**Reg.: Capacity Expansion in Gurugram by adding one additional facility to Meet Growing Demand - Establishment of a New Ayurveda & Panchakarma Hospital (Addition of approx. 60-100 Beds) at Sector-47, Gurugram, Haryana.**

**Ref.: Regulations 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.**

Dear Sir(s),

Pursuant to Regulation 30 read with Schedule III of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), we are pleased to inform you that the Board of Directors of KRM Ayurveda Limited has approved the establishment of a new hospital at Sector-47, Gurugram, Haryana - a key milestone in the Company's growth journey and its mission to make authentic Ayurvedic and Panchakarma care accessible to a larger population.

This expansion is driven by strong and sustained patient demand. The Company's existing facility in Gurugram is currently operating at full capacity, and growing patient footfall has outpaced the beds available at the present unit. The new hospital will add approximately 60 to 100 beds, enabling the Company to serve a larger patient base, reduce waiting times, and address demand that its current infrastructure is unable to accommodate - while further deepening its healthcare network.

Strategically located in Sector-47, Gurugram - one of India's fastest-growing urban and healthcare markets - the new facility strengthens KRM Ayurveda's position as a trusted provider of authentic Ayurvedic treatment and supports the Company's long-term objective of building a scalable, high-quality healthcare network. The expansion will be funded entirely through the Company's own funds, reflecting the strength of its balance sheet and a disciplined, self-sustaining approach to growth.

The details of the proposed hospital are as under:
