BUSINESS OVERVIEW

INDUSTRY OVERVIEW

TEAM & TIMELINE

KEY BUSINESS HIGHLIGHTS FOR H1'FY26

Capacity addition

Expanded manufacturing capabilities with new fabrication and machining bays. The enhanced capacity is scheduled to become operational by April 2025.

Work on AUV

Commenced construction of India's largest Autonomous Underwater Vehicle (AUV), being built in accordance with advanced Naval Design

Successful Trials of Large Castings

Completed successful casting trials for critical components developed for a major strategic defence project.

BV Class Certification

Secured BV class certification for Bulb Bars, enabling expansion into non-defence sectors, particularly for use as stiffeners in commercial shipbuilding.

New Office Building at Halol

Relocated to a new, modern office facility in Halol, providing enhanced infrastructure and improved workspace solutions to support the company's growing team.

Order Book Status

As of March 31, 2026, the order book stands at INR 1,960 million, reflecting a strong and stable business pipeline.

COMPANY OVERVIEW

Krishna Defence and Allied Industries Limited is a rapidly advancing defence company, providing critical components to Indian Navy for its warships and developing special products for Indian Army, in line with the national goal of achieving indigenous defence products manufacturing capabilities and self-sustainability in the years to come.

Late Mr. Ashwin N. Shah With the engineering skills, Late Mr. Ashwin N. Shah, the founder and an inspirational leader, started an engineering company to manufacture Dairy Equipment in 1997 with a small investment and small team at Kalol, Gujarat.

30+ Experienced Engineers

280+
Skilled Workforce

Expertise in special steel alloys, indigenously developed defence products, and comprehensive in-house R&D, design, and manufacturing capabilities.

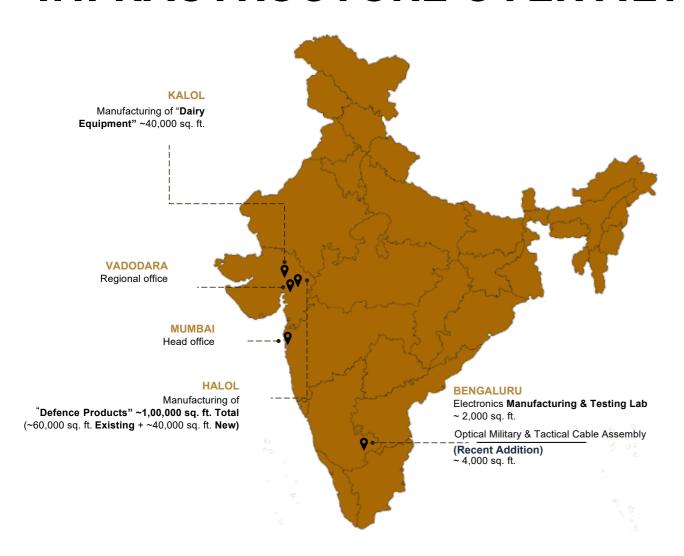

Diversified product portfolio catering to Defence and Dairy sectors.

Delivering high-quality, precision-engineered equipment aligned with national indigenisation goals.

INFRASTRUCTURE OVERVIEW

ISO 9001:2015 Accredited Manufacturing Facility

Defence Products (Halol, Gujarat)

Ship Building Steel Sections Improved Space Heating Device Weld Consumables Ballast Bricks Specialised Steel Sections for Armoured Vehicle

Dairy Equipments (Kalol, Gujarat)

Milk Cooling Tanks Robotic Milk Collection Unit Stainless Steel Milk Can

Operational capacity doubled from April 2025.

DEFENCE (1/2)

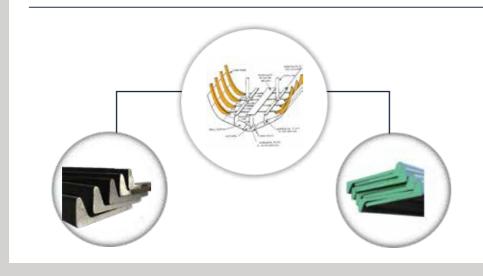

PRODUCTS

Ship Building Steel Sections (In-house Development)

Special Steel Alloy Welding Wire (In-house Development)

Welding Electrodes (In-house Development)

DESCRIPTION

These are specialized steel sections which are used as stiffeners for the hull construction of Naval warships.

These are specialized steel sections which are used as stiffeners for the hull construction of Naval warships.

These are specialized steel sections which are used as stiffeners for the hull construction of Naval warships.

These are specialized steel sections which are used as stiffeners for the hull construction of Naval warships.

APPLICATION

It is used as stiffeners in shipbuilding, especially in the Ship Hull which maximizes resistance to buckling due to increased strength to weight ratio of 1:3.

It is used as stiffeners in shipbuilding, especially in the Ship Hull which maximizes resistance to buckling due to increased strength to weight ratio of 1:3.

It is used as stiffeners in shipbuilding, especially in the Ship Hull which maximizes resistance to buckling due to increased strength to weight ratio of 1:3.

It is used as stiffeners in shipbuilding, especially in the Ship Hull which maximizes resistance to buckling due to increased strength to weight ratio of 1:3.

DEFENCE (2/2)

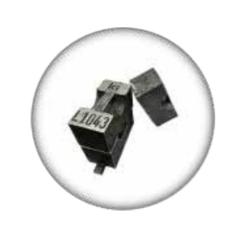

PRODUCTS

Special Steel Alloy Ballast Bricks

Armoured Steel Profile

Improved Space Heating Device Transfer of Technology from DIPAS & DRDO

DESCRIPTION

It has low magnetic signature and high corrosion resistance.

It is made-up of complex alloys developed for high tensile and high impact toughness

It is specially developed fused flux for saw welding provides complete shielding of weld arc ensuring moisture free weld joints.

APPLICATION

It is used as stiffeners in shipbuilding, especially in the Ship Hull which maximizes resistance to buckling due to increased strength to weight ratio of 1:3.

It is used for welding special steel in critical Naval Platform

It is suitable for all kinds of Welding, developed for High Tensile Weld Joints being used in critical Naval Platform.

Development of advance autonomous vehicle and related technologies

STRATEGIC EXPANSION INTO MARINE & OFFSHORE ENGINEERING SERVICES

Conceptia Software Technologies Pvt. Ltd.

Driving Synergies & Strategic Growth

Leverage Conceptia's technical expertise and infrastructure to accelerate marine and offshore engineering capabilities

Capitalize on rising defence and commercial shipbuilding opportunities across India and international markets

Enhance KDAIL's position as a comprehensive defence and marine solutions provider through integrated offerings

Market Potential

Government focus on Make in India & indigenous shipbuilding

Small coastal vessel (1,000 DWT) to Large ocean going vessel (400,000 DWT)

Short-term(2026-2028) to Long term (2031-2036) indigenisation roadmap

DEEP INTO DEFENCE

WAVEOPTIX DEFENCE SOLUTION PRIVATE LIMITED

Shareholding increased to 40%, up from the earlier 25%

Special focus on Optic Fibre over Radio Frequency for long distance and secure signal transmission

Secure Communication & Radar

Telecom System

ACHIEVEMENT

Within just 2 years of establishment, company has successfully developed and supplied Indigenously Developed Bidirectional RF Over Fiber module for Radio Communications to the Indian Defense and many such Projects

PRODUCT/ SOLUTIONS

- Bi-Directional RFOF for HF/VHF/UHF Radio
- Multi-Link RF over Fiber for Submarine Radio Communication system
- Antenna Remoting System for RF Search Receiver System (1.5MHz to 3GHz)
- 10 Channel phase matched RFoF Link for EW COMINT DF Systems for DF Applications & System (6GHz & 18GHz version)
- FO Cable Assemblies
- Intermatable to Amphenol and TE Connectors

INFRASTRUCTURE

- Design & Development Team
- Manufacturing & Testing
- RF Testing Facility (9KHz to 44GHz)
- Optical Manufacturing & Testing Facility
- Intermatable to Amphenol and TE Connectors

USP

- Designed & manufactured in India to meet global standards
- End-to-End System Realization Capability
- Fully Equipped Design House
- Distinctive advantage in RF, Digital, and Optics through in-house expertise
- Swift prototyping of intricate RF and Optics Systems
- Expertise in LAND, NAVAL, and AIR Worthy Qualification, backed by experience.
- Intermatable to Amphenol and TE Connectors

COMPOSITE DOORS AND HATCHES

Joint Venture with VABO Composite (Netherlands)

- Setup for the facility for manufacture of Fire Resistant Composite Doors and Hatches in final stages
- Pressure Test and other Tests successfully completed

 Potential for exporting these products to Southeast Asia, the Middle East, and Europe.

DOORS

Composite Doors & Hatches in the last phase of trial with Indian Navy.

HATCHES

Established In-House Pressure Testing Facility and Conducted Trials.

WAY FORWARD

We are aiming to grow at 30 - 40% CAGR for the next 3 to 5 years

Development of New Defence

The company is working towards new product development for the defence to indigenise the products which are currently being imported, Off set contract obligation and collaborate with Defence Research Agencies / Foreign agencies to develop and manufacture the products.

New Facility for Composite Doors & Hatches

Establishing a new manufacturing facility in collaboration with VABO, planned for FY26, to strengthen production capabilities and meet growing demand in the defence sector.

Defence **Electronics**

Investing in company specifically incorporated for designing, developing and manufacturing defence electronics for Defence & Aerospace

BOARD OF DIRECTORS

Mrs. Preyal Shah
Chairperson & Additional Non-Executive Director
(Commerce Graduate)

Mr. Divyakant Zaveri
Independent Director
(Chartered Accountant | Corporate Management)

Mr. Ankur Shah Managing Director (Production Engineer)

Mr. Jaykumar Toshniwal
Independent Director
(Chartered Accountant | PG - IIM Ahmedabad)

Mr. Sandeep Kadam
Director Operations
(Mechanical Engineer)

Rear Admiral Anil Kumar Dutta
Independent Director
(Naval Architect | Defence Consultant | Ex-Indian
Navy Flag Officer)

MEET THE TEAM

Mr. Ankur Shah Managing Director

He holds a degree of Bachelor of Engineering (Production) from University of Bombay. He has an overall experience of 22 years in all kinds of Steel working including Smelting, Rolling, Drawing, Heat Treatment, etc. He is currently involved in managing the overall business operations of the Company. Under his leadership, Company has been successful in expanding its diversified product portfolio and customer base.

Mr. Sandeep Kadam
Director Operations

He has completed his Bachelor of Engineering (Mechanical) from North Maharashtra University, Jalgaon in the year 1997. He is Heading the operations at Halol factory. He has an experience of around 25 years in the field of Project Management/ Industrial & Product Engineering. He is currently involved in the manufacturing and engineering operations of the Company

Mr. Ravindranatha Maroli General Manager

He has completed his Bachelor of Engineering (Industrial Production) and MBA (Operations). He has an experience of around 30+ years. He is heading the operations at Kalol Factory and developing it towards system adherence and continuous improvement in manufacturing and processes at plant.

Mr. Ajinkya Gaekwad CEO (Composite Division)

He completed his B.Tech in Mechanical Engineering from VJTI, Mumbai, and pursued a PG Certificate program at IIM-A. With around 12 years of design and development experience at L&T Defence, he is now responsible for the composite division at KDAIL and plays a key role in marketing Defence products.

Mr. Piyush Patel Chief Financial Officer

He is the company's Chief Financial Officer since January 1, 2014, holding a Bachelor's in Science and a Diploma in Taxation Laws & Practice from The Maharaja Sayajirao University of Baroda. He is an Associate member of the Institute of Cost Accountants of India and brings 21 years of expertise in Finance, Accounts, Taxation, Audit, and manages these areas for the company

Mr. Rohit Shintre
Product Development Head

He has completed his B.Tech in Mechanical Engineering. He builds upon his background of running a design automation startup serving Indian MNCs as well as the MSME segment. He brings in experience in handling multi-disciplinary teams for product design, development & delivery, developing processes, procedures & tools to improve work efficiency and increase profitability of the company. He leads the product development initiatives and new product opportunities.

OUR EVOLUTION

1997	2006	2008	2014	2018
Established and started the organisation with manufacturing of Dairy Equipment	Entered the Defence Sector and became an ToT partner with DMRL, Hyderabad for Shipbuilding Steel Sections	Recognition from DMRL, Hyderabad for successfully manufacturing Ship Building Steel Sections, used in Naval warships	Awarded Defence Technology Absorption Award from Ministry of Defence by the Honourable Prime Minister, Shri Narendra Modi	Awarded INDIA SME 100 Awards organized by India SME Forum and Ministry of MSME
2024	2023	2022	2021	2019
Collaboration with VABO Composites (Netherlands) for Composite Doors & Hatches	Established an associate company in Bangalore focused on manufacturing Electronic Tactical Communication Converters.	Listed on NSE Emerge Platform; Developmental Order Received for Special Steel Sections for Armoured Vehicles	Developed and delivered Ship Building Steel Sections to Indian Navy	Signed 3 TOT with DIPAS (DRDO), New Delhi & received order for supply of specialized weld consumables for critic application of Indian Navy
2025				

Capacity expansion at the Halol (Gujarat) facility has been completed and operational; Acquired 20% stake in Conceptia Software Technologies

DEFENCE

In-house Development, manufacturing and supply of Products

Transfer of Technology from DRDO & others, production and supply of Products

Approved and Registered Vendor for Defence Products Providing solutions to Indian Navy and Indian Army.

Providing INDIGENISED SOLUTION, thereby curtailing dependence on imports, in line with the "Make in India" initiative.

Catalyzing the growth of India's Defence ecosystem by harnessing our intrinsic capabilities.

COMPETITIVE STRENGTHS

Registered and approved vendor for Indian Navy for supply of specialised steel section for Naval Shipbuilding in India to all the prominent ship builders manufacturing of Dairy Equipment

Precision Engineering Expertise leading to inhouse development and manufacturing of various products

Partnered with DRDO and its divisions like DMRL, DIPAS and R&DE for various Transfer of Technology for indigenous manufacturing of Defence Products Steel Sections, used in Naval warships

Vertically integrated defence solution with Make in India Capability having industry expertise in steel and special steel alloy products

Innovative R&D and technological capabilities along with experienced and qualified team of engineers.by India SME Forum and Ministry of MSME

OUR OBJECTIVES

To continuously strive to deliver innovative, cost efficient, and modern engineering solutions laced with the latest technology to benefit the Indian Armed Forces.

VISION

To become the go-to company for world-class Engineering products within India by contributing towards "Make in India" and supporting the Indian Government, PSUs, and Private Customers through constant and continuous improvement in it's products and services

VALUES

Performance with pride and honor wherein ethical behavior is encouraged. The company operates ethically and responsibly with its employees, customers, partners, suppliers, and shareholders.

Strategic opportunity for Defence-grade components & systems

Well-positioned to support India's naval infrastructure growth

Unprecedented Growth & Policy Support

- INR 8.45 trillion in DAC-approved defence acquisitions (FY22-25) -3.3x increase over the previous three years
- INR 2.35 trillion in mega shipbuilding orders expected in FY26-27 3.1x current order book of listed defence shipyards

Capacity Expansion Across Key Shipyards

- Mazagon Dock Shipbuilders Ltd: INR 40-50 bn capex; doubling platform capacity; new ship repair yard & US Navy partnership
- Cochin Shipyard Ltd: INR 27.7 bn upgrades; new dry dock; only Indian yard capable of 110,000 DWT build / 125,000 DWT repair
- Garden Reach Shipbuilders & Engineers Ltd: Expanding to build 28 vessels concurrently by FY25; aiming for faster delivery & larger orders

Supporting Macro Trends

- India's coastline expanded to 11,098.81 km (+48%) expanding naval surveillance needs
- Defence Budget FY26: Raised to INR 6.81 trillion (+9.5% YoY) reinforcing sustained investment momentum

DEFENCE INDUSTRY OVERVIEW (1/2)

In FY24, defence production surged by 16.7% while defence exports grew by 32.5% YoY & India is now exporting to 85+ countries due to collaborative efforts. By FY29, defence exports are projected to reach INR 50,000 crore (US\$ 5.8 billion), building on the

India ranked among the top 25 arms exporting nations in 2024

India has one of the strongest military forces in the world and holds a place of strategic importance for the Indian Government. Indigenous production of defence equipment is at the core of the "Make in India" Initiative The Presence of Indian Private Sector has grown since opening of the defence sector for indigenised manufacturing Key defence manufacturing companies in India are currently focusing on designing and developing various indigenous weapons and essential products to boost domestic manufacturing capabilities and align with Government's vision Nof "Aatmnirbhar Bharat".

DEFENCE INDUSTRY OVERVIEW (2/2)

Military Fixed Wing

Naval Vessels & Surface Combatants

Missile & Missile Defence System

Indian Navy Outlook

India's vision to be **among top 5 ship building nation** and ship repair
hub of the world in the next decade

Indian navy aimed to have a force of minimum 175 - 200 warships by 2035 from the current 132 of INR 21,000

Indian navy has 68 warships and vessels on order, which is collectively estimated to be INR ~2 Lakh Crore

Indian Defence Sector's top 3 largest Market Segment

Other market segments include military rotorcraft, submarines, artillery, tactical communications, electronic warfare and

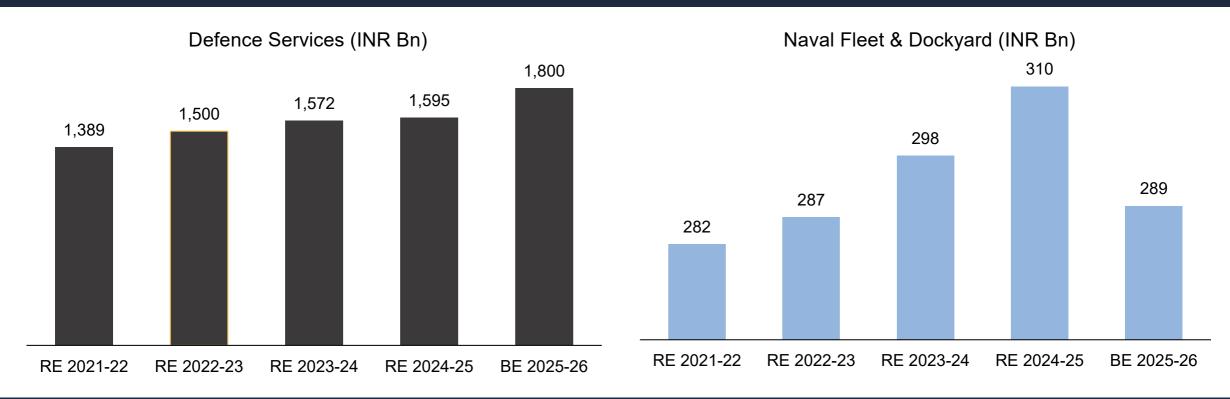

- Changing geopolitical scenarios in Indian borders, including territorial disputes with neighbouring countries
- I resulting in growing demand
- for defence equipment in India to secure our borders.
- India has been ranked among the top importers of Defence Equipment over last
- five years to attain
- technological advantage
- over the opponent countries

- To modernise the armed forces and reduce dependency over
- external dependence for defence
- procurement, several policy
- support initiatives have been taken
- by the government to encourage 'Make in India' activities

DEFENCE BUDGET OUTLOOK

CAPITAL OUTLAY

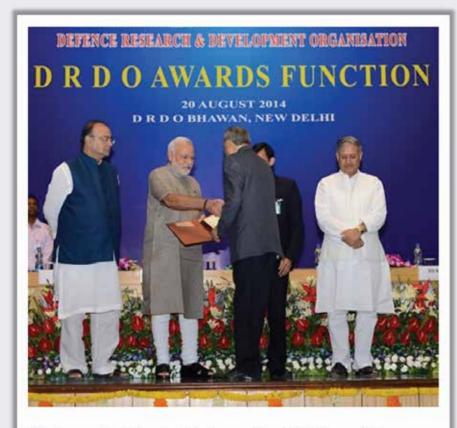

Defence Budget Enhancement

An additional ₹50,000 crore is expected to be allocated to the defence budget through a supplementary budget, aimed at expediting the acquisition of critical military equipment and reinforcing India's commitment to modernising its armed forces and boosting operational readiness.

Chairman Mr. Ashwin Shah receiving DTA Award from Honourable Prime Minister Narendra Modi

Managing Director Mr. Ankur Shah receiving the Transfer of Technology from Honourable Defence Minister of India Shri Rajnath Singh.

DTA Award

SME Award

NMRL Award

Recognition with an **Appreciation Certificate** from **Defence Metallurgical Research Laboratory (DMRL)**, **Hyderabad** for successfully developing **Bulb Bars** (ship building steel sections), a critical component for the Indian Navy's indigenization program, as the project was of **National Importance involving Import Substitution**.
