, 2024 has been adjusted consequent to the above Ind AS adjustments.

Notes related the IND AS Adjustments:

a Right of Use Assets and Lease Liability

Effective 1st April 2024, the Company has adopted Indian Accounting Standards (Ind AS) 116 - "Leases" using the "Modified Retrospective Approach" where at the date of initial application, the Lease Liability is measured at the present value of remaining lease payments discounted at the incremental borrowing rate at the date of initial application and Right-of-use Asset has been recognised at an amount equal to the lease liability. Accordingly, the Company recognised Lease liabilities of Rs. 78.54 and corresponding Right-of-use Assets at an amount equal to the lease liability. Further, This results in decreases of profit by Rs. 5.66 Lakhs as of the 31st March 2025

b Provision for Gratuity and Leave encashment

Under the previous GAAP, Gratuity is measured & recognised on actuarial valuation basis for all the employees except for some of the employee. Under Ind AS, Gratuity is now measured for all the employees of the company. The Gratuity have been recognized in retained earnings as at the date of transition and subsequently in the profit and loss for the year ended 31st March, 2025. This results in increase in profit by Rs. 2.81 lakhs as at 31st March, 2025 and decrease in the reserves by Rs. 9.66 Lakhs as at 1st April, 2024. Further, actuarial gains on remeasurement of the net defined benefit have been regrouped to Other Comprehensive Income (OCI) resulting in Decreases in profit by Rs. 4.47 lakhs as at 31st March, 2025.

Under the previous GAAP, leave encashment is measured based on actual valuation. Under Ind AS, Leave encashment is required to be measured through actuarial valuation as per requirement of Ind AS. The leave encashment have been recognized in retained earnings as at the date of transition and subsequently in the profit and loss for the year ended 31st March, 2025. This results decreases in profit by Rs. 0.62 Lakhs as at 31st March, 2025 and decrease in the reserves by Rs. 1.67 Lakhs as at 1st April, 2024.

c Deferred tax

Indian GAAP requires deferred tax accounting using the income statement approach, which focuses on differences between taxable profits and accounting profits for the period. Ind-AS 12 requires entities to account for deferred taxes using the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. The application of Ind-AS 12 approach has resulted in recognition of deferred tax on new temporary differences which was not required under Indian GAAP.

d Actuarial Gain/ Loss

Under the previous GAAP, actuarial gains and losses were recognised in Statement of Profit and Loss. Under Ind AS, the actuarial gains and losses form part of remeasurement of the net defined benefit of liability / asset which is recognised in other Comprehensive Income. Consequently, the tax effect of the same has also been recognised in Other Comprehensive Income under Ind AS instead of Profit and Loss.

e Other Comprehensive Income

Under Ind AS, all items of income and expense recognized in a period should be included in Statement of Profit and Loss for the period, unless a standard requires or permits otherwise. Items of income and expense that are not recognized in Statement of Profit and Loss but are shown in the Statement of Profit and Loss as "Other Comprehensive Income", includes remeasurement of Employee Benefit obligation and fair valuation of Equity Instruments through OCI and Income tax relating to these items. The concept did not exist under the previous GAAP.

f Retained Earnings

Retained earnings as at 1st April, 2024 has been adjusted consequent to the above Ind AS adjustments.

The assessment of other potential impacts, if any, on employee benefit expenses pursuant to the new Labour Codes will be undertaken and accounted for upon notification of the relevant rules by the appropriate authorities
